This book offers a quick overview of food styling and carving and, for the many of you out there that wish to keep your future stunning plating for eternity, a peek into food photography.

In this book, you will discover: -
Starting up - The five senses - Five tastes & spice -
Plating technique -
Plating toolbox -
Cooking And so much more! To get started, simply scroll to the top of the page and click the "Buy now with 1-Click" button! Award-winning illustrator and painter Marjorie Sarnat presents an outstanding refresher course in creative thinking, suitable for artists of every level. In this guide, she shares the tips and techniques she's discovered in the course of her personal experiences and explorations. These 300 quick, easily grasped text passages detail

methods for adding inspiration and innovation to your creative process. The new, hands-on approaches to materials, painting surfaces, and texture applications can help you find a fresh angle for your style or break through a creative block. Every "secret" in this book is expressed in practical terms geared toward boosting your artistic abilities. From sharpening your drawing skills and applying media in unique ways to creating intriguing visual illusions and refining your choices of color and composition, this guide is loaded with advice and fresh ideas. You'll also find cost-saving ways to obtain and

manage your art tools and supplies as well as scores of ideas for making art with creative kids. With over 300 color illustrations, this is a fun introduction to the lifestyles of the deadly and invisible. Modern-day Ninja experts let you in on their centuries-old techniques for meditation, stealth, and generally fighting dirty, as well as the homes, codes, and workouts of Japan's legendary spy elite. You'll even learn what they eat and how they unwind after a tough day of espionage. Peek inside a Ninja's toolbox and discover the ingenious tricks of the trade, like laying traps, hiding in plain sight, and

of course, making a clean getaway. "I'm just not getting the right guidance or training!" "There must be a better or easier way to grow my business!" "I'm doing everything I've been trained to do, but it's not working!" Do Any of These Statements Sound Familiar? Unfortunately, most training material is designed for advisors who've been in business five or more years. Why? Because over 80% of licensed financial advisors fail and are out of business within those first 5 years! This is an intimidating statistic and the reason why I created... Financial Advisor Secrets of Success If you have the drive and

determination to create your own success, then this book will give you the tools you need to beat those odds: Mission & Value Statements - Top 50 Marketing Strategies - Networking Plans - Advertising Strategies - Objections & Responses - The Ultimate Prospect Question - Setting the Appointment - Strategic Annual Plans - Scripts & Templates - Business Plans - Plus So Much More! A highly successful, award-winning independent producer shares his funny, practical, and innovative approach to breaking into film or television, whether you want

to direct, act, write, or produce. It doesn't take film school or expensive, high-tech equipment to make a brilliant—and marketable—movie today, says successful maverick producer Dean Silvers. For aspiring filmmakers, it's easier than ever to produce—and sell—their work. *Secrets of Breaking into the Film and TV Business* is packed with concrete, proven advice to help you follow in the footsteps of today's cinematic giants, many of whom broke out with runaway independent successes. Drawing from his own experience as a filmmaker, Silvers

offers essential tips and a wealth of invaluable knowledge about every aspect of the moviemaking business, from Internet shorts to how to adapt, option, and collaborate on feature-length films (with shoestring budgets). *10 Insider Secrets to a Winning Job Search* offers a complete step-by-step roadmap on how to get the job you want—fast—even in tough times! This book will motivate you, increase your self-confidence, and show you how to sell yourself so companies want to hire you. You'll have an unfair advantage when searching for a job! Todd Bermont shares with you the

secrets he has learned to find a job in any economy, secrets that he used to get six job offers his senior year of college, to land three job offers in one week during a recession, and to earn numerous job promotions since. Additionally, having also been a hiring manager, Todd gives you a behind-the-scenes look into the hiring process that will give you another unfair advantage. With this book you'll: Develop and maintain a winning attitude throughout your job search. Convince companies to hire you...even when no positions are available. Write attention-grabbing resumes and cover letters. Network

