The 2020 Porchlight Marketing & Sales Book of the Year The cofounder and chief branding officer of Red Antler, the branding and marketing company for startups and new ventures, explains how hot new brands like Casper, Allbirds, Sweetgreen, and Everlane build devoted fan followings right out of the gate. We're in the midst of a startup revolution, with new brands popping up every day, taking over our Instagram feeds and vying for our affection. Every category is up for grabs, and traditional brands are seeing their businesses erode as hundreds of small companies encroach on their territory, each hoping to become the next runaway success. But it's not enough to have a great idea, or a cool logo. Emily Heyward founded Red Antler, the Brooklyn based brand and marketing company, to help entrepreneurs embed brand as a driver of business success from the beginning. In Obsessed, Heyward outlines the new principles of what it takes to build and launch a brand that has people queuing up to buy it on opening day. She takes you behind the scenes of the creation of some of today's hottest new brands, showing you:

- How Casper was able to upend the mattress industry by building a beloved brand where none had existed before
- How the dating app Hinge won a fanatical user base and great word-of-mouth with the promise that the app was "designed to be deleted"
- Why luggage startup Away, now valued at \$1.4 billion, could build their brand around love of travel by launching with just one product--a hard-shell carry-on suitcase--rather than a whole range of luggage offerings. Whether you're starting a new business, launching a new product line, or looking to refresh a brand for a new generation of customers, Obsessed shows you why the old rules of brand-building no longer apply, and what really works for today's customers. Everyone thrives on love, comfort, and the safety of family, friends, and community. But if you are denied these basic comforts early in life, whether through a lack of physical affection or emotional bonding, you may develop intense fears of abandonment that can last well into adulthood—fears so powerful that they can actually cause you to push people away. If you suffer from fears of abandonment, you may have underlying feelings of anger, shame, fear, anxiety, depression, and grief. These emotions are intense and painful, and when they surface they can lead to a number of negative behaviors, such as jealousy, clinging, and emotional blackmail. In Love Me, Don't Leave Me, therapist Michelle Skeen combines acceptance and commitment therapy (ACT), schema therapy, and dialectical behavioral therapy (DBT) to help you identify the root of your fears. In this book you'll learn how schema coping behaviors—deeply entrenched and automatic behaviors rooted in childhood experiences and fears—can take over and cause you to inadvertently sabotage your relationships. By recognizing these coping behaviors and understanding their cause, you will not only gain powerful insights into your own mind, but also into the minds of those around you. If you are ready to break the self-fulfilling cycle of mistrust, clinginess, and heartbreak and start building lasting, trusting relationships, this book will be your guide. This practical guide to understanding literacy uses plain language to outline the skills and processes intrinsic to learning to read and write. The authors (both: Nova Southeastern University, Florida) describes experiences that adults can provide for children to help them learn and include examples of how to establish relationships with children t “Why are so many of us at times completely baffled by a relationship? How can we think we know someone so well and admit in the end that we hardly knew that person at all? Why do many people who work diligently and strenuously to gain wholeness and balance still feel so frustrated about having a fulfilling relationship? Why have so many people given up on love?”—from the Prologue John Bradshaw’s bestselling books and compelling PBS series have touched and changed millions of lives. Now, in Creating Love, he offers us a new way to understand our most crucial relationships—with our romantic partners and spouses, with our parents and children, with friends and co-workers, with ourselves, and with God. Bradshaw’s compassionate approach shows that many of us have been literally “entranced” by past experiences of counterfeit love, so we unknowingly re-create patterns that can never fulfill us. Here he provides both the insights and the precise tools we need to keep those destructive patterns from repeating in the present. And then he shows how we can open ourselves to the soul-building work of real love—and create healthy, loving relationships where we can be fully ourselves in every part of our lives. Paul, a young Irish engineer, follows his girlfriend to Berlin and begins work on the renovation of a commercial building in Alexanderplatz. Wrestling with a new language, on a site running behind schedule, and with a relationship in flux, he becomes increasingly untethered. Set against the structural evolution of a sprawling city, this meditation on language, memory and yearning is underpinned by the site's physical reality. As the narration explores the mind's fragile architecture, he begins to map his own strange geography through a series of notebooks, or 'Love notes'. 