The Greatest: My Own Story Sep 28 2022 In his own words, the heavyweight champion of the world pulls no punches as he chronicles the battles he faced in and out of the ring in this fascinating memoir edited by Nobel Prize-winning novelist, Toni Morrison. Growing up in the South, surrounded by racial bigotry and discrimination, Ali fought not just for a living, but also for respect and rewards far more precious than money or glory. He was named Sportsman of the Century by Sports Illustrated and the BBC. Ali redefined what it meant to be an athlete by giving hope to millions around the world and inspiring us all to fight for what is important to us. This is a multifaceted portrait of Muhammad Ali only he could render: sports legend; unapologetic anti-war advocate; outrageous showman and gracious goodwill ambassador; fighter, lover, poet, and provocateur; an irresistible force to be reckoned with. Who better to tell the tale than the man who went the distance living it?

Overcoming School Refusal Oct 30 2022 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. **Overcoming School Refusal** helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

- types of school refusers
- why children refuse to go to school
- symptoms
- short term and long term consequences
- accurate assessment
- treatment options
- what parents can do
- what schools can do
- dealing with anxious high achievers
- how to help children on the autism spectrum with school refusal

True Spirit Aug 04 2020 At only 16 years of age Jessica Watson became the youngest person to sail solo, unassisted and non-stop around the world. In her very own words, she tells us about her childhood, her influences, her years of planning and her incredible journey. She shares how she battled with sleep deprivation, gale-force winds, mountainous seas, whales and icebergs and what it was like to hold firm against the solitude of 210 days at sea.

Managing Organizations in the Creative Economy Mar 23 2022 The creative and cultural industries represent a growing and important sector in the global economy. Thriving in these industries is particularly tough

and organizations face unique challenges in the digital age. This textbook provides a vivid initiation into the creative industries workplace.

Managing Organizations in the Creative Economy is the first textbook of its kind, introducing organizational behaviour theories and applying them to the creative world. The text is underpinned by the latest research and theoretical insights into creative industries management and organisational behaviour, covering contemporary issues such as business decision-making, ethics, and sexuality. The authors bring theory to life through practical examples and cases provided by industry experts, supported by specially created companion videos featuring managerial responses to the cases. This unique textbook provides readers with an applied theoretical understanding of organizational behaviour that will be of particular benefit to those looking to work in the creative and cultural industries. Students on courses such as arts business, arts management, music business and even the broader study of the entertainment industries will find this to be a vital read.

The Future of the Book in the Digital Age May 25 2022 With contributions from some of the world's leading authorities, this publication considers the future of the book in the digital age. As more books are published than ever before, this timely publication addresses a range of critically important themes relating to the book - including the present and future for publishing, libraries, literacy and learning in the information society. In the early 1990s the printed word appeared to be facing a terminal crisis, threatened from all sides by new media and other forms of entertainment. Subsequently the book has proved to be resilient in the face of these challenges, confounding the predictions of those who saw its replacement, whilst digital technology is providing mechanisms that enhance our ability to produce and distribute printed books. New developments, such as the growth of self-publishing and print on demand, and initiatives from major players such as Amazon and Google, mean that the printed book is in the middle of great changes. Chapters by leading experts in the field of publishing studies and information science

A broad range of perspectives on key issues such as print on demand and digital publishing Contributions from around the world

