As the Nazis march toward Paris in 1940, American ballerina Lucie Girard buys her favorite English-language bookstore to allow the Jewish owners to escape. Lucie struggles to run Green Leaf Books due to oppressive German laws and harsh conditions, but she

finds a way to aid the resistance by passing secret messages between the pages of her books. Widower Paul Aubrey wants nothing more than to return to the States with his little girl, but the US Army convinces him to keep his factory running and obtain military information from his German customers. As the war rages on, Paul offers his own resistance by sabotaging his product and hiding British airmen in his factory. After they meet in the bookstore, Paul and Lucie are drawn to each other, but she rejects him when she discovers he sells to the Germans. And for Paul to win her trust would mean betraying his mission. Master of WWII-era fiction Sarah Sundin invites you onto the streets of occupied Paris to discover whether love or duty will prevail. If you are in a Paris mood, you should definitely open this book. It is a photography book consisting of 400 images of the city of lights. Days and nights in Paris, sunny or rainy, snowy or foggy, no matter what... it gets you in the Paris mood. The photographer gets you straight on the Parisian streets, in the city center and in the neighbourhoods in the same time, making you breathe the Parisian air. Karnow reflects on his years in Paris, begins with his days as a GI Bill student to his tenure at "Time," discusses his career as a correspondent, friendships, and Parisian social, cultural, and intellectual life. When Paris Sizzled vividly portrays the City of Light during the fabulous 1920s, les Années folles, when Parisians emerged from the horrors of war to find that a new world greeted them—one that reverberated with the hard metallic clang of the assembly line, the roar of automobiles, and the beat of jazz. Mary McAuliffe traces a decade that saw seismic change on almost every front, from art and architecture to music, literature, fashion, entertainment, transportation, and, most notably, behavior. The epicenter of all this creativity, as well as of the era's good times, was Montparnasse, where impoverished artists and writers found colleagues and cafés, and tourists discovered the Paris of their dreams. Major figures on the Paris scene—such as Gertrude Stein, Jean Cocteau, Picasso, Stravinsky, Diaghilev, and Proust—continued to hold sway, while others now came to prominence—including Ernest Hemingway, Coco Chanel, Cole Porter, and Josephine Baker, as well as André Citroën, Le Corbusier, Man Ray, Sylvia Beach, James Joyce, and the irrepressible Kiki of Montparnasse. Paris of the 1920s unquestionably sizzled. Yet rather than being a decade of unmitigated bliss, les Années folles also saw an undercurrent of despair as well as the rise of ruthless organizations of the extreme right, aimed at annihilating whatever threatened tradition and order—a struggle that would escalate in the years ahead. Through rich illustrations and evocative narrative, Mary McAuliffe brings this vibrant era to life. "Jean Guéhenno's [diary] ... is the most oft-quoted piece of testimony on life in occupied France. A sharply observed record of day-to-day life under Nazi rule in Paris and a bitter commentary on literary life in those years, it has also been called 'a remarkable essay on courage and

cowardice' ... Here, David Ball provides not only the first English translation of this important historical document, but also the first ever annotated, corrected edition"-- After graduating from Harvard in 1910, T.S. Eliot spent a year in Paris, and his experiences there had a profound and lasting influence upon his life and his work. Nancy Hargrove sets the record straight on just how vitally important this period was for the young man. NEW YORK TIMES BESTSELLER • From the author of *Wilde in Love*, a joyful chronicle of a year in one of the most beautiful cities in the world: Paris. "What a beautiful and delightful tasting menu of a book: the kids, the plump little dog, the Italian husband. Reading this memoir was like wandering through a Parisian patisserie in a dream. I absolutely loved it."—Elizabeth Gilbert, author of *Eat, Pray, Love* When bestselling romance author Eloisa James took a sabbatical from her day job as a Shakespeare professor, she also took a leap that many people dream about: She sold her house and moved her family to Paris. With no classes to teach, no committee meetings to attend, no lawn to mow or cars to park, Eloisa revels in the ordinary pleasures of life—discovering corner museums that tourists overlook, chronicling Frenchwomen's sartorial triumphs, walking from one end of Paris to another. She copes with her Italian husband's notions of quality time; her two hilarious children, ages eleven and fifteen, as they navigate schools—not to mention puberty—in a foreign language; and her mother-in-law Marina's raised eyebrow in the kitchen (even as Marina overfeeds Milo, the family dog). *Paris in Love* invites the reader into the life of a New York Times bestselling author and her spirited, enchanting family, framed by *la ville de l'amour*. Praise for *Paris in Love* "Exhilarating and enchanting . . . brims with a casual wisdom about life."—Chicago Tribune "In this delightful charm-bracelet of a memoir, [Eloisa James shares] her adventures as an American suddenly immersed in all things French—food, clothes, *joie de vivre*."—People "Enchanting . . . gives the reader a sense of being immersed along with James in Paris for a year . . . you see the rain, taste the food, observe the people."—USA Today "This delectable confection, which includes recipes, is more than a visit to a glorious city: it is also a tour of a family, a marriage, and a love that has no borders. *Très magnifique!*"—Library Journal (starred review) "A charming, funny and poignant memoir . . . steeped in Paris and suffused with love."—Star Tribune "Charming . . . a romance—for a city, a life, a family, and love itself."—The Huffington Post Book Review Paris lost none of its magical allure for artists and expatriates in the 1930s. Jazz orchestrated Parisian nights, surrealism flourished, haute couture reinvented itself. James Joyce redefined modern literature with *Finnegans Wake* and at her cabaret Josephine Baker redefined the *derriere*. At salons and galleries, palaces and cafes, Henry Miller, Helena Rubinstein, Anais Nin, Coco Chanel, Salvador Dali, Elsa Schiaparelli, T.S. Eliot, and Katherine Anne Porter joined illustrious exiles of the twenties

