Atmosphere of Mona Sep 27 2020 ?In this stunning meditative piece of

prose poetry, intertwined with beautiful black and white photographs, Matthew Shaw explores the relationship between self and space, effortlessly weaving profound explorations of nature, time, history, spirituality, myth and growth in his ode to the annual cycle of seasons. Reviews It is a masterwork - from the opening majestic image to the closing one. It's a great flow of words, slowing, gathering pace, surging - as nature does. It provokes thoughts and anxieties, yet there is such joy and tenderness, a balm, 'a doorway of hope', with 'nature more determined than tarmac.' It is personal and profound, written by a man whose eyes and senses miss very little; would that I could experience all that Matthew Shaw does in his epic Atmosphere of Mona. - Shirley Collins, folk singer and author of All in the Downs Matthew Shaw channels reverse traditions into the future via music/word gnosis, landscape as character/life, and a connection to the heart that is as direct, and spontaneous, as it is unerringly true. - David Keenan, critic, musician and author England's Hidden Reverse, This is Memorial Device and For the Good Times He casts individual notes as words. Verticals which he gently demands we pause to taste; seeds, pathways, gateposts and lenses. These poems hold space and breath in a Haiku of moments; the drift of the music cupped, stopping us dead in our tracks. Now the flow and ebb, which he mastered before, watches the singularity of the moment. The stand still to breath in the actual moment. The primal zen of now. - Brian Catling, author of The Vorrh trilogy and Earwig Matthew Shaw is a magnificent voice of the nature spirit as well as the human spirit. He combines beautiful feelings with clear thoughts. I am always inspired by the depth of his powerful poems - Satish Kumar, former editor of Resurgence, ecologist and author

Her Name Was Amber Oct 29 2020 From Matt Shaw, the author of Sick B*stards, the Octopus Trilogy and Below Deck, comes a new extreme horror about love and revenge. When Amber met him, she was a struggling artist on the bottom rung of the ladder. He was at the top of his game and adored by millions. In an ill-advised relationship, Amber used him to further her own career and popularity. When she had got all she could from him, she chewed him up and spat him out. Amber told all who would listen how she lived in fear of him. She revealed how he regularly beat her and pushed her around.

Her imagination had no limits when it came to the lies she'd spit forward. While some people refused to believe her, others sided with her and turned their back on the man they once loved. But, from all those who heard her, one man decided to step forward and show her what it was really like to live in fear from someone. Genre: Psychological horror

My Pug Is an Asshole Jul 18 2022 'I WANT A DOG!' Who hasn't heard that screamed from a child or partner? They want a dog but you don't want one because you know it will be your responsibility to look after it when they grow bored. Well, this book isn't necessarily for you. This book is for those who want a dog but have no idea what they're really letting themselves in for. You see, I wanted a dog. I was one of those annoying people ranting and raving how badly I wanted one. 'Now I am an adult, I should be allowed to get a dog! It's my house!' I got my dog. I got what I wanted. I even chose the dog. Now, as I sit here typing out this blurb, I weep. Why did I do this to

myself? Why have I just committed to this little bastard for God knows how many years? If you want a dog of your own. Read this book. The Island Jun 17 2022 The Island Ten contestants were sent to a deserted island in the Pacific Ocean, where they'd be left to fend for themselves for a number of weeks, as part of a new reality television show. After a quick weekend learning basic survival skills, these people were dumped on the island's shoreline with basic rations, basic tools and equipment they could use to document their journey. Also tucked in the supplies were radios with which to communicate with the show's producers if they needed evacuation at any point. The purpose of the show was simple: See if modern man and woman still had the skills to survive away from the comforts every day life now provided them... .. But when things go wrong they quickly learn that they're very much alone and part of a much, much darker reality television program. From the makers of ""The Game."".

*The Holy F*cking Bible* Dec 31 2020 The Holy Bible, according to Matt Shaw. Taking the popular stories from the Bible and giving them a horror twist; this book is not intended to be used as a way of preaching your beliefs. God would probably frown down upon such usage, but if you wanted to put your feet up and chuckle along with some dark humour then - God would surely approve. For fans of the original book, this isn't for you. You won't like this. Don't read it. Don't be mad at me for writing it though because, if you think about it, I am still getting the important stories out there. Kind of.

