Can they put the broken pieces of their relationship back together? "Simone takes you through the events, challenges, and trials that carried her from an early childhood in foster care to a coveted spot on the 2016 Olympic team" -- What kind of life would you live if you didn't allow your fears to hold you back? The Courage Habit offers a powerful program to help you conquer your inner critic, work toward your highest aspirations, and build a courageous community. Are your fears preventing you from living the life you truly want? Do you ever wish that you had a better job, lived in a different city, or had more authentic and nurturing relationships? Many people believe that they would do more, accomplish more, and feel more fulfilled if only they could rid themselves of that fearful inner voice that constantly whispers, "you can't do it." In The Courage Habit, certified life coach Kate Swoboda offers a unique program based in cognitive behavioral therapy (CBT) and acceptance and commitment therapy (ACT) to help you act courageously in spite of fear. By identifying your fear triggers, releasing yourself from your past experiences, and acting on what you truly value, you can make courage a daily habit. Using a practical four-part program, you'll learn to understand the emotions that arise when fears are triggered, and to pause and evaluate your emotional state before you act. You'll discover how to listen without attachment to the self-defeating messages of your inner critic, understand the critic's function, and implement respectful boundaries so that your inner voice no longer controls your behavior. You'll reframe self-limiting life narratives that can—without conscious awareness—dictate your day-to-day decisions. And finally, you'll nurture more authentic connections with family, friends, and community

in order to find support and reinforce the life changes you're making. If you feel like something is holding you back from landing your dream job, moving to a new city, having a satisfying love relationship, or simply taking advantage of all life has to offer—and if you have a sneaking suspicion that that something is you—then this one-of-a-kind guide will show you how to finally break free from self-doubt and start living your best life. Presents stories about ordinary people creating extraordinary change in their communities. Celebrates people's willingness to engage in our democratic system of government and demonstrates people's courage, hope and acts of kindness. *Awakening Courage: Stories of Grit, Resilience, and Toughness* depicts the gifts and talents of people residing in a rural southeastern Ohio community nestled in the Appalachian foothills. But it could very well be any community in America. The author writes insightfully of the real lives of individuals and groups who transformed their communities. He does this with a clever mix of spirit, storytelling, and practical application strategies which he includes at the end of every chapter in the form of Points to Ponder, Questions for Discussion, and Applications to Community Development. You will be introduced to 'gritty' people who refused to take no for an answer and learned to rise above challenges and adversity and achieve prosperity in the process. They are people of character, humility, integrity, and passion. They are mentally tough, accountable to a cause bigger than themselves and "walk the talk" daily in their journey toward becoming all that they were meant to be, not what someone else said they should be. As you read this book, you are encouraged to examine your heart, your mind, and your experience about your place in any community - family, neighborhood, school, workplace, church, city or village. You will learn how people can bring their very best efforts to the present moment - which is the only time we have. So get comfy and grab your favorite brew and be prepared to learn more about the core qualities and traits of change-makers who were not born of privilege, genius, or wealth. They were just ordinary people who seized the opportunities given to them and made a difference and impacted their community along the way. *The Courage to Go Forward* shows that individuals need to think differently about creating supportive communities to help each other set and achieve goals, both individually and collectively. Those interested in making a positive impact on society need to consider how to complement societal programs designed for the "average" person with customized approaches tailored to the unique needs and aspirations of every individual. Focused on the inspirational relationship between Cigna, a global health service company, and Achilles International, a nonprofit focused on encouraging disabled people to participate in mainstream athletics, *The Courage to Go Forward* demonstrates the power and triumph of the human spirit and provides valuable insight into the formation and importance of micro communities. David Cordani, president and CEO of Cigna, and Achilles International founder and president Dick Traum come from very different backgrounds yet share a similar set of passions that eventually brought them together, forming a relationship that has positively impacted communities ranging from inspired employees to thousands of disabled athletes competing at the highest levels. Filled with wisdom from two impactful leaders, a collection of inspiring profiles of Achilles athletes, and stunning imagery, *The Courage to Go Forward* offers a combination of powerful inspiration and important business lessons, including the potential power of partnership between for-profit and nonprofit organizations, and should be required reading for anyone who wants to drive positive societal change, and to encourage others—or themselves—to achieve beyond their perceived limitations. The (in)courage community of writers invite you to experience 100 days of a deeper relationship with God no matter what you are going through. Paralyzed in an accident that kills his wife and daughter, Andy Banks, a bus driver, struggles to overcome his handicap and to keep his teenage son with Downs Syndrome from being institutionalized. Presents the story of a Holocaust rescuer to reveal the formidable risks she took to her own safety to save some 2,500 children from death and deportation in Nazi-occupied Poland during World War II. Alistair Urquhart was a soldier in the Gordon