In this inspiring and practical book, Andrew Seaton guides us to our true nature, the peace-filled observing awareness beyond the mind. The book explains how, beginning in our infancy, we experience a spiritual forgetting. The mind creates abstract interpretations of the world and who we are. These conditioned interpretations become self-fulfilling and create our life experience, our karma. Learn how to see the world as it is in reality, rather than through the distorting filters of the conditioned mind. Discover how simple it is to clear away the mist of the conditioned mind and instantly drop into the awareness Self, which is who you really are. Importantly, this book shows the reader how to avoid some of the common frustrations and traps in spiritual awakening. Perhaps best of all, it offers a simple strategy for holding in focus the ways of experiencing everyday life as the awareness Self: a simple strategy for spiritual awakening. *Spiritual Awakening Made Simple* offers a concise, unified and practical formulation that will help you to awaken to your own true nature as peace, contentment and connectedness with all life. An amazingly succinct and accessible answer to the question "What is enlightenment?" from one of America's most prominent teachers of Insight Meditation Former Buddhist monk and highly regarded Insight Meditation teacher Rodney Smith describes the process of enlightenment in a way anyone can understand—demonstrating in clear language why we operate with the illusion of

separation, how we can move out of it to the realization of emptiness and no-self, and how we can live from that state of awakening. He provides brief, powerful exercises that enable us to challenge the reality of our thoughts in order to free ourselves from the illusion they keep us bound to—all the while steering us away from the temptation to regard spiritual practice as a process of self-improvement or a goal to be obtained. With systematic precision, and with subtle wisdom born of a lifetime of practice, Rodney Smith uses science, psychology, and traditional Buddhism to explain the unexplainable: the how and why of authentic spiritual awakening . . . an original work by a contemporary spiritual master at the height of his powers.

Norman Fischer, author of *Training in Compassion* This new addition to the author's "Foundation of Buddhist Thought" series, based on his popular courses, continues his mission to create a simple, systematic introduction to Buddhist philosophy and practice. This volume explores the importance of compassion in our lives and the traditional techniques for developing bodhichitta, or "the mind of enlightenment," which aspires to buddhahood in order to liberate all beings from suffering. Topics include the seven-point cause-and-effect method for developing bodhichitta, the practice of exchanging oneself for others, and the ten deeds of a bodhisattva. Living on a war-decimated world where humanity has lost the advanced technology of earlier times, young archaeologist Griffin Dane follows leads to a centuries-old pleasure planet where he encounters a huntress and her psychically linked animal companion. By the award-winning author of the *Firekeeper* series. 20,000 first printing. How do you live a life of spiritual awakening as well as outer abundance, inner freedom as well

as deep intimacy? How do you serve the world selflessly, yet passionately celebrate your life? The sages of Tantra have known for centuries that when you follow the path of Shakti — the sacred feminine principle personified by the goddesses of yoga — these gifts can manifest spontaneously. Yet most of us, women as well as men, have yet to experience the full potential of our inner feminine energies. In *Awakening Shakti*, you will learn how to recognize and invite: — Kali, bringer of strength, fierce love, and untamed freedom — Lakshmi, who confers prosperity and beauty — Saraswati, for clarity of communication and intuition — Radha, who carries the divine energy of spiritual longing — Bhuvaneshvari, who creates the space for sacred transformation — Parvati, to awaken creativity and the capacity to love. With a wealth of meditations, visualizations, mantras, teachings, and beautifully told stories, *Awakening Shakti* provides a practical guide for activating the currents of the divine feminine in every aspect of your life. Eadie has shared her message with millions of readers eager to enrich their lives with the powerful faith, hope, and love she has so memorably described. Now, she takes us to new levels of spiritual discovery, addressing many of the concerns that affect us most by showing how she has transformed her own life with the mind-opening vision that captivated the world. The Awakening Heart expands on the invaluable knowledge and insights she has received, giving us more revelations made known to her during her near-death experience and in subsequent visions and visitations, and showing us how the healing power of positive sacred energy can affect and uplift every aspect of our daily lives. Drawing on Betty's own sometimes difficult spiritual awakening following her return to this life, as well as the ennobling experiences shared by some of the people she has met on her journeys, The Awakening Heart radiates the strength of unconditional love, helping each one of us to seek and find the light of God within us."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved The revered Buddhist teacher and author of When Things Fall Apart presents the lojong teachings—pithy slogans for daily contemplation—and the ways in which they can enrich our lives Welcome compassion and fearlessness as your guide, and you'll live wisely and effectively in good times and bad. But that's easier said than done. In The Compassion Book, Pema Chödrön introduces a powerful, transformative method to nurture these qualities using a practice called lojong, which has been a primary focus of her teachings and personal practice for many years. For centuries, Tibetan Buddhists have relied on these teachings to awaken the deep goodness that lies within us. The lojong teachings include fifty-nine pithy slogans for daily contemplation, such as "Always maintain only a joyful mind," "Don't be swayed by external

