Masters of the Big House Jul 30 2022 William Kauffman Scarborough has produced a work of incomparable scope and depth, offering the challenge to see afresh one of the most powerful groups in American history—the wealthiest southern planters who owned 250 or more slaves in the census years of 1850 and 1860. The identification and tabulation in every slaveholding state of these lords of economic, social, and political influence reveals a highly learned class of men who set the tone for southern society while also involving themselves in the wider world of capitalism. Scarborough examines the demographics of elite families, the educational philosophy and religiosity of the nabobs, gender relations in the Big House, slave management methods, responses to secession, and adjustment to the travails of Reconstruction and an alien postwar world.

Slavery Remembered Dec 31 2019 *Slavery Remembered* is the first major attempt to analyze the slave narratives gathered as part of the Federal Writers' Project. Paul Escott's sensitive examination of each of the nearly 2,400 narratives and his quantitative analysis of the narratives as a whole eloquently present the differing beliefs and experiences of masters and slaves. The book describes slave attitudes and actions; slave-master relationships; the conditions of slave life, including diet, physical treatment, working conditions, housing, forms of resistance, and black overseers; slave cultural institutions; status distinctions among slaves; experiences during the Civil War and Reconstruction; and the subsequent life histories of the former slaves. An important contribution to the study of American slavery, *Slavery Remembered* is an ideal classroom text for American history surveys as well as more specialized courses.

Slaves and Slavery in Africa Jan 30 2020 First Published in 1986. Routledge is an imprint of Taylor & Francis, an informa company.

***The Cabin and Parlor* Jul 18 2021**

African Slaves, African Masters Sep 07 2020 How do we understand Africa's historical systems of slavery, and what are the enduring political, economic and cultural consequences of those systems for Africa today? What happened after its abolition? Did former masters take action to maintain their privileges? Did former slaves and their descendants resist their continued marginalisation? Or did former masters and former slaves work together to reconfigure their relations with one another? The essays in this volume thoughtfully address these questions by exploring the results from 14 historical studies.

***The Negro in American History* Nov 21 2021**

The Masters and the Slaves (Casa-grande & Senzala) Feb 10 2021

***Black Slaveowners* Feb 05 2023** Most Americans, both black and white, believe that slavery was a system maintained by whites to exploit blacks, but this authoritative study reveals the extent to which African Americans played a significant role as slave masters. Examining South Carolina's diverse population of African-American slaveowners, the book demonstrates that free African Americans widely embraced slavery as a viable economic system and that they--like their white counterparts--exploited the labor of slaves on their farms and in their businesses. Drawing on the federal census, wills, mortgage bills of sale, tax returns, and newspaper advertisements, the author reveals the

nature of African-American slaveholding, its complexity, and its rationales. He describes how some African-American slave masters had earned their freedom but how many others--primarily mulattoes born of free parents--were unfamiliar with slavery's dehumanization.

Devil In The Details I - The Art of Mastery - A Mentoring Trilogy Jan 12 2021
"A fascinating look into the BDSM culture like never before, The Devil In The Detatils trilogy is a refreshing new perspective on the sustainability of power exchange relationships, in the 21st century."--Publisher's description.

Kidnapped As Gay Sex Slaves Vol 3 a MASTER's PAIN: Bruce and His Master Aug 19 2021

Cannibals All! Mar 06 2023 Southern intellectual George Fitzhugh provides a passionate defense of slavery in this nearly 400-page volume published in 1857. Further developing ideas in his previous work *Sociology for the South*, Fitzhugh not only defends slavery but attacks the entire liberal tradition. Attacking Adam Smith, John Locke, Thomas Jefferson and others, Fitzhugh argues that free markets are harmful to society by forcing the lower classes into crushing labor and poverty. The answer, Fitzhugh argues, is slavery--not only for blacks, but for whites as well. "Slavery," he writes, "is a form, and the very best form, of socialism."

Black Slaves, Indian Masters Oct 21 2021 From the late eighteenth century through the end of the Civil War, Choctaw and Chickasaw Indians bought, sold, and owned Africans and African Americans as slaves, a fact that persisted after the tribes' removal from the Deep South to Indian Territory. The tribes formulated racial and gender ideologies that justified this practice and marginalized free black people in the Indian nations well after the Civil War and slavery had ended. Through the end of the nineteenth century, ongoing conflicts among Choctaw, Chickasaw, and U.S. lawmakers left untold numbers of former slaves and their descendants in the two Indian nations without citizenship in either the Indian nations or the United States. In this groundbreaking study, Barbara Krauthamer rewrites the history of southern slavery, emancipation, race, and citizenship to reveal the centrality of Native American slaveholders and the black people they enslaved. Krauthamer's examination of slavery and emancipation highlights the ways Indian women's gender roles changed with the arrival of slavery and changed again after

emancipation and reveals complex dynamics of race that shaped the lives of black people and Indians both before and after removal.

