This fifteen-volume edition of Venetian ambassadorial reports, published 1839-63, covers all the significant political events in sixteenth-century Europe. Many request have been made for the publication of these studies in book form. Much of this material has already appeared as articles in *The Way*. In the first section I

discuss the distinction between the forms of consecrated life, following a classification which is also taken up by the Second Vatican Council in its decree *Perfectae Caritatis*. It is by distinguishing between these different ways of the Spirit, and by seeking to enter more deeply into them, that all who lead that life - whether they be monks or nuns, or religious dedicated to the apostolate of the priestly ministry or of charitable works, or those leading a consecrated life in the midst of the world - will gain a better understanding of their vocation and of their special mission in the Church. The second study is an attempt to express the profound meaning of the secular vocation proper to those institutes which were approved by Pope Pius XII in 1947, and of which the *Motu Proprio Primo Feliciter* laid down the essential characteristics. The third section is a discussion of the role of the priest in approved Secular Institutes. This has relevance today, when special questions arise concerning those Institutes whose secular character is less apparent, who live in community and are occupied in their own special works. In the opinion of many who follow the fully secular vocation, those Institutes would do better to revise their statutes or to choose another denomination - for example, that of Apostolic Institute or Society.

E un libro nuovo, al di fuori degli schemi divenuti tradizionali di cattiveria e crudeltà, scritto in modo scorrevole, racconta le sue storie semplicemente e con periodi comprensibili. Quello che viene raccontato e scritto in modo che anche i bambini possano leggerlo, senza subirne traumi di violenza e perfidia. L'autore di precedenti romanzi di fantascienza, si cimenta ora in questo nuovo genere, quello dei romanzi storici. Una lunga ricerca sull'argomento, lo ha portato a scoprire testi antichi ed il modo di pronunciare certe parole in uso a quel tempo, riportando fedelmente nel romanzo le stesse, per dargli un senso storico più vicino alla realtà. E un romanzo scritto diversi anni, precedentemente a quanto narrato nel film *Apocalipto* del 2005, anche se le storie sono completamente diverse, solo la parte

finale del libro e del film, hanno una conclusione simile, sarà cura di lettore, trovare le diversità ma nello stesso tempo le affinità delle avventure che i personaggi affronteranno in quel mondo antico e duro da vivere.
