Previous praise: "An excellent successor to Jack Schwager's 'Market Wizards'. I highly recommend it to anyone serious about trading and investing." Zhiwu Chen, Professor of Finance, Yale University School of Management "Mark Ingebretsen subtly debunks the worst day- trading stereotypes. The stories offer real-life lessons that any trader can profit from." Jamie Heller, Editor-at- large, TheStreet.com "Invaluable reading for anyone who considers making money in the stock market a priority." Kris Skrinak, General Manager, ClearStation.com Be the first to write a customer review. Against the backdrop of America's escalating urban rebellions in the 1960s, an unexpected cohort of New York radicals unleashed a series of urban guerrilla actions against the city's racist policies and contempt for the poor. Their dramatic flair, uncompromising socialist vision for a new society, skillful ability to link local problems to international crises, and uncompromising vision for a new society riveted the media, alarmed New York's political class, and challenged nationwide perceptions of civil rights and black power protest. The group called itself the Young Lords. Utilizing oral histories, archival records, and an enormous cache of police surveillance files released only after a decade-long Freedom of Information Law request and subsequent court battle, Johanna Fernandez has written the definitive account of the Young Lords, from their roots as a Chicago street gang to their rise and fall as a political organization in New York. Led by poor and working-class Puerto Rican youth, and consciously fashioned after the Black Panther Party, the Young Lords occupied a hospital, blocked traffic with uncollected garbage, took over a church, tested children for lead poisoning, defended prisoners, fought the military police, and fed breakfast to poor children. Their imaginative, irreverent protests and media conscious tactics won reforms, popularized socialism in the United States and exposed U.S. mainland audiences to the country's quiet imperial project in Puerto Rico. Fernandez challenges what we think we know about the sixties. She shows that movement organizers were concerned with finding solutions to problems as pedestrian as garbage collection and the removal of lead paint from tenement walls; gentrification; lack of access to medical care; childcare for working mothers; and the warehousing of people

who could not be employed in deindustrialized cities. The Young Lords' politics and preoccupations, especially those concerning the rise of permanent unemployment foretold the end of the American Dream. In riveting style, Fernandez demonstrates how the Young Lords redefined the character of protest, the color of politics, and the cadence of popular urban culture in the age of great dreams. A common denominator among most new traders is that, within six months of launching their new pursuit, they are out of money and out of trading. High-Probability Trading softens the impact of this "trader's tuition," detailing a comprehensive program for weathering those perilous first months and becoming a profitable trader. This no-nonsense book takes a uniquely blunt look at the realities of trading. Filled with real-life examples and intended for use by both short- and long-term traders, it explores each aspect of successful trading. Whether you're a full-time trader looking to make a living or a part-time trader looking to make some extra money, the foreign exchange (forex) market has what you desire--the potential to make sizeable profits and 24/7 accessibility. But to make it in today's forex market, you need more than a firm understanding of the tools and techniques of this discipline. You need the guidance of someone who has participated, and prevailed, in this type of fast-paced environment. Raghee Horner has successfully traded in the forex market for over a decade, and now, in *Thirty Days of Forex Trading*, she shares her experiences in this field by chronicling one full month of trading real money. First, Horner introduces you to the tools of the forex trade, and then she moves on to show you exactly what she does, day after day, to find potentially profitable opportunities in the forex market. Part instructional guide, part trading journal, *Thirty Days of Forex Trading* will show you--through Horner's firsthand examples--how to enter the forex market with confidence and exit with profits. An accessible guide for traders looking to boosting profits in the financial markets from a trading superstar Dubbed "The Messiah of Day Trading" by Dow Jones , Oliver Velez is a world-renowned trader, advisor, entrepreneur and one of the most sought after speakers and teachers on trading the financial markets for a living. His seminars and workshops have been attended by tens of thousands of traders the world over. In this highly-focused and effective trading resource Velez imparts seven key lessons to further any trader's education. From market basics to managing trades, trading psychology to investment planning, technical analysis and charts to income versus wealth building, these lessons contain powerful insight and advice far beyond anything you'll find in most introductory trading books. Each section of the book offers clear examples, concise and useful definitions of important terms Includes more than ninety charts illustrating market challenges and opportunities, how to profit from patterns, and much more Written in the parlance of the day trader's world, this book offers you the experience of being taught trading skills by the best of the best Candlesticks are one of the most widely used technical tools in trading. Designed to provide detailed, at-a-glance information, these charts are integrated into almost every web site and charting software