Accounting for Slavery Dec 03 2022 Caitlin Rosenthal explores quantitative management practices on West Indian and Southern plantations, showing how planter-capitalists built sophisticated organizations and used complex accounting tools. By demonstrating that business innovation can be a byproduct of bondage Rosenthal further erodes the false boundary between capitalism and slavery.

Dear Master Jan 04 2023 "Dear Master" is a rare firsthand look at the values, self-perception, and private life of the black American slave. The fullest known record left by an American slave family, this collection of more than two hundred letters--including seven discovered since the book's original appearance--reveals the relationship of two generations of the Skipwith family with the Virginia planter John Hartwell Cocke. The letters, dating from 1834 to 1865, fall into two groups. The first were written by Peyton Skipwith and his children from Liberia, where they settled after being freed in 1833 by Cocke, a devout Christian and enlightened slaveholder. The letters, which tell of harsh frontier life, reveal the American values the Skipwiths took with them to Africa, and express their faith in Liberia's future and pride in their accomplishments. The second group of letters, written by George Skipwith and his daughter Lucy, originate from Cocke's Alabama plantation, an experimental work community to which Cocke sent his most talented, responsible slaves to prepare them for the moral and educational challenges of emancipation. George, a "privileged bondsman," was a slave driver. His letters about the management of the plantation include reports on the slaves' conduct and any disciplinary actions he took. Readers can sense George's pride in his work and also his ambivalence toward his role as leader in the slave hierarchy. Lucy, Cocke's chief domestic slave, was the plantation nurse and teacher. Her letters, filled with details about spiritual, familial, and health matters, also display her skill at exploiting her master's trust and her uncommon boldness, for she spoke against whites to her master when she felt they hampered his slaves' education. "Dear Master" affirms that these slaves and former slaves were not simply victims; they were actors in a complex human drama. The letters imply trust and affection between master and slave, but there were other motives as well for the letter-writing. The Liberian Skipwiths needed American-made supplies; moreover, the whole family may have viewed their relationship with Cocke as a chance to help free other slaves.

In his new preface, Miller reevaluates his book in light of changes in the historiography of American slavery over the past decade.

The Masters and the Slaves Apr 14 2021 This collection presents a comparative study of the impact of slavery on the literary and cultural imagination of the Americas, and also on the impact of writing on slavery on the social legacies of slavery's history. The chapters examine the relationship of slavery and master/slave relations to nationalist projects throughout the Americas - the ways in which a history of slavery and its abolition has shaped a nation's identity and race relations within that nation. The scope of the study is unprecedented - the book ties together the entire 'Black Atlantic', including the French and Spanish Caribbean, the US, and Brazil. Through reading texts on slavery and its legacy from these countries, the volume addresses the eroticization of the plantation economy, various formations of the master/slave dialectic as it has emerged in different national contexts, the plantation as metaphor, and the relationship between texts that use cultural vs biological narratives of mestizaje (being interracial). These texts are examined with the goal of locating the origins of the different notions of race and racial orders that have arisen throughout the Americas. Isfahani-Hammond argues that without a critical revisiting of slavery and its various incarnations throughout the Americas, it is impossible to understand and rethink race relations in today's world.

Casa-grande E Senzala Apr 07 2023

Slaves and Masters in the Ancient Novel May 16 2021 The present volume contains revised versions of most of the papers that were delivered at RICAN 7, which was held in Rethymnon, Crete, on 27-28 May 2013. The focus of the conference was on the portrayal and function of male and female slaves and their masters/mistresses in the ancient novel and related texts; the complex relationship between these social categories raises questions about slavery and freedom, gender and identity, stability of the self and social mobility, social control and social death. The papers offer a wide and rich range of perspectives: enslavement of elite women in Chariton's Callirhoe and Stoic ideas of moral slavery in Dio Chrysostom (Hilton); reversal of social status and techniques of (self-)characterization in Chariton (De Temmerman); the interaction between implicit and explicit narratives of slavery in Chariton and its effect on the readers of the novel (Owens); the narratological, structural and symbolic centrality of slavery in Xenophon's Ephesiaka (Trzaskoma); the socio-historical dimensions of slavery and the prominent discourse on

