Combat Bandsman Oct 10 2022 Playing trumpet in the 9th Infantry Division Band should have been a safe assignment but the Viet Cong swarmed throughout the Mekong Delta, and safety was nonexistent. The band 's twofold mission—boosting morale and helping win the hearts and minds of the Vietnamese—required them to leave their ng Tâm (a.k.a. Mortar City) base camp and travel through a vast area of rice paddies, dense jungle and numerous villages. By 1969, home-front support for the war had dwindled and the U.S. Army in Vietnam was on the brink of mutiny. No one wanted to die under the command of career-minded officers in a war lost to misguided politics. This memoir of a conscripted musician in Vietnam provides a personal account of the lunacy surrounding combat support service in the 9th Infantry Division during the months prior to its withdrawal.

Ending the Vietnam War Apr 11 2020 The Definitive Account Many other authors have written about what they thought happened -- or thought should have happened -- in Vietnam, but it was Henry Kissinger who was there at the epicenter, involved in every decision from the long, frustrating negotiations with the North Vietnamese delegation to America's eventual extrication from the war. Now, for the first time, Kissinger gives us in a single volume an in-depth, inside view of the Vietnam War, personally collected, annotated, revised, and updated from his bestselling memoirs and

his book Diplomacy. Here, Kissinger writes with firm, precise knowledge, supported by meticulous documentation that includes his own memoranda to and replies from President Nixon. He tells about the tragedy of Cambodia, the collateral negotiations with the Soviet Union and the People's Republic of China, the disagreements within the Nixon and Ford administrations, the details of all negotiations in which he was involved, the domestic unrest and protest in the States, and the day-to-day military to diplomatic realities of the war as it reached the White House. As compelling and exciting as Barbara Tuchman's The Guns of August, Ending the Vietnam War also reveals insights about the bigger-than-life personalities -- Johnson, Nixon, de Gaulle, Ho Chi Minh, Brezhnev -- who were caught up in a war that forever changed international relations. This is history on a grand scale, and a book of overwhelming importance to the public record.

Insight Guides Explore Vietnam (Travel Guide eBook) Aug 16 2020 Pocket-sized travel guides featuring the very best routes and itineraries. Discover the best of Vietnam with this indispensably practical Insight Explore Guide. From making sure you don't miss out on must-see attractions like the Mekong Delta, Ho Chi Minh City and Hanoi, to discovering hidden gems, including Sa Pa, the easy-to-follow, ready-made walking routes will save you time, help you plan and enhance your visit to Vietnam. We produce around 400 full-colour print guide books and maps as well as phrase books, picture-packed eBooks and apps to meet different travellers' needs. Insight Guides' unique combination of beautiful travel photography and focus on history and culture create a unique visual reference and planning tool to inspire your next adventure.

The Vietnam War Feb 14 2023 The complete text of the bestselling narrative history of the Vietnam War—based on the celebrated PBS television series by Ken Burns and Lynn Novick More than forty years have passed since the end of the Vietnam War, but its memory continues to loom large in the national psyche. In this intimate history, Geoffrey C. Ward and Ken Burns have crafted a fresh and insightful account of the long and brutal conflict that reunited Vietnam while dividing the United States as nothing else had since the Civil War. From the Gulf of Tonkin and the Tet Offensive to Hamburger Hill and the fall of Saigon, Ward and Burns trace the conflict that dogged three American presidents and their advisers. But most of the voices that echo from these pages belong to less exalted men and women—those who fought in the war as well as those who fought against it, both victims and victors—willing for the first time to share their memories of Vietnam as it really was. A magisterial tour de force, The Vietnam War is an engrossing history of America 's least-understood conflict.

Vietnam Business Guide Dec 20 2020 Vietnam Business Guide GETTING STARTED IN TOMORROW'S MARKET TODAY Kimberly and Brian Vierra have written the most useful guide I have seen for foreigners who want to do business in Vietnam. I've spent years in the country, but I learned a lot from this book. It's full of practical information about unique aspects of Vietnam's business culture; registration, legal and tax issues; working with local business partners; living conditions in Vietnam and industry-specific opportunities. Interviews with experienced expatriates bring the issues to life. The Vierras are very frank about tough problems such as corruption, but they also convey a real affection for and understanding of this wonderful country. Raymond Burghardt Former US Ambassador to Vietnam; Director, Indochina Capital Corporation Vietnam Business Guide is the book that every seasoned Southeast Asia hand, bellied up to a Saigon bar, says he ought to write. Be thankful the Vierras made good on this common boast. Unstinting, pragmatic, penetrating and incredibly accessible, this highly readable volume may not keep you from the suffering the pain of starting up, but—if read closely, with a yellow highlighter—may very well spare you the agony of undue blood-letting. There will be blood, but Vietnam Business Guide will mitigate the flow. James Sullivan Managing Director, Mandarin Media; Author, National Geographic Vietnam and Over the Moat Vietnam Business Guide provides practical and balanced information about Vietnam for foreigners to plan their first steps to enter the market. What separate this book from others are its reality and practicality, brought about by both the authors who themselves are entrepreneurs having walked the same journey and the experts who contributed their experiences on different topics throughout the book. The business landscape in Vietnam is speedily changing. Some facts, by the time you read the book, may need updating but still it serves best in

