Beautiful Country Burn Again Dec 13 2021 In a sweeping work of reportage set over the course of 2016, New York Times bestselling author Ben Fountain recounts a surreal year of politics and an exploration of the third American existential crisis Twice before in

its history, the United States has been faced with a crisis so severe it was forced to reinvent itself in order to survive: first, the struggle over slavery, culminating in the Civil War, and the second, the Great Depression, which led to President Roosevelt's New Deal and the establishment of America as a social-democratic state. In a sequence of essays that excavate the past while laying bare the political upheaval of 2016, Ben Fountain argues that the United States may be facing a third existential crisis, one that will require a "burning" of the old order as America attempts to remake itself. *Beautiful Country Burn Again* narrates a shocking year in American politics, moving from the early days of the Iowa Caucus to the crystalizing moments of the Democratic and Republican national conventions, and culminating in the aftershocks of the weeks following election night. Along the way, Fountain probes deeply into history, illuminating the forces and watershed moments of the past that mirror and precipitated the present, from the hollowed-out notion of the American Dream, to Richard Nixon's southern strategy, to our weaponized new conception of American exceptionalism, to the cult of celebrity that gave rise to Donald Trump. In an urgent and deeply incisive voice, Ben Fountain has fused history and the present day to paint a startling portrait of the state of our nation. *Beautiful Country Burn Again* is a searing indictment of how we came to this point, and where we may be headed.

These Boys and Their Fathers Jul 20 2022 In 2010, Don Waters set out to write a magazine story about a surfing icon who had known his absentee father. It was an attempt to find a way of connecting to a man he never knew. He didn't imagine that the story would become a years-long quest to understand a man who left behind almost nothing except for a self-absorbed autobiography for his abandoned son. *These Boys and Their Fathers* touches on Waters's early life with his single mother—and her string of dysfunctional men—and his later search for and encounters with his father, but it quickly expands into a gripping account of the life of a 1930s pulp writer, also named Don Waters, with whom Waters becomes obsessed. This wildly original book blends memoir, investigative reporting, and fiction to sort out difficult aspects of family, masculinity, and what it means to be a father.

Youngblood Oct 23 2022 "An urgent and deeply moving novel" (Michiko

Kakutani, The New York Times) about a young American soldier struggling to find meaning during the final, dark days of the War in Iraq. The US military is preparing to withdraw from Iraq, and newly minted lieutenant Jack Porter struggles to accept how it's happening—through alliances with warlords who have Arab and American blood on their hands. Day after day, Jack tries to assert his leadership in the sweltering, dreary atmosphere of Ashuriyah. But his world is disrupted by the arrival of veteran Sergeant Daniel Chambers, whose aggressive style threatens to undermine the fragile peace that the troops have worked hard to establish. As Iraq plunges back into chaos and bloodshed and Chambers's influence over the men grows stronger, Jack becomes obsessed with a strange, tragic tale of reckless love between a lost American soldier and Rana, a local sheikh's daughter. In search of the truth and buoyed by the knowledge that what he finds may implicate Sergeant Chambers, Jack seeks answers from the enigmatic Rana, and soon their fates become intertwined. Determined to secure a better future for Rana and a legitimate and lasting peace for her country, Jack will defy American command, putting his own future in grave peril. For fans of Phil Klay's *Redeployment* or Ben Fountain's *Billy Lynn's Long Halftime Walk*, *Youngblood* provides startling new dimension to both the moral complexity of war and its psychological toll.

Emilie is stuck in some sort of time loop nightmare that she can't wake up from as she re-watches her boyfriend, Josh, cheat on her day after day. In addition to Josh's recurring infidelity, Emilie can't get away from the enigmatic Nick, who she keeps running into—sometimes literally—in unfortunate ways. How many days can one girl passively watch her life go up in flames? And when something good starts to come out of these terrible days, what happens when the universe stops doling out do-overs?

Heaven is for Real Oct 31 2020 Why should we care about heaven? -- What is heaven like? -- When does a person go to heaven? -- Where is heaven? -- Who goes to heaven?

[Thank You for Your Service](#) Jan 14 2022 Now a Major Motion Picture Directed by American Sniper Writer Jason Hall and Starring Miles Teller The wars of the past decade have been covered by brave and talented reporters, but none has reckoned with the psychology of these wars as intimately as the Pulitzer Prize-winning journalist David