despotism in Iamblichus' *Babyloniaca* (Dowden); the balance between historical accuracy and fiction in the representation of slavery in Achilles Tatius (Billault); animals, human slaves and elite masters, and the presence of Rome in Longus' *Daphnis and Chloe* (Bowie); the distribution of slaves on the geographical, cultural and moral maps drawn in Heliodorus' *Aithiopika* (Montiglio); slave women and their relationships to their mistresses as positive and negative paradigms of love in Heliodorus' *Aithiopika* (Morgan and Repath); the freedman's world as a self-perpetuating and closed universe in Petronius' *Satyrica* (Bodel); beauty, slavery and the destabilization of societal norms and authority figures in Petronius' *Satyrica* (Panayotakis); the interaction between Roman comedy and elegy in the representation of the relationship of Lucius and Photis in Apuleius' *Metamorphoses* (May); a comparative analysis of the semantics and function of slavery-related terms in pseudo-Lucian's *Onos* and Apuleius' *Metamorphoses* (Paschalis); enslaved and free storytelling in the *Life of Aesop* and the history and evolution of the ancient fable tradition (Lefkowitz).

Masters and Statesmen Jan 24 2022 Greenberg shows how planters and statesmen grappled with contradictory ideas and uses of power... His fresh insights on statesmanship, dueling, political parties and representation, the proslavery movement, and the origins and dynamics of Southern nationalism and secession give new vigor to these topics. -- Library Journal

Master of the Mountain Aug 31 2022 Is there anything new to say about Thomas Jefferson and slavery? The answer is a resounding yes. *Master of the Mountain*, Henry Wiencek's eloquent, persuasive book—based on new information coming from archaeological work at Monticello and on hitherto overlooked or disregarded evidence in Jefferson's papers—opens up a huge, poorly understood dimension of Jefferson's world. We must, Wiencek suggests, follow the money. So far, historians have offered only easy irony or paradox to explain this extraordinary Founding Father who was an emancipationist in his youth and then recoiled from his own inspiring rhetoric and equivocated about slavery; who enjoyed his renown as a revolutionary leader yet kept some of his own children as slaves. But Wiencek's Jefferson is a man of business and public affairs who makes a success of his debt-ridden plantation thanks to what he calls the "silent profits" gained from his slaves—and thanks to a skewed moral universe that he and thousands of others readily inhabited. We see Jefferson taking out a slave-equity line of credit with a Dutch bank to finance the building of Monticello and deftly

creating smoke screens when visitors are dismayed by his apparent endorsement of a system they thought he'd vowed to overturn. It is not a pretty story. Slave boys are whipped to make them work in the nail factory at Monticello that pays Jefferson's grocery bills. Parents are divided from children—in his ledgers they are recast as money—while he composes theories that obscure the dynamics of what some of his friends call "a vile commerce." Many people of Jefferson's time saw a catastrophe coming and tried to stop it, but not Jefferson. The pursuit of happiness had been badly distorted, and an oligarchy was getting very rich. Is this the quintessential American story?

Cannibals All! Or, Slaves Without Masters Sep 19 2021 This collection of literature attempts to compile many of the classic works that have stood the test of time and offer them at a reduced, affordable price, in an attractive volume so that everyone can enjoy them.

Where the Negroes Are Masters Mar 14 2021 Annamaboe--largest slave trading port on the Gold Coast--was home to wily African merchants whose partnerships with Europeans made the town an integral part of Atlantic webs of exchange. Randy Sparks recreates the outpost's feverish bustle and brutality, tracing the entrepreneurs, black and white, who thrived on a lucrative traffic in human beings.

On The Threshold of Freedom Apr 26 2022 In this enlightening study, Clarence L. Mohr follows the demise of chattel slavery in one state of the Confederate South. Like the slavery regime itself, Mohr's story is biracial in character, embracing the perspectives of both blacks and whites as they struggled to comprehend the approach of black freedom within a framework of attitudes and assumptions shaped by decades of mutual exposure to Georgia's peculiar institution. By exploring in detail the changing patterns of black-white interaction that preceded legal emancipation in 1865, *On the Threshold of Freedom* defines central tendencies within Georgia slavery and suggests important links between antebellum life and the events of early Reconstruction.

Maddox - English Edition: Masters & Slaves May 08 2023 Gun saved the Queen's life, and his reward will be a slave of his own, chosen from among all those for sale in the market. But he doesn't want an ordinary slave, he wants a strong, handsome one. But the most important thing is a slave that's not already submissive and obedient - he wants a man to tame... When he sees Maddox, he immediately recognizes that this is the kind of slave he was looking for. This is the one he wants. Luckily for him, the Queen is prepared

to spend any amount to make him happy...Maddox had been captured and reduced to slavery only two weeks earlier, and he would never dream of submitting without a fight, but as he gets to know his new master, something changes inside him, and perhaps freedom isn't the only thing that counts...Two strong men who have to learn how to get to know and respect each other will manage to find common ground and mutual understanding...It isn't a historical novel

The Masters and the Slaves Nov 02 2022

Freedom: Volume 1, Series 1: The Destruction of Slavery Dec 23 2021
Contains primary source material.