and market yourself to maximize your job opportunities. Be prepared for any job interview. Learn how to negotiate your job offers to receive top dollar. Studio secrets, techniques, and tips For Pro Tools M-powered, LE, HD, and TDM Power Users! This practical guide from two certified Pro Tools experts begins where most other Pro Tools books leave off--it's like having a high-level, hands-on studio session with your very own seasoned audio pros! Jump in anywhere and discover the professional techniques and tricks you need to get recordings right the first time, every time. Want to

capture a perfect acoustic guitar? Record a band? Spice up your tracks with expertly sequenced MIDI? Record Foley and edit dialog for a movie? Make your final mix go from good to radio-ready? It's all here in compact recipes to help you record, edit, compose, and mix with ease. Just flip to the topic you need and keep the session moving. Whether you're a sound designer, podcaster, musician, or hobbyist, you can access the secrets of professional audio success. Discover loads of studio tricks, including how to: * Set up an efficient headphone mix for a band * EQ and compress sounds to

get pro results * Record smart using quickpunch, loop, and alternate playlists * Enhance male and female voices and remove hums * Give your tracks cool, vintage effects * Master all of Pro Tools 7's new MIDI and instrument track features * Mix, master, bounce, burn, and podcast your session * Seamlessly transfer film and video projects and set them up for 5.1 surround mixes * Master plug-ins to fix a drum sound, create the AM radio effect, auto-tune vocals, and more Learn how to get the most out of Pro Tools 7, such as routing MIDI with the new instrument track features. Do you want to know

all about options trading? Just buy NOW this book and let your customers know everything about options trading, they will not stop buying this guide! You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for more than 20 years. "How to Draw Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen

Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. Let's

Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet,

and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more! School librarians need a simple action plan for overcoming the barriers to adopting School Library 2.0.

This book provides one, and describes how fully integrating technology would dramatically benefit 21st-century schools. * Figures illustrating pertinent research statistics * Screenshots of Web 2.0 tools appropriate for educational settings * Links to suggested Web 2.0 tools for teachers and librarians * Handouts for school librarians to use with staff Now you see them, now you don't. Peek inside the ninja's world and discover the skills, weapons, and ingenious tricks that made these men and women feared and revered for centuries. You'll learn their ancient codes as well as

techniques for meditation, stealth, and generally fighting dirty. Book jacket. In this fascinating and informative book, Trust Your Vibes, spiritual teacher and psychic Sonia Choquette reveals the secrets you need to awaken your intuitive voice and Trust your vibes. Sharing real-life stories of those who've learned to tap into this sixth sense, you see firsthand how people have drastically changed and improved their lives. Be motivated to activate your own intuitive channel and experience the support it brings to all aspects of your life bringing you peace of mind and the innate sense of

security, confidence and courage you deserve. For centuries, mystery has surrounded the lives of Japan's legendary ninja, the ingenious and deadly spies that were feared and revered by all. More Secrets of the Ninja takes you inside the ninja world to reveal the many facets of their remarkable lives. Packed full of fighting techniques, weaponry, workouts, secret codes and health tips, this full-color factbook provides the would-be ninja with every skill necessary for a life of stealth, secrecy and survival. This book explains how to maximize profits in volatile and "noisy" markets using straight-

forward technical analysis tools, charting, technical indicators, and market sentiments. It's a practical guide to making profitable trades using dozens of illustrations to explain swing trading concepts and strategies. "This has to be the most unusual book on Photoshop ever published. A very clever one, too, and a must-have for dedicated Shopoholics." —DingBat Magazine Photoshop Secrets of the Pros is not your typical Photoshop book, laboriously marching you through features, filters, and techniques. This book throws you right into the thick

of things, dropping you ringside for a series of digital duels and artistic collaborations. In this groundbreaking guide top artists challenge each other in a series of Photoshop Tennis matches—and you get to peer over their shoulders. You'll watch them put Photoshop through its paces, creating incredible new work under grueling deadlines. You'll see which tools and techniques they use, and how and why they choose them when the clock is ticking and the world is watching. Open up this unique book and: Get caught up in the action: Watch 20 of the world's top digital artists,