providing newcomers essential starting points—a should-read book for those who consider doing business in Vietnam! Vu Minh Tri General Director, Yahoo! Vietnam Co. Ltd. I believe that Vietnam Business Guide has been very objective and true to its purpose. It covers almost all relevant business and personal challenges that one would face in Vietnam, with the authors' firsthand experience shining through in their handling of culture issues and the Vietnamese mindset. Despite the constraints on size, it has sufficient details and a wealth of references to guide entrepreneurs and business executives in the right direction. Crisply written with interviews and real-life anecdotes, it makes for a very interesting read. A must-read book and an invaluable tool kit for anyone looking to Vietnam for business. Manish Dhawan Vice President — Coffee Division, Olam International Limited

The Mammoth Book of the Vietnam War Aug 28 2021 By 1969, following the French defeat at Dien Bien Phu, over 500,000 US troops were ?in country? in Vietnam. Before America?s longest war had ended with the fall of Saigon in 1975, 450,000 Vietnamese had died, along with 36,000 Americans. The Vietnam War was the first rock?n? roll war, the first helicopter war with its doctrine of?airmobility?, and the first television war; it made napalm and the defoliant Agent Orange infamous, and gave us the New Journalism of Michael Herr and others. It also saw the establishment of the Navy SEALs and Delta Force. At home, America fractured, with the peace movement protesting against the war; at Kent State University, Ohio National Guardsmen fired on unarmed students, killing four and injuring nine. Lewis?s compelling selection of the best writing to come out of a war covered by some truly outstanding writers, both journalists and combatants, includes an eyewitness account of the first major battle between the US Army and the People?s Army of Vietnam at Ia Drang; a selection of letters home; Nicholas Tomalin?s famous? The General Goes Zapping Charlie Cong?; Robert Mason?s ?R&R?, Studs Terkel?s account of the police breaking up an anti-war protest; John Kifner on the shootings at Kent State; Ron Kovic?s ?Born on the Fourth of July?; John T. Wheeler?s ?Khe Sanh: Live in the V Ring?; Pulitzer Prize-winner Seymour Hersh on the massacre at My Lai; Michael Herr?s ?It Made You Feel Omni?; Viet Cong Truong Nhu Tang?s memoir; naval nurse Maureen Walsh?s memoir, ?Burning Flesh?; John Pilger on the fall of Saigon; and Tim O?Brien?s ?If I Die in a Combat Zone?.

Danger Close! Feb 02 2022 Phil Gioia grew up an army brat during the decades after World War II. Drawn to the military, he attended the Virginia Military Institute, then was commissioned in the U.S. Army, where he completed Jump School and Ranger School. Not even a year after college graduation, he landed in Vietnam in early 1968—in the first weeks of the Tet offensive, which marked a major escalation of the

war. Leading a platoon in the 82nd Airborne Division, Gioia took his paratroopers into the lifting of the siege of Hu é —where death was always just around the corner—and the grisly discovery of mass graves of those executed by the Vietcong, during their occupation of the city. Wounded, he was sent home in April. Released from hospital, he commanded a paratroop company in the 82nd Airborne in 1968, returning to Vietnam with the hard-hitting First Air Cavalry Division a year later, this time leading a rucksack company of light infantry. Inserted into far-flung landing zones, Gioia and his men patrolled the jungles and rubber plantations along the Cambodian border, looking for a furtive enemy who preferred ambushes to set-piece battles and nighttime raids to daylight attacks. Danger Close! recounts the Vietnam War from the unique boots-on-the-ground perspective of a young officer who served two tours in two different divisions. He tells his story thoughtfully, straightforwardly, and always vividly, from the raw emotions of unearthing massacred human beings to the terrors of fighting in the dark, with red and green tracers slicing the air. Hard to put down and hard to forget, Danger Close! will remind readers of the best Vietnam memoirs, like Guns Up! and Baptism.

