The MX Book of New Sherlock Holmes Stories - Part IX Nov 19 2021 Part IX: 2018 Annual (1879-1895) features contributions by: Deanna Baran, Roger Riccard, David Marcum, Tracy Revels, S.R. Bennett, Nick Cardillo,

Robert Stapleton, Kevin Thornton, Leslie Charteris and Denis Green, Shane Simmons, James Moffett, C.H. Dye, Stephan Gaspar, Marcia Wilson, Sonia Featherstone, Geri Schear, David Friend, Mark Mower, and a poem by Amy Thomas... and Forewords in both volumes by Nicholas Meyer, Roger Johnson, and David Marcum. Once again, the adventures of Sherlock Holmes and Dr. Watson continue in this acclaimed anthology series, with thirty-seven new tales presented in two companion volumes - more Holmes than could fit into one book! In 2015, The MX Book of New Sherlock Holmes Stories was first published, a huge three-book set featuring over sixty new traditional Holmes exploits, all set within the correct time period. Soon, the demand for even more traditional Holmes adventures led to further volumes. The next year brought Part IV: 2016 Annual, and then Part V: Christmas Adventures. In spring 2017 there was Part VI: 2017 Annual, and that fall revealed the massive two-volume set, Parts VII and VIII: Eliminate the Impossible. Now we present another two simultaneous volumes, Parts IX and X: 2018

Annual (1879-1895) and (1896-1916). There can be no argument that Sherlock Holmes is one of the most famous and recognizable figures in the world. There were only sixty narratives brought to us by the original Literary Agent, Sir Arthur Conan Doyle. Clearly that is not enough. Watson once wrote that he kept his unpublished cases in his old Tin Dispatch Box. Now, with the publication of these latest volumes, that box has again been explored by some of today's best Sherlockian writers, all of whom are donating their royalties from these anthologies toward the restoration of Undershaw, one of Sir Arthur Conan Doyle's houses, and the location where The Hound of the Baskervilles and many later Holmes stories were completed. Climb the seventeen steps to the sitting room at 221b Baker Street. Sherlock Holmes and Doctor Watson are waiting... The game is afoot!

New Mobilities Mar 31 2020 In *New Mobilities: Smart Planning for Emerging Transportation Technologies*, transportation expert Todd Litman examines 12 emerging transportation modes and services that are likely to significantly affect our lives: bike- and carsharing, micro-mobilities, ridehailing and micro-transit, public transit innovations, telework, autonomous and electric vehicles, air taxis, mobility prioritization, and logistics management. Public policies around New Mobilities can either help create heaven, a well-planned transportation system that uses new technologies intelligently, or hell, a poorly planned transportation system that is overwhelmed by conflicting and costly, unhealthy, and inequitable modes. His expert analysis will help planners, local policymakers, and concerned citizens to make informed choices about the New Mobility revolution.

Mothers Jan 10 2021 A simple argument guides this book: motherhood is the place in our culture where we lodge, or rather bury, the reality of our own conflicts. By making mothers the objects of both licensed idealization and cruelty, we blind ourselves to the world's iniquities and shut down the portals of the heart. Mothers are the ultimate scapegoat for our personal and political failings, for everything that is wrong with the world, which becomes their task (unrealizable, of course) to repair. Moving commandingly between pop cultural references such as Roald Dahl's Matilda to insights on motherhood in the ancient world and the contemporary stigmatization of single mothers, Jacqueline Rose delivers a groundbreaking report into something so prevalent we hardly notice. Mothers is an incisive, rousing call to action from one of our most important contemporary thinkers.

Murals of New York City Jul 16 2021 If all of the murals of New York City were under one roof, it would be the greatest collection of populist art in America. MURALS OF NEW YORK CITY is the first book to curate over

thirty of the most important, influential, and impressive murals found within all five boroughs. The murals featured in this volume act as both an artistic and cultural guide to New York and its citizens over the past 100+ years—from the Victorian sensibilities of the 1900's, to the New Deal outlook of the WPA-commissioned artworks, to the graffiti-inflected art of Keith Haring and Barry McGee. The book enlightens readers with the lively back stories of those who commissioned and created these murals, and documents the works through extensive original photography that shows both the murals in context, and with details that highlight the artistic hand of the muralists. From courthouses, to libraries, to schoolrooms, to classic hotel watering holes, MURALS OF NEW YORK CITY introduces readers to a wide range of cultural icons and artistic treasures. Full-color images of works by the world's most celebrated artists including Marc Chagall, Roy Lichtenstein, Maxfield Parrish, and more are accompanied by informative and historical commentary. MURALS OF NEW YORK CITY is perfect for art and architecture lovers and serves as a resource for New Yorkers, and a souvenir for the millions of tourists who visit the city every year. The book contains addresses and historical information on each mural, artist, and location, including the circumstances in which they were created, restored, and preserved.

[The Colossus of New York](#) Feb 20 2022 In a dazzlingly original work of nonfiction, the two time Pulitzer-Prize winning author of *The Underground Railroad* and *The Nickel Boys* recreates the exuberance, the chaos, the promise, and the heartbreak of New York. Here is a literary love song that will entrance anyone who has lived in—or spent time—in the greatest of American cities. A masterful evocation of the city that never sleeps, *The Colossus of New York* captures the city's inner and outer landscapes in a series of vignettes, meditations, and personal memories. Colson Whitehead conveys with almost uncanny immediacy the feelings and thoughts of longtime residents and of newcomers who dream of making it their home; of those who have conquered its challenges; and of those who struggle against its cruelties. Whitehead's style is as multilayered and multifarious as New York itself: Switching from third person, to first person, to second person, he weaves individual voices into a jazzy musical composition that perfectly reflects the way we experience the city. There is a funny, knowing riff on what it feels like to arrive in New York for the first time; a lyrical meditation on how the city is transformed by an unexpected rain shower; and a wry look at the ferocious battle that is commuting. The plaintive notes of the lonely and dispossessed resound in one passage, while another captures those magical moments when

the city seems to be talking directly to you, inviting you to become one with its rhythms. *The Colossus of New York* is a remarkable portrait of life in the big city. Ambitious in scope, gemlike in its details, it is at once an unparalleled tribute to New York and the ideal introduction to one of the most exciting writers working today. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle!*