Highlanders, captured by the Japanese in Singapore. Forced into manual labor as a POW, he survived 750 days in the jungle working as a slave on the notorious "Death Railway" and building the Bridge on the River Kwai. Subsequently, he moved to work on a Japanese "hellship," his ship was torpedoed, and nearly everyone on board the ship died. Not Urquhart. After five days adrift on a raft in the South China Sea, he was rescued by a Japanese whaling ship. His luck would only get worse as he was taken to Japan and forced to work in a mine near Nagasaki. Two months later, he was just ten miles from ground zero when an atomic bomb was dropped on Nagasaki. In late August 1945, he was freed by the American Navy—a living skeleton—and had his first wash in three and a half years. This is the extraordinary story of a young man, conscripted at nineteen, who survived not just one, but three encounters with death, any of which should have probably killed him. Silent for over fifty years, this is Urquhart's inspirational tale in his own words. It is as moving as any memoir and as exciting as any great war movie. *Authentic Peace* is the debut memoir by Anne-Marie Zanzal, M.Div. It tells the honest and real-life account of a married woman, in mid-life, who experiences a physical and emotional awakening that opens her eyes to her sexuality and sensuality, which had long been ignored. *Authentic Peace* is for those who are in similar transitional stages in life, whether leaving a marriage or a relationship. This is a story of embarking on the journey of finding your true, authentic self and the book includes topics of sexuality and sensuality, marriage, parenting, parental relationships, divorce, grief, racism, politics, spirituality, religion, and more. This book continues Anne-Marie's work, which includes online coaching and support groups for people coming out later in life. Anne-Marie has dedicated her life to building community and helping people overcome societal restrictions to find and claim their authentic, true selves despite all odds. A member of the Little Rock Nine shares her memories of growing up in the South under Jim Crow. *FINALLY...* The book about our community, our school, our sports, and our adventure together. *Crimson Tradition* artfully tells the compelling story of Brookwood High School and the communities that have joined together to create education and jobs for us, and energy and automobiles for the world. What is courage? Certainly it takes courage for a firefighter to rescue someone trapped in a burning building, but there are many other kinds of courage too. Everyday kinds that normal, ordinary people exhibit all the time, like "being the first to make up after an argument," or "going to bed without a nightlight." Bernard Waber explores the many varied kinds of courage and celebrates the moments, big and small, that bring out the hero in each of us. A group of former gang members come together to help one another answer the question "How can I be a good father when I've never had one?" In 2010, former gang leader turned community activist Big Mike Cummings asked UCLA gang expert Jorja Leap to co-lead a group of men struggling to be better fathers in Watts, South Los Angeles, a neighborhood long burdened with a legacy of racialized poverty, violence, and incarceration. These men, black and brown, from late adolescence to middle age, are trying to heal themselves and their community, and above all to build their identities as fathers. Each week, they come together to help one another answer the question "How can I be a good father when I've never had one?" *Project Fatherhood* follows the lives of the men as they struggle with the pain of their own losses, the chronic pressures of poverty and unemployment, and the unquenchable desire to do better and provide more for the next generation. Although the group begins as a forum for them to discuss issues relating to their roles as parents, it slowly grows to mean much more: it becomes a place where they can share jokes and traumatic experiences, joys and sorrows. As the men repair their own lives and gain confidence, the group also becomes a place for them to plan and carry out activities to help the Watts community grow as well as thrive. By immersing herself in the lived experiences of those working to overcome their circumstances, Leap not only dramatically illustrates the realities of fathers trying to do the right thing, but she also paints a larger sociological portrait of how institutional injustices become manifest in the lives of ordinary people. At a time in which racial justice seems more elusive than ever—stymied by the generational cycles of mass incarceration and the cradle-to-prison pipeline—the group's development over time demonstrates real-life movement toward solutions as the men help one another make their families and their community stronger. *Discover the Blessings of Giving and the Power of Community*. How Americans can take action in their own communities and unite across the political spectrum in pursuit of solutions to

climate change. Andreas Karelas has a message we don't often hear: we have all the tools we need to solve the climate crisis and doing so will improve our lives, our economy, and our society. But to engage people in the climate fight, we need stories that are empowering, inclusive, and solutions-oriented, not based in fear. Karelas digs into the latest data on the rapidly falling costs and increased efficiencies of clean energy technologies compared to fossil fuels, looks at the rate of job creation in the clean energy sector, and introduces the reader to the inspiring work of climate heroes on both sides of the aisle—from Republican mayors and governors to activists, from businesses to faith communities. *Climate Courage* shows us how we can move past our collective inaction on climate change and work together in our communities to create a more sustainable, just, clean energy-powered economy that works for everyone. These exciting true stories will inspire teens to believe in themselves and the ability of determined young people to make a difference in the world. As fun to read as fiction, the stories are engaging and accessible—a great way to encourage reluctant readers. In *Kids with Courage*, readers meet 18 remarkable kids with the courage to speak out, fight back, come to the rescue, and stand up for their beliefs.