solution. But, despite their popularity, the definitions of these candlestick patterns are often vague and misleading. Now, for the first time ever, Steve Palmquist hands you the secrets for effectively using candlestick patterns in all market conditions. Data that would take years to compile and years to interpret is now at your fingertips. Based on intensive back testing and research, Money-Making Candlestick Patterns shows how to appropriately use the most popular candlestick patterns in bull, bear, and sideways trends. Built from PROVEN FACTS, not theory, you'll learn: Clear definitions of each selected pattern to remove guesswork and improve performance Exactly what you need to know about back testing to increase your wins and minimize your losses The impact of various market conditions on the most powerful patterns to remove surprises and increase profits Keys to eliminating common testing mistakes that can prevent you from making money The candlestick pattern that has shown triple ROI in back testing This book rigorously tests the assumptions inherent in standard candlestick pattern definitions. Each chapter breaks down the pattern to examine how parameters such as current volume, average volume, and price level will impact results. The definitions that most often produce profitable trades are identified and outlined with complete usage instructions for increasing your winning trade percentage. In this book, technician Steve Palmquist hands you his years of research. The information on back testing and the insight into your favorite patterns will give you a seasoned advantage in a fraction of the time. Thorough and efficiently organized, this book will allow you to use candlestick patterns to exploit every move the market makes. As CEO of Velez Capital Management, and cofounder of Pristine.com, Oliver Velez has dedicated his life to spreading the message that you, too, can make a living as a trader. The Global History of Black Girlhood boldly claims that Black girls are so important we should know their histories. Yet, how do we find the stories and materials we need to hear Black girls' voices and understand their lives? Corinne T. Field and LaKisha Michelle Simmons edit a collection of writings that explores the many ways scholars, artists, and activists think and write about Black girls' pasts. The contributors engage in interdisciplinary conversations that consider what it means to be a girl; the meaning of Blackness when seen from the perspectives of girls in different times and places; and the ways Black girls have imagined themselves as part of a global African diaspora. Thought-provoking and original, The Global History of Black Girlhood opens up new possibilities for understanding Black girls in the past while offering useful tools for present-day Black girls eager to explore the histories of those who came before them. Contributors: Janaé E. Bonsu, Ruth Nicole Brown, Tara Bynum, Casidy Campbell, Katherine Capshaw, Bev Palesa Ditsie, Sarah Duff, Cynthia Greenlee, Claudrena Harold, Anasa Hicks, Lindsey Jones, Phindile Kunene, Denise Oliver-Velez, Jennifer Palmer, Vanessa Plumly, Shani Roper, SA Smythe, Nastassja Swift, Dara Walker, Najya Williams, and Nazera Wright

