From the #1 New York Times bestselling author of the Thoughtless series comes a swoon-worthy, enemies-to-lovers romance set in the world of motocross. Mackenzie Cox has a lot to prove. Daughter of a racing legend, she is eager to show the world that she has inherited her father's talent in the male-dominated sport of professional motorcycle racing. The last thing Kenzie needs is to be antagonized by her rival team's newest rider, Hayden Hayes. Plucked from the world of illegal street racing, Hayden immediately gets under Kenzie's skin. His insinuations that Kenzie is a spoiled princess who was handed her career fuels her desire to win, and much to her surprise, Kenzie soon learns she performs better when she's racing against Hayden. As Kenzie and Hayden push each other on the track, the electric energy between them off the track shifts into an intense--and strictly forbidden--attraction. The only rule between their two ultra-competitive teams is zero contact. Kenzie always does her best to play by the rules, but when her team slips into a financial crisis, she has no choice but to turn to Hayden for help. The tension simmers during their secret, late-night rendezvous, but Kenzie has too much to lose to give in to her desires. Especially when she begins to doubt that Hayden has completely left his street life behind... LOOK FOR THE NEXT BOOK IN THE SERIES: DANGEROUS RUSH. Over 26,000 total pages Background: The Fast and Furious operation was responsible for allowing approximately 2,000 firearms to illegally flow into the hands of criminals, including Mexican drug cartel associates. On December 14, 2010, Customs and Border Patrol Agent Brian Terry, a United States Marine, was killed while on patrol just miles from the Mexican border. The firearms found at the scene were semi-automatic rifles that were allowed to walk as part of Operation Fast and Furious. Congressional Republicans have investigated Fast and Furious since January 2011. Over the course of the investigation, the Justice Department has provided false information, stonewalled document requests, produced scores of blacked-out pages and duplicate documents, and refused to comply with two congressional subpoenas. In August 2012, the U.S. House of Representatives Office of General Counsel filed suit against the Justice Department. On January 19, 2016, United States District Judge Amy Berman Jackson issued her opinion and ordered DOJ release documents previously withheld under the President's executive privilege claim. On April 8, 2016, DOJ complied with the Judge's order, delivering more than 20,500 pages of documents to the Committee. CONTENTS: Statement of Michael E. This fun, engaging paperback uses Angry Birds to explain the physics at work in the world--and behind the popular game. National Geographic's trademark science blends with Angry Birds' beloved entertainment to take readers into the world of physics. Rhett Allain, physics professor and Wired blogger explains basic scientific principles in fun, accessible ways; the Angry Birds come along for the ride to illustrate concepts we see in the real world--as well as in the Angry Birds games. Packed with science and a sense of humor, this book will improve readers' understanding of the world and how

it works--and it may just improve their Angry Birds scores as well. Rovio Learning is known for collaborating with several scientific and educational institutions, such as the National Geographic Society and NASA. The recent collaboration with CERN brings quantum physics to the reach of children. There is no subject that young children can not learn - when the medium is age-appropriate, fun and engaging! Schoolteacher Faith McCann, the heroine of this searing first in a new crime series from Ragan (Evil Never Dies), returns one afternoon to her Sacramento, Calif., home to discover the members of her family bound and gagged: her husband, Craig, and their children, 10-year-old Lara and nine-year-old Hudson. The bad guys take the kids, slit Craig's throat, and leave Faith for dead after a vicious beating. After a stint in a drug-induced coma and intensive care, Faith finds new purpose in searching for Lara and Hudson and their captors. Frustrated by the slowness of the official investigation, Faith assaults a police detective and winds up in court-mandated anger control classes, where under the sobriquet "Furious" she meets "Rage" and "Beast." Rage and Beast become unlikely allies in her effort to penetrate the world of human trafficking, the evils of which are highlighted in chapters revealing what happened to Lara and Hudson. Readers with strong stomachs will eagerly await the next installment. The Fast and The Furious: Drivers, Speed Cameras and Control in a Risk Society offers an explanation for the continued debate about one road safety intervention - the speed camera - by situating that debate within contemporary literature about the 'risk society' (Beck, 1992) and more broadly understood experiences of risk faced on a daily basis by drivers. Rather than a focus on risk as something that can be objectively assessed, measured and managed separately from the social context in which it is encountered, it suggests that 'risk' is something that permeates this particular debate from every angle. □ BEST SALE OFF 30% □ SPECIAL LAUNCH PRICE REGULAR PRICE 14.99\$ □ Enjoy beautiful and simple designs with this The Beatles Calendar. It's one small step for birds, one giant leap