If you could make one wish that was guaranteed to come true—what would you wish for? Rules for Wishing: Never let an outsider find out about wishing. (Zip your lips and throw away the key.) Wishes that would impact the world are off limits (i.e. no bringing back the dinosaurs). Do no harm. (Murder = no bueno.) No time travel. (What's done is done, pal.) No bringing back the dead. (Come on. You've seen what happens in THE WALKING DEAD.) NEVER BREAK THE RULES. (Seriously. We mean it. See Rule #7.) There are always consequences. Madison is a small town in the Mojave desert on the road between nothing and nowhere. It's an unremarkable speck on the map, which is perfect for protecting the town's secret. Because in Madison, everyone can make one wish on their eighteenth birthday—and that wish always comes true. Most of Eldon's classmates have had their wishes picked out for months, even years. Not Eldon. He's seen how wishing has hurt the people around him. His parents' marriage is strained, his sister is a virtual ghost in their house, his ex-girlfriend is dating his ex-friend...where does he even begin? One thing is for sure: Eldon has only twenty-five days to figure it out—and the rest of his life to live with the consequences. "[W]e've been full-timing for over three years and we've learned the ins and outs of RVing America. In this guide, you'll learn the answers to the most common questions we receive about RV living. Everything from how to choose the right RV to how we get mail on the road, to how to find free camping."--From back cover. With exclusive travel photos and a special letter from the Author, only available for e-readers. From the author of The Longest Ride and The Return comes a novel about the enduring legacy of first love, and the decisions that haunt us forever. 1996 was the year that changed everything for Maggie Dawes. Sent away at sixteen to live with an aunt she barely knew in Ocracoke, a remote village on North Carolina's Outer Banks, she could think only of the friends and family she left behind. . . . until she met Bryce Trickett, one of the few teenagers on the island. Handsome, genuine, and newly admitted to West Point, Bryce showed her how much there was to love about the wind-swept beach town—and introduced her to photography, a passion that would define the rest of her life. By 2019, Maggie is a renowned travel photographer. She splits her time between running a successful gallery in New York and photographing remote locations around the world. But this year she is unexpectedly grounded over Christmas, struggling to come to terms with a sobering medical diagnosis. Increasingly dependent on a young assistant, she finds herself becoming close to him. As they count down the last days of the season together, she begins to tell him the story of another Christmas, decades earlier—and the love that set her on a course she never could have imagined. Based on the "I Wish My Teacher Knew..." classroom exercise that went viral, a guide for educators and the community on how to understand children better, build trust, and learn about the challenges they face, with key issues, focus questions, and lesson plans Marie Walker has vanished. Her besotted boyfriend, newspaper photographer Richard Thompson, vows to find her, convinced that Marie's unusual beliefs hold the key. But a shocking discovery makes him question if he ever really knew his girlfriend. And when people around him start to die, Richard is plunged into terrible danger. --Publisher. "What I wish I had known" We're living the good life. What went wrong? When, and why? I'll keep searching for the answers, striving to help others, avoid the same gut-wrenching tragedy. Michael, my son and overachiever, was a scholar and an outstanding athlete, drawn to the military early on. Despite his sturdy outer-shell, Michael was gentle. His senior year, he'd coax me into signing parental consent to enlist; at seventeen. I recall crying! Michael chuckled, not mocking me, making light of his choice... Thanks, mom, don't worry about me. I'm not going to war. I'm not going to die. I'm just going into the Marine Corps. My terrible premonition evolved on September 11, 2001. Michael's training just ended for Air Crew-Chief. He was assigned to the massive CH-53 Super Stallion Transporting-Helicopter. What I wish I had known... was that a helicopter crashed in Western Iraq and Michael (the air crew chief) wrote the ill-fated flight schedule, killing thirty-one men. He swapped out a more experienced crew member for a rookie. This story exams the psychological injuries my son sustained during his military service—the subtle (and sometimes not so subtle) signs he was in severe distress. Veterans (like Michael) pride themselves in strength. Traumatic events can