The Global History of Black Girlhood boldly claims that Black girls are so important we should know their histories. Yet, how do we find the stories and materials we need to hear Black girls' voices and understand their lives? Corinne T. Field and LaKisha Michelle Simmons edit a collection of writings that explores the many ways scholars, artists, and activists think and write about Black girls' pasts. The contributors engage in interdisciplinary conversations that consider what it means to be a girl; the meaning of Blackness when seen from the perspectives of girls in different times and places; and the ways Black girls have imagined themselves as part of a global African diaspora. Thought-provoking and original, The Global History of Black Girlhood opens up new possibilities for understanding Black girls in the past while offering useful tools for present-day Black girls eager to explore the histories of those who came before them. Roper, SA Smythe, Nastassja Swift, Dara Walker, Najya Williams, and Nazera Wright The Market Guys, A. J. Monte and Rick Swope, give you all the tools you'll need to start applying their key principles for taking charge of your finances. Monte and Swope have taught hundreds of thousands of investors and savers around the world the dos and don'ts of the financial markets and how to gain control of their money. Now they share their strategies with you in this practical, easy-to-use workbook. The Take Charge of Your Money Now! Workbook includes • an action plan for applying the authors' key strategies to your investments • step-by-step guidance for creating a family budget • advice for selecting a financial advisor • tips for organizing and simplifying your finances • forms, checklists, and worksheets to keep you on track • helpful exercises to help you meet your goals • the 10 common mistakes made in retirement accounts The Take Charge of Your Money Now! Workbook is a must-have guide to protecting your money in these turbulent times. With a basis in environmental history, this groundbreaking study challenges the idea that a meaningful attachment to nature and the outdoors is contrary to the black experience. The discussion shows that contemporary African American culture is usually seen as an urban culture, one that arose out of the Great Migration and has contributed to international trends in fashion, music, and the arts ever since. However, because of this urban focus, many African Americans are not at peace with their rich but tangled agrarian legacy. On one hand, the book shows, nature and violence are connected in black memory, especially in disturbing images such as slave ships on the ocean, exhaustion in the fields, dogs in the woods, and dead bodies hanging from trees. In contrast, though, there is also a competing tradition of African American stewardship of the land that should be better known. Emphasizing the tradition of black environmentalism and using storytelling techniques to dramatize the work of black naturalists, this account corrects the record and urges interested urban dwellers to get back to the land. Before he was the Gray Man, Court Gentry was Sierra Six, the junior member of a CIA action team. In their first mission, they took out a terrorist leader, at a terrible price. Years have passed. The Gray Man is on a simple mission when he sees a ghost: the long-dead terrorist, but he's remarkably energetic for a dead man. A decade of time hasn't changed the Gray Man. He isn't one to leave a job unfinished or a blood debt unpaid. **WHAT EVERY OPTION TRADER NEEDS TO KNOW. THE ONE BOOK EVERY TRADER SHOULD OWN.** The bestselling Option Volatility & Pricing has made Sheldon Natenberg a widely recognized authority in the option industry. At firms around the world, the text is often the first book that new professional traders are given to learn the trading strategies and risk management techniques required for success in option markets. Now, in this revised, updated, and expanded second edition, this thirty-year trading professional presents the most comprehensive guide to advanced trading strategies and techniques now in print. Covering a wide range of topics as diverse and exciting as the market itself, this text enables both new and experienced traders to delve