circumstances, "Don't try to be the fastest," and "Be grateful to everyone." This book presents each of these slogans and includes Pema's clear, succinct guidance on how to understand them—and how they can enrich our lives. It also features a forty-five-minute downloadable audio program entitled "Opening the Heart," in which Pema offers in-depth instruction on tonglen meditation, a powerful practice that anyone can undertake to awaken compassion for oneself and others.

Awakenings--which inspired the major motion picture--is the remarkable story of a group of patients who contracted sleeping-sickness during the great epidemic just after World War I. Frozen for decades in a trance-like state, these men and women were given up as hopeless until 1969, when Dr. Oliver Sacks gave them the then-new drug L-DOPA, which had an astonishing, explosive, "awakening" effect. Dr. Sacks recounts the moving case histories of his patients, their lives, and the extraordinary transformations which went with their reintroduction to a changed world. With recent advances of modern medicine more people reach the 'elderly age' around the globe and the number of dementia cases are ever increasing. This book is about various aspects of dementia and provides its readers with a wide range of thought-provoking sub-topics in the field of dementia. The ultimate goal of this monograph is to stimulate other physicians' and neuroscientists' interest to carry out more research projects into pathogenesis of this devastating group of diseases. Offers the author's insights into friendship, love, and survival in this guide to awakening to the joy of life. This book is an engaging look at spiritual awakenings that have happened in the church throughout history. It examines how these extraordinary movements of God translate into the larger cultural analysis of today. Spiritual awakenings have refreshed the people of God from the very origins of the church. What about these past movements can be instructive for the church today? Can we expect God's awakening presence in our day? These questions brought about the "Surprising Work of God Conference" in the fall of 2015 in which speakers traced awakening movements from the Old and New Testaments to the present day. Great Awakenings represents the culmination of this conference as the collected works of notable speakers. Chapters address questions about spiritual awakenings through historical, theological, and sociological lenses. They look at the events that precipitated these awakenings, evaluating whether their causes were purely religious or otherwise, and finally suggest what about the awakenings is normative for the church today. From a Pulitzer Prize-winning reporter, the powerful story of how a prominent white supremacist changed his heart and mind. This is a book to help us understand the American moment and to help us better understand one another. "The story of Derek Black is the human being at his gutsy,

self-reflecting, revolutionary best, told by one of America's best storytellers at his very best. *Rising Out of Hatred* proclaims if the successor to the white nationalist movement can forsake his ideological upbringing, can rebirth himself in antiracism, then we can too no matter the personal cost. This book is an inspiration. —Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning: The Definitive History of Racist Ideas in America*

Derek Black grew up at the epicenter of white nationalism. His father founded Stormfront, the largest racist community on the Internet. His godfather, David Duke, was a KKK Grand Wizard. By the time Derek turned nineteen, he had become an elected politician with his own daily radio show—already regarded as the "the leading light" of the burgeoning white nationalist movement. "We can infiltrate," Derek once told a crowd of white nationalists. "We can take the country back." Then he went to college. At New College of Florida, he continued to broadcast his radio show in secret each morning, living a double life until a classmate uncovered his identity and sent an email to the entire school. "Derek Black ... white supremacist, radio host ... New College student???" The ensuing uproar overtook one of the most liberal colleges in the country. Some students protested Derek's presence on campus, forcing him to reconcile for the first time with the ugliness of his beliefs. Other students found the courage to reach out to him, including an Orthodox Jew who invited Derek to attend weekly Shabbat dinners. It was because of those dinners—and the wide-ranging relationships formed at that table—that Derek started to question the science, history, and prejudices behind his worldview. As white nationalism infiltrated the political mainstream, Derek decided to confront the damage he had done. *Rising Out of Hatred* tells the story of how white-supremacist ideas migrated from the far-right fringe to the White House through the intensely personal saga of one man who eventually disavowed everything he was taught to believe, at tremendous personal cost. With great empathy and narrative verve, Eli Saslow asks what Derek Black's story can tell us about America's increasingly divided nature.

