Multi Level marketing (MLM) is a strategy some direct sales companies use to encourage existing distributors to recruit new distributors who are paid a percentage of their recruits' sales. The recruits are the distributor's "downline." Distributors also make money through direct sales of products to customers. Amway, which sells health, beauty, and home care products, is an example of a well-known direct sales company that uses multi level marketing. Multilevel marketing is a legitimate business strategy, though it is controversial. They said MLM is Easy Peasy, Lemon Squeezy! (Woohoo!) They said you can have uncapped residual income (Oooh, I'll have some of that, please!) They said it is location-independent (.and a large slice of that...) They said all you need is 15 minutes a day (Include me in, sister!) They said the products sell themselves (Hallelujah!) They said it is low risk - high reward (Praise the Lord!) They never said what it actually means to be an MLM consultant (Sigh) In this memoir, the author shines a forensic light into the shadowy corners of the MLM experience in search of what it truly means to 'Work from your phone.' Hold your breath as the author chases after the white rabbit of Multi-Level-Marketing, to an entrepreneurial Wonderland where the new 'normal' features 3-way calls with strangers, freely divulging your credit card details as if cyber-scramming didn't exist, never understanding what you're supposed to do, mastering the non-culinarly art of peeling the MLM onion, spending your life on social media, and becoming an absent wife and mother. It is indeed a shocking truth to find out that over 95% of network marketers or home based business owners are operating their business at a LOSS! How scary if you are reading this for the first time. Well thankful y if we all worshiped statistics fanatical y, most people today will be afraid to drive cars or even go to school (e.g. the percentage of road accidents and how many students in a class 'make it' in getting distinctions) We all want to be smart people and rather be in the top 5% being the ones making the money now, don't we? Of course we do. It is sad that countless of poor victims join the industry, uninformed, and when they run into problems, they usually put the blame on the company, the team or even the industry itself! That is why we hope to avoid such unfortunate circumstances. Even if you have been involved, this information is invaluable because it might teach you things you have missed out or information to help your downline. Are you frustrated with the growth of your network marketing business? Do you have trouble motivating your team? Is your genealogy a bunch of zeros? I know how you feel. There was a time when I was in the same boat. I had been in the business for about six months and had recruited a lot of distributors. In fact, I was one of the top recruiters in our company. But although I was earning thousands of dollars a month from the business, I had a problem. The problem was that I was the only one on the team who was doing anything. Almost all of my income was coming from my own efforts, not from overrides. So my business wasn't growing. And I didn't know why. I'd done everything my upline taught me. I was signing up people every week. But if nobody does anything, you don't have a business, you have a job and that's not why I started a network marketing business. What did I do? I spoke to a leader in our company named Ron. I told him my story and asked for his advice. Ron explained to me "The facts of life" about network marketing. Things I'd never been told before. Although our meeting lasted only a few minutes, when it was done, I was excited because I knew exactly what I needed to do to turn things around. I had a plan and followed it. Within a few weeks, things started happening. My team put some sales on the books. They started recruiting, too. My business continued to grow and within a few years, I was earning a six-figure income and MOST of it was from overrides. In this book, I'm going to tell you what Ron told me. I'll also share insights and lessons I've learned from building my business and working with my organization. Here are some of the things you'll learn: - Three things I wish I knew when before I started my business - Strategies for re-activating distributors who have slowed down or quit - Why you only need a FEW leaders to build a HUGE business (and where to find them) - The truth about training, game plans, and working with distributors - What to do when your team won't return your calls - Techniques for getting your team to increase recruiting and production - Multi-level marketing math (and how to use it to keep distributors from quitting) - How to motivate unmotivated distributors-the secret used by top income earners - No team? No problem. Here's what to do to get some - How to get new distributors started right-without being a babysitter - How to find "hidden gems" in your genealogy - The one thing you should NEVER do with your team (Don't make the mistake I made) - How to dramatically increase your odds of success If your business isn't going the way you want it to, if nobody is doing anything on your team, don't give up. You can fix your business. This book shows you how. As far as career opportunities go, network marketing is hard to beat. It costs almost nothing to start, allows for flexible hours, and paves the way for financial independence.