Hell in An Loc Nov 18 2020 "Three days before Easter last spring, the North Vietnamese struck South Vietnam with a fury unknown to the Vietnam war since the Tet offensive four years earlier. They poured south across the DMZ, smashed into the central highland from Laos, crossed the border from Cambodia and, with an army of 36,000 men and 100 Russian-made tanks, raced toward Saigon, boasting that they'd be in the city by May 19, Ho Chi Minh's birthday. From one end of the country to the other, bases and villages fell before the savagery of their onslaught. By April 5, all that blocked them from Saigon was a ragtag band of 6,800 South Vietnamese regulars and militiamen and a handful of American advisors holed up in An Loc, a once-prosperous rubber-plantation town of 15,000 astride Highway 13, which led to the capital, 60 miles to the south ... In Thi's opinion, reporting the victory of An Loc would contradict the U.S. media's basic premise that the war could not be won because ARVN was a corrupt and ineffective force. Subsequent published studies of the conflict provide a wealth of details about the use of U.S. airpower and the role of the U.S. advisors, but they fail to provide equal coverage to the activities and performance of ARVN units participating in the siege. Thi believes that it is time to set the record straight. Without denying the tremendous contribution of the U.S. advisors and pilots to the success of An Loc, this book is written primarily to tell the South Vietnamese side of the story and, more importantly, to render justice to the South Vietnamese soldier who withstood ninetyfour days of horror and prevailed"--Publisher's website.

Westmoreland's War Jul 15 2020 This groundbreaking study offers a major

reinterpretation of American strategy during the first half of the Vietnam War. Gregory A. Daddis argues senior military leaders developed a comprehensive campaign strategy, one not confined to 'attrition' of enemy forces. This innovative work is a must for a genuine understanding of the Vietnam War.

First In, Last Out Nov 11 2022 A Vietnam veteran recounts his experience through two tours of duty—early in the conflict and then in its final stages. Fresh out of West Point, John Howard arrived for his first tour in Vietnam in 1965, the first full year of escalation when U.S. troop levels increased dramatically, from 23,000 to 184,000. When Howard returned for a second tour in 1972, troop strength stood at 24,000 and would dwindle to a mere fifty the following year. He thus participated in the very early and very late stages of American military involvement in the Vietnam War. Howard 's two tours—the first as a platoon commander and member of an elite counterguerrilla force, and the second as a senior advisor to the South Vietnamese—provide a fascinating lens through which to view not only one soldier 's experience in Vietnam, but also the country 's.

Vietnam, the Necessary War Dec 12 2022 One of America's leading intellectuals presents a startling thesis sure to provoke controversy: that the Vietnam War was the right war at the right time--with the wrong military strategy.

Nam Sense Sep 09 2022 A candid memoir of being sent to Vietnam at age nineteen, witnessing the carnage of Hamburger Hill, and returning to an America in turmoil. Arthur Wiknik was a teenager from New England when he was drafted into the US Army in 1968, shipping out to Vietnam early the following year. Shortly after his arrival on the far side of the world, he was assigned to Camp Evans near the northern village of Phong Dien, only thirty miles from Laos and North Vietnam. On his first jungle patrol, his squad killed a female Viet Cong who turned out to have been the local prostitute. It was the first dead person he had ever seen. Wiknik's account of life and death in Vietnam includes everything from heavy combat to faking insanity to get some R & R. He was the first in his unit to reach the top of Hamburger Hill, and between sporadic episodes of combat, he mingled with the locals; tricked unwitting US suppliers into providing his platoon with hard-to-get food; defied a superior and was punished with a dangerous mission; and struggled with himself and his fellow soldiers as the antiwar movement began to affect them. Written with honesty and sharp wit by a soldier who was featured on a recent History Channel documentary about Vietnam, Nam Sense spares nothing and no one in its attempt to convey what really transpired for the combat soldier during this unpopular war. It is not about glory, mental breakdowns, flashbacks, or self-pity. The GIs Wiknik lived and fought with during his yearlong tour were not drug addicts or war criminals or gung-ho killers. They were there to do their

duty as they were trained, support their comrades—and get home alive. Recipient of an Honorable Mention from the Military Writers Society of America.

Nothing Is Impossible Oct 30 2021 Today Vietnam is one of America 's strongest international partners, with a thriving economy and a population that welcomes American visitors. How that relationship was formed is a twenty-year story of daring diplomacy and a careful thawing of tensions between the two countries after a lengthy war that cost nearly 60,000 American and more than two million Vietnamese lives. Ted Osius, former ambassador during the Obama administration, offers a vivid account, starting in the 1990s, of the various forms of diplomacy that made this reconciliation possible. He considers the leaders who put aside past traumas to work on creating a brighter future, including senators John McCain and John Kerry, two Vietnam veterans and ideological opponents who set aside their differences for a greater cause, and Pete Peterson—the former POW who became the first U.S. ambassador to a new Vietnam. Osius also draws upon his own experiences working first-hand with various Vietnamese leaders and traveling the country on bicycle to spotlight the ordinary Vietnamese people who have helped bring about their nation 's extraordinary renaissance. With a foreword by former Secretary of State John Kerry, Nothing Is Impossible tells an inspiring story of how international diplomacy can create a better world.