A Vampire Huntress legend. The Awakening: Britton by Abby Niles "I would lick that man up one side and down the other." Half-shifter and lead SPAC agent, Val Calhoun, has listened to women gush over the Don Juan of the precinct for the last four years. Yeah, Detective Britton Townsend is hot and has stunning blue eyes, but that foul mouth he saves only for her? What a waste of good looks. And no way does Val want that mouth anywhere near hers. When the shifter community is threatened, Val is assigned to the case...and fails. So the High Council turns to the rogue shifter they'd sentenced to twenty years as a human--that same obnoxiously sexy Detective Townsend. And sends the two arch-enemies deep into the North Carolina Mountains—together, and alone. Being stuck in a tiny honeymoon cabin with Miss Castration and only one bed is definitely not Britton's idea of a good time. But the High Council doesn't take no for an answer. After his shifter abilities are restored, Brit is once again susceptible to the dreaded, irreversible bonding instinct, the Drall. Thankfully, all he's ever felt for Val is intense loathing, no reason to worry. Right? All he has to do is solve this case pronto, and he can go back to his footloose Casanova ways. That is, if they don't kill each other first. Or worse...fall in love. A compelling investigation of how intense psychological suffering can lead to a dramatic shift into a new, expansive identity Why do some people who experience the worst that life has to offer respond not by breaking down but by shifting up, into a higher-functioning, awakened state, like phoenixes rising from the ashes? And perhaps more importantly, how can we emulate their transformations? Over many years of observing and studying the phenomenon of life-changing awakening through

extreme suffering, Steve Taylor coined the term "transformation through turmoil." He calls these people "shifters" and here shares dozens of their amazing stories. In addition, Taylor uncovers the psychological processes that explain these miraculous rebirths after years of struggle or devastating loss, addiction, or imprisonment. He highlights a number of lessons and guidelines that the shifters offer us. In *Extraordinary Awakenings*, readers will find not only riveting stories of transformation that show the amazing resilience of the human spirit, but also hope and guidance to call on during their own struggles, together with inspiration and profound food for thought. The first modern, comprehensive resource on spiritual awakenings, this pragmatic, clear guide covers everything from the first step on a spiritual journey to enlightenment, and the different types of spiritual awakenings, from mild to dramatic, we may go through. Using the concept of the twelve layers that cover an awakened state Mary Mueller Shutan addresses every step of the spiritual journey, starting with the Self and showing how family, ancestral, past lives, karmic, archetypal, and other larger layers such as societal, cultural, global, and cosmic energies condition us to sleep and obscure our realization of an awakened state. Instructions for how to navigate through each of these layers and how to recognize where we are in our spiritual journey are included each step of the way along with common physical, emotional, and spiritual symptoms that may be experienced. By addressing post-awakening states, oneness, dark nights of the soul, ego death, near-death and severe illness, psychic abilities, addictions, dietary changes, the God self, personal and collective shadow, and psychosis vs. awakening we understand the experiences we may go through while struggling with spiritual awakenings. This practical book opens new understandings of how to live in the world while going through an awakening process, and offers the revolutionary idea that we are meant to be humans, to have a physical body with physical, sensate experiences and emotions. We are meant to live in the world and be a part of it even as fully awakened individuals. This guide proposes a look at the possibility of leading a grounded, earth-bound life of work, family, friends, and other experiences in an awakened state. Is there a stirring in your soul that can't be filled? Do you feel there is more in your spiritual walk but no one has the words or solution? In our moments of spiritual hunger God wants to impart into our life the reality of who He is. God has given mankind many opportunities and most men don't take advantage of them. Church once a week will not fill that void. There is an awakening that is spreading throughout the world, a "Supernatural Awakening." As a child of God there are times you get tired of hearing the devil scream threats and belittle the name of God; such was the case in 1 Samuel chapter 17. David had no

idea what was about to happen in his life. How he prepared in secret, far away in the back-side of the desert was about to change a nation, a people, and the atmosphere that he walked into. He wasn't looking for greatness, fame, or fortune however, the anointing of God will always reveal your destiny and your purpose, just as a needle on a compass will point north because of the magnetic pull.

