A few excruciating minutes pinned under a burning beam cost Ryan Ward his job as a firefighter, the easy camaraderie of his coworkers, his current girlfriend, and damn near cost him his left leg. Giving up, though, wasn't an option. He fought and won the battle back to health, over a painful year. Now, choosing a new profession, going back to school, and renting a room from the college groundskeeper should be simple. Until he realizes he's falling in love with his housemate, and things take a turn for the complicated. John Barrett knows about loss. After moving twice to stay in touch with his kids, he could only watch as his ex-wife whisked them away to California. Offering Ryan a room seems better than rattling around his empty house alone. But as casual friendship moves to something more, and emotions heat up, the big old house feels like tight quarters. It's nothing they can't learn to navigate, until life adds in unhappy teen kids, difficult family members, and mysterious deaths on campus. Rebuilding will be far from easy, even for two guys willing to open their minds, and hearts. The Haiku Year exists because seven friends made a pact to write haikus every day for a year as a way to keep in touch with each other. The finished product is a document of a year's worth of moments filled with joy, sorrow and unexpected beauty. The book y creates the sense that present moments do not just disappear and provides a visceral understanding of how these moments fit into the context of the rest of our lives. The short verses in Haiku Year stab and elate. They hint at both the transcendence and mediocrity of everyday life. The power of Michael Stipe's southern, twilight

drenched lyrics from early REM albums is present in the volume. Douglas A. Martin's sparse yet descriptive prose gleams throughout. The thoughtful storytelling of Grant Lee Phillips is pared down to the simplest words to describe an instance. The Haiku Year is about the appreciation of small moments of beauty, ultimately adding up to the appreciation and respect not only for our individual lives but for all the lives that intersect with ours. The Haiku Year effortlessly urges readers to enjoy details and to let spare moments pierce through the numbness of everyday routine. A New York Times–bestselling, in-depth exploration of the most pivotal moments in rap music from 1979 to 2014. Here's what The Rap Year Book does: It takes readers from 1979, widely regarded as the moment rap became recognized as part of the cultural and musical landscape, and comes right up to the present, with Shea Serrano hilariously discussing, debating, and deconstructing the most important rap song year by year. Serrano also examines the most important moments that surround the history and culture of rap music—from artists' backgrounds to issues of race, the rise of hip-hop, and the struggles among its major players—both personal and professional. Covering East Coast and West Coast, famous rapper feuds, chart toppers, and show stoppers, The Rap Year Book is an in-depth look at the most influential genre of music to come out of the last generation. Picked by Billboard as One of the 100 Greatest Music Books of All-Time Pitchfork Book Club's first selection Poetry. Film. When filmmaker Lynne Sachs turned fifty, she dedicated herself to writing a poem for every year of her life, so far. Each of the fifty poems investigates the relationship between a singular event in Sachs' life and the swirl of events beyond her domestic universe. Published by Tender Buttons

Press, *YEAR BY YEAR POEMS* juxtaposes Sachs' finished poems, which move from her birth in 1961 to her half-century marker in 2011, with her original handwritten first drafts. In this way, she reveals her process of navigating within and alongside historical events such as the Moon Landing, the assassination of Martin Luther King, Jr., streaking, the Anita Hill hearings, the Columbine shootings, and controversies around universal health care. In *YEAR BY YEAR POEMS*, Lynne Sachs realizes the long anticipated leap from her extraordinary career in filmmaking to this, her first book of poems. With an introduction by Paolo Javier, former Queens poet laureate and author of the book *Court of the Dragon*. "The whole arc of a life is sketched movingly in this singular collection. These poems have both delicacy and grit. With the sensitive eye for details that she has long brought to her films, Lynne Sachs shares, this time on the page, her uncanny observations of moments on the fly, filled with longings, misses, joys and mysterious glimpses of a pattern of meaning underneath it all."•Phillip Lopate "The highly acclaimed filmmaker Lynne Sachs is also a captivating and surprising poet. *YEAR BY YEAR* distills five decades into lyric, a lustrous tapestry woven of memory, wisdom, cultural apprehension and the delicate specificities of lived life."•Claire Messud "In *YEAR BY YEAR*, Lynne Sachs selects and distills from larger fields of notation, acute scenes representing her life and the world she was born into. Her measured, spare account brings her to an understanding and acceptance of the terrible and beautiful fact that history both moves us and moves through us, and, more significantly, how by contending with its uncompromising force, we define an ethics that guides our fate."•Michael Collier **INSTANT NEW YORK TIMES BESTSELLER** Named

