*The Captain's Doll by D. H. Lawrence Down the road strayed the tourists like pilgrims, and at the closed end of the valley they could be seen, quite tiny, climbing the cut- out road that went up like a stairway. Just by their movements you perceived them. But on the valley-bed they went like rolling stones, little as stones. A very elegant mule came stepping by, following a middle-aged woman in tweeds and a tall, high-browed man in knickerbockers. The mule was drawing a very amusing little cart, a chair, rather like a round office-chair upholstered in red velvet, and mounted on two wheels. Mariano Azuela (Mexico, 1873–1952) was a medical doctor by profession, recipient of Mexico's Premio Nacional de Literatura (1949), a distinguished member of El Colegio Nacional and, by mid-century, one of Mexico's leading novelists and literary critics. The author of novels, novellas, plays, biographies, and literary criticism, Azuela served as field doctor under Francisco Villa during the Mexican Revolution and, after Villa's military defeats in 1915, published Los de abajo (The Underdogs, 1915) while in exile in El Paso, Texas. This book of essays commemorates the first centenary of Los de abajo, and traces its impact on twentieth-century autobiographies, memoirs and, more specifically, on the Novel of the Mexican Revolution. Equestrian Rebels: Critical Perspectives on Mariano Azuela and the Novel of the Mexican Revolution includes a full-length introduction and nineteen essays by leading international scholars who study Azuela and other novelists of the Mexican Revolution – such as Martín Luis Guzmán, Nellie Campobello and, among others, José Rubén Romero – from current, yet contrasting and innovative theoretical perspectives. Especially written for this volume, these critical essays are grouped into five sections that separately probe and analyze Azuela's realism and contemporary*

*Caught between the well-worn grooves the Boom and the Gen-X have left on the Latin American literary canon, the writing intellectuals that comprise what the Generation of '72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them. In sociopolitical terms, they neither fed into the Cold War-inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write. This book seeks to approach the Generation of '72 from the perspective of cosmopolitanism and global citizenship, a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization's first wave. Set during World War I, a married Scottish soldier, instead of returning home, courts a displaced German countess in occupied Germany. The narrative revolves around a relationship that is not condoned by the society. The complexities of a love that is not reciprocated and whose boundaries are not defined. D. H. Lawrence's fascinating novella deals with the dehumanising effects of war on an English captain. We are delighted to publish this classic book as part of our extensive Classic Library collection. The most inclusive single-volume anthology of Latin American poetry in translation ever produced. Electoral and parliamentary arenas play a crucial role in the configuration and dynamics of modern polities. This book explores the practices of citizenship and unveils the fabric of representation in the Iberian countries, during a significant period of liberal politics, that is, from its apogee to its collapse (from the 1870s to the 1920s). Part One examines the evolution of electoral norms and behaviour, as well as the recruitment profile of MPs. Portugal and Spain share fundamental features, such as the extensive clientelistic mobilisation of voters, the dissemination of fraud and corruption, the supremacy of governmental parties and the prevalence of the politics of notables. Part Two focuses on Parliament, questioning constitutional models, internal procedures, legislative action and political activity, as well as coetaneous perceptions and images of the institution and its actors as portrayed in novels, newspaper chronicles, cartoons and photographic reports. This collection of essays offers a detailed and cogent analysis, as well as a vivid picture, of the politics of representation in Portuguese and Spanish liberalism, revealing significant similarities and differences through cross-country comparisons. The Captain's Doll is a short story or novella by the English author D. H. Lawrence. It was written in 1921 and first published by Martin Secker in March 1923 in a volume*

*with The Ladybird and The Fox. It was the basis of the 1983 TV film of the same name with Jeremy Irons as the Captain. The story chronicles the journey of fallen German aristocrat Countess Johanna 'Hannele' zu Rassentlow as she dates a Scottish officer of unusual philosophy. The relationship develops into one of D. H. Lawrence's idiosyncratic 'wicked triangles'. The intimate relationship between Captain Alexander Hepburn and Hannele is intruded upon when the captain's wife Evangeline travels to Germany suspicious of foul play. The plot unfolds with two parallel narratives; one in the symbolic domain, the other a traditional short story narrative about these protagonists. The concurrent symbolic tale that unfolds centers around the central image of The Captain's Doll-after which the story gains its title. This doll is a striking portrait of the Captain, with his "slender legs" and mesmerizing dark stare encapsulated in the silks and calico of a lifeless, inanimate object. This doll is an ongoing motif throughout the story as it acts as a metaphor for the dehumanizing effects of war on Hepburn - an English gentleman who had been part of the war machine and in the aftermath has come to believe that "we are worth so very little". Another profound metaphor and image employed by Lawrence is the great 'glacier' described from afar to be "cold, angry" and a reflection of the captain's deep seated desire to subjugate Hannele and arguably conquer her "physically, sexually and from the inside" as she muses in free indirect speech narration. The couple ascend the mountain together, and the sheer enormity of this natural wonder prompts discussion of the smallness of a human being in comparison, bringing the captain to make megalomaniacal claims that he is indeed bigger than the mountain. He projects this onto the vast ice, its "soft flesh like" described with uncanny similarity to the earlier descriptions of Hannele swimming in the lake near her new home in Austria. Critics have debated the symbolic meaning of this ice monument, as the captain's determination to conquer it points to the obvious metaphorical domination of Hannele who "watches from below" as the crazed captain scrambles to the summit. Reaching the top, the captain is invigorated, yet Lawrence's narration becomes quite introspective of the transformation of the captain's worldview implicitly coupled with description of this barren vista of ice-"a world of ice"-that is "sufficient unto itself in its lifelessness". Akin to the gender commentary in The Fox on how the war had created a paradigm shift in the social roles within English society, this compelling narrative imparts to the reader a more intimate account of the death of a spirit and the dissemblance of class. The introduction of D. H. Lawrence, Three Novellas, an anthology that collates The Fox, The Captain's Doll, and The Ladybird, makes a comparison between the poetic works of Wilfred Owen and these stories as literary exploration of war that 'pity war'. This comes across in many of Lawrence's letters and implicitly in these texts, as each of the characters is in some way impacted by World War I. Lawrence must have been a keen observer of the social and personal ramifications of WWI, having written and published soon after the war, in 1923. "The Captain's Doll" by D. H. Lawrence. David Herbert Lawrence (11 September 1885 - 2 March 1930) was an important and controversial English writer of the 20th century, whose prolific and diverse output included novels, short stories, poems, plays, essays, travel books, paintings, translations, literary criticism and personal letters. His collected works represent an extended reflection upon the dehumanizing effects of modernity and industrialisation. In them, Lawrence confronts issues relating to emotional health and vitality, spontaneity, sexuality, and instinctive behaviour. Lawrence's unsettling opinions earned him many enemies and he endured hardships, official persecution, censorship and misrepresentation of his creative work throughout the second half of his life, much of which he spent in a voluntary exile he called his "savage pilgrimage." At the time of his death, his public reputation was that of a pornographer who had wasted his considerable talents. E. M. Forster, in an obituary notice, challenged this widely held view, describing him as "the greatest imaginative novelist of our generation." Later, the influential Cambridge critic F. R. Leavis championed both his artistic integrity and his moral seriousness, placing much of Lawrence's fiction within the canonical "great tradition" of the English novel. He is now generally valued as a visionary thinker and a significant representative of modernism in English literature, although some feminists object to the attitudes toward women and sexuality found in his works.