Anointed people attract the attention of others. Revelation is God's way of showing Himself to you. Supernatural Awakening will unlock spiritual revelation in your life and cause you to fulfill your destiny while changing the atmosphere you abide in. Watch and be amazed how you will begin to develop your spiritual insight. Explains the relevance of ancient myths to the awakening to higher states of consciousness and enlivened experience of the world □ Shows how higher consciousness can arise within each of us by following the guidance found in ancient myths □ Reveals how myths influence our personal development without our awareness through their influence on our core values and culture □ Examines ancient Sumerian, Egyptian, Babylonian, and Hebrew myths, such as the Epic of Gilgamesh and the story of Osiris and Isis In this study of ancient Sumerian, Egyptian, Babylonian, and Hebrew myths, authors Lloyd M. Dickie and Paul R. Boudreau show that many classic myths contain instructions for awakening higher consciousness, allowing access to enlivened experience of the world and awareness of the divine within and around us. Inspired by the work of R. A. Schwaller de Lubicz, the authors deeply examine creation myths and well-known ancient myths from Mesopotamia and Egypt, such as the Epic of Gilgamesh and the story of Osiris and Isis. They reveal that these myths are not behavioral morality tales but actual delineations of how a higher order can arise within each of us. The authors explain how these stories teach us to distinguish the heaven within from the earth within us, to find the essential part of our being that provides a link with our higher powers. Spending more than a year onsite in Egypt to personally connect with the myths, the authors explain how ancient storytellers intentionally chose myths as a vehicle for teachings because story has a seed-like capacity to implant itself in the unconscious and influence development without the individual being aware of it. By crafting these sacred narratives, the ancient Sumerians and Egyptians provide tools to awaken to the presence of higher consciousness as well as a road map for the individual to come into conscious alignment with the perpetual unfolding of the universe. Zen

Awakening and Society considers the relationship between Zen and social ethics by examining ethical facets of Zen practice and satori, as well as the traditional socio-political role of Zen in Japan, ethical reflection by key Zen thinkers, those resources and pitfalls in Zen relevant to ethics, and possible avenues along which Zen Buddhists could begin to formulate a self-critical, systematic social ethic. In this groundbreaking book, the authors of the perennial bestseller *Who Dies?* demonstrate how to use a relationship as a means for profound inner growth and healing. "Stephen and Ondrea's work is among the deepest, most healing and heartfelt contributions to modern spiritual life in America." —Jack Kornfield, bestselling author of *A Path with Heart* Stephen and Ondrea Levine devoted more than eighteen years to investigating the mind/body relationship, particularly as it relates to the states healing, dying, and grieving. Their work has affected healing and medical practices worldwide. In *Embracing the Beloved*, the Levines turn their attention to what has been "our most significant spiritual commitment—our own relationship." Their insights and anecdotes will benefit all who are drawn to looking inward, and all who seek a relationship as a path for spiritual renewal and merciful awareness of life. In the realm of Talamh, a teenage warrior named Keegan emerges from a lake holding a sword—representing both power and the terrifying responsibility to protect the Fey. In another realm known as Philadelphia, a young woman has just discovered she possesses a treasure of her own... When Breen Kelly was a girl, her father would tell her stories of magical places. Now she's an anxious twentysomething mired in student debt and working a job she hates. But one day she stumbles upon a shocking discovery: her mother has been hiding an investment account in her name. It has been funded by her long-lost father—and it's worth nearly four million dollars. This newfound fortune would be life-changing for anyone. But little does Breen know that when she uses some of the money to journey to Ireland, it will unlock mysteries she couldn't have imagined. Here, she will begin to understand why she kept seeing that silver-haired, elusive man, why she imagined his voice in her head saying *Come home, Breen Siobhan. It's time you came home. Why she dreamed of dragons. And where her true destiny lies*—through a portal in Galway that takes her to a land of faeries and mermaids, to a man named Keegan, and to the courage in her own heart that will guide her through a powerful, dangerous destiny... When a young Lutheran pastor named Johann Christoph Blumhardt (1805-1880) interceded for a tormented woman in his village, he got more than he reckoned for. "We've seen enough of what the Devil can do", he told her. "Now let us see what God can do". But would one man's simple faith hold out against the onslaught of occult forces that began to reveal themselves? Two years later the enemy, defeated, howled, "Jesus is the victor!" and fled. Nothing would ever be the same in Mottlingen, Blumhardt's rural parish in the Black Forest. The palpable nearness of God -- and the reality of the great cosmic battle between good and evil -- was in many ways reminiscent of apostolic times. Sick and disabled people were healed, mental illness vanished, and stolen goods were returned. Murders were even solved, and broken marriages

restored. Marked by the transformation of lives and relationships, yet devoid of exaggerated emotionalism and religiosity, the revival spread like a quiet tide, beyond the Black Forest, throughout Germany, and even farther, despite the efforts of a cynical press and Blumhardt's nervous ecclesiastical superiors. To those who despair over the spiritual poverty of contemporary Christianity, this book offers quiet but bold assurance that God can work as powerfully in our time as he did in his. "She grew daring and reckless. Overestimating her strength. She wanted to swim far out. Where no woman had swum before." What does it mean to be enlightened or spiritually awakened? In *The Leap*, Steve Taylor shows that this state is much more common than is generally believed. He shows that ordinary people — from all walks of life — can and do regularly "wake up" to a more intense reality, even if they know nothing about spiritual practices and paths. Wakefulness is a more expansive and harmonious state of being that can be cultivated or that can arise accidentally. It may also be a process we are undergoing collectively.