The creator of "Grey's Anatomy" and "Scandal" details the one-year experiment with saying "yes" that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits. The Founding Fathers of the United States of America created the first free people in modern times. They wrote a new kind of Constitution which is now the oldest in existence. They built a new kind of commonwealth designed as a model for the whole human race. They believed it was thoroughly possible to create a new kind of civilization; giving freedom, equality, and justice to all. The Founders created a new cultural climate that gave wings to the human spirit. They built a free-enterprise culture to encourage industry and prosperity. They gave humanity the needed ingredients for a gigantic 5,000-year leap in which more progress has been made in the past 200 years than all of prior recorded human history. All of this came about because of 28 basic principles the Founders discovered, upon which all free nations must be built in order to succeed. This eBook includes the original index, footnotes, table of contents and page numbering from the printed format, and also new illustrations. In 1918,

when Henry Blake Fuller was 62 years old, he completed the manuscript of a novel, *Bertram Cope's Year*. Though Fuller was well known as an accomplished realist and had published twelve previous novels, this work was his first published fiction to address the topic of homosexuality. In the novel *Bertram Cope*, a handsome young college student, is befriended by Medora Phillips, a wealthy older woman who tries to match him with several eligible young women. However, Bertram is emotionally attached only to his friend and housemate, Arthur Lemoyne. The novel's portrayal of their friendship is subtle, but has clear overtones of sexual attraction. Appendices focus on the novel's composition, reception, and place in contemporary discourses about attraction between men. The American Jewish Year Book, which spans three different centuries, is the annual record of the North American Jewish communities and provides insight into their major trends. Part I of the current volume contains the lead article: Chapter 1, “Pastrami, Verklempt, and Tshoot-spa: Non-Jews’ Use of Jewish Language in the US” by Sarah Bunin Benor. Following this chapter are three on domestic and international events, which analyze the year’s events as they affect American Jewish communal and political affairs. Three chapters analyze the demography and geography of the US, Canada, and world Jewish populations. Part II provides lists of Jewish institutions, including federations, community centers, social service agencies, national organizations, synagogues, Hillels, camps, museums, and Israeli consulates. The final chapters present national and local

Jewish periodicals and broadcast media; academic resources, including Jewish Studies programs, books, journals, articles, websites, and research libraries; and lists of major events in the past year, Jewish honorees, and obituaries. While written mostly by academics, this volume conveys an accessible style, making it of interest to public officials, professional and lay leaders in the Jewish community, as well as the general public and academic researchers. The American Jewish Year Book has been a key resource for social scientists exploring comparative and historical data on Jewish population patterns. No less important, the Year Book serves organization leaders and policy makers as the source for valuable data on Jewish communities and as a basis for planning. Serious evidence-based articles regularly appear in the Year Book that focus on analyses and reviews of critical issues facing American Jews and their communities which are indispensable for scholars and community leaders. the names of the officers and of members, a brief history of the institute, an account of the work ... and a copy of laws relating specifically to the corporation ... In this dramatic adaptation of her award-winning, bestselling memoir, Joan Didion transforms the story of the sudden and unexpected loss of her husband and their only daughter into a stunning and powerful one-woman play. “This happened on December 30, 2003. That may seem a while ago but it won’t when it happens to you . . .” Michiko Kakutani in *The New York Times* called the memoir that was the basis for the play, “an indelible portrait of loss and grief . . . a haunting portrait of a four-decade-long marriage.” The first theatrical production of *The Year of Magical Thinking* opened at the Booth Theatre on March 29, 2007, starring Vanessa Redgrave and directed by David Hare. We tend to look to the New Testament to tell us about Jesus, yet it was the Old Testament about which Jesus said, “the Scriptures point to me!” In *The One Year Book of Discovering Jesus in the Old Testament*, Bible teacher Nancy Guthrie takes readers from Genesis through Malachi, shining the light of Christ on the promise of a descendent who will put an end to the curse of sin; the story of a father who offers up his son as a sacrifice; the symbol of a temple where people can meet with God; the prophecy of a servant who will suffer; the person of a king who will rule with righteousness—and so much more. Day by day throughout the year, readers will see the beauty of Christ in fresh new ways, creating a deeper understanding and appreciation for who Jesus is and what he accomplished through his Cross and Resurrection. A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. “Stirring . . . [a] blueprint for all those who believe . . . that ‘the world . . . should be full of people raising their voices.’” —The New York Times “Revealing, with the gripping intrigue of a Grisham thriller.” —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don’t See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family’s activist roots inspired her pursuit of justice. *What the Eyes Don’t See* is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for *What the Eyes Don’t See* “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.” —Erin Brockovich “A clarion call to live a life of purpose.” —The Washington Post “Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.” —The New York Times

Book Review “Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . ‘Flint will not be defined by this crisis,’ vows Ms. Hanna-Attisha.”—The Economist “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case.”—Rachel Maddow
