100+ quick and delicious diabetes-friendly recipes If you have diabetes, watching what you eat is one of the most important things you can do to stay healthy. With the help of the American Diabetes Association, Quick & Easy Diabetic Recipes For Dummies offers 100+ healthy, diabetes-friendly recipes and meal planning ideas—without sacrificing taste. Plus, Quick & Easy Diabetic Recipes For Dummies provides expert tips on the types of food you should keep stocked in your kitchen, advice on healthy cooking techniques, ways to lower fat and cholesterol, and most importantly, what to eat with diabetes. According to the World Health Organization, the number of adults worldwide affected by diabetes has quadrupled since 1980 to 422 million. Nearly one in 11 people in the United States now have diabetes or prediabetes, and unhealthy eating can worsen the condition and hinder efforts at better management. While those numbers are alarming, the good news is that you can cook and eat your way to better health—and this book makes it easy!

- Make more than 100 tasty recipes, many of which cook in 30 minutes or less
- Get the total grams of carbohydrates and other nutrients per serving
- Discover ways to keep a healthier kitchen

It's never been simpler—or tastier—to keep up with your diabetes management. Head's up - this book was published in 1994! Check out Excel 2019 For Dummies for the most up-to-date

information! I imagine you landed here because you're trying to figure out Excel and know the For Dummies books are a great way to find fast answers. Just so you know, this edition of Excel For Dummies covers a version of the application that's been updated 10 times since we published the book. For the most current info, search for "Excel 2019 For Dummies." The good news is Excel hasn't changed so much in all those years, so a lot of this book is still usable. We're humbled that people still give it great reviews. The better news is there's a version of Excel For Dummies for every version of the application released since then. If you don't want to take your chances on a book published before there was a Google or an Amazon, look for the version of the book specific to the version of Excel you're using, such as Excel 2019 All-in-One For Dummies.