for birdkind... Blast off with the Angry Birds as they fly through space on an intergalactic rescue mission! Evil space piggies have stolen their eggs and are hiding them somewhere in outer space. To save them, the Angry Birds have teamed up with National Geographic to learn all they can about planets, moons, stars, galaxies, and the mysteries of the universe. Four chapters take the readers deeper and deeper into space—each one packed with Angry Birds, astounding space photography, and fascinating "Astrofacts" and "Space Data" features that surprise and enthrall. Join the birds as they observe robots on Mars, take a spin with the Jupiter's Great Red Spot, visit where stars are born in galaxies far, far away, and look for life on strange new worlds. This official companion book to the Angry Birds Space game shows the furious fliers everything they'll need to know on their quest to explore the galaxy and rescue their precious eggs. The book is organized into four levels, each one taking the reader and the birds farther and farther into space: Level One. "You Are Here: What's Out There?" Level Two. "Short Flights: The Inner Solar System" Level Three. "Longer Journey: The Outer Solar System" Level Four. "Flying Farther: Deep Space" Meet Kevin Pugh, 12-year-old couch potato. Now meet Cromwell, his part beagle, part potato chip dog. Kevin's looking forward to spending his summer doing as little as possible. Unfortunately, Kevin's father, former Chicago Bears star player/super-sports fanatic, Howie Pugh, feels differently. So does Cromwell, who has suddenly and mysteriously developed a fascination with agility competitions: running up seesaws, leaping over hurdles, soaring through hoops (sometimes). If he has to do anything, Kevin would rather do something for newly obsessed Cromwell, but dog agility lessons do not constitute a sport in his father's mind, so football camp it is. Until some well-timed events collide, literally, and soon Kevin's found a way for he and Cromwell to take classes, and the upstart Team Cromwell is born. Andy Behrens has written a hilarious novel with a dry-as-dirt protagonist who's constantly tortured by the goings-on around him. It's also a charming story about a boy and his dog, as well as a meaningful and heartfelt look at a relationship between a boy and his father who don't always see eye-to-eye. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase "getting there is half the fun" must have owned a sports car. And the wag who suggested that "it's the journey not the destination"? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year. Which would you choose? "This is a Borzoi book published by Alfred A. Knopf"--Title page verso. Isla couldn't believe it when her older brother threatened her with marriage to that evil monster. Everyone knew that Sheik Hussan El-Hamin was a horrible human being who ruled the neighboring country with an iron fist. He wouldn't even let reporters into his country - probably because they would report his abuses! Now the man sitting in the front row at her brother's wedding - he was a different matter! This man was tall, handsome, gloriously male with stunning eyes and a muscular physique. But she knew that her brother would betroth her to someone who could be a political ally so she had to eliminate the handsome stranger from her thoughts. As soon as Hussan saw his friend's sister, he knew he wanted the lovely Isla to be his wife. When she had to smother her laughter about mismatched shoes, his choice was made. Convincing the slender beauty that he wasn't a monster was a whole other matter, he realized. But from their very first kiss, he knew he was up to the challenge. Ms. Nowhere has plans to test the Spy Racers' limits like never before! Her latest exam involves a spinning pod packed with levers, buttons, steering wheels... and a hidden agenda. She's about to place two of her finest recruits - Tony Toretto and Echo Pearl - in a hypnotic state to see which recruit will pass her test. The Spy Racers are ready for the ultimate challenge - and neither one is going to give up. Offers a close-up, detailed look at the cars in "The

Fast and the Furious" series and includes descriptions of the stunts, insights into how each car was built and modified for filming, and interviews with directors and stunt coordinators. The most outspoken and combative coach in NBA history—and one of the most successful, amassing more than 1,175 victories, the sixth best winning record ever—reflects on his life, his career, and his battles on and off the basketball court in this no-holds-barred memoir A man of deep passion and intensity, George Karl earned his bad boy reputation while playing at the University of North Carolina, a rap that continued through the five years he spent with the San Antonio Spurs—and long after he stopped playing. Karl's beery nights, fistfights, and barking followed him into a thirty-five-year coaching career. In a game defined by big stakes and bigger egos, rabid fans and an unforgiving media, Karl was hired and fired a dozen times. After leading a team beset by injuries and with no superstar to its best season of all time—an achievement that earned Karl the title NBA Coach of the Year—he was dumped by the Denver Nuggets in 2013. Less than a year and a half later, Karl was at the helm of the Sacramento Kings, snarling and bellowing on the sidelines before being cut loose in May 2016. Intense, obstinate, and loud, Karl