undermine their power—the ability to avoid dealing with emotions in the face of danger. Once emotions are buried, some veterans and first responders continue internalizing mental anguish instead of reaching out for help. Shockwaves spread-wide Michael's in his prime, survived war, earned a master's degree and in love, engaged. I'm stunned, why? Twenty-two veterans die by suicide daily, it's a long-lasting statistic. Twenty-two but not you-Michael! I'd bet my house and savings on that! Mental fog set in, this time I reached out to Michael's trusted friends (Korah Hoffman LMSW/MPA) and Erik Fries USMC Air Crew Chief/Brother in arms. Erik exposed me to the harsh reality of war. Korah shared her personal and professional struggle with Michael's suicide. If death wasn't devastating enough, I'd breakdown at Mass, when our Catholic priest uttered "Suicides are damned to hell!" his words echoed from the pulpit! Tormented, I'll seek a medium. Naturally, I wanted to check in on my son. What I experienced was a life-changing revelation. Fleeing the abusive wealthy husband who tried to kill her, Helen Ward changes her identity and moves across the country to build a new life for herself, but her past may come back to haunt her as it threatens her relationship with Sam Tolliver. If you've ever wanted to go back in time and talk to your younger self--to give advice, to say what you wish you had known then that you know now, to promise that even when it gets bad, it will get better--then this book is for you. If you are still young enough that most of life's lessons stretch ahead in front of you, then save yourself a heap of trouble and read what's on these pages. "This book is a must-have for readers who wish to garner the wisdom of a gifted writer who has lived it and learned a lot about life's journey along the way." --Dayton Daily News "Shuly Xóchitl Cawood opens her new book light-heartedly: with good advice on bangs. It's not all fun and games though: she also counsels her younger self on more serious topics-- love and faith and health and remembering that patience is sometimes required." --Courtney LeBlanc, author of The Violence Within "Here are three more things to tell yourself at any age: 1. This book belongs in the hands of everyone turning 17--or even 57! You won't find a better birthday gift. 2. Even if you don't read it until you're 57, it will still bring you tears, solace, and wisdom. 3. Here is a writer to follow closely: the beauty, delight and humor that emanates from her work will stay with you for a very long time." --Carla Sameth, author of One Day on the Gold Line: A Memoir Heartbreaks and failed relationships are not new to anyone. Sometimes, we move onto greener pastures and leave the pain in the past, but other times the scars remind us every day of the things we just can't get over yet. This book is my message to the past, the accumulation of all the words I wish I said when I had the chance. From the New York Times bestselling author of There Was an Old Woman comes a novel about a professional organizer with a deadly problem she may not be able to clean up. Emily Harlow is a professional organizer who helps people declutter their lives; she's married to man who can't drive past a yard sale without stopping. He's filled their basement, attic, and garage with his finds. Like other professionals who make a living decluttering peoples' lives, Emily has devised a set of ironclad rules. When working with couples, she makes clear that the client is only allowed to declutter his or her own stuff. That stipulation has kept Emily's own marriage together these past few years. She'd love nothing better than to toss out all her husband's crap. He says he's a collector. Emily knows better—he's a hoarder. The larger his "collection" becomes, the deeper the distance grows between Emily and the man she married. Luckily, Emily's got two new clients to distract herself: an elderly widow whose husband left behind a storage unit she didn't know existed, and a young wife whose husband won't allow her stuff into their house. Emily's initial meeting with the young wife takes a detour when, after too much wine, the women end up fantasizing about how much more pleasant life would be without their collecting spouses. But the next day Emily finds herself in a mess that might be too big for her to clean up. Careful what you wish for, the old adage says . . . now Emily might lose her freedom, her marriage . . . and possibly her life. OVER 500,000 COPIES SOLD! NEW YORK TIMES BESTSELLER • “Facing death is the hardest thing of all, and Tallu Quinn faces hers in a way that broke and healed my heart. This book is a beautiful tribute to life, to truth, and to love.”