Double Rainbow at Full Moon Sep 16 2021 "Excellent and informative. A well-written, fascinating look at day-to-day life in a nation on the brink of collapse" - Kirkus Reviews "B.A.K. Sim's eloquent descriptive writing draws you into a thrilling yet unnerving and astonishing journey in Zimbabwe during the financial collapse, rampant hyper-inflation and dependence on the black market and a .38 caliber for survival, ultimately ending with a harrowing escape." - Phyllis Campanello, C.H.A., San Francisco, CA "Beautifully written - an important contribution to history and politics. A powerful saga, told with humour and compassion, capturing common life during troubled times, bringing out the best and the worst in people." - Margaret Spark, University Administrator/Editor, Victoria, BC "A wonderful book creating a vivid picture of the downfall of a beautiful country, and how this has resulted in a catastrophic lack of food, law and order. Well worth reading." - A. Crawshaw, MA, Cand.phil., Copenhagen University, Denmark Bodie and Clyde return to Zimbabwe in 2007, but the good times have departed. The country has the highest inflation in the world; people resort to suitcases and wheelbarrows, just to carry the money. Isolated from the rest of the world, they experience shortages of food, water and electricity, with endless line-ups for gas if any is available. The banking system is collapsing and only by trading on the black market are people able to feed themselves. To survive, Clyde's factory converts to producing ox-drawn carts. Governing party backed violence is worsening as a general election is called. Against all odds, many of the people come together across racial, religious and cultural lines. This is a story about how people react in times of extreme adversity. It is about survival, love, imagination and willpower. DOUBLE RAINBOW AT FULL MOON is also a wake-up call to the Western world about the consequences of economic mismanagement - a real human and economic thriller!

The Pope's Daughter May 13 2021 Lucrezia Borgia is one of the most vilified women in modern history. The daughter of a notorious pope, she was twice betrothed before the age of eleven and thrice married—one husband was forced to declare himself impotent and thereby unfit and another was murdered by Lucrezia ' s own brother, Cesar Borgia. She is cast in the role of murderess, temptress, incestuous lover, loose woman, femme fatale par excellence. But there are two sides to every story. Lucrezia Borgia is the only woman in history to have served as the head of the Catholic Church. She successfully administered several of Renaissance Italy ' s most thriving cities, founded one of the world ' s first credit unions, and was a generous patron of the arts. She was mother to a prince and to a cardinal. She was a devoted wife to the Prince of Ferrara, and the lover of the poet Pietro Bembo. She was a child of the renaissance and, in many ways, the world ' s first modern woman. In this richly imagined novel, Nobel laureate Dario Fo reveals Lucrezia ' s humanity, her passion for life, her compassion for others, and her skill at navigating around her family ' s evildoings. The Borgias are unrivalled for the range and magnitude of their political machinations and opportunism. Fo ' s brilliance rests in his rendering their story as a shocking mirror image of the uses and abuses of power in our own time. Lucrezia herself becomes a model for how to survive and rise above those abuses. Part Wolf Hall, part House of Cards, The Pope's Daughter will appeal to readers of historical fiction and of contemporary fiction alike

and will delight anyone fascinated by Renaissance Italy.

Dragon Marked Aug 16 2021 It's time for the dragon marked to rise...
Jessa Lebron doesn't have a lot to complain about. Her father is the alpha of their wolf pack, she lives in Stratford, a protected supernatural prison town, and her best friends, the Compass quads, are the strongest dudes of the four races: shifter, vampire, fey, and magic user. Yep, life is pretty much exactly how she wants it. Until the fateful day, just after her twenty-second birthday, when the mother who abandoned her, returns to the pack bearing secrets that change everything. The biggest secret of all: Jessa is dragon marked, a designation that places her in grave danger. For a thousand years, every supernatural child born with the mark was eliminated to prevent the rise of the dragon king, a fearsome ancient warmonger. In a bid to learn more about her fate and how to avoid the hunters, Jessa finds herself locked in Vanguard, the notorious supernatural prison. Thankfully she's not alone. Braxton Compass, the most feared of the dragon shifters, is right there with her. Together they'll have to survive long enough to free themselves and the other dragon marked. Before the king rises. *Note from author: this story was previously published by Skyscape. There are no changes to this version.

Recipes for Love and Murder May 05 2023 Meet Tannie Maria: She ' s fifty-something, short and soft (perhaps a bit too soft in the wrong places) with brown curls and untidy Afrikaans. She is also the agony aunt for the local paper, the Klein Karoo Gazette. One day, her life takes a sinister turn when a woman in the area is murdered and she becomes entangled in the investigation ... to the intense irritation of a handsome local policeman. But what else will this amateur detective uncover in a small town marinated in secrets? Warm, poignant and entertaining, Sally Andrew ' s delightful heroine blends together intrigue, romance and cooking in this irresistible new mystery, complete with a few mouth-watering recipes.

