The only book you'll need to ace your AQA GCSE English Language examWritten for anyone preparing for their AQA GCSE English Language exam, this book gets you right inside the head of the examiner so that every single thing you write gets a mark.You see, this exam is all about technique, and once you know the skills the examiner will mark you on, you can focus all your attention

on the things that pile on the marks rather than wasting time on vague or irrelevant details. Learn how to:- Approach each of the Section A questions in the right way so that you get right down to the important stuff and spend as little time as possible on the questions that award the lowest marks;- Understand the difference between each of the questions and what the examiner is looking for when they mark (aka assessment objectives);- Plan the longer questions so that your writing is tight and controlled and easy to read;- Think originally when writing for Section B, so that your creative responses aren't the same as everyone else's;- Write

in such a way as to give yourself the best possible chance of a Grade 8 or 9. Darren Coxon has been teaching English for more than twenty years. In that time he estimates he's put at least 1,000 students through GCSE exams. He can count on the fingers of one hand the number who haven't obtained a Grade 5 or above (and that was always teaching in non-selective schools). He puts this success down to a unique method which he'll share with you inside these pages. By buying this book you'll also have access to the Examiner's Head Facebook community, for further support and guidance. So come with him on

a journey inside the head of the examiner! He's with you all the way. If you're at this point, you must be getting ready for your English language exams, so we have a few words of advice for you: Exams aren't bad. They're your opportunity to show off just how much you know about English--and you have been studying it since you were five, so you definitely know a thing or two! Don't worry about your exams--worry never changes anything--instead, try and see them as an opportunity to show off what you know. Practising exam papers is a good way to revise and, because this exam is still relatively new, there aren't that many past papers out there. The papers in this

book have been created to try and replicate the exam experience for you. Some people might suggest using your literature texts for practice, but the whole point of this exam is that it is unseen: it's best to work on extracts you've never read before. There is more than one way to tackle an exam paper. You could sit it in one go and complete it in exam conditions from start to finish. You could go at the papers gently, with modelled examples in front of you to help (check out the videos at [youtube.com/mrbruff](https://www.youtube.com/mrbruff)). Another method is to try three question threes all in a row, slide tackling your way through the

paper. You might want to complete all of the Section B questions before beginning Section A. However you do it, take your time, and use the indicative content at the end to check your work. The indicative content isn't everything. You might make a point that we haven't included. Marking your own work is quite difficult so, although these are good to practise on, you should share with someone who understands the marking system to mark your work and give you feedback. This book is not a guide to the exam: it is a set of practice papers. For a detailed question-by-question guide to AQA English language, you should pick up a copy of

But how do you write the perfect answers? This clean and simple guide from Accolade Press offers GCSE students a unique chance to pull back the curtain and see exactly what they need

to do to maximise marks and dazzle the examiners in AQA's English Language Paper One. This edition showcases four AQA-style exam papers and offers model answers and in-depth commentary for each and every question - while also dissecting the techniques required to unlock the highest grades. Anthony Walker-Cook has a BA (First Class) and MA (Distinction) from Durham University. He is currently finishing a PhD at UCL and was recently made an Associate Fellow of the Higher Education Academy. This collection is in honour of E.G. Stanley. They apply Stanley's approach of 'wise scepticism' to provide new and exciting readings of

difficult and rewarding fields, including Old English metre and verse and Beowulf. These essays and studies are not designed to give an overview of English Language and literature. They are, however, a good inspiration for the occupation with the manifold fields of Anglistics. CISCE's Modified Assessment Plan for Academic Year 2021-22. Fiction and Non-fiction reading and writing in exam style questions. Level 9-1, 2018. To test whether the writing style in "up-market" English language newspaper editorials has become less formal over the past century as in many other genres, Westin

studied language trends in three major British papers. After overviewing previous research on newspaper language, the author discusses methodological issues in using machine-readable corpora for analyzing linguistic change over time, and her multi-feature/multi-dimensional approach extending Biber's work on markers of personal involvement to include narrative and other forms of discourse. Charted results reveal both linguistic change and continuity. Appends the frequency counts for each of the study's linguistic features. Lacks an index. It is unclear whether Westin is currently affiliated with Uppsala U. or U.

Orwell, published in June 1939 by Victor Gollancz. It was written between 1938 and 1939 while Orwell spent time recuperating from illness in French Morocco, mainly in Marrakesh. He delivered the completed manuscript to Victor Gollancz upon his return to London in March 1939. The story follows George Bowling, a 45-year old husband, father, and insurance salesman, who foresees World War II and attempts to recapture idyllic childhood innocence and escape his dreary life by returning to Lower Binfield, his birthplace. The novel is comical and pessimistic, with its view that speculative builders, commercialism, and capitalism

are killing the best of rural England and the existence of new, external threats. Three complete papers for each of the Cambridge Young Learners English tests (Starters, Movers and Flyers).