in detail into the many aspects of option markets, including: The foundations of option theory Dynamic hedging Volatility and directional trading strategies Risk analysis Position management Stock index futures and options Volatility contracts Clear, concise, and comprehensive, the second edition of *Option Volatility & Pricing* is sure to be an important addition to every option trader's library--as invaluable as Natenberg's acclaimed seminars at the world's largest derivatives exchanges and trading firms. You'll learn how professional option traders approach the market, including the trading strategies and risk management techniques necessary for success. You'll gain a fuller understanding of how theoretical pricing models work. And, best of all, you'll learn how to apply the principles of option evaluation to create strategies that, given a trader's assessment of market conditions and trends, have the greatest chance of success. Option trading is both a science and an art. This book shows how to apply both to maximum effect. If you've ever bought a personal finance book, watched a TV show about stock picking, listened to a radio show about getting out of debt, or attended a seminar to help you plan for your retirement, you've probably heard some version of these quotes: "What's keeping you from being rich? In most cases, it is simply a lack of belief." —SUZE ORMAN, *The Courage to Be Rich* "Are you latte-ing away your financial future?" —DAVID BACH, *Smart Women Finish Rich* "I know you're capable of picking winning stocks and holding on to them." —JIM CRAMER, *Mad Money* They're common refrains among personal finance gurus. There's just one problem: those and many similar statements are false. For the past few decades, Americans have spent billions of dollars on personal finance products. As salaries have stagnated and companies have cut back on benefits, we've taken matters into our own hands, embracing the can-do attitude that if we're smart enough, we can overcome even daunting financial obstacles. But that's not true. In this meticulously reported and shocking book, journalist and former financial columnist Helaine Olen goes behind the curtain of the personal finance industry to expose the myths, contradictions, and outright lies it has perpetuated. She shows how an industry that started as a response to the Great Depression morphed into a behemoth that thrives by selling us products and services that offer little if any help. Olen calls out some of the biggest names in the business, revealing how even the most respected gurus have engaged in dubious, even deceitful, practices—from accepting payments from banks and corporations in exchange for promoting certain products to blaming the victims of economic catastrophe for their own financial misfortune. *Pound Foolish* also disproves many myths about spending and saving, including: Small pleasures can bankrupt you: Gurus popularized the idea that cutting out lattes and other small expenditures could make us millionaires. But reducing our caffeine consumption will not offset our biggest expenses: housing, education, health care, and retirement. Disciplined investing will make you rich: Gurus also love to show how steady investing can turn modest savings into a huge nest egg at retirement. But these calculations assume a healthy market and a

lifetime without any setbacks—two conditions that have no connection to the real world. Women need extra help managing money: Product pushers often target women, whose alleged financial ignorance supposedly leaves them especially at risk. In reality, women and men are both terrible at handling finances. Financial literacy classes will prevent future economic crises: Experts like to claim mandatory sessions on personal finance in school will cure many of our money ills. Not only is there little evidence this is true, the entire movement is largely funded and promoted by the financial services sector.

Weaving together original reporting, interviews with experts, and studies from disciplines ranging from behavioral economics to retirement planning, *Pound Foolish* is a compassionate and compelling book that will change the way we think and talk about our money. The Professional Approach Series is designed for students unfamiliar with the Microsoft Office Suite, or even students who are nervous about trying to learn computer skills. It is ideal for students who are new to the world of computers, yet in-depth enough to teach and challenge more savvy users. Each lesson contains up to 25 skill-applications and 5 end-of-unit skill-applications that take students from simple to complex situations. The Office 2007 texts complete instruction in all skill sets and activities for the appropriate MCAS Exams. This new collection of essays, contributed by scholars and former Panthers, is a ground-breaking work that offers thought-provoking and pertinent observations about the many facets of the Party. By placing the perspectives of participants and scholars side by side, Dr. Jones presents an insider view and initiates a vital dialogue that is absent from most historical studies. A concise program of proven tools and tactics that deliver master trading success Master trader and bestselling author Oliver Velez returns with a hands-on resource that shows you how to emulate his trading success. Featuring 26 trading tactics based on frequently occurring market events, *26 Lessons from the Master Trader* is a roadmap you can use to navigate financial markets and exploit daily market events. Velez's simple yet powerful process will give a novice trader the powerful profit potential of a practiced veteran. The NASDAQ has reached a record 60 new highs in 1999, closing above the 4000 milestone. This record was the icing on the cake to a year of volatile victories for the NASDAQ, which experienced the largest one-year gain ever for a major market index. Momentum has never been more important. For example, the first day of trading in 2000 saw the NASDAQ dropping close to 100 points before finishing the day with a significant gain, yet on the second day of trading, the NASDAQ experienced its worst point drop in history. Praise for *The Market Guys' Five Points for Trading Success* "E\*TRADE is a strong advocate of investor education, understanding a knowledgeable investor is a successful investor. The Market Guys have been a key contributor to our worldwide educational efforts - delivering hundreds of seminars to our customers around the world. This book encapsulates their years of experience with traders and investors, and is a must-read for anyone serious about trading. *The Market Guys' Five Points for Trading Success* provides an easy-to-