like Gertrude Stein, Sylvia Beach, Pablo Picasso, Janet Flanner, and Man Ray. The *Twilight Years* tells their story, and the city's. Jauntily narrated and lavishly illustrated with a superb selection of period photographs, it chronicles the decade that continued to foster the brilliant creative revolution of the expatriate era - an era that ended with perhaps the grimmest event in modern French history: the fall of Paris and the Nazi occupation in 1940. *Vogue Paris* has always been so much more than a fashion magazine. It has assumed a central and vital role on the international cultural stage, with a history that spans the most inventive decades in fashion and taste, and in the arts and society. It has acted as a cultural bellwether, putting fashion in the context of the larger world in which we live and mirroring its times - the postwar renaissance of Paris and haute couture, the New Wave, the radical seventies, the glamorous eighties. As it enters its second century, it remains at the cutting edge of photography and design. Published to mark the magazine's centenary, this book celebrates *Vogue Paris*'s history from its first issue in 1920 to its current incarnation with Emmanuelle Alt at the helm. On its pages are creations by some of the greatest artists of their era, whether distinguished illustrators such as Lepape, Gruau and Benito, or photographers such as Man Ray, Helmut Newton, Guy Bourdin and Mario Testino. Here, too, are iconic faces: Catherine Deneuve, Audrey Hepburn, Brigitte Bardot, Kate Moss and more. And of course, it showcases the fashion designers who defined the century - Chanel, Dior, Balenciaga, Saint Laurent, McQueen - and explores more broadly the changing mores of the past hundred years. An illustrated study brings to life the atmosphere and personalities of pre-revolutionary Paris, traces their influence on the American envoy, and recounts his participation in the life of the city and its intrigues at court. UP. This intimate account offers a new, unexpected understanding of the artist's work and of the vibrant 1930s surrealist scene. In 1938, just as she was leaving Mexico for her first solo exhibition in New York, Frida Kahlo was devastated to learn from her husband, Diego Rivera, that he intended to divorce her. This latest blow followed a long series of betrayals, most painful of all his affair with her beloved younger sister, Cristina. In early 1939, anxious and adrift, Kahlo traveled from the United States to France—her only trip to Europe, and the beginning of a unique period of her life when she was enjoying success on her own. Now, for the first time, this previously overlooked part of her story is brought to light in exquisite detail. Marc Petitjean takes the reader to Paris, where Kahlo spends her days alongside luminaries such as Pablo Picasso, André Breton, Dora Maar, and Marcel Duchamp. Using Kahlo's whirlwind romance with the author's father, Michel Petitjean, as a jumping-off point, *The Heart: Frida Kahlo in Paris* provides a striking portrait of the artist and an inside look at the history of one of her most powerful, enigmatic paintings. By the eighteenth century Paris was one of the great wonders of Europe, renowned for its magnificent royal monuments and as a center for science, literature, and the arts. More so than any other European city, Paris reflected