photographers, and web and print designers compete, mouse to mouse. Eavesdrop on the experts: Enter the artists' heads as they explain each decision they make. Find out how it's done in the real world: See 100 pieces of original art dissected, component by component and technique by technique. Discover pro secrets: Learn how Photoshop's basic tools are used to create fantastic effects in record time. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file. With this book the practicing magician has access to a unique compilation of the

various tools used within the Golden Dawn system, all described in full, plus much more. "After I sent my team to the Question Based Selling program, not only was the feedback from the training outstanding, but we experienced an immediate positive impact in results."—Jim Cusick, vice president of sales, SAP America, Inc. "Following the program, even our most experienced salespeople raved, saying QBS was the best sales training they have ever experienced!"—Alan D. Rohrer, director of sales, Hewlett Packard For nearly fifteen years, The Secrets of Question Based

Selling has been helping great salespeople live you deliver big results. It's commonsense approach has become a classic, must-have tool that demonstrates how asking the right questions at the right time accurately identifies your customer's needs. But consumer behavior and sales techniques change as rapidly as technology—and there are countless contradictory sales training programs promising results. Knowing where you should turn to for success can be confusing. Now fully revised and updated, The Secrets of Question Based Selling provides a step-by-step, easy-to-follow

program that focuses specifically on sales effectiveness—identifying the strategies and techniques that will increase your probability of success. How you sell has become more important than the product. With this hands-on guide, you will learn to: Penetrate more accounts
Overcome customer skepticism
Establish more credibility sooner
Generate more return calls
Motivate different types of buyers
Develop more internal champions
Close more sales...faster And much, much more
Packed with all the studio tips and tricks you'll need it's easier than ever to create pro-

quality music at home. This book is the only reference you'll ever need to start producing and engineering your music, or other artists' music, in your own home studio. Covering less than ideal acoustics, solving problems before they occur, tools of the editing phase and much more you can gain the knowledge and know how to make your recordings sound like pro recordings—understand the technology, use it in the right way and you can make a good recording great. Just a decade ago, the Foreign Exchange was a market reserved for a select few. Now, anyone can actively trade in this

profitable market—even those with no formal financial education. Enter James Dicks, a leading FOREX expert and educator who cut his teeth in this burgeoning market and wants to share his years of experienced wisdom with you. A

useful volume you'll turn to again and again, FOREX Trading Secrets features specific examples of proven trading strategies working in the real world, a simple and profitable technique for money management, and confidence-building skills for creating your own source of income. If you have never traded the FOREX before, FOREX Trading Secrets is the place to start. It covers the essential basics, including all major currency pairs, the mechanics of trading, how to place a trade, and deciding what type of trader you are. Experienced traders gain expert insight into the fundamentals, as

well as such advanced topics as creating a successful trading plan, managing risk, mastering your emotions, and building your portfolio. You will benefit from An insider's clarification of the Carry Trade Seeing technical indicators and patterns through a master's eyes The secrets to FOREX diversification A detailed explanation of the author's personal trading approach A Trader's Ten Commandments There is no holy grail of FOREX trading, but with FOREX Trading Secrets, all you need is practice to build a powerful trading toolbox for wealth security in

the world's biggest financial market. Packed with studio tips and professional tricks and more than 200 illustrations, Secrets of Recording by Lorne Breigitzer makes it easier than ever to create pro-quality music at home. This book is the only reference you will ever need to start producing and engineering your music, or other artists' music, in your own home studio. Covering less than ideal acoustics, solving problems before they occur, tools of the editing phase, and much more, you can gain the knowledge and know-how to make your recordings sound like pro recordings --

understand the technology, use it in the right way and you can make a good recording great.

