The book is a fictional memoir of a child's life on the Isle-of-Man during the Second World War and focuses on the child's relationship with a German/Jewish opera singer interned in Ramsey, the child's home town. "Ruth Gordon has been an actress since 1915 and her renown and activity on screen and stage have never been greater than they are now [1970], in her 75th year. She has also written successful plays and movies. She is a wife and

mother, and she has attracted a staggering number of friends and admirers on two continents. Out of her experiences and particularly out of her fantastic friendships she has written an absolutely distinctive, irrepressibly bright, refreshingly vital and utterly charming book. Since it is a kind of autobiography, Miss Gordon is inevitably the star, but she shares the lights with one of the most fascinating casts ever assembled (see back of jacket). She knows how to convey the essence of things as they were half a century ago--and as they are right now--in the theater and the movies, in Boston and Hollywood, in London and New York, in shops and restaurants, in manners and morals, in the ways people feel and the even more surprising ways they behave. Nobody is like Ruth Gordon, and no book is quite like this one."-- Jacket flap.

During October 2016 Paul Dawson visited French archives in Paris to continue his research surrounding the events of the Napoleonic Wars. Some of the material he examined had never been accessed by researchers or historians before, the files involved having been sealed in 1816. These seals remained unbroken until Paul was given permission to break them to read the contents. Forget what you have read about the battle on the Mont St Jean on 18 June 1815; it did not happen that way. The start of the battle was delayed because of the state of the ground - not so. Marshal Ney destroyed the French cavalry in his reckless charges against the Allied infantry squares - wrong. The stubborn defense of Hougomont, the key to Wellington's victory, where a plucky little garrison of British Guards held the farmhouse against the overwhelming force of Jerome Bonaparte's division and the rest of II Corps - not true. Did the Union Brigade really destroy d'Erlon's Corps, did the Scots Greys actually attack a massed French battery, did La Haie Sainte hold out until late in the afternoon? All these and many more of the accepted stories concerning the battle are analysed through accounts (some 200 in all) previously unpublished, mainly derived through French sources, with startling conclusions. Most significantly of all is the revelation of exactly how, and why, Napoleon was defeated. Waterloo, The Truth at Last demonstrates, through details never made available to the general public before, how so much of what we think we know about the battle simply did not occur in the manner or to the degree previously believed. This book has been described as 'a game changer', and is certain to generate enormous interest, and will alter our previously-held perceptions - forever. Scalp hunters massacred her family, all the people of her village, and left Louisa Rodriguez for dead. Years later when horse wrangler Ring Crossman came

across the half-wild woman in the wilderness, she would not tell him her name. He gave her his heart, although he knew there was no room in her life for anything but revenge. The #1 bestselling chapter book series of all time celebrates 25 years with new covers and a new, easy-to-use numbering system! Are you ready for a presidential adventure? Jack and Annie are! Formerly numbered as Magic Tree House #47, the title of this book is now Magic Tree House Merlin Mission #19: Abe Lincoln at Last! Did you know that there's a Magic Tree House book for every kid? Magic Tree House: Adventures with Jack and Annie, perfect for readers who are just beginning chapter books Merlin Missions: More challenging adventures for the experienced reader Super Edition: A longer and more dangerous adventure Fact Trackers: Nonfiction companions to your favorite Magic Tree House adventures "Weis Drache/The White Dragon. Its gray blue shaft reared almost vertically from the pastures, with no gradual sloping upward to serve as a base. Seen from below, it gave the dizzying impression that it might topple of its own height, obliterating all that lay beneath it. The clouds which drifted across its lofty spire, now seen, now obscured, pierced the roof of the sky itself. On either side, through wide breaks in the great wall of alps, two mammoth arms of ice descended toward the valley. Meeting and joining the twin glaciers held the Dragon cage in a perpetual frozen embrace. And every evening, at sunset, with the Drachewand ablaze in a fiery afterglow, the Dragon displayed its most prized possession... a man, frozen and quite dead, dangling precariously from his safety line." -- \* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. \*As you read this summary, you will discover the importance of strong leadership, based on trust and selflessness, to run a business. \*You will also discover that : the cohesion of the group around a strong leader is an essential element for the success of a company; a true leadership is a contract of trust by which the leader commits to guide and protect the people who follow him; today's society and future generations suffer from their tendency to individualism, which is expressed at all levels of the company; in the face of this challenge, leaders have a responsibility to recreate true humanized and fair corporate cultures. \*Today, leadership and management of a company are

too vague notions. According to Simon Sinek, a British speaker and author, a true leader is one who always puts the interests of the group he leads first, instead of being obsessed with performance. Concern for people is the key to the efficient and harmonious functioning of a group. \*Buy now the summary of this book for the modest price of a cup of coffee! “Why has all this focus on security made me feel so much more insecure? Nothing is secure. And this is the good news. But only if you are not seeking security as the point of your life.”—Eve Ensler

When her stage play *The Vagina Monologues* became a runaway hit and an international sensation, Eve Ensler emerged as a powerful voice and champion for women everywhere. Now the brilliant playwright gives us her first major work written exclusively for the printed page. *Insecure at Last* is a timely and urgent look at our security-obsessed world, the drastic measures taken to keep us safe, and how we can truly experience freedom by letting go of the deceptive notion of vigilant “protection.” Ensler draws on personal experiences and candid interviews with burka-clad women in Afghanistan; female prisoners in upstate New York; survivors at the Superdome after Katrina; and anti-war activist Cindy Sheehan—sharing unforgettable snapshots that chronicle a post-9/11 existence in which hyped obsession for safety and security has undermined our humanity. The us-versus-them mentality, Ensler explains, has closed our minds and hardened our compassionate hearts. Provocative, illuminating, inspiring, and boldly envisioned, *Insecure at Last* challenges us to reconsider what it means to be free, to discover that our strength is not born out of that which protects us. Ensler offers us the opportunity to reevaluate our everyday lives, expose our vulnerability, and, in doing so, experience true freedom and fulfillment.