The Rough Guide to Vietnam (Travel Guide with Free eBook) May 25 2021 This practical travel guide to Vietnam features detailed factual travel tips and points-ofinterest structured lists of all iconic must-see sights as well as some off-the-beaten-track treasures. Our itinerary suggestions and expert author picks of things to see and do will make it a perfect companion both, ahead of your trip and on the ground. This Vietnam guide book is packed full of details on how to get there and around, pre-departure information and top time-saving tips, including a visual list of things not to miss. Our colour-coded maps make Vietnam easier to navigate while you're there. This guide book to Vietnam has been fully updated post-COVID-19 and it comes with a free eBook. <u>The Sacred Willow</u> Jan 21 2021 Tied in to Ken Burns' forthcoming (2017) TV series on Vietnam, to which the author is a major contributor, the reissue of a Pulitzer finalist memoir of a Vietnamese family in the 20th century.

Abandoning Vietnam Oct 18 2020 Drawing upon both archival research and his own military experiences in Vietnam, Willbanks focuses on military operations from 1969 through 1975. He begins by analyzing the events that led to a change in U.S. strategy in 1969 and the subsequent initiation of Vietnamization. He then critiques the implementation of that policy and the combat performance of the South Vietnamese army (ARVN), which finally collapsed in 1975.

Waging Peace in Vietnam Jun 18 2023 How American soldiers opposed and resisted the war in Vietnam While mainstream narratives of the Vietnam War all but marginalize anti-war activity of soldiers, opposition and resistance from within the

three branches of the military made a real difference to the course of America 's engagement in Vietnam. By 1968, every major peace march in the United States was led by active duty GIs and Vietnam War veterans. By 1970, thousands of active duty soldiers and marines were marching in protest in US cities. Hundreds of soldiers and marines in Vietnam were refusing to fight; tens of thousands were deserting to Canada, France and Sweden. Eventually the US Armed Forces were no longer able to sustain large-scale offensive operations and ceased to be effective. Yet this history is largely unknown and has been glossed over in much of the written and visual remembrances produced in recent years. Waging Peace in Vietnam shows how the GI movement unfolded, from the numerous anti-war coffee houses springing up outside military bases, to the hundreds of GI newspapers giving an independent voice to active soldiers, to the stockade revolts and the strikes and near-mutinies on naval vessels and in the air force. The book presents first-hand accounts, oral histories, and a wealth of underground newspapers, posters, flyers, and photographs documenting the actions of GIs and veterans who took part in the resistance. In addition, the book features fourteen original essays by leading scholars and activists. Notable contributors include Vietnam War scholar and author, Christian Appy, and Mme Nguyen Thi Binh, who played a major role in the Paris Peace Accord. The book originates from the exhibition Waging Peace, which has been shown in Vietnam and the University of Notre Dame, and will be touring the eastern United States in conjunction with book launches in Boston, Amherst, and New York.

The Vietnam War May 17 2023 The Vietnam War is an outstanding collection of primary documents related to America 's conflict in Vietnam which includes a balance of original American and Vietnamese perspectives, providing a uniquely varied range of insights into both American and Vietnamese experiences. Includes substantial non-American content, including many original English translations of Vietnamese-authored texts which showcase the diversity and complexity of Vietnamese experiences during the war Contains original American documents germane to the continuing debates about the causes, consequences and morality of the US intervention Incorporates personal histories of individual Americans and Vietnamese Introductory headnotes place each document in context Features a range of non-textual documents, including iconic photographs and political cartoons

The Vietnam Photo Book May 13 2020 A magazine photographer in civilian life, Mark Jury was assigned to the U.S. Army Headquarters Information Office at Long Binh during the Vietnam War. With blanket travel orders and the Army's top press card, he spent his year-long tour of duty traveling around Vietnam and Cambodia photographing the war. This book, first published soon after his return from Vietnam,

is a collection of affecting images that illuminate the human cost of the Vietnam War.

Vietnam Today Apr 23 2021 "Pulsating with energy and steeped in dreams." Vietnam stands at a crossroads. Located in the geographical center of Southeast Asia, Vietnam is a complex mixture of the ancient and the modern. A Soviet-style legacy contrasts with an emerging Western-style market economy. Vietnam is faced with pressing political, social and economic challenges, and yet it is full of hope and potential. Here is a first look at Vietnam in the twenty-first century, a nation undergoing rapid change and opening up to the world. Dr. Mark Ashwill paints a broad picture of Vietnam, past and present, and explores today's defining issues. Readers come to understand how a two-thousand-year history of foreign invasion, occupation and war has deeply influenced the Vietnamese character. The Chinese, French and U.S. Americans have all left their imprint. Yet the struggle against oppression has infused the Vietnamese with a fierce spirit of nationalism and caution in their dealings with foreigners. Building relationships and trust as a prelude to doing business are critical to the Vietnamese, whether at home or abroad. Vietnam Today reveals the most prominent characteristics of the Vietnamese: their energy and drive, the dominance of group over individual and the paramount importance of maintaining harmony. In doing so, Ashwill and his Vietnamese contributor shed light on many sources of misunderstanding between Vietnamese and Western professionals. But for those who are prepared to take the time to get to know the people, to move at their pace, and to learn about their culture and history, Vietnam can be a land of promise and opportunity.