National award-winning author Barbara A. Lewis provides the inspiration to empower young people to make a difference in their communities and in the world. A New York Times Bestseller *For Lady Gaga*, kindness is the driving force behind everything she says and does. The quiet power of kindness can change the way we view one another, our communities, and even ourselves. She embodies this mission, and through her work, brings more kindness into our world every single day. Lady Gaga has always believed in the importance of being yourself, being kind to yourself, and being kind to others, no matter who they are or where they come from. With that sentiment in mind, she and her mother, Cynthia Germanotta, founded *Born This Way Foundation*, a nonprofit organization dedicated to making the world a kinder and braver place. Through the years, they've collected stories of kindness, bravery and resilience from young people all over the world, proving that kindness truly is the universal language. And now, we invite you to read these stories and follow along as each and every young author finds their voice just as Lady Gaga has found hers. Within these pages, you'll meet young changemakers who found their inner strength, who prevailed in the face of bullies, who started their own social movements, who decided to break through the mental health stigma and share how they felt, who created safe spaces for LGBTQ+ youth, and who have embraced kindness with every fiber of their being by helping others without the expectation of anything in return. In one story, you'll read about a young person with an autoimmune disease, who after being bullied at school, learned how to practice self-love and started an organization with the mission of educating others about the importance of self-love, too; and in another story, you'll meet a young person who decided to start a movement to help eliminate the stigma surrounding mental health and encouraged others to talk about their feelings openly and honestly, a reminder that kindness and mental wellness go hand in hand. Not only were we moved by these individual acts of kindness, but we were also touched by the many stories of organizations, neighborhoods, and entire communities that fully dedicated themselves to helping those in need and found new, innovative ways to make our world a kinder and braver place. Individually and collectively, these stories prove that kindness not only saves lives but builds community. Kindness is inclusion, it is pride, it is empathy, it is compassion, it is self-respect and it is the guiding light to love. Kindness is always transformational, and its never-ending ripples result in even more kind acts that can change our lives, our communities, and our world.

Follows a girl in the 1920s as she strives to become a drummer, despite being continually reminded that only boys play the drums, and that there has never been a female drummer in Cuba. Includes note about Millo Castro Zaldarriaga, who inspired the story, and Anacaona, the all-girl dance band she formed with her sisters. Adapted from the New York Times bestseller *Mayflower!* After a dangerous journey across the Atlantic, the *Mayflower's* passengers were saved from certain destruction with the help of the Natives of the Plymouth region. For fifty years a fragile peace was maintained as Pilgrims and Native Americans learned to work together. But when that trust was broken by the next generation of leaders, a conflict erupted that nearly wiped out Pilgrims and Natives alike. Adapted from the New York Times bestseller *Mayflower* specifically for younger readers, this edition includes additional maps, artwork, and archival photos.