Finkel. For *The Good Soldiers*, his bestselling account from the front lines of Baghdad, Finkel embedded with the men of the 2-16 Infantry Battalion during the infamous "surge," a grueling fifteen-month tour that changed them all forever. In Finkel's hands, readers can feel what these young men were experiencing, and his harrowing story instantly became a classic in the literature of modern war. In *Thank You for Your Service*, Finkel has done something even more extraordinary. Once again, he has embedded with some of the men of the 2-16—but this time he has done it at home, here in the States, after their deployments have ended. He is with them in their most intimate, painful, and hopeful moments as they try to recover, and in doing so, he creates an indelible, essential portrait of what life after war is like—not just for these soldiers, but for their wives, widows, children, and friends, and for the professionals who are truly trying, and to a great degree failing, to undo the damage that has been done. The story Finkel tells is mesmerizing, impossible to put down. With his unparalleled ability to report a story, he climbs into the hearts and minds of those he writes about. *Thank You for Your Service* is an act of understanding, and it offers a more complete picture than we have ever had of these two essential questions: When we ask young men and women to go to war, what are we asking of them? And when they return, what are we thanking them for? Billy Pinto's War Apr 17 2022 An American Legends Collection The novel is rife with gun-smokin' action, and Hud is the perfect, back-country narrator for this story of social injustice. His wizened, grizzled point of view flirts with the possibility of a tragic flaw in the evasive character of Billy Pinto. Hands-down a gripping read!—Historical Novel Society In 1904, sixteen-year-old Billy Pinto watches as the three men accused of murdering his Shoshone mother are set free because the judge and prosecuting attorney don't believe they can successfully try white men for killing an Indian. Stunned by the court's decision, Billy decides to take justice into his own hands. He ambushes the three killers outside of town, then impulsively kidnaps the judge's granddaughter before fleeing into the remote San Pedro Mountains. With Billy's actions setting off a massive manhunt, it falls to San Pedro County Sheriff Hudson Pratt to locate Billy before he's cornered in the high country by a growing army of bounty hunters. With an aging mountain man and his surly dog as guides, Pratt sets out to rescue the kidnapped child—and to stop the rising tide of bloodshed that threatens to plunge San Pedro County into a full-fledged Indian war. [Fire and Forget](#) Aug 21 2022 *Fire and Forget* includes the title story

from *Redeployment* by Phil Klay, 2014 National Book Award Winner in Fiction. These stories aren't pretty and they aren't for the faint of heart. They are realistic, haunting and shocking. And they are all unforgettable. Television reports, movies, newspapers and blogs about the wars in Iraq and Afghanistan have offered images of the fighting there. But this collection offers voices -- powerful voices, telling the kind of truth that only fiction can offer. What makes the collection so remarkable is that all of these stories are written by those who were there, or waited for them at home. The anthology, which features a Foreword by National Book Award winner Colum McCann, includes the best voices of the wars' generation: award-winning author Phil Klay's "Redeployment"; Brian Turner, whose poem "Hurt Locker" was the movie's inspiration; Colby Buzzell, whose book *My War* resonates with countless veterans; Siobhan Fallon, whose book *You Know When the Men Are Gone* echoes the joy and pain of the spouses left behind; Matt Gallagher, whose book *Kaboom* captures the hilarity and horror of the modern military experience; and ten others.

Loretta Lynn's World of Music Dec 21 2019

The National Road Jul 08 2021 This collection of "eloquent essays that examine the relationship between the American landscape and the national character" serves to remind us that despite our differences we all belong to the same land (Publishers Weekly). "How was it possible, I wondered, that all of this American land--in every direction--could be fastened together into a whole?" What does it mean when a nation accustomed to moving begins to settle down, when political discord threatens unity, and when technology disrupts traditional ways of building communities? Is a shared soil enough to reinvigorate a national spirit? From the embattled newsrooms of small town newspapers to the pornography film sets of the Los Angeles basin, from the check-out lanes of Dollar General to the holy sites of Mormonism, from the nation's highest peaks to the razed remains of a cherished home, like a latter-day Woody Guthrie, Tom Zoellner takes to the highways and byways of a vast land in search of the soul of its people. By turns nostalgic and probing, incisive and enraged, Zoellner's reflections reveal a nation divided by faith, politics, and shifting economies, but--more importantly--one united by a shared sense of ownership in the common land.

The Hell of War Comes Home Nov 24 2022 Owen W. Gilman Jr. stresses the US experience of war in the twenty-first century and argues that wherever and whenever there is war, there will be imaginative responses to it, especially the recent wars in Afghanistan and Iraq. Since the trauma of September 11, the experience of Americans at war has been rendered honestly and fully in a wide range of texts--creative nonfiction and journalism, film, poetry, and fiction. These responses, Gilman contends, have packed a lot of power and measure up even to World War II's literature and film. Like few other

books, Gilman's volume studies these new texts-- among them Kevin Powers's debut novel *The Yellow Birds* and Phil Klay's short stories *Redeployment*, along with the films *The Hurt Locker*, *American Sniper*, and *Billy Lynn's Long Halftime Walk*. For perspective, Gilman also looks at some touchstones from the Vietnam War. Compared to a few of the big Vietnam books and films, this new material has mostly been read and watched by small audiences and generated less discussion. Gilman exposes the circumstances in American culture currently preventing literature and film of our recent wars from making a significant impact. He contends that Americans' inclination to demand distraction limits learning from these compelling responses to war in the past decade. According to Gilman, where there should be clarity and depth of knowledge, we instead face misunderstanding and the anguish endured by veterans betrayed by war and our lack of understanding.