1000 Severed Dicks Mar 02 2021 If you have ever been cheated on, you know how much it hurts. Your soul feels as though it is literally ripped straight from your body, along with your heart. Your heart, dropped to the

It feels as though you'll never recover and - who knows - maybe you won't. That's why he does what he does. It's for people like you. Monster Aug 07 2021 **WARNING: THIS IS AN EXTREME HORROR NOVEL.** There is gore. There is bad language. There are scenes of a sexual nature. There are scenes of domestic abuse. But hidden underneath it all is also a chilling story. Please do not purchase this book if you are easily shocked, disgusted or offended. This book is not for you. Teaming up together for the first time since 'ART', Michael Bray (Whisper) and Matt Shaw (Sick B*stards) bring you **MONSTER**; the haunting tale of a normal woman who wakes up to find herself part of a nightmare. "He's there, standing in the doorway. Seven foot tall, a face hidden beneath a mask of stretched, rotting skin. He isn't saying anything. He's just watching me, his head cocked to one side as though judging me. I pulled on the restraints but they didn't budge. I was trapped. I was his prisoner. I asked him what he wanted but he just repeated my sentence in a childish voice. I asked him for a second time and, for a second time, he repeated me. When I screamed, he screamed, raising his hands to his ears and closing his eyes as though my panicked yelling scared him. Who is he? What does he want with me? I begged for him to let me go and he responded by repeating me - again - word for word. Frustrated I started screaming. He turned and ran from the room. He didn't go far though. I can hear him out there. I can hear his heavy, wheezy breathing. A couple of seconds went by and he stuck his head around the corner. He didn't move from that spot. He just stood there, watching me once more."

An Inky Business Nov 22 2022 *An Inky Business* is a book about the making and printing of news. It is a history of ink, paper, printing press, and type, and of those who made and read newspapers in Britain, continental Europe, and America from the British Civil Wars to the Battle of Gettysburg nearly two hundred years later. But it is also an account of what news was and how the idea of news became central to public life. Newspapers ranged from purveyors of high seriousness to carriers of scurrilous gossip. Indeed, our current obsession with “fake news” and the worrying revelations or hints about how money, power, and technology shapes and controls the press and the flows of what is believed to be genuine information have dark early-modern echoes.

Pieces Jan 24 2023 Billy Smith's relationship with Sherry started behind his wife's back and saw him being charged per hour of Sherry's time. The more he saw the prostitute, the more Sherry's feelings for him grew. She knew he was a married man but he always told her he wasn't happy with his wife and would soon be leaving her. Soon Sherry stopped charging Billy and saw him as a boyfriend, instead of a client. Billy Smith wasn't going to leave his wife, and certainly not for a whore. He had things "good" at home and had things "better" with being able to see Sherry whenever he wanted, and not be billed. Billy had the perfect life. Until, that is, he heads home after spending the evening with Sherry and sees his wife isn't there. There's no communication from her, other than a text asking where HE is, and he can't reach her on the phone. She had simply disappeared. Just as Billy is about to call the police, he receives a mysterious package. Within the packet? There is a letter detailing how they know of Billy's affair. There is also his wife's severed tongue. If Billy wants the rest of his wife back, and to find out who did it and why, he needs to follow the trail of clues to each hidden package.

My Pug is STILL an Asshole Feb 19 2020 The extended cut of "My Pug is an Asshole" Four years after writing the first book, Matt Shaw decided to revisit his work and add more content which will warn you the dangers of owning such a breed. Read the book, learn about the breed in a fun, lighthearted manner and then - if you STILL want the dog afterwards - you'll be both prepared and know that a pug is the right dog for you. If you read the book

and decide a pug isn't for you, Matt Shaw has saved you immense stress and also saved a dog from going to someone ill-prepared to look after it. Interesting fact since the release of the "My Pug is an Asshole" Some people took to social media when the book first came out. They judged the book by the cover and went on the attack, stating Matt Shaw should never have an animal. They entirely missed the point of the book. The book was written to highlight little known information about pugs (and other flat face breeds). It's not to poke fun of them, it's not to spread hate. It is to inform of all the issues you, as a new owner, might face IF you purchase such a dog. From the original blurb: 'I WANT A DOG!' Who hasn't heard that screamed from a child or partner? They want a dog but you don't want one because you know it will be your responsibility to look after it when they grow bored. Well, this book isn't necessarily for you. The Farm Nov 10 2021 FARM It was supposed to be a pleasant evening out; a break from the stress of the hard-working week they had both endured. A bite to eat in one of their favourite restaurants and then, if there was time, a movie at the cinema opposite. It had been - her husband - Sam's choice; an impromptu date. Yet his day had been one cock-up after another. Meetings had gone on longer than they should have, his phone had run out of battery and every single traffic light seemed to be working against him. By the time he got to the restaurant Sophie wasn't there but - as he would soon discover - she wasn't at home either and neither was she with friends. She was down at The Farm, bound to the wall with thick chains, and she wasn't about to be leaving anytime soon... FARM 2 Following on from the first book in the series, Shane leaves his latest victim screaming in her final agonised moments on this planet. The bodies have mounted up and he knows the authorities are looking for him. Time to move on. Time to find another farm and - once settled - more victims. He can't stop. He won't stop and - within the month - more people will have died for his cause...