the spirit of an age—an age that reached its zenith with the reign of France's Sun King, Louis XIV. No book better captures that spirit than Orest Ranum's *Paris in the Age of Absolutism*, first published in 1968 and now reissued in a revised and expanded edition. Ranum's tour of Paris begins in the late 1500s with a French capital city exhausted by the violence of the Wars of Religion and proceeds through the long century that ends with the death of Louis XIV in 1715. Henry IV (1589-1610), head of the Bourbon branch of the royal family, laid the foundations of modern Paris, but it was during the mature years of his grandson, Louis XIV, and during the service of his visionary minister, Jean-Baptiste Colbert, that a New Rome was created. By 1715 the city was far different from what it had been in 1590. There were now large geometrical public squares with statues of the King at their focal point. There were arches of triumph, hospital-prisons, a new and gigantic wing on the Louvre, handsome stone bridges, streetlights, and massive stone quays along the Seine. Ranum ranges widely through the streets and quarters of Paris, attentive to the achievements of town planners, architects, and engineers as well as to city politics, social currents, and the spirit of religious reform. Behind it all lay the rule-creating authoritarianism of the absolute state, which, ironically, unleashed Parisians' creative impulses in everything from literature, painting, and music to architecture, mathematics, and physics. *Paris in the Age of Absolutism* is one of those rare books that combines elegant prose with stunning erudition, making it both captivating for general readers and challenging to scholars. This new edition has been thoroughly revised and expanded to take into account the wealth of scholarship that has appeared since 1968. Of particular note are a new introduction and a new chapter on women writers. A larger format accentuates a full selection of illustrations, many of them new to this edition. A year in Paris. Countless American students have been lured by that vision—and been transformed by their sojourn in the City of Light. These stories tell of that experience, and how it changed the lives of three extraordinary American women. “A wonderful portrait of Miller in his heyday: full of beans and braggadocio, overflowing with the lust to live and write.”—Erica Jong His years in Paris were the making of Henry Miller. He arrived with no money, no fixed address, and no prospects. He left as the renowned if not notorious author of *Tropic of Cancer* and *Tropic of Capricorn*. Miller didn't just live in Paris—he devoured it. It was a world he shared with Brassai, whose work, first collected in Paris by Night, established him as one of the greatest photographers of the twentieth century and the most exquisite and perceptive chronicler of Parisian vice. In Miller, Brassai found his most compelling subject. *Henry Miller: The Paris Years* is an intimate account of a writer's self-discovery, seen through the unblinking eye of a master photographer. Brassai delves into Miller's relationships with Anaïs Nin and Lawrence Durrell, as well as his hopelessly tangled though wildly inspiring marriage to June. He uncovers a side of the man scarcely known to the public, and through this careful portrait recreates a bright and swift-moving era. Most of all, Brassai evokes their shared

passion for the street life of the City of Light, captured in a dazzling moment of illumination. An American journalist researches the notorious roundup of Parisian Jews and uncovers her French family's war-era secrets. Wisner tells the story of that madcap period when writers and painters, musicians and dancers, the new and the old rich, the exiles from Communist Russia and Prohibition America all converged at a unique moment in history upon an exciting and irreverent city. 74 illustrations. Francophiles and Paris buffs will find something new and fascinating in this timeless guidebook, filed with sites, passageways, hotels, shops, and more What if—walking around Paris—instead of seeing only the Paris of 2017, you glimpsed Paris in Revolutionary times? Or Paris when it was home to 80,000 horses; or Paris lit by gaslight; or medieval Paris? What if—walking down a block in Paris—you recognized the signs, mosaics, pieces of hardware, and architectural details as relics of many centuries that have stories to tell of past eras? This is what *Curiosities of Paris* reveals. Each of the book's 800 photos of unique locations and architectural oddities—as well as utilitarian objects whose functions have long been obscured with the passage of time—discloses a previously unnoticed city. Even those who know Paris well might never have registered the thousands of details on every street that testify to the enduring presence of the past: the solar cannon at Invalides, street signs with the word “saint” and all fleur-de-lys removed; the unique features of Parisian street lighting. You'll never look at an elm tree the same way again. And, with *Curiosities of Paris* as your guide, you'll feel very in-the-know as you walk down the Champs-Élysées past all the auto dealerships. Organized by subject—including fountains and wells; centuries-old shop signs; vestiges of wars and ancient Egypt; hotels of legend; remarkable trees; sundials and meridians; equestrian Paris; romantic ruins; unusual tombs, stairways, and passageways; religious relics; mosaics; public barometers and thermometers; and hundreds more urban elements and anachronisms—the book also includes three themed walks (along the city's ancient walls, in the steps of Quasimodo, and through the French Revolution), as well as an index of street names. This absorbing compendium is an essential addition to the library of the armchair traveler and flâneur alike. Drawing on a wealth of new material and period documents, the author of *The Young Hemingway* traces Ernest Hemingway's development from promising young novelist to a master during the thirties, illuminating his literary evolution and the people, places, and times that influenced it. The celebrated author of *The Flâneur* traces his relocation to 1983 Paris in spite of his unfamiliarity with the language and culture, tracing how he established intimate, intellectual relationships with the city and new friends while advancing his literary career. Note to self: don't sleep with your flatmate after a curry and three bottles of wine... especially if he's secretly in love with you and wants you to meet his mum. An illustrated love letter to the City of Light. This book chronicles one joyful year in which a woman literally leaves her worries behind and runs away to one of the most beautiful and romantic cities in the world, albeit with her husband and teenaged children in tow. The concluding volume of Reynolds' biography covers the last 20 years in Hemingway's life. The author of *A Year in the Merde* and *Talk to the Snail* offers a highly biased and hilarious view of French history in this international bestseller. Things have been just a little awkward between Britain and France ever since the Norman invasion in 1066. Fortunately—after years of humorously chronicling the vast cultural gap between the two countries—author Stephen Clarke is perfectly positioned to investigate the historical origins of their occasionally hostile and perpetually entertaining *pas de deux*. Clarke sets the record straight, documenting how French braggarts and cheats have stolen credit rightfully due their neighbors across the Channel while blaming their own numerous gaffes and failures on those same innocent Brits for the past thousand years. Deeply researched and written with the same sly wit that made *A Year in the Merde* a comic hit, this lighthearted trip through the past millennium debunks the notion that the Battle of Hastings was a French victory (William the Conqueror was really a Norman who hated the French) and pooh-poohs French outrage over Britain's murder of Joan of Arc (it was the French who executed her for wearing trousers). He also takes the air out of overblown Gallic claims, challenging the provenance of everything from champagne to the guillotine to prove that the French would be nowhere without British ingenuity. Brits and Anglophiles of every national origin will devour Clarke's decidedly biased accounts of British