The Most Dangerous Game Feb 19 2022 From one of America ' s most popular short story writers and an Academy Award nominee: the O.

Henry Award – winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “ has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill ” (The Telegraph). “ [A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted. ” —Criterion

Chasing Christmas Eve Nov 06 2020 (A standalone Heartbreaker Bay novel) Meet cute... Run for the hills—temporarily. That 's Colbie Albright 's plan when she flees New York for San Francisco. Wrangling her crazy family by day and writing a bestselling YA fantasy series by night has taken its toll. In short, Colbie 's so over it that she 's under it. She 's also under the waters of a historic San Francisco fountain within an hour of arrival. Fortunately, the guy who fishes Colbie out has her looking forward to Christmas among strangers. But she 's pretty sure Spencer Baldwin won 't be a stranger for long. Make merry... Spence 's commitment to hiding from the Ghosts of Relationships Past means he doesn 't have to worry about the powerful—okay, crazy hot—chemistry he 's got with Colbie. Just because she can laugh at anything, especially herself... just because she 's gorgeous and a great listener...just because she “ gets ” Spence immediately doesn 't mean he won 't be able to let Colbie go. Does it? ...and hope for a miracle. Now the clock 's ticking for Colbie and Spence: Two weeks to cut loose. Two weeks to fall hard. Two weeks to figure out how to make this Christmas last a lifetime.

The Duke And I Apr 23 2022 Simon Basset, the irresistible Duke of Hastings, has hatched a plan to keep himself free from the town 's marriage-minded society mothers. He pretends to be engaged to the lovely Daphne Bridgerton. After all, it isn 't as if the brooding rogue has any real plans to marry - though there is something about the alluring Miss Bridgerton that sets Simon 's heart beating a bit faster. And as for Daphne, surely the clever debutante will attract some very worthy suitors now that it seems a duke has declared her desirable. But as Daphne waltzes across ballroom after ballroom with Simon, she soon forgets that their courtship is a complete sham. And now she has to do the impossible and keep herself from losing her heart and soul completely to the handsome hell-raiser who has sworn off marriage forever!

Enneagram & Transformation Sep 04 2020 This Essay follows

Gurdjieff's challenge: "Take the understanding of the East and the knowledge of the West - and then seek!" "Enneagram & Transformation" is dedicated to the knowledge/science of the West, by examining and describing the systemic and processual foundations of the Enneagram. The result is the acknowledgement of the Enneagram as a universal Metamodel whose rules can be applied to analyze the most complex issues. The explanations presented in "Enneagram & Transformation" confirm what Gurdjieff taught his students in St. Petersburg: "Generally speaking, one must understand that the Enneagram is a universal symbol. All knowledge can be summarized in the Enneagram and interpreted with the help of the Enneagram. And so you can say that you only know, or understand, what you can insert into the Enneagram. What you can not fit into the Enneagram is not understood. "An additional way for further model creation is the extended form of the Enneagram based on relevant Gurdjieff's quotes - the EN-Cosmogram©.

How to Market Books Nov 30 2022 'Baverstock is to book marketing what Gray is to anatomy; the undisputed champion.' Richard Charkin, Executive Director of Bloomsbury Publishing and President Elect of the International Publishers Association Over four editions, Alison Baverstock 's How to Market Books has established itself as the industry standard text on marketing for the publishing industry, and the go-to reference guide for professionals and students alike. With the publishing world changing like never before, and the marketing and selling of content venturing into uncharted technological territory, this much needed new edition seeks to highlight the role of the marketer in this rapidly changing landscape. The new edition is thoroughly updated and

offers a radical reworking and reorganisation of the previous edition, suffusing the book with references to online/digital marketing. The book maintains the accessible and supportive style of previous editions but also now offers: a number of new case studies detailed coverage of individual market segments checklists and summaries of key points several new chapters a foreword by Michael J Baker, Professor Emeritus of Marketing, Strathclyde University.