'In such a brutish and masculine atmosphere, Duncan's account is an unmasked ray of hope... The prose is minimal, yet the ideas are maximal. If more men thought and wrote as tenderly and honestly as Adrian Duncan, we'd have stronger, sturdier novels and fewer garish monuments to consumerism' Irish Independent. Chronicles five epochal years of music in the Big Apple against a backdrop of the period's high crime, limited government resources and low rents, tracing the formations of key sounds while evaluating the contributions of such artists as Willie Colón, Bruce Springsteen and Grandmaster Flash. Through letters, memoirs, contemporary documents, and a stunning assemblage of photographs - many of which have never before been published - author Ron McCrea tells the fascinating story of the building of Frank Lloyd Wright's Taliesin, which would be the architect's principal residence for the rest of his life. Photos taken by Wright's associates show rare views of Taliesin under construction and illustrate Wright's own recollections of the first summer there and the craftsmen who worked on the site. The book also brings to life Wright's "kindred spirit," "she for whom Taliesin had first taken form," Mamah Borthwick. Wright and Borthwick had each abandoned their families to be together, causing a scandal that reverberated far beyond Wright's beloved Wisconsin valley. The shocking murder and fire that took place at Taliesin in August 1914 brought this first phase of life at Taliesin to a tragic end. Single or married, this engaging book of case studies and their analyses will help you achieve the satisfying love relationship you want. Using numerous real-world examples and backed by research from top notch academics, this book describes how companies can turn a product, service, corporate, person or place brand into one that customers love, trust and respect; in short, how to make a brand admired. The result? Greater brand loyalty, stronger brand advocacy, and higher brand equity. Admired brands grow more revenue in a more efficient way over a longer period of time and with more opportunities for growth. The real power of Brand Admiration is that it provides concrete, actionable guidance on how brand managers can make customers (and employees) admire a brand. Admired brands don't just do the job; they offer exactly what customers need (enabling benefits), in way that's pleasing, fun, interesting, and emotionally involving (enticing benefits), while making people feel good about themselves (enriching benefits). Providing these benefits, called 3 Es, is foundational to building , strengthening and leveraging brand admiration. In addition, the authors articulate a common-sense and action based measure of brand equity, and they develop dashboard metrics to diagnose if there are any 'canaries in the coal mine', and if so, what to do next. In short, Brand Admiration provides a coherent, cohesive approach to helping the brand stand the test of time. A well-designed, well-managed brand becomes a part of the public consciousness, and ultimately, a part of the culture. This trajectory is the fruit of decisions made from an integrated strategic standpoint. This book shows you how to shift the process for your brand, with practical guidance and an analytical approach. Based on the bestselling series from The Great Courses, Building Great Sentences celebrates the sheer joy of language—and will forever change the way you read and write. Great writing begins with the sentence. Whether it's two words (“Jesus wept.”) or William Faulkner's 1,287-word sentence in Absalom! Absalom!, sentences have the power to captivate, entertain, motivate, educate, and, most importantly, delight. Yet, the sentence-oriented approach to writing is too often overlooked in favor of bland economy. Building Great Sentences teaches you to write better sentences by luxuriating in the pleasures of language. Award-winning Professor Brooks Landon draws on examples from masters of long, elegant sentences—including Don DeLillo, Virginia Woolf, Joan Didion, and Samuel Johnson—to reveal the mechanics of how language works on thoughts and emotions, providing the tools to write powerful, more effective sentences. THE GREATEST FULFILLMENT IN MARRIAGE IS two hearts becoming one. A gallon of tea in the refrigerator is an old southern tradition. But when Myra's husband died, she replaced the tea with a pitcher of margaritas. That was before she knew there was a warrant out for her arrest! Building a Life You Love After Losing the Love of Your Life is not your average widow memoir. Myra takes a brutally honest look at her roller coaster ride through grief and even in her darkest hours her humor shines. While sobbing in her Ben & Jerry's, doing grief therapy with a professional, and railing at God, Myra realized that she wasn't married to a dead man and just waiting to join him. If you're a widow or widower or know someone who is, this book can be your saving grace. Just because there's tragedy in your life doesn't mean your life has to be a tragedy. Through her insights, warmth, and understanding, Myra demonstrates that you, too, can love life again. A passionate and personal book about the writer's own love for a controversial architectural style. Whether you love or hate brutalist buildings, this book will explain what it is about them that elicits such strong feeling. You will understand the true power of concrete and of mammoth-sized buildings, but also some of the more subtle aspects of brutalist buildings that you may not have known or considered. Brutalist architecture, which flourished in the 1950s to mid-1970s, gained its name from the term 'Béton-brut', or raw concrete – the material of choice for the movement. British architectural critic Reyner Banham adapted the term into 'brutalism' (originally 'New Brutalism') to identify the emerging style. The architectural style – typified by buildings such as Trellick Tower in London and Unité D'Habitation in Marseille – is controversial but has an enthusiastic fan base, including the author who is on a mission to explain his passion. John Grindrod's book will be enlightening for those new to the subject, bringing humour, insight and honesty to the subject but will also interest those already immersed in built culture. Illustrated with striking drawings by The Brutal Artist, the book is divided up into a series of mini essays that explains the brutalist world from a human aspect, as well as an architectural, historical and even pop cultural angle. The book journeys from the UK to discover brutalism and its influence around the world – from Le Corbusier's designs in Chandigarh, India, to Lina Bo Bardi's buildings in Brazil.
