Thirty years ago Bill McKibben offered one of the earliest warnings about climate change. Now he broadens the warning: the entire human game, he suggests, has begun to play itself out. Bill McKibben's groundbreaking book *The End of Nature* -- issued in dozens of languages and long regarded as a classic -- was the first book to alert us to global warming. But the danger is broader than that: even as climate change shrinks the space where our civilization can exist, new technologies like artificial intelligence and robotics threaten to bleach away the variety of human experience. Falter tells the story of these

converging trends and of the ideological fervor that keeps us from bringing them under control. And then, drawing on McKibben's experience in building 350.org, the first truly global citizens movement to combat climate change, it offers some possible ways out of the trap. We're at a bleak moment in human history -- and we'll either confront that bleakness or watch the civilization our forebears built slip away. *Falter* is a powerful and sobering call to arms, to save not only our planet but also our humanity. Rock star drummer Bishop Riley just needs a few months to relax and detox before his band's next tour. But the last place he expected to do it is in Seldon, Alaska. And the last person he wants to do it with is Penny Jones. Fiery, headstrong Penny has zero in common with the cocky, too-hot-for-his-own-good Bishop, and she'd like to keep it that way. But the more Bishop gets under her skin, the more she wants to let him in. And the more Penny lets him see, the more Bishop wants to know this stubborn girl with the killer body and soulful eyes. The simmering heat between them won't go away, no matter how hard either of them tries. Their time together in Alaska may be running out--but so is their resolve for not taking a chance on love. Queer community sports leagues, by their sheer numbers, are changing the energy and space of school gyms and community recreational spaces. Some leagues are well-established - having been in existence for over twenty-five years - whereas others are relatively new, but their collective presence tells stories about the shifting dynamics of queer communities in Canada. *Who's Coming Out to Play* considers the potential of queer community sports to disrupt notions of the embodiment of gender and community, while maintaining an awareness of numerous factors that limit this potential. Exploring queer teams and leagues of varying sizes and from various locations, this book focuses on leagues that have previously identified as women's or lesbian and are now becoming trans and genderqueer inclusive. Queer community leagues are based in a commitment to community building, prioritizing fun, socializing, and inclusivity over competing or winning. As a result of these commitments, these spaces and the people who come to play in them reflect new ways of being in and with bodies, different ways of embodying gender, and new or different forms of engagement - notably distinct "rules of play" - within sporting arenas. *Who's Coming Out to Play* paints a vivid picture of the lived experiences of queer bodies in queer sporting

spaces, exploring both the possibilities and the continued problems they face. Introduce young children to the wonders of science Using this book as a guide, you and your favorite budding scientist can have fun exploring the world while you help your child learn about science and develop important science process skills. You may think it's hard to get young children interested in science, but just watch their eyes light up when they make bouncy blubber or play clay, or when you venture out together in the backyard or local park for a bug-collecting expedition. These are the kind of everyday explorations that give kids a great foundation for a lifetime of science learning. In this terrific collection of fun, kid-tested science activities, bestselling children's science writer and former teacher Janice VanCleave has combined her favorite science activities for young people into one jumbo-sized book that you and your children will love. Janice VanCleave's Big Book of Play and Find Out Science Projects includes over 50 easy-to-do activities and is divided into four parts: **PHYSICAL SCIENCE:** Encourage kids to get physical with science with questions such as: How does a compass work? Why do I have to wear a seat belt? Why can't I catch a rainbow? Why does my hair stick to a comb? **NATURE:** Help children answer questions naturally including: Why do cats' eyes glow in the dark? How do fish move up and down in the water? Why do plants move toward the sun? Can squirrels really fly? **BUGS:** Challenge the science bug in kids with questions such as: Why do fireflies light up? How do butterflies drink? Where do spiders come from? Why are walkingsticks hard to find? **HUMAN BODY:** Capture children's imaginations about the whole body of science with questions like these: Why do I have hair on my body? How does my heart sound? Why do foods taste different? Why are my bones hard? Have a ball with Dr. Seuss and the Cat in the Hat in this classic picture book...but don't forget to clean up your mess! A dreary day turns into a wild romp when this beloved story introduces readers to the Cat in the Hat and his troublemaking friends, Thing 1 and Thing 2. A favorite among kids, parents and teachers, this story uses simple words and basic rhyme to encourage and delight beginning readers. Then he said "That is that." And then he was gone With a tip of his hat. Originally created by Dr. Seuss himself, Beginner Books are fun, funny, and easy to read. These unjacketed hardcover early readers encourage children to read all on their own, using simple words and