Slaves No More Nov 09 2020 Three essays present an introduction and history of the emancipation of the slaves during the Civil War.

Slaves and Slaveholders in Bermuda, 1616-1782 May 04 2020 **Slaves & Slaveholders in Bermuda, 1616-1782**, offers a fresh perspective on the complex relationship between racism & slavery in the often overlooked second-oldest English colony in the New World. As the first blacks were brought onto the islands not specifically for slave labor, but for their expertise as pearl divers & cultivators of West Indies plants, Bermuda's racial history began to unfold much differently from that of the Caribbean islands or of the North American mainland. Bermuda's history records the arrival of the first blacks, the first English law passed to control the behavior of the "Negroes," & the creation of ninety-nine-year indentures for black & Indian servants. Slavery may have dictated & strained the relationships between whites & blacks, but in this smallest of English colonies it differed from slavery elsewhere because of the uniquely close master-slave relations created by Bermuda's size & maritime economy. At only twenty-one square miles in size, Bermuda saw slaves & slaveholders working & living closer together than in other societies. Additionally, the emphasis on maritime pursuits offered slaves a degree of autonomy & a sense of identity unequalled in other English colonies. This groundbreaking history of Bermuda's slavery reveals fewer runaways, less-violent rebellions, & relatively milder punishments for offending slaves. One anecdote recounts that in 1782, seventy black seamen offered freedom in Boston voluntarily returned to their Bermuda homes. Bernhard delves into the origins of Bermuda's slavery, its peculiar nature, & its effects on blacks & whites. She bases her study on archival research drawn from wills & inventories, laws & court cases, governors' reports & council minutes. Intended as an introduction to both the history of the islands & the rich sources for further study, this

book will prove invaluable to scholars of slavery, as well as those interested in historical archaeology, anthropology, maritime history, & colonial history.

***Slaves Without Masters* May 28 2022** The prize-winning classic volume by acclaimed historian Ira Berlin is now available in a handsome new edition, with a new preface by the author. It is a moving portrait of the quarter of a million free black men and women who lived in the South before the Civil War and describes the social and economic struggles that were part of life within this oppressive society. It is an essential work for both educators and general readers. Berlin's books have won many prizes and he is widely recognized as one of the leading scholars on slavery and African American life.

The Slaves' Economy Jun 04 2020 Slaves achieved a degree of economic independence, producing food, tending cash crops, raising livestock, manufacturing furnished goods, marketing their own products, consuming and saving the proceeds and bequeathing property to their descendants. The editors of this volume contend that the legacy of slavery cannot be understood without a full appreciation of the slaves' economy.

Black Masters: A Free Family of Color in the Old South Jul 06 2020 "A remarkably fine work of creative scholarship." —C. Vann Woodward, *New York Review of Books* In 1860, when four million African Americans were enslaved, a quarter-million others, including William Ellison, were "free people of color." But Ellison was remarkable. Born a slave, his experience spans the history of the South from George Washington and Thomas Jefferson to Robert E. Lee and Jefferson Davis. In a day when most Americans, black and white, worked the soil, barely scraping together a living, Ellison was a cotton-gin maker—a master craftsman. When nearly all free blacks were destitute, Ellison was wealthy and well-established. He owned a large plantation and more slaves than all but the richest white planters. While Ellison was exceptional in many respects, the story of his life sheds light on the collective experience of African Americans in the antebellum South to whom he remained bound by race. His family history emphasizes the fine line separating freedom from slavery.

Slavery and Abolition, 1831-1841, Vol. 16 of 27 (Classic Reprint) Apr 02 2020
Excerpt from Slavery and Abolition, 1831-1841, Vol. 16 of 27 The first three chapters of this volume describe the social and economic background of the struggle. Chapters v. To ix. Are devoted to a description of the master and slave as they lived together in a social combination Which could be shaken apart only by a great convulsion. Chapters x. To xvii. Take up the obverse of

the medal, the abolitionists and their methods and relation to master, slave, and government. Chapters xviii. And xix. Carry the controversy into the national government. Chapter xx. Is on the political events of Van Buren's administration. Chapter xxi. Is a summary of the actual effects of the movement. The authorities upon which the volume is based are in part enumerated in chapter xxii. But such references cannot include the personal impressions gained from association with southern Whites, with the descendants of slaves. Masters and Slaves in the House of the Lord Feb 22 2022 Much that is commonly accepted about slavery and religion in the Old South is challenged in this significant book. The eight essays included here show that throughout the antebellum period, southern whites and blacks worshipped together, heard the same sermons, took communion and were baptized together, were subject to the same church discipline, and were buried in the same cemeteries. What was the black perception of white-controlled religious ceremonies? How did whites reconcile their faith with their racism? Why did freedmen, as soon as possible after the Civil War, withdraw from the biracial churches and establish black denominations? This book is essential reading for historians of religion, the South, and the Afro-American experience.