understand and disciplined approach to trading through risk management. I highly recommend it." —Christopher Larkin, VP, U.S. Retail Brokerage, E\*TRADE Securities ([www.etrade.com](http://www.etrade.com)) "The stock market is full of risk and uncertainty, but can bring great rewards to those who plan and execute properly. Rick and AJ give you the navigational tools to profit in the market through this book. Easy to read and understand, this book will help the novice and expert alike reach their financial goals. I recommend The Market Guys to help you along your journey!" —Astronaut Dr. Buzz Aldrin, Apollo 11, 1969 "The Market Guys' Five Points is much more than five points. Creating a plan, dealing with emotions, trading psychology, and technical analysis are just some of the topics explained." —James Bittman, Senior Instructor, The Options Institute at CBOE, and author of Options for the Stock Investor "Most people think trading markets is easy, but the process is fraught with pitfalls, snares, and delusions. This book is written by two savvy veteran traders. Applying the wisdom contained here will not guarantee success, but it will very definitely put the odds strongly in your favor." —Martin J. Pring, President of [pring.com](http://pring.com) "This is a wonderful introduction to terminology and a fresh approach to the stock market. It gives the reader a language and way of thinking that is new, providing a great foundation for further research. These authors are to be commended for an excellent book on the stock market and how it works." —James P. Gills, MD, Director/Chairman of the Board of the Ironman Triathlon "The Market Guys have created the perfect recipe for financial success." —Nick Nickolas, Restaurateur, Nick's Fishmarket of Hawaii, [www.nicksboca.com](http://www.nicksboca.com) We are currently updating our website and have not yet posted complete information for this title. Many of our books are in the Google preview program, which allows readers to view up to 20% of the book. If this title is active in the program, you will find the Google Preview button in the sidebar below. How do you make quick intraday profits? How can you ride long-term trends? How can you make consistent money in the midst of a sideways, volatile market? Oliver Velez is giving you all the answers by granting you access to his own revolutionary trading tactics, ones which he has spent years perfecting. Power Trading brings together three remarkable trading approaches, which are the cornerstones of the educational sessions presented by Velez and his trading team. This DVD and guidebook combination was designed to help you identify the plays that will work best with your trading style, personality, and current portfolio. Watch the DVD and follow along as the plays unfold on the screen and page. This first-of-its-kind, comprehensive collection covers three profit-boosting systems: Micro Trading Tactics: Quick fire tactics that work in bull or bear markets, How to profit from the "market maker's lunch", What period of the market day provides the best risk/reward-and what times to avoid. Core Trading Tactics: How to precisely time entry & exit points, How core trading differs from investing-and the tools needed to be a successful core trader, The perfect strategy for updating long-term portions of your portfolio. Guerrilla Trading Tactics: 13 must-know, dynamic plays, some with a success

rate of 80% or more, 2 key strategies: trading to build wealth vs. trading for income, Special tactics for playing excess volatility. Do you would like to be a swing trader and make money riding the market's waves to an easy profit? Do you want to learn using simplified teaching methods in an easy step-by-step format? If you want to make 10% a year in stock markt, forex and Options, then keep reading.... Swing trading is taking the investment world by storm, as more people look to have individually managed investment accounts and they become intrigued by the promise of becoming a trader. Indeed, its fun, lucrative, and offers unlimited earning potential! But swing trading can sound scary too. Many people reading this right now have confused swing trading with the more sketchy day trading (no disrespect intended), an activity that involves sitting in front of your computer all day, while risking tens of thousands of dollars and being scrutinized by government regulators. In this book: We are going to introduce you to the world of swing trading, and give you the knowledge you need to enter this lucrative field. We'll show you how you can start on a part-time basis from the comfort of your own home, setting up your own trading business and using the techniques of the professionals! You will learn: Learn what swing trading is, and how it differs from day trading. Find out how to use secret methods to determine the right time to enter a trade. Discover the methods professional traders use to limit losses. Explore the different strategies used to swing trade on stock, Forex, and options markets. We'll teach you how to analyze stock charts like a pro. Find out how to use candlesticks, moving averages, and other tools to ensure you enter profitable trades. Get started today with swing trading! What if I told you that there was a way to take the best aspects of day trading, and leave out all the negatives? Well there is - and swing trading is that path. If you are looking for a fun and exciting way to trade stocks without the risk that comes with day trading, download this book today and get started!. Scroll the top of the page and select the Buy Now button.