"Vivid and remarkably fresh...Philbrick has recast the Pilgrims for the ages."--The New York Times Book Review Finalist for the Pulitzer Prize in History New York Times Book Review Top Ten books of the Year With a new preface marking the 400th anniversary of the landing of the *Mayflower*. How did America begin? That simple question launches the acclaimed author of *In the Hurricane's Eye* and *Valiant Ambition* on an extraordinary journey to understand the truth behind our most sacred national myth: the voyage of the *Mayflower* and the settlement of Plymouth Colony. As Philbrick reveals in this electrifying history of the Pilgrims, the story of Plymouth Colony was a fifty-five year epic that began in peril and ended in war. New England erupted into a bloody conflict that nearly wiped out the English colonists and natives alike. These events shaped the existing communities and the country that would grow from them. In *Collective Courage*, Jessica Gordon Nembhard chronicles African American cooperative business ownership and its place in the movements for Black civil rights and economic equality. Not since W. E. B. Du Bois's 1907 *Economic Co-operation Among Negro Americans* has there been a full-length, nationwide study of African American cooperatives. *Collective Courage* extends that story into the twenty-first century. Many of the players are well known in the history of the African American experience: Du Bois, A. Philip Randolph and the Ladies' Auxiliary to the Brotherhood of Sleeping Car Porters, Nannie Helen Burroughs, Fannie Lou Hamer, Ella Jo Baker, George Schuyler and the Young Negroes' Co-operative League, the Nation of Islam, and the Black Panther Party. Adding the cooperative movement to Black history results in a retelling of the African American experience, with an increased understanding of African American collective economic agency and grassroots economic organizing. To tell the story, Gordon Nembhard uses a variety of newspapers, period magazines, and journals; co-ops' articles of incorporation, minutes from annual meetings, newsletters, budgets, and income statements; and scholarly books, memoirs, and biographies. These sources reveal the achievements and challenges of Black co-ops, collective economic action, and social entrepreneurship. Gordon Nembhard finds that African Americans, as well as other people of color and low-income people, have benefitted greatly from cooperative ownership and democratic economic participation throughout the nation's history. Kindness has incredible consequences in this compelling novel set in colonial India from a "master storyteller" (Publishers Weekly) and National Book Award-winning author. It is India, 1918, six months after the end of World War I, and Rosalind awaits the return of her father from the war. Rosalind is kept from boarding school in England at her mother's insistence. While her father has been at war, Rosalind sees the country slowly change. A man named Ghandi is coming to power, talking about nonviolence and independence from Britain. Rosalind longs to live the life that her heart tells her, not what her parents prescribe for her, but no one seems to listen. This penetrating story, told with lush and vivid detail, contrasts Rosalind's privilege and daily experiences in India with the hardship of the people around her. As she comes of age during this volatile period of history, will she find the courage to claim her own identity and become her own person? National Book Award-winning author Gloria Whelan's "insight into history and her characters' minds make every moment of this saga believable" (Publishers Weekly, starred review). This paperback edition includes an excerpt of *All My Noble Dreams and Then What Happens*, the standalone companion to *Small Acts of Amazing Courage*. Another beautiful gift book from (in)courage celebrates all kinds of mothers and mother-figures, filled with real-life stories, Scripture, brief devotions, and biblical encouragement. Seventy years after her grandmother helped hide a Jewish family on a Greek island during World War II, a woman sets out to track down their descendants—and discovers a new way to understand tragedy, forgiveness, and the power of kindness in "an engrossing peek into a little-known chapter of World War II, and one family's harrowing tale of finding the lost pieces of its own history" (Karen Abbott, *New York Times* bestselling author of *Liar Temptress Solider Spy*). Yvette Manassis Corporon grew up listening to her grandmother's stories about how the people of the small Greek island Erikousa hid a Jewish family—a tailor named Savvas and his daughters—from the Nazis during World War II. Nearly 2,000 Jews from that area died in the concentration camps, but even though everyone on Erikousa knew Savvas and his family were hiding on the island, no one ever gave them up, and the family survived the war. Years later, Yvette couldn't get the story of the Jewish tailor out of her head. She decided to track down the man's descendants—and eventually found them in Israel. Their tearful reunion was proof to her that evil doesn't always win. But just days after she made the connection, her cousin's child was gunned down in a parking lot in Kansas, a victim of a Neo-Nazi out to inflict as much harm as he could. Despite her best hopes, she was forced to confront the fact that seventy years after the Nazis were defeated, remainders of their hateful legacy still linger today. As Yvette and her family wrestled with the tragedy in their own lives, the lessons she learned from the survivors of the Holocaust helped her confront and make