The Cambridge World History of Slavery: Volume 2, AD 500-AD 1420 Mar 02 2020 In this volume, leading scholars provide essay-length coverage of slavery in a wide variety of medieval contexts around the globe.

The Masters and the Slaves Dec 11 2020 This collection presents a comparative study of the impact of slavery on the literary and cultural imagination of the Americas, and also on the impact of writing on slavery on the social legacies of slavery's history. The chapters examine the relationship of slavery and master/slave relations to nationalist projects throughout the Americas - the ways in which a history of slavery and its abolition has shaped

a nation's identity and race relations within that nation. The scope of the study is unprecedented - the book ties together the entire 'Black Atlantic', including the French and Spanish Caribbean, the US, and Brazil. Through reading texts on slavery and its legacy from these countries, the volume addresses the eroticization of the plantation economy, various formations of the master/slave dialectic as it has emerged in different national contexts, the plantation as metaphor, and the relationship between texts that use cultural vs biological narratives of mestizaje (being interracial). These texts are examined with the goal of locating the origins of the different notions of race and racial orders that have arisen throughout the Americas. Isfahani-Hammond argues that without a critical revisiting of slavery and its various incarnations throughout the Americas, it is impossible to understand and rethink race relations in today's world.

The Cambridge World History of Slavery: Volume 1, The Ancient Mediterranean World Jun 16 2021 Surveys the history of slavery in the ancient Mediterranean world, concentrating particularly on the societies of ancient Greece and Rome.

The Cambridge World History of Slavery: Volume 3, AD 1420-AD 1804 Oct 09 2020 The various manifestations of coerced labour between the opening up of the Atlantic world and the formal creation of Haiti.

The Sugar Masters Oct 01 2022 Focusing on the master-slave relationship in Louisiana's antebellum sugarcane country, *The Sugar Masters* explores how a modern, capitalist mind-set among planters meshed with old-style paternalistic attitudes to create one of the South's most insidiously oppressive labor systems. As author Richard Follett vividly demonstrates, the agricultural paradise of Louisiana's thriving sugarcane fields came at an unconscionable cost to slaves. Thanks to technological and business innovations, sugar planters stood as models of capitalist entrepreneurship by midcentury. But above all, labor management was the secret to their impressive success. Follett explains how in exchange for increased productivity and efficiency they offered their slaves a range of incentives, such as greater autonomy, improved accommodations, and even financial remuneration. These material gains, however, were only short term. According to Follett, many of Louisiana's sugar elite presented their incentives with a "facade of paternal reciprocity" that seemingly bound the slaves' interests to the apparent goodwill of the masters, but in fact, the owners sought to control every aspect of the slaves's lives, from reproduction to discretionary income. Slaves responded to this display of paternalism by trying to enhance their

rights under bondage, but the constant bargaining process invariably led to compromises on their part, and the grueling production pace never relented. The only respite from their masters' demands lay in fashioning their own society, including outlets for religion, leisure, and trade. Until recently, scholars have viewed planters as either paternalistic lords who eschewed marketplace values or as entrepreneurs driven to business success. Follett offers a new view of the sugar masters as embracing both the capitalist market and a social ideology based on hierarchy, honor, and paternalism. His stunning synthesis of empirical research, demographics study, and social and cultural history sets a new standard for this subject.

Mountain Masters Jun 28 2022 Antebellum Southern Appalachia has long been seen as a classless and essentially slaveless region - one so alienated and isolated from other parts of the South that, with the onset of the Civil War, highlanders opposed both secession and Confederate war efforts. In a multifaceted challenge to these basic assumptions about Appalachian society in the mid-nineteenth century, John Inscoe reveals new variations on the diverse motives and rationales that drove Southerners, particularly in the Upper South, out of the Union. *Mountain Masters* vividly portrays the wealth, family connections, commercial activities, and governmental power of the slaveholding elite that controlled the social, economic, and political development of western North Carolina. In examining the role played by slavery in shaping the political consciousness of mountain residents, the book also provides fresh insights into the nature of southern class interaction, community structure, and master-slave relationships.