has never backed down from a confrontation, whether with management, officials, or star players, as NBA legends from Allan Iverson to Gary Payton to Carmelo Anthony to Demarcus Cousins can attest. Telling his story, Karl holds nothing back as he speaks out about the game that has defined his life, including the greed, selfishness, and ass-covering he believes are characteristic of the modern NBA player, and the rampant corruption that leads all the way to the office of the NBA commissioner, David Stern. Karl also reveals how he's learned to deal with the personalities, the pressure, and the setbacks with a resilience he acquired from his three bouts with cancer. Raw, hard-hitting, and brutally honest, Furious George is as thrilling, unpredictable, and entertaining as the game that has defined Karl's life. Long-listed for the 2018 Man Booker Prize Short-listed for the 2018 Gordon Burn Prize Short-listed for the 2018 Goldsmiths Prize Inspired by the real-life murder of a British army soldier by religious fanatics, Guy Gunaratne's In Our Mad and Furious City is a snapshot of the diverse, frenzied edges of modern-day London. A crackling debut from a vital new voice, it pulses with the frantic energy of the city's homegrown grime music and is animated by the youthful rage of a dispossessed, overlooked, and often misrepresented generation. While Selvon, Ardan, and Yusuf organize their lives around soccer, girls, and grime, Caroline and Nelson struggle to overcome pasts that haunt them. Each voice is uniquely insightful, impassioned, and unforgettable, and when stitched together, they trace a brutal and vibrant tapestry of today's London. In a forty-eight-hour surge of extremism and violence, their lives are inexorably drawn together in the lead-up to an explosive, tragic climax. In Our Mad and Furious City documents the stark disparities and bubbling fury coursing beneath the prosperous surface of a city uniquely on the brink. Written in the distinctive vernaculars of contemporary London, the novel challenges the ways in which we coexist now—and, more important, the ways in which we often fail to do so. □ BEST SALE OFF 30% □SPECIAL LAUNCH PRICE REGULAR PRICE 14.99\$□ Enjoy beautiful and simple designs with this The Beatles Calendar. DIVA garage is a special place—not home, not office, not rec room. It may combine elements of all of these, yet it remains unique. Dreams are born, housed, revived, and realized within the walls and beneath the rafters of an enthusiast's garage. It is a haven from life's broader concerns, where work is not really work, and virtually anything seems possible. Dream Garages explores this hallowed space, taking the reader into 21 motorhead havens, where automotive and motorcycle enthusiasts store and work on the objects of their passion. Some of the structures are expansive, some more modest; some are working garages, others near spotless showcases of pristine machines and automotive art work and memorabilia. Pervading all of them is a love of the motor vehicle and an appreciation for the structure that allows us to harbor and revive them. Here readers will find enthusiasts who collect, preserve, and work on sports cars, race cars, motorcycles, trucks, speed record vehicles and related machinery, and treasures. Revered names like Ferrari, Corvette, Road Runner, Cobra, and Jaguar dwell in these special spaces. Dream Garages is not a manual on building a great garage; it's a look at the ideas and passions that can make any garage great. Dream Garages is the Architectural Digest for those whose veins run with gasoline./div Get ready to rumble with this larger than life look at the world's most extreme trucks. From Jay Asher, the bestselling author of THIRTEEN REASONS WHY - now a Netflix TV show - and Carolyn Mackey, comes a story of friendship, destiny, and finding love. What if you could see how your life would unfold just by clicking a button? It's 1996 and Facebook isn't even invented. Yet somehow, best friends Emma and Josh have discovered their profiles, fifteen years in the future ... and they're not sure they like what they see. The more Emma and Josh learn about their future lives, the more obsessed they become on changing the destiny that awaits them. But what if focusing on the future, means that you miss something that's right in front of you? ? From the Canadian in charge of the joint military command in Kandahar Province in Afghanistan, this is the real on-the-ground story of one of NATO's bloodiest, most decisive and misunderstood operations: The battle of Panjwayi, the defining moment of "Operation Medusa." In the summer of 2006, David Fraser was the Canadian general in charge of NATO's Regional Command South, a territory spanning six Afghan provinces surrounding the Arghandab Valley. Birthplace of the Taliban decades earlier, this fertile region had since become Afghanistan's most deadly turf. It would soon turn deadlier still. Advised in the night by his intelligence officers that the Taliban had secretly amassed for a full-scale military assault, Fraser knew it would fall to him, his Canadians and their allies to avoid the wholesale slaughter of NATO troops, keep the Taliban from laying siege to Kandahar and restore control of the south of the country to a newly formed, democratic Afghan government. The odds were solidly against Fraser's forces. The Taliban knew every millimetre of their own terrain. During the months of secret manoeuvres they had stocked every farmhouse, school, grape hut and tunnel with weapons and ammunition. They had drilled Soviet-era landmines into all of the marijuana and poppy fields, and dug IEDs into every roadway. Protected from detection by corrupt officials, their sophisticated warfare schools had successfully readied an army of zealous fighters to attack and fight to the death. And