illustrations. Smaller than the classic large format Seuss picture books like *The Lorax* and *Oh, The Places You'll Go!*, these portable packages are perfect for practicing readers ages 3-7, and lucky parents too! A guide to more than seventy classic and contemporary playground games provides instructions for such favorites as kick the can, freeze tag, and sardines, in a volume that also includes tips for adults on how to encourage and facilitate outdoor play. Rev up your engines as you have fun with Hot Wheels in this new interactive press out and play activity book. The phenomenal growth of gaming has inspired plenty of hand-wringing since its inception--from the press, politicians, parents, and everyone else concerned with its effect on our brains, bodies, and hearts. But what if games could be good, not only for individuals but for the world? In *Power Play*, Asi Burak and Laura Parker explore how video games are now pioneering innovative social change around the world. As the former executive director and now chairman of Games for Change, Asi Burak has spent the last ten years supporting and promoting the use of video games for social good, in collaboration with leading organizations like the White House, NASA, World Bank, and The United Nations. The games for change movement has introduced millions of players to meaningful experiences around everything from the Israeli-Palestinian conflict to the US Constitution. *Power Play* looks to the future of games as a global movement. Asi Burak and Laura Parker profile the luminaries behind some of the movement's most iconic games, including former Supreme Court judge Sandra Day O'Connor and Pulitzer-Prize winning authors Nicholas Kristof and Sheryl WuDunn. They also explore the promise of virtual reality to address social and political issues with unprecedented immersion, and see what the next generation of game makers have in store for the future. Filling a long-standing gap both in women's history and in the material history of class culture, this book is a unique and necessary reassessment of the social and cultural scene during the inter-war period in England. By combing over the everyday practices of working-class girls in 1920s and 30s England, including a sharp focus on Bermondsey south-east London and oral testimony from women who grew up in the period, Milcoy demonstrates the persistence and ingenuity with which these teenagers gained access to the commercial leisure culture of the day, from hairstyles and fashionable dress to films, music, and dances. She shows how this access had

a startling ripple effect, transforming the way young women rehearsed and contested their identities so that play, rather than work, became the primary mechanism for defining subjectivity and constructing femininity. When the Girls Come Out to Play is a refreshing and nuanced take on the social and cultural history of England between the World Wars. One book, so many ways to play! Acclaimed artist and designer Laura Ljungkvist invites children to punch out 10 different puzzles and 13 classic games, such as Memory, Go Fish, and Dominoes. Packed with fun, graphic artwork, a variety of games, and plenty of colorful envelopes for easy storage, this book provides hours of play for kids of all ages—all in an attractively priced package. This oversized, interactive board book offers a robust introduction to everyday tools and encourages lively, interactive play for children and adults. Includes removable cardboard screwdriver, saw, and hammer and four nails, along with an embedded tape measure and screws. Full color. Consumable. Piggie can't wait to go and play in the sunshine. But will a rainy day ruin all the fun? Told entirely in speech bubbles with a repetitive use of familiar phrases, this original book encourages children who are just learning to read. What if practical inspiration could be as simple as an eye-opening, heartfelt song? From Grammy-winning star performer, husband, and father, Tim McGraw, comes a beautiful keepsake book, inspired by his uplifting hit, "Humble and Kind." Humble and Kind is the keepsake hardcover volume that combines the emotional power of Tim McGraw's uplifting #1 single and video "Humble and Kind" to elegant line illustrations in a gift book for all seasons. Inspired by McGraw's own life experience as his eldest child embarked on her college career, every parent and graduate can relate to Humble and Kind; with tender clarity, the words reinforce lessons for mindful, compassionate living. The song's pure poetry not only propelled the single up the charts, but its accompanying video—gorgeously produced with images courtesy of Oprah Winfrey's documentary "Belief"—has been viewed by tens of millions since its release, and inspired a community movement at stayhumbleandkind.com. Featuring an introduction from McGraw and an epilogue by the songwriter Lori McKenna, Humble and Kind is a deeply affecting call to action, and the perfect memento for millions of graduates, parents, and children across the continent. Do your children know how to grow potatoes, where to see a dragon-fly or how to fire a rocket? Are you one of the 82%