The Vietnam War Nov 30 2021 The Vietnam War remains a topic of extraordinary interest, not least because of striking parallels between that conflict and more recent fighting in the Middle East. In The Vietnam War, Mark Atwood Lawrence draws upon the latest research in archives around the world to offer readers a superb account of a key moment in U.S. as well as global history. While focusing on American involvement between 1965 and 1975, Lawrence offers an unprecedentedly complete picture of all sides of the war, notably by examining the motives that drove the Vietnamese communists and their foreign allies. Moreover, the book carefully considers both the long- and short-term origins of the war. Lawrence examines the rise of Vietnamese communism in the early twentieth century and reveals how Cold War anxieties of the 1940s and 1950s set the United States on the road to intervention. Of course, the heart of the book covers the "American war," ranging from the overthrow of South Vietnamese President Ngo Dinh Diem to the impact of the Tet Offensive on American public opinion, Lyndon Johnson's withdrawal from the 1968 presidential race, Richard Nixon's expansion of the war into Cambodia and Laos, and the problematic peace

agreement of 1973, which ended American military involvement. Finally, the book explores the complex aftermath of the war--its enduring legacy in American books, film, and political debate, as well as Vietnam's struggles with severe social and economic problems. A compact and authoritative primer on an intensely relevant topic, this well-researched and engaging volume offers an invaluable overview of the Vietnam War.

The Army and Vietnam Sep 16 2020 Army's role in the Vietnam War, The Army and Vietnam demonstrates with chilling persuasiveness the ways in which the army was unprepared to fight—lessons applicable to today's wars in Afghanistan and Iraq.

New Zealand's Vietnam War Mar 03 2022 This landmark publication provides a comprehensive and authoritative account of New Zealand's involvement in the Vietnam War, and will remain the standard reference work on the subject for decades. Its publication completes the programme of official war histories that began in 1945. Ian McGibbon's primary focus is what New Zealand did in South Vietnam. He traces in detail the operations carried out by New Zealand forces and seeks to illuminate the experience of New Zealand soldiers fighting in a guerrilla war. The command structure, logistic support and operational context of fighting within a primarily Australian framework are all covered. He addresses controversial aspects such as friendly fire incidents, atrocity allegations and veterans' grievances, including over Agent Orange. Maori participation in V Force was substantial and its impact is assessed. Although the book is inevitably weighted towards the military, the efforts of civilians in South Vietnam are also covered in depth. The surgical team operated from 1963 until their evacuation from Qui Nhon just days before North Vietnamese columns entered the city. Not forgotten are the efforts of courageous civilians like Sister Mary Laurence and of Red Cross volunteers to alleviate misery among refugees. The book also describes the dramatic end of New Zealand's involvement in South Vietnam — with the surgical team and the New Zealand Embassy evacuated by RNZAF Bristol Freighters just before the communist victory. Finally, McGibbon surveys the war's troubled aftermath, culminating in the Prime Minister's apology to veterans in 2008.

Run Through the Jungle Feb 19 2021 An authentic account of combat with an airborne company in the waterlogged rice paddies and demanding jungles of South Vietnam. Share the experiences of fighting men under punishing conditions, extreme temperatures and intense monsoon rains as they search for the enemy in the rugged mountains and teeming lowlands. Relive all the terror, humor, and sadness of one man's tour of duty with real life action in spectacular stunning detail. An authentic account of combat with an airborne company in the waterlogged rice paddies and demanding jungles of South Vietnam. Share the experiences of fighting men under

punishing conditions, extreme temperatures and intense monsoon rains as they search for the enemy in the rugged mountains and teeming lowlands. Relive all the terror, humor, and sadness of one man's tour of duty with real life action in spectacular stunning detail.