now their top commanders were poised to launch decisive military operations against freshly arrived troops who had never seen combat. The bloodiest battle in NATO's history was about to begin. A hard-hitting inside account of the Fast and Furious scandal—the government-sponsored program intended to “win the drug war” by providing and tracking gun sales across the border to Mexico—from whistle-blower and ATF agent John Dodson. After the terror attacks of September 11, 2001, John Dodson pulled bodies out of the wreckage at the Pentagon. In 2007, following the shooting massacre at Virginia Tech, John Dodson walked through the classrooms, heartbroken, to cover up the bodies of the victims. Then came Arizona. The American border. Ten days before Christmas, 2010, ATF agent John Dodson awoke to the news he had dreaded every day as a member of the elite team called the Group VII Strike Force: a U.S. border patrol agent named Brian Terry had been shot dead by bandits armed with guns that had been supplied to them by ATF. Was this an inevitable consequence of the Obama administration’s Project Gunrunner, set in place one year earlier ostensibly to track Mexican drug cartels? Brian Terry’s murder would not only change John Dodson’s life forever; it would reveal a scandal so unthinkably unpatriotic that it forced President Barack Obama to claim executive privilege and caused Attorney General Eric Holder to be held in contempt of Congress. Federal Agent John Dodson, an ex-military man, took an oath to defend the world’s greatest country, and proudly considered himself a walking patriotic example of the American Dream. Brian Terry, ex-military like Dodson, was only forty years old, a family man who served his country by working for the government. Dodson was terrified when the next phone call came, one with the potential to destroy his career, his family, and his life. CBS investigative journalist Sharyl Attkisson asked Dodson to go public with what he knew about Fast and Furious. To Agent Dodson, this meant blowing the whistle. But to the family of Agent Terry, it was a chance to save lives and right a wrong. As he took a fight from the border towns of Arizona to a showdown in the halls of Congress, John Dodson clung to the hope that truth would prevail, that he would be redeemed, and that Brian Terry’s death would not be in vain. Like whistle-blowers before him, John would not be welcome back on the job. But he found strength in his conscience, in the support of the American public, and in Senators Darryl Issa and Chuck Grassley. When his first-amendment rights to publicly tell his story were threatened, the ACLU took up his case. For her report revealing John Dodson as the key whistle-blower in Fast and Furious, Sharyl Attkisson received an Emmy Award for Outstanding Investigative Journalism. Ultimately, John Dodson was cleared by the Inspector General’s office, publicly heralded as a hero, and returned to Arizona. Perhaps a lesson gleaned from John Dodson’s powerful account is well stated by former Speaker of the House of Representatives Sam Rayburn: “If you always tell the truth, you don’t have to remember what you said.” This book is a love letter to the Fast and Furious film franchise. If you love, or even like, any or all of the Fast and Furious films, then you are going to like, or even love, this book. I promise. What you'll find inside are 19 chapters of deeply detailed appreciation. Trapped on a storm-damaged yacht, a grieving woman must conquer her worst fears and fight for her life, in a story described as The Shining on a yacht. Dr. Dagny Steele is on the verge of fulfilling her lifelong calling to become a pediatric surgeon when the sudden death of her daughter sends her into a crushing depression. Grief stricken and desperate to heal, she takes a leave of absence and sails across the Indian Ocean with her husband. Dagny begins to recover from her tragic loss when her voyage turns into a nightmare. Isolated and hunted at sea, can she survive a deadly crucible? DIV A tough Welshman, he was softened by the affections of a breathtakingly beautiful woman: she was a modern-day Cleopatra madly in love with her own Mark Antony. For quarter of a century, Elizabeth Taylor and Richard Burton were the king and queen of Hollywood. Yet their two marriages to each other represented much more than outlandish romance. Together, Elizabeth and Richard were a fascinating embodiment of the mores and transgressions of their time and even luminaries like Jacqueline Kennedy looked to them as a barometer of the culture. The enduring glamour, grandeur, drama and bravado embodied in the couple gave rise to the type of rabid gossip and wide-eyed adoration that are the staples of today’s media. Using brand-new research and interviews — including unique access to Taylor herself, the Burton family, and Taylor’s extensive personal correspondence — this ultimate celebrity biography is the gripping real-life story of a fairy-tale couple whose lives were even grander and more outrageous than the epic films they made. /div BEST SALE OFF 30%?