Called "powerful and provocative" by Dr. Ibram X. Kendi, author of the New York Times bestselling *How to be an Antiracist*, this explosive book of history and cultural criticism reveals how white feminism has been used as a weapon of white supremacy and patriarchy deployed against Black and Indigenous women, and women of color. Taking us from the slave era, when white women fought in court to keep "ownership" of their slaves, through the centuries of colonialism, when they offered a soft face for brutal tactics, to the modern workplace, *White Tears/Brown Scars* tells a charged story of white women's active participation in campaigns of oppression. It offers a long overdue validation of the experiences of women of color. Discussing subjects as varied as *The Hunger Games*, Alexandria Ocasio-Cortez, the viral BBQ Becky video, and 19th century lynchings of Mexicans in the American Southwest, Ruby Hamad undertakes a new investigation of gender and race. She shows how the division between innocent white women and racialized, sexualized women of color was created, and why this division is crucial to confront. Along the way, there are revelatory responses to questions like: Why

are white men not troubled by sexual assault on women? (See Christine Blasey Ford.) With rigor and precision, Hamad builds a powerful argument about the legacy of white superiority that we are socialized within, a reality that we must apprehend in order to fight. "A stunning and thorough look at White womanhood that should be required reading for anyone who claims to be an intersectional feminist. Hamad's controlled urgency makes the book an illuminating and poignant read. Hamad is a purveyor of such bold thinking, the only question is, are we ready to listen?" —Rosa Boshier, *The Washington Post*

Short-term traders have used intra-day tactics to build wealth for years. Now Greg Capra shares his secrets in this book/DVD course package designed to energize your trading and arm you with the critical elements you need to make more money. You'll see how Capra pools an array of indicators, creating a single – profitable – trading protocol that will be used to make winning trades over and over. See him guide you through this methodical approach, then study his method thoroughly point by point in this carefully crafted set of instructional material. Watch and read as Capra drives home the following critical points: The three foundational forms of intra-day trading The psychological demands you'll need to know to win big The need to define your financial plan; building wealth or gaining income The importance of mastering charts – 5 and 15 minute patterns The all-critical "tick indicator" – how to master it as a key timing tool These are but a few of the points that Capra outlines in this comprehensive learning set. Use the book and the DVD to develop a working, hands-on knowledge of moving averages, risk limits through relative strength analysis, and targets that will position you for huge gains with minimum financial risk. This course will give you everything you need to achieve intra-day trading mastery.

The Young Lords, who originated as a Chicago street gang fighting gentrification and unfair evictions in Puerto Rican neighborhoods, burgeoned into a national political movement in the late 1960s and early 1970s, with headquarters in New York City and other centers in Philadelphia, Boston, Los Angeles, and elsewhere in the northeast and southern California. Part of the original Rainbow Coalition with the Black Panthers and Young Patriots, the politically radical Puerto Ricans who constituted the Young Lords instituted programs for political, social, and cultural change within the communities in which they operated. The Young Lords offers readers the opportunity to learn about this vibrant organization through their own words and images, collecting an array of their essays, journalism, photographs, speeches, and pamphlets. Organized topically and thematically, this volume highlights the Young Lords' diverse and inventive activism around issues such as education, health care, gentrification, police injustice and gender equality, as well as self-determination for Puerto Rico. In recovering these rare written and visual materials, Darrel Enck-Wanzer has given voice to the lost chorus of the Young Lords, while providing an indispensable resource for students, scholars, activists, and others interested in learning about this influential grassroots "street political" organization. The essential guide to launching a