A Brief History of Vietnam Jan 13 2023 This accessible guide is your one-stop shop for discovering Vietnamese history. A Brief History of Vietnam explores the fascinating, turbulent history of a land that has risen from the ashes of war to become a leading economic power. This book expertly examines the history of a people and a nation with ancient roots but which only took its current shape in the 19th century under French colonial rule and its current name in 1945. Before that landmark year, Vietnam was known by many names, under many rulers. Located in the geographical center of Southeast Asia, the country we call "Vietnam" was ruled by China, a series of Vietnamese emperors, and the French. A devastating, decades-long conflict for independence ensued, ending with the conclusion of the Vietnam War in 1975. Key topics include: China's ancient conquest of Vietnam and the millennia-long struggle of the Vietnamese for independence from its powerful neighbor to the north. The reign of the Nguyen dynasty, the last dynasty to rule Vietnam, with its capital at the ancient city of Hue, today a UNESCO world heritage site. France's eventual colonization of Vietnam, which lasted for over 60 years, culminating in the dramatic Battle of Dien Bien Phu. The story of Ho Chi Minh, educated in France, who attended the Treaty of Versailles to advocate for independence and became Vietnam's first President after the Vietnam War. The violent political split between North and South, which resulted in a devastating war with the United States and eventual victory by the Communists. The country's miraculous emergence from three decades of war and its path to becoming one of the world's fastest-growing economies today. Perfect for history buffs of all kinds, the book includes 32 pages of vivid color photos that depict the country's rich history. Journalist Bill Hayton's accessible prose makes A Brief History of Vietnam an essential study of a beautiful, complex land in the heart of Southeast Asia and its worldwide influence.

Eyes Behind the Lines Sep 28 2021 In mid-December 1968, after recovering from wounds susatined in a murderous mission, Gary Linderer returned to Phu Bai to comlpete his tour of duty as a LRP. His job was to find the enmy, observe him, or kill him--all the while behind enemy lines, where success could be as dangerous as discovery.

<u>Understanding Vietnam</u> Jan 01 2022 Winner of the Outstanding Academic Book, American Library Association, 1994

Kill Anything That Moves Aug 08 2022 Based on classified documents and first-

person interviews, a controversial history of the Vietnam War argues that American acts of violence against millions of Vietnamese civilians were a pervasive and systematic part of the war and that soldiers were deliberately trained and ordered to conduct hate-based slaughter campaigns.

Land with No Sun Jun 25 2021 A no-holds-barred, straight-in-your-face account of combat in VietnamYou know it's going to be hot when your brigade is referred to as a Fireball unit. From May 1967 through May 1968, Ted Arthurs was in the thick of it, humping an eighty-pound rucksack through triple canopy jungle, chasing down the Viet Cong and North Vietnamese in the Central Highlands of South Vietnam. As sergeant major for a battalion of 800 men, it was his job to see them through this jungle hell and get them back home again.

Combat Operations: Staying the Course October 1967 to September 1968 Jun 13 2020 To many Americans, the war in Vietnam was, and remains, a divisive issue. But nearly fifty years after the end of major U.S. combat operations in Vietnam, well over half the U.S. population is too young to have any direct memory of the conflict. The massive American commitment--political, economic, diplomatic, and military--to the mission of maintaining an independent and non-Communist South Vietnam deserves widespread attention, both to recognize the sacrifice of those who served and to remember how those events have impacted our nation. U.S. involvement in Southeast Asia began after World War II when elements of the Vietnamese population fought back against the re-imposition of French colonial rule. Although the United States generally favored the idea of an independent Vietnam, it supported France because the Viet Minh rebels were led by Communists and U.S. policy at that point in the Cold War sought to contain any expansion of communism. France's defeat in 1954 led to the division of Vietnam into a Communist North (Democratic Republic of Vietnam) and a non-Communist South (Republic of Vietnam). The United States actively supported the latter as it dealt with a growing Communist-led insurgent force (the Viet Cong) aided by the North Vietnamese. The initial mission of training South Vietnam's armed forces led to deepening American involvement as the situation grew increasingly dire for the Republic of Vietnam. By the time President Lyndon B. Johnson committed major combat units in 1965, the United States already had invested thousands of men and millions of dollars in the effort to build a secure and stable Republic of Vietnam. That commitment expanded rapidly through 1969, when the United States had over 365,000 Army soldiers (out of a total of a half million troops of all services) in every military region of South Vietnam, with thousands of other Army personnel throughout the Pacific area providing direct support to operations. The war saw many innovations, including the massive use of helicopters to conduct airmobile tactics, new concepts of

counterinsurgency, the introduction of airborne radio direction finding, wide-scale use of computers, and major advances in battlefield medicine. Yet, as in most wars, much of the burden was still borne by soldiers on the ground who slogged on foot over the hills and through the rice paddies in search of an often elusive foe. The enormous military effort by the United States was, however, matched by the resolve of North Vietnamese leaders to unify their country under communism at whatever cost. That determination, in the end, proved decisive as American commitment wavered in the face of high casualties and economic and social challenges at home. Negotiations accompanied by the gradual withdrawal of U.S. forces led to the Paris Peace Accords in January 1973, effectively ending the American military role in the conflict. Actual peace was elusive, and two years later the North Vietnamese Army overran South Vietnam, bringing the war to an end in April 1975. The vast majority of American men and women who went to Vietnam did so in the uniform of the U.S. Army. They served their country when called, many at great personal cost, against a backdrop of growing uncertainty and unrest at home. This book, the twelfth volume of the U.S. Army's official history of the Vietnam War, is dedicated to them.