triumph and French ignominy. But *1000 Years of Annoying the French* will also draw chuckles from good-humored Francophiles as well as "anyone who's ever encountered a snooty Parisian waiter or found themselves driving on the Boulevard Périphérique during August" (*The Daily Mail*). A bestseller in Britain, this is an entertaining look at history that fans of Sarah Vowell are sure to enjoy, from the author the *San Francisco Chronicle* has called "the anti-Mayle . . . acerbic, insulting, un-PC, and mostly hilarious." The memoir of a young diplomat's wife who must reinvent her dream of living in Paris—one dish at a time. When journalist Ann Mah's diplomat husband is given a three-year assignment in Paris, Ann is overjoyed. A lifelong foodie and Francophile, she immediately begins plotting gastronomic adventures à deux. Then her husband is called away to Iraq on a year-long post—alone. Suddenly, Ann's vision of a romantic sojourn in the City of Light is turned upside down. So, not unlike another diplomatic wife, Julia Child, Ann must find a life for herself in a new city. Journeying through Paris and the surrounding regions of France, Ann combats her loneliness by seeking out the perfect pain au chocolat and learning the way the andouillette sausage is really made. She explores the history and taste of everything from boeuf Bourguignon to soupe au pistou to the crispiest of buckwheat crepes. And somewhere between Paris and the south of France, she uncovers a few of life's truths. Like Sarah Turnbull's *Almost French* and Julie Powell's *New York Times* bestseller *Julie and Julia, Mastering the Art of French Eating* is interwoven with the lively characters Ann meets and the traditional recipes she samples. Both funny and intelligent, this is a story about love—of food, family, and France. A *NEW YORK TIMES* "SUMMER READING" PICK! From the incomparable John Baxter, award-winning author of the bestselling *The Most Beautiful Walk in the World*, a sumptuous and definitive portrait of Paris through the seasons, highlighting the unique tastes, sights, and changing personality of the city in spring, summer, fall, and winter. When the common people of France revolted in 1789, one of the first ways they chose to correct the excesses of the monarchy and the church was to rename the months of the year. Selected by poet and playwright Philippe-Francois-Nazaire Fabre, these new names reflected what took place at that season in the natural world; Fructidor was the month of fruit, Floréal that of flowers, while the winter wind (vent) dominated Ventôse. Though the names didn't stick, these seasonal rhythms of the year continue to define Parisians, as well as travelers to the city. As acclaimed author and long-time Paris resident John Baxter himself recalls, "My own arrival in France took place in Nivôse, the month of snow, and continued in Pluviôse, the season of rain. To someone coming from Los Angeles, where seasons barely existed, the shock was visceral. Struggling to adjust, I found reassurance in the literature, music, even the cuisine of my adoptive country, all of which marched to the inaudible drummer of the seasons." Devoting a section of the book to each of Fabre's months, Baxter draws upon Paris's literary, cultural and artistic past to paint an affecting, unforgettable portrait of the city. Touching upon the various ghosts of Paris

past, from Hemingway and Zelda Fitzgerald, to Claude Debussy to MFK Fisher to Francois Mitterrand, Baxter evokes the rhythms of the seasons in the City of Light, and the sense of wonder they can arouse for all who visit and live there. A melange of history, travel reportage, and myth, of high culture and low, *A Year in Paris* is vintage John Baxter: a vicarious thrill ride for anyone who loves Paris.
