A moving tribute to the little-known history behind the first Memorial Day, illustrated by Coretta Scott King Award winner Floyd Cooper Today is a special day. Eli knows it's important if he's allowed to miss one second of school, his "hard-earned right." Inspired by true events and told through the eyes of a young boy, this is the deeply moving story about what is regarded as the first Memorial Day on May 1, 1865. Eli dresses up in his best clothes, Mama gathers the mayflowers, Papa straightens his hat, and together they join the crowds filling the streets of Charleston, South Carolina, with bouquets, crosses, and wreaths. Abolitionists, missionaries, teachers, military officers, and a sea of faces Black, Brown, and White, they march as one and sing for all those who gave their lives fighting for freedom during the Civil War. With poignant prose and celebratory, powerful illustrations, A Day for Rememberin' shines light on the little-known history of this important holiday and reminds us never to forget the people who put their lives on the line for their country. The book is illustrated by award-winning illustrator Floyd Cooper and includes archival photos in the back matter, as well as an author's note, bibliography, timeline, and index. Spend a day at a circus. "The Red Light of Mars; or, A Day in the Life of the Devil" by George Bronson-Howard.

The history of Haiti throughout the twentieth century has been marked by oppression at the hands of colonial and dictatorial overlords. But set against this "day for the hunter" has been a "day for the prey," a history of resistance, and sometimes of triumph. With keen cultural and historical awareness, Gage Averill shows that Haiti's vibrant and expressive music has been one of the most highly charged instruments in this struggle—one in which power, politics, and resistance are inextricably fused. Averill explores such diverse genres as Haitian jazz, troubadour traditions, Vodou-jazz, konpa, mini-djaz, new generation, and roots music. He examines the complex interaction of music with power in contexts such as honorific rituals, sponsored street celebrations, Carnival, and social movements that span the political spectrum. With firsthand accounts by musicians, photos, song texts, and ethnographic descriptions, this book explores the profound manifestations of power and song in the day-to-day efforts of ordinary Haitians to rise above political repression. This edited collection brings together some of the leading researchers in the study of the daily experience of work and daily well-being. The book covers both theoretical and methodological issues involved in studying workers' well-being as it evolves on a daily basis. Interest in the topic of daily fluctuations in worker well-being has grown rapidly over the past ten years. This is partly because of advances in research and statistical methods, but also because researchers have found that the psychological processes that influence well-being play out from moment to moment, and from day to day. Topics covered in this book include: The theoretical basis of studying work as a series of daily episodes Assessment of different components of daily well-being Factors involved in the regulation of well-being at work Qualitative and quantitative diary experience sampling and event reconstruction methods Latent growth curve modelling of diary data The final chapter of the book includes a preview of how daily methods may evolve in the future. Intended as a guide for researchers with good knowledge of field research methods, the book will be particularly useful to researchers of work-related phenomena who seek to expand their knowledge of dynamic methods in field contexts, and those who want to start using these methods. It will also be of interest to students of work psychology and organisational behaviour, and related disciplines. Contains color and black and white photographs taken over a twenty-four

hour period in the United States. A timely chronicle of what is now an ordinary day in America, where gun violence regularly takes the lives of children and teens, and leaves shattered families in its wake. Winner of the 2017 J. Anthony Lukas Prize Shortlisted for the 2017 Hurston/Wright Foundation Award Finalist for the 2017 Helen Bernstein Book Award for Excellence in Journalism Longlisted for the 2017 Andrew Carnegie Medal for Excellence in Non Fiction On an average day in America, seven children and teens will be shot dead. In *Another Day in the Death of America*, award-winning journalist Gary Younge tells the stories of the lives lost during one such day. It could have been any day, but he chose November 23, 2013. Black, white, and Latino, aged nine to nineteen, they fell at sleepovers, on street corners, in stairwells, and on their own doorsteps. From the rural Midwest to the barrios of Texas, the narrative crisscrosses the country over a period of twenty-four hours to reveal the full human stories behind the gun-violence statistics and the brief mentions in local papers of lives lost. This powerful and moving work puts a human face—a child's face—on the "collateral damage" of gun deaths across the country. This is not a book about gun control, but about what happens in a country where it does not exist. What emerges in these pages is a searing and urgent portrait of youth, family, and firearms in America today. The entire family goes out for a romp in the woods picking mushrooms and herbs. Grandmother passes down her knowledge of plant life. The enlisted men in the United States Army during the Indian Wars (1866-91) need no longer be mere shadows behind their historically well-documented commanding officers. As member of the regular army, these men formed an important segment of our usually slighted national military continuum and, through their labors, combats, and endurance, created the framework of law and order within which settlement and development become possible. We should know more about the common soldier in our military past, and here he is. The rank and file regular, then as now, was psychologically as well as physically isolated from most of his fellow Americans. The people were tired of the military and its connotations after four years of civil war. They arrayed their army between themselves and the Indians, paid its soldiers their pittance, and went about the business of mushrooming the nation's economy. Because few enlisted men were literarily inclined, many barely able to scribble their names, most previous writings about them have been what officers and others had to say. To find out what the average soldier of the post-Civil War frontier thought, Don Rickey, Jr., asked over three hundred living veterans to supply information about their army experiences by answering questionnaires and writing personal accounts. Many of them who had survived to the mid-1950's contributed much more through additional correspondence and personal interviews. Whether the soldier is speaking for himself or through