of teachers who think their school isn't making as much use of their grounds as they should? Do you know how to make the most of your outdoor teaching and learning spaces? *Learn and Play Out* is an inspirational, accessible and pragmatic set of resources for making changes to Primary school playgrounds in order to provide high quality learning and play experiences. Drawing on *Learning through Landscapes'* experience in working with thousands of primary schools, it provides practical support to improve the use, design and management of your outdoor area. More schools are seeing the benefits of their pupils spending longer periods of their school day outside, with research showing that this improves attainment, behaviour, motivation and self-esteem. For many schools however, the environment of their grounds does not meet the needs of their pupils. This toolkit helps them assess what they already have, work through what their needs are, and inspires them to take the next steps forward to make physical and practical improvements to their grounds. Featuring a CD ROM with a comprehensive and fully adaptable audit tool, plus activities and case study resources to support your work, the handy toolkit provides: An overview of what your school grounds can do for you; A step-by-step process to work through; Advice on how to involve the whole school community in planning changes; Guidance on managing your school grounds project; Practical activity ideas to involve children and adults. This illustrated resource which contains over 140 full colour photos will make it as easy as possible for teachers, parents and school governors to plan and manage a playground improvement project, involving children at the core of the work and linking the process and improved school grounds to curriculum learning objectives. It's a busy day on the construction site and the builders need all the help they can get! Using the themed pop-out play pieces, perfect for little hands to hold, children can help the workers with their jobs and then put the tools back in the right places. With easily recognizable objects such as a hammer and nails, saw, electric drill, and screwdriver, children will love getting into character and acting out real life roles. Once play is over, the pieces double up as a jigsaw puzzle, as children call upon skills of problem solving and logic to decide where the play pieces belong. National bestseller – Based on the classic folk song made famous by a beloved trio of children's entertainers, this board book is best sung aloud! "Skinnamarink" is a timeless

anthem of love and inclusion. What does "skinnamarink" mean? You may not find its definition in a dictionary, but the meaning is clear to the generations of children who sang along: friendship, happiness, sharing, community and, ultimately, love. This song has been sung in weddings and in classrooms. It can be fun and silly – especially with the accompanying actions! And it has a way of bringing people together. Through Qin Leng's wonderfully imaginative illustrations, this delightful board book tells the story of a community coming together. Young and old, from little mice to a big elephant, people and animals gather into a spontaneous parade as they follow the sound of music. Sharon, Lois and Bram formed as a trio of children's entertainers in Toronto in 1978 and went on to create two top-rated children's television shows, most notably *The Elephant Show*, and to release 21 full-length albums (many of which reached gold, platinum, double platinum and triple platinum). In 2018, Sharon and Bram celebrated their 40th anniversary and they continue to entertain children and share their message of love. AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK

Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the *Sh*t I Do List*. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, *Fair Play* helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and

interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in. Pig leaves his sty to eat and play. On board pages. Cheyenne wants to go outside and play. She invites you to come with her as she explores all the things you can do outdoors. Join Cheyenne as she explores playtime activities through song and pictures. Sing along as she sings a song about playing together. Pony comes out from the barn to gallop through the fields. On board pages. Taro Gomi invites children to punch out more than 60 fantastic playthings, including ring-toss games, finger puppets, boxes, picture frames, a zoo's worth of animals, and more! Packed with Gomi's fun, accessible artwork and a delightful variety of games and toys, this book will appeal to children of all ages, engaging their imaginations and entertaining them all day long. Fourteen-year-old Stephanie Rudd runs away to New York City where she falls in love with a pimp and works the streets for him until police officer Calvin Yarbrow helps her find a way back to her family in Pennsylvania. What does Kipper need to get ready for bed?