The City of Fire Jun 26 2020 Excerpt: ... sinned against God and his better self, and had begun his eternal life on earth. It was too late ever to turn back. "All Hope abandon, ye who enter here." He had read it and defied it. He had entered knowing what he was about, and thinking, poor fool that he was, that he was doing a wise and noble thing for the sake of another. Over in the little parsonage, the white souled girl was walking in an earthly heaven. Ah! There was nothing, nothing they had in common now any more. She lived in the City of Hope and he in the City of Fire. He flung out the book from him and dropped his face into his hands crying softly under his breath, "Oh, Lynn, Lynn-Marilyn!" XV For one instant Lynn stood against the closed door, flaming with anger, her eyes flashing fire as they well knew how to flash at times. Then suddenly her lips set close in a fine control the fire died out of her eyes, she drew a deep breath, and a quick

whimsical smile lighted up her face, which nevertheless did not look in the least like one subdued: "You know I could get very angry at that if I chose and we'd have all kinds of a disagreeable time, but I think it would be a little pleasanter for us both if you would cut that out, don't you?" She said it in a cool little voice that sounded like one in entire command of the situation, and Opal turned around and stared at her admiringly. Then she laughed one of her wild silvery laughs that made them say she had a lute-like voice, and sauntered over toward her hostess: "You certainly are a queer girl!" she commented, "I suppose it would be better to be friends, inasmuch as we're to be roommates. Will you smoke with me?" and out from the depths of a beaded affair that was a part of her frock and yet looked more like a bag than a pocket, she drew forth a gold cigarette case and held it out. Marilyn controlled the growing contempt in her face and answered with spirit: "No, I don't smoke. And you won't smoke either-not in here! I'm sorry to seem..."

Brief Encounters with Che Guevara Dec 25 2022 The well-intentioned protagonists of *Brief Encounters with Che Guevara* are caught -- to both disastrous and hilarious effect -- in the maelstrom of political and social upheaval surrounding them. In "Near-Extinct Birds of the Central Cordillera," an ornithologist being held hostage in the Colombian rain forest finds that he respects his captors for their commitment to a cause, until he realizes that the Revolution looks a lot like big business. In "The Good Ones Are Already Taken," the wife of a Special Forces officer battles a Haitian voodoo goddess with whom her husband is carrying on a not-entirely-spiritual relationship. And in "The Lion's Mouth," a disillusioned aid worker makes a Faustian bargain to become a diamond smuggler for the greater good. With masterful pacing and a robust sense of the absurd, each story in *Brief Encounters with Che Guevara* is a self-contained adventure, steeped in the heady mix of tragedy and danger, excitement and hope, that characterizes countries in transition. Through Fountain's rounded and novelistic prose, these intelligent and keenly observed stories are painted in provocative and vibrant detail across a global canvas. *Brief Encounters with Che Guevara* marks the arrival of a striking and resonant new voice that speaks adeptly to the intimate connection between the foreign, the familiar, and the inescapably human.

The Last Days of Video Jun 07 2021 Video stores are dying. But most of you don't care. You've got your Netflix and your DVR, so why deal with VHS tapes or scratched DVDs? Why deal with the grumpy guy at the worn-down independent video store? But everything changes in his small college town when a bright and shiny Blockbuster Video opens nearby: Clearly, this means war. So, Waring enlists the help of his two reluctant employees, charismatic but conflicted Alaura and desperate virgin Jeff, to hatch a series of wild schemes to save their little store. She's done everything right, but she can't escape the taint of scandal when her husband cheats on her with another man. She's broken, her spirit battered, her confidence at an all-time low. Then she meets Navy SEAL Remy Marchand, and parts of her she'd thought dead flare to life. Except Remy is part of the Hostile Operations Team, the Black Ops group her brother works for, and that means NO in flashing neon letters. Yet Christina's tired of always doing what's expected. Just once, she wants to saddle up and ride a tattooed, dirty-mouthed bad boy before she kicks him to the curb and goes on with her life. One night is not enough to put out the fire... Remy Marchand burns with guilt and regret that he couldn't save his twin sister from her abuser. He lives his life slaying dragons for the innocent and vulnerable. He thought Christina needed his strength and protection too, but he was wrong. After a single night of pleasure, she disappears from his life. But then his SEALs get tasked with a mission: infiltrate war-torn Qu'rim and get Christina out before the enemy finds her. With bombs exploding, blood spilling, and survival