Almost Anything Apr 22 2020 A collection of obscure, weird, offensive, gross and twisted short stories! Matt Shaw put a listing up in his store asking

people to challenge him. The idea was, they paid a small fee and gave him a single word. He then had to write a story based upon that word. Why? He wanted to test his imagination and put his brain into overdrive, trying to think of stories based on obscure suggestions which he didn't control. Now some of the suggestions that came through were fairly "normal" and expected but, in those cases, he tried to do something unexpected. We really cannot go into more about that without ruining the surprise for some of the stories but, we are sure you will see what we mean when you get to reading. Essentially he took their word and twisted it. Don't worry, it's not cheating though. The word still figures in the story and is the basis of the story, he just looked at it in a different way is all. Before each story is the name of the person who brought the suggestion to him. He has then given a little introduction to each story and then that leads directly to the short itself. There are some sad stories, some disgusting ones, weird ones, funny ones... Basically this book is a mixed bag when it comes to its genre but, as a result, we think this book is probably the closest you can get to actually seeing his true, weird personality shining through. Or should that be, his personalities?

A Deadly Wandering Jun 05 2021 "Deserves a spot next to Fast Food Nation and To Kill a Mockingbird in America's high school curriculums. To say it may save lives is self-evident." —New York Times Book Review (Editor's Choice) NEW YORK TIMES BESTSELLER • A BEST BOOK OF THE YEAR: San Francisco Chronicle, Christian Science Monitor, Kirkus, Winnipeg Free Press One of the decade's most original and masterfully reported books, A Deadly Wandering by Pulitzer Prize-winning New York Times journalist Matt Richtel interweaves the cutting-edge science of

attention with the tensely plotted story of a mysterious car accident and its aftermath to answer some of the defining questions of our time: What is technology doing to us? Can our minds keep up with the pace of change? How can we find balance? On the last day of summer, an ordinary Utah college student named Reggie Shaw fatally struck two rocket scientists while texting and driving along a majestic stretch of highway bordering the Rocky Mountains. *A Deadly Wandering* follows Reggie from the moment of the tragedy, through the police investigation, the state's groundbreaking prosecution, and ultimately, Reggie's wrenching admission of responsibility. Richtel parallels Reggie's journey with leading-edge scientific findings on the impact technology has on our brains, showing how these devices play to our deepest social instincts. A propulsive read filled with surprising scientific detail, riveting narrative tension, and rare emotional depth, *A Deadly Wandering* is a book that can change—and save—lives.

Aesthetics Equals Politics Mar 22 2020 How aesthetics—understood as a more encompassing framework for human activity—might become the primary discourse for political and social engagement. These essays make the case for a reignited understanding of aesthetics—one that casts aesthetics not as illusory, subjective, or superficial, but as a more encompassing framework for human activity. Such an aesthetics, the contributors suggest, could become the primary discourse for political and social engagement. Departing from the “critical” stance of twentieth-century artists and theorists who embraced a counter-aesthetic framework for political engagement, this book documents how a broader understanding of aesthetics can offer insights into our relationships not only with objects, spaces, environments, and ecologies, but also with each other and the political structures in which we are all enmeshed. The contributors—philosophers, media theorists, artists, curators, writers and architects including such notable figures as Jacques Rancière, Graham Harman, and Elaine Scarry—build a compelling framework for a new aesthetic discourse. The book opens with a conversation in which Rancière tells the volume’s editor, Mark Foster Gage, that the aesthetic is “about the experience of a common world.” The essays following discuss such topics as the perception of reality; abstraction in ethics, epistemology, and aesthetics as the “first philosophy”; Afrofuturism; Xenofeminism; philosophical realism; the productive force of alienation; and the unbearable lightness of current creative discourse. Contributors Mark Foster Gage, Jacques Rancière, Elaine Scarry, Graham Harman, Timothy Morton, Ferda Kolatan, Adam Fure, Michael Young, Nettrice R. Gaskins, Roger Rothman, Diann Bauer, Matt Shaw, Alben Yaneva, Brett Mommersteeg, Lydia Kallipoliti, Ariane Lourie Harrison, Rhett Russo, Peggy Deamer, Caroline Picard Matt Shaw, Managing Editor

Extreme Horror Mar 26 2023 They said I could not become a filmmaker. They said my screenplays were dull and clumsy with thin characterisation. My plots were predictable and endings lame. They said my directing was uninspired and ideas translated poorly to screen. They said my acting was laughable; scenes that were supposed to be tragic caused ripples of laughter. They said I would never make it and that - even if I did - no one wants horror anymore. They want fantasy. They want drama. Comedy, even has its place in the market. Not horror. It's stale. It is stagnant and done to death. Well, whatever they say, I am bringing horror back to the mainstream. It will be shown on every television station and shared across millions of social networking profiles. I am bringing horror back whether the audience wants it or not and it's going to be extreme...