the author in his role as commentator-historian, this is the first documented account of the mass personality of the rank and file during the Indian Wars, and is only incidentally a history of those campaigns. A delightful new title in Barron's A Day at . . . books for toddlers recounts children's happy times in the classroom and school yard among their friends. Board pages with different shapes give books a layered 3D effect. Cheerful little stories are told in rhyme. Kids enjoy a day of fun and learning at school. Children see fire engines and learn how firemen save lives. Bright color illustrations are filled with fascinating details on every two-page spread. A classic Little Golden Book—with a summertime theme! Nancy and Timmy hop out of their beds one summer morning and help pack their swimsuits and lunch. And then it's off to the seashore! In a charming rhyme, this Little Golden Book from 1951 (then titled A Day at the Beach) describes what preschoolers will find there: "You can catch little crabs—if you're quick! You can draw great big pictures right on the beach with a piece of a shell or a stick." Oh, what fun! From Kathryn and Byron Jackson, authors of the popular Little Golden Book The Saggy Baggy Elephant, and Corinne Malvern, illustrator of the Little Golden Books Doctor Dan the Bandage Man and Nurse Nancy. A Day in the Life of: A Jinx Named Joe (A Romance Story) is the tale of a nice boy who meets a nice girl. But, what happens when the nice girl meets the nice guy who just happens to be a jinx? When Joseph Tanner first meets Lisa Newman, they literally fall head over heels...on each other. Lisa knew the instant she fell on the handsome klutz that he was the one for her. The next time Joseph and Lisa meet, it's head on. His head, her car. So, just how do Lisa, her best friend Gina and Joe's best friend, Cherry, a lounge lizard and nightclub singer, help the amnesiac Jinx recover his memory, all the while being chased by thugs, dog nappers, crazy ex-girlfriends and a mysterious artist named Conrad Binkendorf? Read and find out! An opportunity to experience the daily hustle and bustle of life in the late Middle Ages, "A Day in a Medieval City" provides a captivating dawn-to-dark account of medieval life. A visual trek through the thirteenth and fourteenth centuries with seasoned medieval historian Chiara Frugoni as guide this book offers a vast array of images and vignettes that depict the everyday hardships and commonplace pleasures of people living in the Middle Ages. "A Day in a Medieval City" breathes life into the activities of city streets, homes, fields, schools, and places of worship. With entertaining anecdotes and gritty details, it engages the modern reader with its discoveries of the religious, economic, and institutional practices of the day. From urban planning and education to child care, hygiene, and the more leisurely pursuits of games, food, books, and superstitions, Frugoni unearths the daily routines of private and public life. Beginning in the countryside and moving to the city and inside private homes, stunning color

images throughout offer a visual ramble through medieval Florence, Venice, and Rome. "A Day in a Medieval City" is a charming portal to the Middle Ages that you'll surely want with you on your travels to Europe or in your armchair." Explains what nurses do during a typical work day. The conversation continues. What if a stranger knew you better than you know yourself? Exasperated by her husband's sudden new obsession with Jesus, Mattie Cominsky views an out-of-town business trip as a welcome opportunity to reflect on their marriage—and to decide if it's time to put an end to this painfully unrewarding relationship. Aboard the plane, Mattie is relieved to find herself seated next to a passenger who shares her scorn for religion. After she confides her husband's unexpected turn, their conversation soon leads to a fascinating exploration of spirituality, God, and the quest for meaningful connection. Mattie's skepticism softens under the perceptive insights of this stranger, and she finds herself confronting the unspoken longings of her soul. As his comments touch on personal issues he couldn't possibly know about, she begins to wonder if she's misjudged not only Nick but also the God he now claims to believe in. A musical criticism of the Beatles that examines their artistic evolution and collective creative genius. "Stark . . . the story of how one falsely accused convict and his fellow prisoners survived or perished in an arctic slave labor camp after the war."—Time From the icy blast of reveille through the sweet release of sleep, Ivan Denisovich endures. A common carpenter, he is one of millions viciously imprisoned for countless years on baseless charges, sentenced to the waking nightmare of the Soviet work camps in Siberia. Even in the face of degrading hatred, where life is reduced to a bowl of gruel and a rare cigarette, hope and dignity prevail. This powerful novel of fact is a scathing indictment of Communist tyranny, and an eloquent affirmation of the human spirit. The prodigious works of Alexander Solzhenitsyn, including his acclaimed *The Gulag Archipelago*, have secured his place in the great tradition of Russian literary giants. Ironically, *One Day in the Life of Ivan Denisovich* is the only one of his works permitted publication in his native land. Praise for *One Day in the Life of Ivan Denisovich* "Cannot fail to arouse bitterness and pain in the heart of the reader. A literary and political event of the first magnitude."—*New Statesman* "Both as a political tract and as a literary work, it is in the *Doctor Zhivago* category."—*Washington Post* "Dramatic . . . outspoken . . . graphically detailed . . . a moving human record."—*Library Journal* Immerse yourself in the beauty and power of nature with a different tree for every day of the year. Spend every day of the year with one of the world's most fascinating trees. In *A Tree a Day* seasoned nature writer and journalist Amy-Jane Beer shares 365 majestic and memorable trees from around the world. From the strength of Alder trees to the biology behind the autumn colors of New England; from