Drawing on his years of research as a psychologist and on his own experiences, Taylor provides what is perhaps the clearest psychological study of the state of wakefulness ever published. Above all, he reminds us that it is our most natural state — accessible to us all, anytime, anyplace. **THIS BOOK WILL RELEASE YOU TO DO THE WILL OF GOD FOR YOUR LIFE!** In *A Spiritual Awakening*, revivalist Tommie Zito releases Christians to do the will of God with fearless faith. With years of successful evangelism to his credit, the author boldly decries the state of the Sunday morning ritual: The voice of the Lord is relegated to pointless sermons and denominational drivel. Religion has paralyzed the passion and desire of the believer to do the will of God. The Church is suffocating under the spirit of slumber, while believing all is well. **BUT THERE IS HOPE--YOU!** You and millions like you have the call, the passion and the desire to do what religion and its accompanying litany of legalism can never accomplish. You can change the world, your country, your city, your neighborhood, your home. Zito calls on believers to the last-day Church's mandate to be a "house of prayer," if it is to move in an anointing which will make the world take notice of the Most High God. Zito notes, "A church bulletin contains more social activities and outings than times set aside to really pray and seek the Father's face." The power of the Holy Spirit awaits all those who will respond to the burden of this book: to shake off religious irrelevancy and to do the will of God despite all opposition. Fear drives me forward as I rush down a rocky path in Jerusalem, trying to sort things out even as dusk makes it harder to hurry. Am I really an American girl, cast back to the time of Jesus? Or a delusional Jewish teen, plagued with visions of a place called America, thousands

of years in the future? I don't know anymore. But I do know that something awful is about to happen to my Jesus: they're going to arrest him tonight, and kill him. No one believes me; they think I'm crazy. So it's up to me to save him, hurrying down this dark path toward Gethsemane, toward the turning point of all history, the attempt to kill Jesus . . . toward the uncertainty of whether I can actually manage to change the future. "A fast-paced novel packed with truth, tension and a touch of romance." Denver Catholic Register

"Every student is a genius," declares author Thomas Armstrong, and an educator's most important job is to discover and nurture the "genius qualities" that all students were born with but that may no longer be obvious. Urging readers to look beyond traditional understandings of what constitutes genius, Armstrong describes 12 such qualities: curiosity, playfulness, imagination, creativity, wonder, wisdom, inventiveness, vitality, sensitivity, flexibility, humor, and joy. He cites research in various fields that supports this broader understanding of genius and explains how influences in the home, the popular media, and the school itself "shut down" the genius in students. Combining thoughtful insights and practical information, Armstrong offers guiding principles to help educators awaken genius in the classroom--beginning with awakening the genius in themselves. Readers will find dozens of suggested activities and helpful resources to provide "genius experiences" and create a "genial climate" in the classroom. In addition, suggestions for further study at the end of each section provide starting points for personal and professional reflection and growth. As it celebrates the potential brainpower waiting to be unlocked in classrooms everywhere, *Awakening Genius in the Classroom* inspires educators to look at their students from a different perspective and to reinvigorate their teaching with a new sense of excitement and possibility. The result, Armstrong concludes, could extend far beyond the classroom and transform not only our schools, but the entire world. A new edition of the #1 NYT's bestseller by Mark Nepo, who has been called "one of the finest spiritual guides of our time" and "a consummate storyteller."

Philosopher-poet and cancer survivor Mark Nepo opens a new season of freedom and joy—an escape from deadening, asleep-at-the wheel sameness—that is both profound and clarifying. His spiritual daybook is a summons to reclaim aliveness, liberate the self, take each day one at a time, and savor the beauty offered by life's unfolding. Reading his poetic prose is like being given second sight, exposing the reader to life's multiple dimensions, each one drawn with awe and affection. *The Book of Awakening* is the result of Nepo's journey of the soul and will inspire others to embark on their own. He speaks of spirit and friendship, urging readers to stay vital and in love with this life, no matter the hardships. Encompassing many

traditions and voices, Nepo's words offer insight on pain, wonder, and love. Each entry is accompanied by an exercise that will surprise and delight the reader in its mind-waking ability.