Find the right spot for each chunky colorful bedtime shape! A revealing look at gender issues in contemporary sport. The first openly gay professional athlete in North America tells the story of his landmark decision to come out of the closet and how he changed the playing field of professional sports forever.

"Rogers made history." —Sports Illustrated Robbie Rogers knows better than most that keeping secrets can crush you. But for much of his life Robbie lived in paralyzing fear that sharing his big secret would cost him the love of his family and his career as a professional soccer player. So he never told anyone what was destroying his soul, both on and off the field. While the world around Robbie was changing with breathtaking speed, he knew that for a gay man playing a professional team sport it might as well be 1958. He could be a professional soccer player. Or he could be an out gay man. He couldn't do both. Then last year, at the age of twenty-five and after nearly stepping away from a brilliant career—one that included an NCAA Championship, winning the MLS Cup, and competing in the Olympics—he chose to tell the truth. But instead of facing the rejection he feared, he was embraced—by his family, by his teammates, and his fans. In *Coming Out to Play*, Robbie takes readers on his incredible journey from terrified teenager to a trailblazing out and proud professional soccer player for the L.A. Galaxy, who has embraced his new identity as a role model and champion for those still struggling with the secrets that keep them from living their dreams. "My story is about my life. I was born in 1939, and my family literally broke apart when I was "little". I do not recall ever living in a home with my mother and father together. There were several years I spent in foster care; and then living with Mom and then Dad, bouncing back and forth a couple of times, until I was a junior in high school. My father moved, but I didn't. I spent my final year in high school living with a local family, thanks to a basketball coach who took special interest in me. I spent some of my time growing up being a juvenile delinquent; petty theft, shop-lifting, drinking, smoking and other such irresponsible activities. I made a decision to change my life after my freshman year in high school, and went to live with my father, whom I already knew was a strict disciplinarian and a very controlling individual. But, I got the chance to start my life over again at age 15. I made the most of my new start, and I want to tell my story!" "A tour de force of reporting" (The Washington Post) from a

"Indispensable."—The Wall Street Journal "Often heart-breaking, always riveting."—The New York Times Book Review
"Tremendous."—The Plain Dealer Winner of the PEN/ESPN Award for Literary Sportswriting • Winner of the Award for Excellence in the Coverage of Youth Sports Using eight years of unfettered access and a keen sense of a story's deepest truths, journalist George Dohrmann reveals a cutthroat world where boys as young as eight or nine are subjected to a dizzying torrent of scrutiny and exploitation. At the book's heart are the personal stories of two compelling figures: Joe Keller, an ambitious coach with a master plan to find and promote "the next LeBron," and Demetrius Walker, a fatherless latchkey kid who falls under Keller's sway and struggles to live up to unrealistic expectations. Complete with a new "where-are-they-now" epilogue by the author, *Play Their Hearts Out* is a thoroughly compelling narrative exposing the gritty reality that lies beneath so many dreams of fame and glory. One of GQ'S 50 Best Books of Literary Journalism of the 21st Century • One of the Best Books of the Year: Los Angeles Times, The Christian Science Monitor, Kirkus Reviews This edition includes an exclusive conversation between George Dohrmann and bestselling author Seth Davis. *Mother Goose herself invites kids to come out to play with all their favorite nursery rhyme characters in this popular Mother Goose rhyme. Girls and boys, come out to play, The moon doth shine as bright as day. Parents looking for bedtime stories with a fresh twist on a familiar nursery rhyme need look no further. Using the popular Girls and Boys Come Out to Play Mother Goose poem as a backdrop, illustrator Tracey Campbell Pearson spins an exciting visual narrative in which Mother Goose invites children on a city block to come out and play, taking them on a moonlit adventure in verse. Young readers will love pouring over Tracey's richly detailed artwork full of diverse kids, animals, and beloved nursery rhyme characters, including Humpty Dumpty, Jack and Jill, and Old King Cole. After the fun is over, Mother Goose leads everyone home to sleep snug in their beds. When little mouse accepts the cat's invitation to play, he doesn't know what kind of game the cat really has in mind.