1558: Elizabeth I is on the throne, though still challenged by Mary, and her Protestant faith threatens the Catholic Morland family. The reign of Elizabeth I means that the Morlands must seek new spheres of influence to restore their fortunes. John, heir to Morland Place, rides north to wed the daughter of Black Will Percy, the Borders cattle lord, and learns that the way to win her heart is through blood and battle. His gentle sister, Lettice, has also travelled north to marry the ruthless Scottish baron, Lord Robert Hamilton, and in the treacherous court of Mary, Queen of Scots, she has to learn the bleak and bitter lessons of survival. Argues that lyric making is universal across cultures, and uses the example of Shakespeare's "Sonnets" to showcase the human disposition to play with lyrical patterns. Most of the history written and taught in America was written in such a way, that African people were

thoroughly emasculated, and taught that they are and were, not more than the dreges of civilization. Truth at Last reveals, unfolds and brings to light the true fact that in spite of enslavement since 1619, the African American people were the first people created from the 109 elements of the universe, and are descendants of rulers, kings and queens of antiquity. -Truth at Last is an exciting revelation that explains why "Black folks" were punished and placed in America for 400 years. -Truth at Last is a chronological biblical report, of the behavior of black folks while living in Africa that led to the creation of a "new people" (white folks) -Truth at Last is a penetrating analysis, detailing historical adventures and misadventures of African-Americans while living in Africa during Old Testament times. -Truth at Last is a timely and imaginative revelation about a subject that has always been on everyone's mind. -Truth at Last is a tragic report and informative account of why African-Americans suffer and face such overwhelming odds at every turn of the way. -Truth at Last is guaranteed to grasp the readers and keep them on the edge from first to last page. -This thought provoking book will re-shape the way you think today, and prepare you for the "open and coming" destruction, that's coming in the land. -Truth at Last is an astonishing revelation-a "must" book for all mankind... -Why everyone should have this book::::: 1. To understand the origin of racism and reduce it's significance. 2. To understand the cause and effect of Universal Law 3. To understand Bible truths 4. To prepare for the "last days".. Brother Ahjamal tells the amazing true story of: -Why Black folks were reduced from royalty to reproach. -How, Why and When White folks were created. -How Black folks started out in the garden o Free at Last in the Promised Land goes into detail as how and why Moses, a common person, and the people of Israel left the slavery of Egypt to enter the promised land. Moses, the leader of the people of Israel, with great sacrifice and with God's help, forced Egypt's Pharaoh to let the people of Israel go, which put them on their way to the promised land. On their way to the promised land, the people of Israel committed great sins against God, and they were punished for their behaviors. Moses also disobeyed God, which caused him and his brother Aaron to not be allowed to enter the promised land. Also, along the way to the promised land, Moses and the people of Israel fought with their own distant relatives, and they were able to defeat them with God's help and with God turning them into a great nation, as promised to Abraham, Isaac, and Jacob. There may be many who don't know that there were two partings during Moses's and the people of Israel's march

to the promised land: God's parting of the Red Sea and Jordan River. There were also other major partings from the beginning—God separated the waters of heavens and of the earth. Elijah and Elisha were allowed to part the Jordan River with God's help. *Free at Last in the Promised Land* is an essential reading for anyone who wonders about the deepest parts of the journey of Moses and the people of Israel's march toward the promised land. Finally in paperback: the New York Times bestseller by the acclaimed, bestselling author of *Start With Why* and *Together is Better*. Now with an expanded chapter and appendix on leading millennials, based on Simon Sinek's viral video "Millenials in the workplace" (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. "Officers eat last," he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on the battlefield: Great leaders sacrifice their own comfort—even their own survival—for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a "Circle of Safety" that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking. Tory Sileo is candid and honest in sharing her fears and horrors as a result of the progression of her life-sentence disease. Her 'good days and bad days', her falls and inability to get up again are sincere and frank. As a disabled person with walking difficulties, she was astonished to discover that the handicapped lavatory stall equipped with grab bars in public venues were only provided in one stall and that stall was the last in the row of stalls. How is the last one, another five-ten feet away from the entry door, designed for patrons with disabilities of any sort? This journal is the first in a series of discoveries that this author encounters as she travels

through life as a handicapped person. Her straightforward sense of writing is sincere and direct with a fresh approach that captures the reader from the very beginning. A portion of the proceeds of this and future pieces of work by this author will be donated to the Multiple Sclerosis Foundation.

Books are mentors. Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they

have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book. 2001. An autumn break for a young London mother. An isolated stretch of Dorset coastline. An unexplained phenomenon. Daffodils in Autumn tells the compelling story of a young woman's horrific descent into paranoia and madness dictated by the desires of a female genius. The young woman, and her daughter's past, present and future become meaningless, as not one thing appears to be what it is. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