The Mammoth Book of the Vietnam War Apr 16 2023 By 1969, following the French defeat at Dien Bien Phu, over 500,000 US troops were 'in country' in Vietnam. Before America' s longest war had ended with the fall of Saigon in 1975, 450,000 Vietnamese had died, along with 36,000 Americans. The Vietnam War was the first rock 'n' roll war, the first helicopter war with its doctrine of 'airmobility', and the first television war; it made napalm and the defoliant Agent Orange infamous, and gave us the New Journalism of Michael Herr and others. It also saw the establishment of the Navy SEALs and Delta Force. At home, America fractured, with the peace movement protesting against the war; at Kent State University, Ohio National Guardsmen fired on unarmed students, killing four and injuring nine. Lewis 's compelling selection of the best writing to come out of a war covered by some truly outstanding writers, both journalists and combatants, includes an eyewitness account of the first major battle between the US Army and the People 's Army of Vietnam at la Drang; a selection of letters home; Nicholas Tomalin 's famous 'The General Goes Zapping Charlie Cong'; Robert Mason's 'R&R', Studs Terkel's account of the police breaking up an anti-war protest; John Kifner on the shootings at Kent State; Ron Kovic 's 'Born on the Fourth of July '; John T. Wheeler 's 'Khe Sanh: Live in the V Ring '; Pulitzer Prize-winner Seymour Hersh on the massacre at My Lai; Michael Herr 's 'It Made You Feel Omni'; Viet Cong Truong Nhu Tang 's memoir; naval nurse Maureen Walsh 's memoir, 'Burning Flesh'; John Pilger on the fall of Saigon; and Tim O 'Brien 's 'If I Die in a Combat Zone'.

Vietnam Aug 20 2023 A photographer's unnerving and poetic odyssey through modern-day Vietnam. Mitch Epstein's evocative pictures reveal a complicated Vietnam that few Americans have ever seen. This is not a document about the war, nor is it the pastoral idyll other photographers have portrayed. Vietnam, through Epstein's eyes, is a disturbing and sublime palimpsest. Vietnam: A Book of Changes interprets a culture and landscape largely cut off from the West for the last thirty years, and now open to a market economy and a new relationship to America. The photographs are suffused with the rawness of Vietnamese life lived on the economic and political edge. Under the layer of friendship lies the tension of politics; under beauty lies violence; under the stark faces of remote villagers is the entrepreneurial momentum drawing them to the city; and under the remnants of war is an artistic bohemia grappling with new freedoms and continued censorship. Epstein's groundbreaking art photography addresses our senses and intellect equally. These pictures bring us into the heart of Vietnam.

Vietnam Apr 04 2022 As the United States now faces a major defeat in its occupation of Iraq, the history of the Vietnam War, as a historic blunder for US military forces abroad, and the true story of how it was stopped, take on a fresh importance. Unlike most books on the topic, constructed as specialized academic studies, The (Last) War the United States Lost examines the lessons of the Vietnam era with Joe Allen's eye of both a dedicated historian and an engaged participant in today's antiwar movement. Many damaging myths about the Vietnam era persist, including the accusations that antiwar activists routinely jeered and spat at returning soldiers or that the war finally ended because Congress cut off its funding. Writing in a clear and accessible style, Allen reclaims the stories of the courageous GI revolt; its dynamic relationship with the civil rights movement and the peace movement; the development of coffee houses where these groups came to speak out, debate, and organize; and the struggles waged throughout barracks, bases, and military prisons to challenge the rule of military command. Allen's analysis of the US failure in Vietnam is also the story of the hubris of US imperial overreach, a new chapter of which is unfolding in the Middle East today. Joe Allen is a regular contributor to the International Socialist Review and a longstanding social justice fighter, involved in the ongoing struggles for labor, the abolition of the death penalty, and to free the political prisoner Gary Tyler.

Heroes Jul 07 2022 Even today, my thoughts of Vietnam are positive. I have incredibly fond memories of spending one year in that theater with some incredible people. My feelings about the Vietnam War mesh exactly with what Michael Norman wrote in his book These Good Men: Friendships Forged From War-even though Norman's heroes served in the U.S. Marine Corps and mine served in the First Air

Cav. In recalling his tour in Vietnam, Norman wrote: "I did not pick these men. They were delivered by fate and the U.S. Marine Corps. But I know them in a way I know no other men. I have never since given anyone such trust. They were willing to guard something more precious than my life. They would have carried my reputation, the memory of me. It was part of the bargain we all made, the reason we were so willing to die for one another."