DEMYSTIFYING SUCCESS: Success Tools and Secrets They Don't Teach You in High School is a groundbreaking strategic guide for young adults ages 16 - 25 (and beyond). In this comprehensive and timely "How-to Guide," international best-selling author, speaker, motivator, and educator, Larry M. Jacobson inspires and empowers people of all ages to pursue their true goals in life. By candidly sharing his personal life-lessons and principles-painstakingly

gleaned from his own accomplishments and failures in his career, relationships, and in business-he serves as an accessible and knowledgeable guide for his readers. Jacobson goes out of his way to expand his readers' perspectives by providing anecdotes, crystal clear examples, and his creative "calls to action," all of which help to ensure that his readers (young adults and adults of all ages) gain their best advantage to achieve the success they desire, on their terms. Some highlights among the many lessons and ideas covered in DEMYSTIFYING SUCCESS: Success

Tools and Secrets They Don't Teach in High School include: --Success always begins with awareness-why an iced tea can impact your overall success. --At school...at work...in your social life...how to tell if you're surrounding yourself with emotional parasites or healthy relationships. --How to strategically prioritize, plan, and most importantly, execute your goals for success so you always attract the life you ultimately desire. --The "Art of the Pause"-decision-making secrets and tips to enhance your outcomes for success. --Stop sabotaging your life and finally take control of your financial future-

learn why people who suffer from financial obesity always end up starving themselves. There's a common misconception that composition is mysterious and that only certain people have that natural gift for the techniques involved. The truth is that composition involves a set of skills that you can master. Just as you can use cookbook recipes to make your favorite meal--you don't have to be a famous French chef--you also can take amazing photos by just following a recipe! Marc Silber has spent years studying the works of masters and interviewing some of the biggest

names in photography. Now he can provide you with simple and easy-to-follow recipes for creating photographs that you and others will love! The Secrets to Creating Amazing Photos puts at your fingertips ideas for improving your skills by giving you easy-to-follow "recipes" that will improve your photography right now! Take your photography to the next level: Composition is one of the biggest keys to creating photos that others will love. No matter what kind of camera or smartphone you're using, you can take your photography to the next level and beyond by learning

composition tools and secrets known to the masters of the art. The essential guide for nonprofits wanting to manage their Internet applications in a coordinated, cost-effective, and efficient manner. The rapid onset of increasingly advanced and complex technologies has challenged nonprofits to invest with their sparse resources in attempting, and failing, to keep pace with for-profit companies, with the result that most now cannot compete with new commercial products and commercial applications. Nonprofit Internet Management

reveals how current technologies can be utilized in full measure most effectively by nonprofits and addresses how to manage various applications for maximum benefit to internal operations and community service. Covers management models, social networking information, case studies, fundraising strategies, collaboration and coordination examples, and sample communications techniques Includes chapters written by leading Internet professionals In-depth discussion of Website design, technology trends, social networks, managing the organization using

online tools, E-governance and board leadership, prospect research and donor modeling, volunteer recruitment and management, mobile technology, stewardship and relationship management, and green technology applications Filled with case studies, Nonprofit Internet Management also includes screenshots, tables, worksheets and checklists. It's an essential resource for every nonprofit organization operating in our modern wired world. You've just boarded a plane. You've loaded your phone with your favorite podcasts, but before you can pop in your earbuds, disaster

strikes: The guy in the next seat starts telling you all about something crazy that happened to him--in great detail. This is the unwelcome storyteller, trying to convince a reluctant audience to care about his story. We all hate that guy, right? But when you tell a story (any kind of story: a novel, a memoir, a screenplay, a stage play, a comic, or even a cover letter), you become the unwelcome storyteller. So how can you write a story that audiences will embrace? The answer is simple: Remember what it feels like to be that jaded audience. Tell the story that would win you over, even

if you didn't want to hear it. The Secrets of Story provides comprehensive, audience-focused strategies for becoming a master storyteller. Armed with the Ultimate Story Checklist, you can improve every aspect of your fiction writing with incisive questions like these: •
Concept: Is the one-sentence description of your story uniquely appealing? •
Character: Can your audience identify with your hero? •
Structure and Plot: Is your story ruled by human nature? •
Scene Work: Does each scene advance the plot and reveal character through emotional reactions? •
Dialogue: Is your

characters' dialogue infused with distinct personality traits and speech patterns based on their lives and backgrounds? •
Tone: Are you subtly setting, resetting, and upsetting expectations? •
Theme: Are you using multiple ironies throughout the story to create meaning? To succeed in the world of fiction and film, you have to work on every aspect of your craft and satisfy your audience. Do both--and so much more--with The Secrets of Story. Learn how to use all of Batman's high-tech gear and help him defeat his enemies in this 8x8 guide based on the animated films,