sense of the present. In beautiful interweaving storylines, the past and present come together in a nuanced, heartfelt "story of compassion and collective resistance" with "undeniable emotional power" (Kirkus Reviews). Want to make a move but scared to leave your comfort zone? Go anyway. "Jessica's perspective of global sisterhood and the power of lifting each other up in the midst of fear and scarcity is exactly what we need today. This book is both an invitation and a challenge to bravely show up for ourselves, for the people we love, and for the strangers that we will one day call family. I say, Amen!" —Brené Brown, Ph.D., Author of the #1 *New York Times* bestseller *Braving the Wilderness In Imperfect Courage*, the founder of the popular fair trade jewelry brand Noonday Collection shares her story of starting the rapid-growing business that impacts over 4,500 artisans in vulnerable communities across the globe—and invites readers on a journey of transformation, challenging them to trade their comfort zones for a life of impact and adventure. In 2015, *Inc.* magazine recognized Noonday Collection as one of the fastest-growing companies in America. But years earlier, as Jessica Honegger stood at a pawn-shop counter in Austin, Texas, and handed over her grandmother's gold jewelry, her goal was much more personal: to fund the adoption of her Rwandan son, Jack, by selling artisan-made jewelry. This first step launched an unexpected side-hustle that would grow into Noonday Collection. Jessica embarked on this new journey and teamed up with her first artisan partner, Jalia, a Ugandan jewelry maker. She saw the meaningful impact Noonday brought to Jalia's community and knew it was the right move. Fear crept into Jessica's heart as she realized her success, or failure, meant the same for Jalia. But refusing to let fear hinder her goals, Jessica found the necessary (if imperfect) courage she needed along the way—the courage to leave comfort and embrace a life of risk and impact. Discover Your Imperfect Courage In *Imperfect Courage*, Jessica takes you by the hand and invites you to trade your comfort zone for a life of impact and meaning. • First, she invites you to draw a circle of compassion around yourself and leads you through some soul-searching aimed at setting you free from shame. • Next, she challenges all of us to come together, dare to be vulnerable with one another, and commit to building a culture of collaboration. • Finally, Jessica calls on you to broaden your circle of compassion to embrace the entire globe—and to bring your beautifully imperfect courage to a world that needs you. DO NOT BE AFRAID We live in a fearful and cowardly time. Some are anxious and withdrawn, seeking to escape the notice of whatever scares them. Others mask their fear with fighting and quarrelsomeness. The root of all of this fear is the fear that we might lose our belonging in whatever tribe in which we seek safety, the fear that we might have to stand alone. The crisis we face is not a crisis of clarity but a crisis of courage. Our problem is not so much a lack of knowledge as a lack of nerve. And yet, Jesus told us that we are to stand with courage. That doesn't mean that we will be fearless, but that we will know how to face our fear and keep walking toward the voice that calls us homeward. Gospel courage is nothing like the bravado of this anxious age. The call to courage is terrifying because the call to courage is a call to be crucified. In *The Courage to Stand*, bestselling and award-winning author Russell Moore calls readers to a Christ-empowered courage by pointing the way to real freedom from fear—the way of the cross. That way means integrity through brokenness, community through loneliness, power through weakness, and a future through irrelevance. On the other side of fear is freedom: the freedom to stand. How can we harness the energy for change that lives in each of us? In *Soul Force*, nonprofit leaders Reesheda Graham-Washington and Shawn Casselberry offer seven pivots that unleash the creative energy within us toward courage, community, and change. Building on Gandhi and Martin Luther King's concept of a power mightier than ourselves, *Soul Force* moves us from barriers to bridge-building, self-centeredness to solidarity, consuming to creating, and maintenance to movement. Packed with stories from the authors' work with Communities First Association, LIVE Café, and Mission Year, *Soul Force* invites readers on a journey from the societal shackles that bind to the Spirit who frees. From those working at the grassroots to those leading at the grass tips, *Soul Force* offers a compelling and practical model for personal and collective transformation. Continuing this propulsive middle grade nonfiction series, a young woman once persecuted by the Taliban shares her journey to becoming a community activist. Her family faced kidnappings and daily murder attempts on the bus, on the way to school, in the workplace, and beyond. Freshta's school was shut down by the Taliban, and many of her friends were murdered and shot. Her journey through poverty, terrorism, and other forms of injustice has enabled her to be

a voice for those unable to share their stories and those unable to receive the opportunities she has sought. She believes in empowering youth in order to bring about change and be the leaders of today and tomorrow. With a voice that is both accessible and engaging, Freshta brings forward a captivating first-person account of strength, resilience, and determination, and delivers compelling narrative nonfiction by young people, for young people.