—Glennon Doyle, author of the #1 *New York Times* bestseller *Untamed* Profound essays on nurturing life while facing a terminal diagnosis, from the dedicated humanitarian and young mother creating “a vibrant legacy for us to hold on to and learn from” (Ann Patchett) “I am holding both my hope and my grief together in the same hands. It is a loose hold, looser than I am accustomed to. My love is so much bigger than me.” Nonprofit leader and minister Tallu Schuyler Quinn spent her adult life working to alleviate hunger, systemic inequality, and food waste, first as a volunteer throughout the United States and abroad, and then as the founder of the Nashville Food Project, where she supported the vibrant community work of local food justice in Middle Tennessee. That all changed just after her fortieth birthday, when she was diagnosed with stage IV glioblastoma, an aggressive form of terminal brain cancer. In *What We Wish Were True*, Quinn achingly grapples with the possibility of leaving behind the husband and children she adores, and what it means to live with a terminal diagnosis and still find meaning. “I think about how my purpose may be the same in death as it continues to be in life—surrendering to the hope that our weaknesses can be made strong, that what is broken can be made whole,” she writes. Through gorgeous prose, Quinn masterfully weaves together the themes of life and death by integrating spiritually nourishing stories about family, identity, vocational call, beloved community, God’s wide welcome, and living with brain cancer. Taken together, these stunning essays are a piercing reminder to cherish each moment, whether heartbreaking or hilarious, and cast loose other concerns. As a mother, a kindred spirit, and a dear friend, Tallu Schuyler Quinn looks into our eyes with well-earned tears in her own and tells us the bittersweet truth: We are all searching for what has already found us—present and boundless love. This love will deliver us and never let us go. A collection of stories and poems with the theme of wishes. There’s nothing wrong with Wilma Sturtz. She’s perfectly nice. How can Wilma make sure she is never unpopular again? This book is a complex version of poems and or excerpts written by myself. There are excerpts that enhance much imagery, nature, love, lust, heartbreak, sadness, friendship etc. It entails nonetheless how I feel. Here are my unspoken thoughts and everything I wish I told you, but could not. It is my belief that all men can change the course of their lives. By our imagination, by our affirmations, we can change our world, we can change our future. I have always preached that if we strive passionately to embody a new and higher concept of ourselves, then all things will be at our service. Most men are totally unaware of the creative power of imagination and invariably bow before the dictates of "facts" and accepts life on the basis of the world without. But when you discover this creative power within yourself, you will boldly assert the supremacy of imagination and put all things in subjection to it. "The story’s message, that people should choose joy even (and especially) in difficult and painful times, seems tailor-made for this moment. A timely, uplifting read about finding joy in the midst of tragedy, filled with quirky characters and comforting warmth."—Kirkus (starred review) From the *New York Times* bestselling author of *How to Walk Away* comes a stunning new novel full of heart and hope. Samantha Casey is a school librarian who loves her job, the kids, and her school family with passion and joy for living. But she wasn’t always that way. Duncan Carpenter is the new school principal who lives by rules and regulations, guided by the knowledge that bad things can happen. But he wasn’t always that way. And Sam knows it. Because she knew him before—at another school, in a different life. Back then, she loved him—but she was invisible. To him. To everyone. Even to herself. She escaped to a new school, a new job, a new chance at living. But when Duncan, of all people, gets hired as the new principal there, it feels like the best thing that could possibly happen to the school—and the worst thing that could possibly happen to Sam. Until the opposite turns out to be true. The lovable Duncan she’d known is now a suit-and-tie wearing, rule-enforcing tough guy so hell-bent on protecting the school that he’s willing to destroy it. As the school community spirals into chaos, and danger from all corners looms large, Sam and Duncan must find their way to who they really are, what it means to be brave, and how to take a chance on love—which is the riskiest move of all. With Katherine Center’s sparkling dialogue, unforgettable characters, heart, hope, and humanity, *What You Wish For* is the author at her most compelling best. Eleven-year-old Sam has a problem.