Through the Valley Mar 15 2023 The fierce close combat in the remote areas of South Vietnam's northern provinces in 1967-68--the battles of Hiep Duc, March 11, Nhi Ha, and Hill 406--has been a strangely underreported slice of the Vietnam War. Through the Valley brings those battles into sharp focus, chronicling the efforts of the proud units of the Americal Division and the 196th Light Infantry Brigade against a stubborn enemy in long-forgotten villages and on torturous hills. Colonel Humphries draws on both his own combat experience and the eyewitness reports of fifty former veterans to reconstruct what it was like to fight in Vietnam.

Vietnam May 05 2022 This book provides a comprehensive narrative history of U.S. involvement in Southeast Asia, from 1942 to 1975--with a concluding section that traces U.S.-Vietnam relations from the end of the war in 1975 to the present. Unlike most general histories of U.S. involvement in Vietnam--which are either conventional diplomatic or military histories--this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth, elucidating more of the complexities of the U.S.-Vietnam entanglement. It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina, and why they failed. Key topics: The Fall of Saigon: The End as Prelude. Vietnam: A Place and A People. The Elephant and the Tiger. An Experiment in Nation Building. Raising the Stakes. Going to War. The Chain of Thunders. The Year of the Monkey. A War to End a War. The End of the Tunnel. Market: For anyone curious to know about the long American involvement in Southeast Asia, 1942-1975.

Withdrawal Jun 06 2022 A better war. Over the last two decades, this term has become synonymous with US strategy during the Vietnam War's final years. The narrative is enticingly simple, appealing to many audiences. After the disastrous results of the 1968 Tet offensive, in which Hanoi's forces demonstrated the failures of American strategy, popular history tells of a new American military commander who emerged in South Vietnam and with inspired leadership and a new approach turned around a long stalemated conflict. In fact, so successful was General Creighton Abrams in commanding US forces that, according to the better war myth, the United States had actually achieved victory by mid-1970. A new general with a new strategy had delivered, only to see his victory abandoned by weak-kneed politicians in Washington,

DC who turned their backs on the US armed forces and their South Vietnamese allies. In a bold new interpretation of America's final years in Vietnam, acclaimed historian Gregory A. Daddis disproves these longstanding myths. Withdrawal is a groundbreaking reassessment that tells a far different story of the Vietnam War. Daddis convincingly argues that the entire US effort in South Vietnam was incapable of reversing the downward trends of a complicated Vietnamese conflict that by 1968 had turned into a political-military stalemate. Despite a new articulation of strategy, Abrams's approach could not materially alter a war no longer vital to US national security or global dominance. Once the Nixon White House made the political decision to withdraw from Southeast Asia, Abrams's military strategy was unable to change either the course or outcome of a decades' long Vietnamese civil war. In a riveting sequel to his celebrated Westmoreland's War, Daddis demonstrates he is one of the nation's leading scholars on the Vietnam War. Withdrawal will be a standard work for years to come.

The ARVN and the Fight for South Vietnam Jul 27 2021 With the withdrawal of French forces from South Vietnam in 1955, the U.S. took an ever-widening role in defending the country against invasion by North Vietnam. By 1965, the U.S. had "Americanized" the war, relegating the Army of the Republic of Vietnam (ARVN) to a supporting role. While the U.S. won many tactical victories, it had difficulty controlling the territory it fought for. As the war grew increasingly unpopular with the American public, the North Vietnamese launched two large-scale invasions in 1968 and 1972--both tactical defeats but strategic victories for the North that precipitated the U.S. policy of "Vietnamization," the drawdown of American forces that left the ARVN to fight alone. This book examines the maturation of the ARVN, and the major battles it fought from 1963 to its demise in 1975. Despite its flaws, the ARVN was a well-organized and disciplined force with an independent spirit and contributed enormously to the war effort. Had the U.S. "Vietnamized" the war earlier, it might have been won in 1967-1968.

The Politically Incorrect Guide to the Vietnam War Jul 19 2023 The Vietnam War was a tragic and dismal failure—at least that is what the mainstream media and history books would have you believe. Yet, Phillip Jennings sets the record straight in The Politically Incorrect Guide™ to the Vietnam War. In this latest "P.I.G.", Jennings shatters culturally-accepted myths and busts politically incorrect lies that liberal pundits and leftist professors have been telling you for years. The Vietnam War was the most important—and successful—campaign to defeat Communism. Without the sacrifices made and the courage displayed by our military, the world might be a different place. The Politically Incorrect Guide™ to the Vietnam War reveals the truth about the

battles, players, and policies of one of the most controversial wars in U.S. history. Run Through the Jungle Mar 23 2021 An authentic account of combat with an airborne company in the waterlogged rice paddies and demanding jungles of South Vietnam. Share the experiences of fighting men under punishing conditions, extreme temperatures, and intense monsoon rains as they search for the enemy in the rugged mountains and teeming lowlands. Relive all the terror, humor, and sadness of one man's tour of duty with real-life action in spectacular stunning detail.
