Fundamentals of Cost Accounting provides a direct, realistic, and efficient way to learn cost accounting, integrated with new technology learning tools. Fundamentals is short (approximately 700 pages) making it easy to cover in one semester. The authors have kept the text concise by focusing on the key concepts students need to master. The Decision opening vignettes and Business Application boxes show realistic applications of these concepts throughout. All chapters conclude with a Debrief that links the topics in the chapter to the decision problem faced by the manager in the opening vignette. Comprehensive end-of-chapter material provides students with all the practice they need to fully learn each concept. McGraw-Hill Connect Accounting Plus provides students every advantage as they strive to understand the key concepts of cost accounting and its role in business. Connect Accounting Plus offers a complete digital solution with a robust online learning and homework management system, an integrated media-rich eBook, assignable end-of-chapter material, algorithmic functionality, and reporting capabilities. Contained within Connect Accounting is McGraw-Hill's adaptive learning system, LearnSmart, which is designed to help students learn faster, study more efficiently, and retain more knowledge for greater success. Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition of Managerial Accounting by Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest

strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Managerial Accounting 8ce focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course. Quickly get up-to-speed in all basic accounting principles and procedures and apply that knowledge to real-world financial decisions and requests The McGraw-Hill 36-Hour Accounting Course has been the gold standard for anyone looking for a fast, no-nonsense primer in all the fundamentals of financial, managerial, and tax accounting concepts. Now thoroughly revised and updated, the fourth edition features new coverage of the technological developments in the field, the recent sweeping tax reforms, and the latest Financial Accounting Standards Board pronouncements. The McGraw-Hill 36-Hour Accounting Course offers such up-to-date coverage as: Complete analysis of the current trends in computer hardware and accounting software Coverage of current tax issues, such as the revision of tax rate structure, new deductions and credits for higher education costs, and taxation of Social Security benefits New test problems throughout to help you gauge your progress, as well as a final exam that can earn you a Certificate of Achievement Complete with a doable study plan, The McGraw-Hill 36-Hour Accounting Course is your fast track to easily mastering the essentials of accounting in the shortest time possible. Addresses traditional cost concepts, but makes cost accounting functional by focusing on measuring and managing costs. The real-world approach of this text, including the use of focus companies and the accompanying focus sites, provides a realistic business environment, and aids in student comprehension and interest in the subject.
