Effin' Birds Apr 07 2021 A compact, comprehensive, and very silly field guide featuring more than 200 of the rudest birds on earth. *Effin' Birds* is the most eagerly anticipated new volume in the grand and noble profession of nature writing and bird identification. Sitting proudly alongside Sibley, Kaufman, and Peterson, this book contains more than 150 pages crammed full of classic, monochrome plumage art paired with the delightful but dirty aphorisms (think "I'm going to need more booze to deal with this week") that made the *Effin' Birds* Twitter feed a household name. Also included in its full, Technicolor glory is John James Audubon's most beautiful work matched with modern life advice. Including never-before-seen birds, insults, and field notes, this guide is a must-have for any *effin'* fan or birder.

Moranifesto Oct 02 2020 From the New York Times bestselling author of *How to Be a Woman* and *Moranology* comes a collection of Caitlin Moran's award-winning London Times columns that takes a clever, hilarious look at celebrities, society, and the wacky world we live in today—including three major new pieces exclusive to this book. When Caitlin Moran sat down to choose her favorite pieces for her new book, she realized that they all shared a common theme—the same old problems and the same old ass-hats. Then she thought of the word 'Moranifesto', and she knew what she had to do... Introducing every piece and weaving her writing together into a brilliant, seamless narrative—just as she did in *Moranology*—Caitlin combines the best of her recent columns with lots of new writing unique to this book as she offers a characteristically fun and witty look at the news, celebrity culture, and society. Featuring strong and important pieces on poverty, the media, and class, *Moranifesto* also focuses on how socially engaged we've become as a society. And of course, Caitlin is never afraid to address the big issues, such as Benedict Cumberbatch and duffel coats. Who else but Caitlin Moran—a true modern Renaissance woman—could deal with topics as pressing and diverse as the beauty of musicals, affordable housing, Daft Punk, and why the Internet is like a drunken toddler? Covering everything from Hillary Clinton to UTIs, Caitlin's manifesto is an engaging and mischievous rallying call for our times.

*I Get Sh*t Done* Jan 05 2021 This is a planner for people who are simply too busy either in their head or in their life. I designed this for me first and foremost for that exact reason, and after sharing it with a lot of people, who in turn got sh*t done, I decided to make it a thing. If you want a simple system that will clear your mind, allow you to focus on what's really important and help you achieve more than you thought you ever could? THEN THIS IS FOR YOU If you are looking for anything deep, spiritual, not littered with profanity or something that involves you NOT doing the work? Then this probably isn't the planner you are looking for...;-)

Randy! Dec 04 2020 "This book is fucking awesome. It's my life's story. I'm thirty-four but look twenty-one. Maybe twenty-two at the most. I live in Maryland. Please read it. I'm a writer, a songwriter, an artist. I do it all. I'm an artist of life. I'm an adventurer, I'm the president of my development. Read the memoir. You won't be disappointed." The follow up to *Stinker Lets Loose*, *Randy!* takes it even further. Introduced by a version of Sacks who finds the document in a garage sale, it is written by the struggling poet and novelist Noah B., who is embedded in the mind and lifestyle of a perversely unexceptional American asshole—one from Maryland, no less. Like *Pale Fire* if it were about a Danny McBride-style fuckup, it is both unmoored from time and eerily prescient of our own—one so stupid and unbelievable that it requires a writer like Sacks.

The Blacktongue Thief Jul 11 2021 Set in a world of goblin wars, stag-sized battle ravens, and assassins who kill with deadly tattoos, Christopher Buehlman's *The Blacktongue Thief* begins a 'dazzling' (Robin Hobb) fantasy adventure unlike any other. Kinch Na Shannack owes the Takers Guild a small fortune for his education as a thief, which includes (but is not limited to) lock-picking, knife-fighting, wall-scaling, fall-breaking, lie-weaving, trap-making, plus a few small magics. His debt has driven him to lie in wait by the old forest road, planning to rob the next traveler that crosses his path. But today, Kinch Na Shannack has picked the wrong mark. Galva is a knight, a survivor of the brutal goblin wars, and handmaiden of the goddess of death. She is searching for her queen, missing since a distant northern city fell to giants. Unsuccessful in his robbery and lucky to escape with his life, Kinch now finds his fate entangled with Galva's. Common enemies and uncommon dangers force thief and knight on an epic journey where goblins hunger for human flesh, krakens hunt in dark waters, and honor is a luxury few can afford. "The Blacktongue Thief is fast and fun and filled with crazy magic. I can't wait to see what Christopher Buehlman does next." - Brent Weeks, New York Times bestselling author of the *Lightbringer* series At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Play along with the "good guys" and she'll finally figure out what, exactly, her "kind" is. Be careful what you wish for. Murder in the Front Row May 09 2021 In the 1980s, the San Francisco Bay Area was heaven for hardcore headbangers. Shunning Hollywood hairspray and image in favor of a more dangerous street appeal, the Bay Area thrash metal scene was home to Exodus, Metallica, Testament, Possessed, Death Angel, Heathen, Vio-Lence, Attitude Adjustment, Forbidden, and Blind Illusion -- and served as a second home to like-minded similar bands like Slayer, Mercyful Fate, Anthrax, Megadeth, and more. Beginning as teenagers taking snapshots of visiting heavy metal bands during the 1970s, Brian "Umlaut" Lew and Harald "O." Oimoen documented the birth and growth of the local metal scene. Featuring hundreds of unseen live and candid color and black-and-white photographs, *Murder in the Front Row* captures the wild-eyed zeal and drive that made Metallica, Slayer, and Megadeth into legends, with over 100 million combined records sold.

The Happiness Advantage Sep 12 2021 INTERNATIONAL BESTSELLER • An engaging, deeply researched guide to flourishing in a world of increasing stress and negativity—the inspiration for one of the most popular TED Talks of all time “Powerful [and] charming . . . A book for just about anyone . . . The philosophies in this book are easily the best wire frames to build a happy and successful life.”—Medium Happiness is not the belief that we don't need to change; it is the realization that we can. Our most commonly held formula for success is broken. Conventional wisdom holds that once we succeed, we'll be happy; that once we get that great job, win that next promotion, lose those five pounds, happiness will follow. But the science reveals this formula to be backward: Happiness fuels success, not the other way around. Research shows that happy employees are more productive, more creative, and better problem solvers than their unhappy peers. And positive people are significantly healthier and less stressed and enjoy deeper social interaction than the less positive people around them. Drawing on original research—including one of the largest studies of happiness ever conducted—and work in boardrooms and classrooms across forty-two countries, Shawn Achor shows us how to rewire our brains for positivity and optimism to reap the happiness advantage in our lives, our careers, and even our health. His strategies include: • The Tetris Effect: how to retrain our brains to spot patterns of possibility so we can see and seize opportunities all around us • Social Investment: how to earn the dividends of a strong social support network • The Ripple Effect: how to spread positive change within our teams, companies, and families By turns fascinating, hopeful, and timely, *The Happiness Advantage* reveals how small shifts in our mind-set and habits can produce big gains at work, at home, and elsewhere.