Animal Instincts and Monster Mayhem! Gotham City is overrun by villains of all shapes and sizes. It's up to Batman and his allies to stop them, but they can't do it without the help of some high-tech gear! Head into the Batcave to get a glimpse at all of the spectacular vehicles and tools Batman and his allies use to save the day! **BATMAN** and all related characters and elements © & ™ DC Comics. Secrets of Digital Animation sets out to demonstrate and showcase a range of cutting-edge work, new techniques, and influential practitioners within all forms of contemporary

animation, from anime to flashware, and from animated shorts to machinima, offering creative hints and tips from the genre masters. This book offers young practitioners, and those interested in broadening their skills, an insider's view of the fast evolving work of animation; showcasing professionals and their creations, working methods, and inspiration, along with jargon-busting explanations and easy to follow demonstrations. Stunning examples of finished work are shown alongside conceptual drawings and works in progress. The book contains practical advice and

case studies that explore the professional techniques behind designing innovative characters and fantastical worlds, and bringing them to life. Expert guide for people interested in the exciting world of autograph collecting. Swing trading tips and techniques from Undergroundtrader.com--voted Forbes's "Best of the Web" for 2000, 2001, and 2002 Short-term and swing trading has become the strategy of choice for active, aggressive traders and investors. Secrets of the Undergroundtrader details the advanced methods today's most

successful traders live by, from stochastics and candlesticks to 3-price breaks, volatility signals, and more. Each of these methods is tested daily in the trenches and is designed to allow traders to more accurately time entry and exit points in bull, bear, and nontrending markets. The authors open by explaining how the methods work and then provide step-by-step directions so traders can: Learn and become comfortable with the method Implement the method in the heat of trading Manage the method both mentally and physically Safely manage your secret information like

passwords, keys, and certificates in Kubernetes. This practical guide is full of best practices and methods for adding layers of security that will defend the critical data of your applications. In *Kubernetes Secrets Management* you will find: Strategies for storing secure assets in Kubernetes Cryptographic options and how to apply them in Kubernetes Using the HashiCorp Vault server on Kubernetes for secure secrets storage Managing security with public cloud providers Applying security concepts using tools from the Kubernetes ecosystem End-to-end secrets storage

from development to operations Implementing in Kubernetes in CI/CD systems Secrets, like database passwords and API keys, are some of the most important data in your application. *Kubernetes Secrets Management* reveals how to store these sensitive assets in Kubernetes in a way that's protected against leaks and hacks. You'll learn the default capabilities of Kubernetes secrets, where they're lacking, and alternative options to strengthen applications and infrastructure. Discover a security-first mindset that is vital for storing and using secrets correctly, and tools

and concepts that will help you manage sensitive assets such as certificates, keys, and key rotation. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the technology Kubernetes relies on passwords, tokens, keys, certificates, and other sensitive information to keep your system secure. But how do you keep these "secrets" safe? In this concise, practical book you'll learn secrets management techniques that go far beyond the Kubernetes defaults. About the book *Kubernetes Secrets*

Management reveals security best practices and reliable third-party tools for protecting sensitive data in Kubernetes-based systems. In this focused guide, you'll explore relevant, real-world examples like protecting secrets in a code repository, securing keys with HashiCorp Vault, and adding layers to maintain protection after a breach. Along the way, you'll pick up secrets management techniques you can use outside Kubernetes, as well. What's inside Cryptographic options you can apply in Kubernetes Managing security with public cloud providers Secrets

storage, from development to production End-to-end Kubernetes secrets management in CI/CD systems About the reader For readers experienced with Kubernetes and CI/CD practices. About the author Alex Soto is a director of developer experience at Red Hat, a Java Champion since 2007, an international speaker, and a teacher at Salle URL University. Andrew Block is a distinguished architect with Red Hat, and an active member of the open-source community. Table of Contents PART 1 SECRETS AND KUBERNETES 1
