****Testimonial****I just wanted to drop you guys a line and tell you that I passed my final CLEP exam last Monday which gives me all of the credits I need to graduate. I have taken 30 credits worth of CLEP exams and I've passed them all by using your study guides. I actually purchased one of your

study guides and failed my first test. I didn't fail because of your guide though, I failed because I didn't manage my time effectively and I ran short. I looked at your study guide after failing though, and a lot of the information on your study guide was very relevant to what was on the test. So, I tried again with a different test and a different study guide of yours. I passed. This pattern continues for 30 credits. I graduate on June 9th thanks to you guys, so I wanted to say thank you. The guides were worth every penny. Thanks, -John S.****I would like to thank you for your study guides. I will be graduating in December with two bachelor degrees and CLEP helped me get there quickly. I gained 36 credits through CLEP and your study guides helped me through almost all of them. I can honestly say that I would not have passed many of the tests without your guides. Great products. Thanks!! - Erin W.****

French Grammar (Speedy Study Guides) Aug 16 2020 A special grammar feature that the French language has is that different genders are assigned to adjectives, verbs, and nouns. This means that a single noun, verb, or adjective can have more than one form based on its gender. The different forms of adjectives, verbs, and nouns can also be determined by the genders of certain other parts of a sentence. This can include pronouns, articles, and sentence agreements. For those learning French, this would be considered a valuable grammatical topic to learn because most if not all words spoken and learned have a different form based on their genders.

Learning a new language is never an easy task but it doesn't have to be hard. One thousand words are a perfect number to aim for. It is important to give yourself goals to stay motivated and to keep yourself learning. Imagine if you learnt ten words a day. Five in the morning and five at night. After only a hundred days (that's just over three months) you would have access to one thousand verbs in your vocabulary. That really is quite a lot and would give you an excellent grasp of the language. Far too many people expect to be speaking a new language far too quickly without putting in the time or effort. As a language teacher I can testify to seeing this too many times. I can also say that by exposing yourself to a new language daily you will surely learn it. It does take time and effort but ten words a day will give you a massive boost. If you prefer a slower pace then you could set yourself different goals. The key to learning new vocabulary is to see it in context, that means in use. Seeing how it's used will help you remember the word a lot better. It is also important to understand how that word should be used in a sentence. As a FREE bonus I have included the top one hundred most

used words in French. Yes, I really want you to learn this beautiful language.