successful career in trading—updated for today’s turbulent markets “Mastering the Trade is an excellent source for a basic understanding of market action, be it day and/or longer-term trend trading. A programmer will have a field day with the many ideas that are in this book. It is highly recommended.” —John Hill, president of Futures Truth magazine

“John Carter’s new book focuses quickly on the critical area of trader psychology, a realm that will often separate the trader from his wallet if it is not mastered first. The in-depth trading strategies clearly show how to respond to market moves based on real-world examples.” —Price Headley, founder of BigTrends.com and author of Big Trends in Trading

“Well written and packed with the kind of insight about the nature of trading and the markets that can surely benefit every level of trader.” —Mark Douglas, author of Trading in the Zone and The Disciplined Trader

“This is a must read for all new traders, specifically for the psychological aspect of trading. I am recommending it to all of my clients.” —Carolyn Boroden, FibonacciQueen.com

**About the Book:** When it was first published in 2005, Mastering the Trade became an instant classic in the world of day trading. Now, veteran day trader and educator John F. Carter has updated his time-proven swing trading technique to help you succeed in an environment vastly transformed by volatility and technology. Universally acclaimed for its sophisticated yet easy-to-execute methods, this practical, results-driven guide provides everything you need to make a lucrative career as a day trader—from preparing yourself psychologically for the unique demands of day trading to timing the market, managing risk, and planning future trades. Mastering the Trade sets aside timeworn basics and rehashed ideas to examine in detail the underlying factors that cause prices to move. Providing the tools you need to make the right decisions at the right times, it helps you enter market shifts early and either pull out before losses accrue or hang on for a long and refreshingly predictable ride.

Mastering the Trade covers:

- The five psychological truths that will transform you from a mistake-prone novice into a savvy trading professional
- Exact entry, exit, and stop-loss levels for the intraday trading of stocks, options, ETFs, e-mini futures, 30-year bonds, currencies, and more
- Seven key internals, from \$TICKS to five-minute volume—critical for gauging pending market direction from the opening bell
- Premarket checklists for analyzing recent market behavior and calculating on each trading day what you plan to do, how you plan to do it, and why
- Airtight risk control techniques for protecting trading capital—the most important component of a professional trading career

After spending many years on various trading desks, Carter has developed an intuitive understanding of how the markets work. In Mastering the Trade, he gives you unlimited access to everything the markets have taught him—so you can make an exceptional living on the frontlines of professional trading. Understanding Price Action is a must read for both the aspiring and professional trader who seek to obtain a deeper understanding of what is commonly referred to as "trading from the naked chart". With hundreds of examples commented on in great detail, Volman convincingly points out that only a handful of