folkloric medicines in tree sap to Shakespeare's Birnam Wood; from the giant sequoias of California to Klimt's Birch trees—A Tree a Day explores the botany, poetry, folklore, rich history, and natural beauty of trees. Dip in and out or spend each day exploring a new natural wonder. With award-winning photography, works of art, and detailed illustrations on every page, A Tree a Day illuminates the timeless splendor and power of the world's trees. **GORGEOUS ILLUSTRATIONS:** Each tree is illustrated with a unique work of art—from classical painting to breathtaking photographs.

MEDITATIVE START TO EACH DAY: A Tree a Day is a beautiful reminder to pause each day and appreciate the natural world—no matter where you are. Each of the 365 entries offers a seasonal quote, fact, or story about trees to inspire gratitude and wonder. **EVERGREEN:** Nature lovers will return to this book day after day, year after year—it makes for the perfect bite-sized, bedside reading. **AUTHOR EXPERTISE:** In addition to being a nature writer for The Guardian, Amy Jane-Beer has written more than 30 books about science and natural history. Perfect for: Tree and Nature Enthusiasts; Gardeners; Hikers, Backpackers, and Campers; Environmentalist; Fans of A Cloud a Day

The mice are captivated by Matisse and the cats are exploring the Surrealists' room ... what else is going on in the gallery? This quirky and creative search-and-find book takes children, room by room, through a wonderfully illustrated gallery, where an array of animals are enjoying everything from Impressionism and Surrealism to Pop Art and Cubism. Each room is filled with strange and astonishing works of art, with things for children to spot and information that introduces artists and art movements. There's a cat in a bowler hat, a cheesy Matisse, and plenty more to capture children's imaginations as they enter the gallery for the first taste of the beautiful world of art. “One of the 50 Best Nonfiction Books of the Last 25 Years”—Slate On New Year’s Day 2013, two-time Pulitzer Prize winner Gene Weingarten asked three strangers to, literally, pluck a day, month, and year from a hat. That day—chosen completely at random—turned out to be Sunday, December 28, 1986, by any conventional measure a most ordinary day. Weingarten spent the next six years proving that there is no such thing. That Sunday between Christmas and New Year’s turned out to be filled with comedy, tragedy, implausible irony, cosmic comeuppances, kindness, cruelty, heroism, cowardice, genius, idiocy, prejudice, selflessness, coincidence, and startling moments of human connection, along with evocative foreshadowing of momentous events yet to come. Lives were lost. Lives were saved. Lives were altered in overwhelming ways. Many of these events never made it into the news; they were private dramas in the lives of private people. They were utterly compelling. One Day asks and answers the question of whether there is even such a thing as “ordinary” when we are talking about how we all lurch and stumble our way through the daily,

This is Kazuo Ishiguro's profoundly compelling portrait of a butler named Stevens. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life. This is a story that spans from 1955 to sometime about 2045. It is a four-part story of a family originating from Cape Coast and Dowyaaniyili in the Northern Region, the story of a northern prince Dowbia Zangina that marries a German/Fante screen idol called Mercedes Huntman who loves him dearly and agree to move with him to the Dowyaaniyili, where he becomes chief after the death of his father. A military government throws him into Nsawam Medium Prison for allegedly collaborating with his journalist friend Ernest Dzigbordi to overthrow the military junta, and regains his freedom when a democratically elected government takes over. Their Granddaughter Raabia Sedzro goes into politics and becomes the first woman president of her country. She is a successful president and all her good works are cut short when she is assassinated in 2031. The story of President Lankwei Addison takes the reader into campaign travels to the hinterland of Ghana, including some factual events in the governments of Presidents Rawlings, Kufuor, and Atta Mills. Part Four of the story is drum narrations of historical occurrences not told in the first three parts. As recorded by a media guru Dowbia Yousif, the grandson of Mercedes Huntman. Yujin is spending the day at her grandmother's house. She is busy, and there are many fun things to explore! But from dawn to dusk, she things about-and misses her mama at home. The day seems long, until she's home...and happy again in her mother's arms. THE CLASSIC THRILLER FROM #1 NEW YORK TIMES BESTSELLING AUTHOR FREDERICK FORSYTH “The Day of the Jackal makes such comparable books such as The Manchurian Candidate and The Spy Who Came in from the Cold seem like Hardy Boy mysteries.”—The New York Times The Jackal. A tall, blond Englishman with opaque, gray eyes. A killer at the top of his profession. A man unknown to any secret service in the

world. An assassin with a contract to kill the world's most heavily guarded man. One man with a rifle who can change the course of history. One man whose mission is so secretive not even his employers know his name. And as the minutes count down to the final act of execution, it seems that there is no power on earth that can stop the Jackal.