price action principles are responsible for the bulk of fluctuations in any market session- and that it takes common sense, much more than mastery, to put these essentials to one's benefit in the trading game. The power of the book lies in the exceptional transparency with which the concepts and trading techniques are put forth. Besides offering the reader a comprehensive study on price action mechanics, included within is a series of six months of consecutive sessions of the eur/usd 5-minute. Containing nearly 400 fully annotated charts, this section alone harbors a massive database of intraday analysis, not found in any other trading guide. Written with a razor-sharp eye for practical detail, yet in a highly absorbable manner, Understanding Price Action breathes quality from every page and is bound to become a classic in the library of any trader who is serious about his education. Over 30,000 online investors daily flock to pristine.com, the top-rated Website run by day trading legends Oliver Velez and Greg Capra, for up-to-the-minute strategies and market commentaries. In Tools and Tactics for the Master Day Trader, Velez and Capra revisit and completely update over 100 of their daily commentaries from the past four years, with new material explaining what worked, what didn't, and why. This no-nonsense, easy read, meant to be referenced by traders every trading day, covers everything from potent trading strategies to intuitive insights on psychology and discipline. Proving once again that the best teacher is experience, Tools and Tactics for the Master Day Trader will help any trader log on with the technical skills, market knowledge, and confidence they need to capture more winning trades, and reap new profits. The book focuses on swing trading and the tricks and techniques that can be used to succeed in forex trading. It is a comprehensive work which covers a whole spectrum of trading strategies and how they function, best for both experienced and novice swing traders complete with the latest up-to-date data on trading techniques, tools, and trading systems for success. Are you a beginner interested in being the best swing trader in the world? Are you a professional trader and you need to gain more understanding about swing trading? This book provides the most updated information about ways you can use to beat the forex markets especially if you want to practice swing trading. Oliver Velez, co-founder of Pristine.com and current CEO of Velez Capital Management, is renowned for his effective trading skills and specialized knowledge in technical analysis. His educational seminars are sought after by traders and often attended multiple times to extract every piece of wisdom from his presentations. Now, one of his most legendary sessions jumps from the screen into your hands in this coursebook of Velez's famed Swing Trading techniques. With detailed text and a vivid 90-minute DVD, you'll explore and master a highly profitable niche that exploits the two- to five-day holding period – a method too brief for large institutions, too lengthy for day traders, yet perfectly suited for individual investors with a mind towards success. In his captivating, high-energy style, Velez shows you how to: Spot opportunities using proven swing trading criteria; Define periods of market uncertainty and make the right moves; Discover key set-ups and

effectively use moving averages; Read charts successfully, especially Japanese Candlesticks; Win by going against conventional trading wisdom; Understand and profit from understanding market psychology. Only in this book/DVD course combination will you be able to fully absorb the wealth of material that Oliver Velez is set up to offer. The easy-to-understand definitions and eye-opening self-tests bring the information to you and the power to your trades. Don't end up on the wrong side of the market. Swing Trading is the perfect tool for the investor who wants to understand the forces that shape the trading arena. This presentation has been viewed live and on DVD by hundreds of thousands of traders. Now you can use this course to rise above the impulse of novice traders. It's the best way to master the cycles and win consistent profits. This blockbuster bestseller--more than 100,000 copies sold--is considered to be the bible of options trading. Now completely revised and updated to encompass all the latest options trading vehicles, it supplies traders and serious investors with an abundance of new, strategic opportunities for managing their investments. Examples make clear the power of each strategy in carefully defined market condition. A practical, easy-to-understand blueprint to becoming a successful trader. Trading Without Gambling will help readers become better traders by showing them how to make and follow a successful game plan. Author Marcel Link discusses how trading decisions should be made while the market is closed--outlining what needs to be done before the next trading day begins--and how precise entry and exit strategies should be developed to enhance profitability. He also examines why traders should create scenarios for how the market might move and how they will respond to those moves. From the founder of the leading online trading education companyPristine.com, a simple technical method to trade or invest Many trading books present esoteric trading concepts andcomplicated indicators that may look good on paper when viewing thepast, but prove ineffective in the real world. Trading Tools and Tactics: Reading the Mind of the Marketdoesn't just make investing look easy; it makes trading easy byteaching you not only how to identify price moves, but by helpingyou understand why prices move the way they do. Covers managing trades and setting entries and stops, and helpsyou view how failed trades or chart patterns of the past can become new opportunities Describes how to identify and understand supply and demand asit relates to resistance and support, as well as how to combine andread multiple time frames that offer the best opportunity to takeprofits Details both concepts and practical tools to use for life, notjust the current market Investing is all about finding the right price patterns toprofit from by understanding support, resistance, trends, andvolume?as well as identifying the best time frames to trade.Trading Tools shows you how to do just this.