Blueprint for Black Power Mar 11 2021 Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. Rogue Heroes Mar 03 2023 NEW YORK TIMES BESTSELLER • The incredible untold story of World War II 's greatest secret fighting force, as told by the modern master of wartime intrigue—coming soon as a limited series on Epix! “ Reads like a mashup of The Dirty Dozen and The Great Escape, with a sprinkling of Ocean 's 11 thrown in for good measure. ” —Michiko Kakutani, The New York Times ONE OF NPR ' S BEST BOOKS OF THE YEAR • “ Rogue Heroes is a ripping good read. ” —Washington Post (10 Best Books of the Year) Britain 's Special Air Service—or SAS—was the brainchild of David Stirling, a young aristocrat whose aimlessness belied a remarkable strategic mind. Where most of his colleagues looked at a World War II battlefield map and saw a protracted struggle, Stirling saw an opportunity: given a small number of elite men, he could parachute

behind Nazi lines and sabotage their airplanes and supplies. Defying his superiors' conventional wisdom, Stirling assembled a revolutionary fighting force that would upend not just the balance of the war, but the nature of combat itself. Bringing his keen eye for detail to a riveting wartime narrative, Ben Macintyre uses his unprecedented access to the SAS archives to shine a light on a legendary unit long shrouded in secrecy.

Songs of the Gorilla Nation Jun 01 2020 "This is a book about autism. Specifically, it is about my autism, which is both like and unlike other people's autism. But just as much, it is a story about how I emerged from the darkness of it into the beauty of it." In this elegant and thought-provoking memoir, Dawn Prince-Hughes traces her personal growth from undiagnosed autism to the moment when, as a young woman, she entered the Seattle Zoo and immediately became fascinated with the gorillas. Having suffered from a lifelong inability to relate to people in a meaningful way, Dawn was surprised to find herself irresistibly drawn to these great primates. By observing them and, later, working with them, she was finally able to emerge from her solitude and connect to living beings in a way she had never previously experienced. Songs of the Gorilla Nation is more than a story of autism, it is a paean to all that is important in life. Dawn Prince-Hughes's evocative story will undoubtedly have a lasting impact, forcing us, like the author herself, to rediscover and assess our own understanding of human emotion.

American Gangster Apr 11 2021 The untold story of Frank Lucas, New York's most notorious drugs lord during the 1970s. Now a blockbuster movie, directed by Ridley Scott and starring Denzel Washington and Russell Crowe. In 1970s New York, the ruthless Frank Lucas was the king of the Harlem drug trade, bringing in more than a million dollars a day. At the height of his power there were so many heroin addicts buying from him on 116th Street that he claimed the Transit Authority had to change the bus routes. Lucas lived a glamorous life, hobnobbing with sport stars, musicians, and politicians, but he was

also a ruthless gangster. He was notorious for using the coffins of dead GIs to smuggle heroin into the United States and before his fall, when he was sentenced to 70 years in prison, he played a major role in the near death of New York City. In *American Gangster*, Marc Jacobson's captivating account of the life of Frank Lucas (the basis for the forthcoming major motion picture) joins other tales of New York City from the past thirty years. It is a vibrant, intoxicating, many-layered portrait of one of the most fascinating cities in the world from one of America's most acclaimed journalists.

Event Design Aug 28 2022 Events are becoming more complex as their range of functions grows, as meeting places, creative spaces, economic catalysts, social drivers, community builders, image makers, business forums and network nodes. Effective design can produce more successful business models that can help to sustain cultural and sporting activities even in difficult economic times. This process requires creative imagination, and a design methodology or in other words ' imagineering ' . This book brings together a wide range of international experts in the fields of events, design and imagineering to examine the event design process. It explores the entire event experience from conception and production to consumption and co-creation. By doing so it offers insight into effective strategies for coping with the shift in value creation away from transactional economic value towards social and relational value which benefit a range of stakeholders from the community to policy makers. Mega-events, small community events, business events and festivals in eight different countries are examined providing an international view of social issues in event design. A wide selection of current research perspectives is employed, integrating both theoretical and applied contributions. The multidisciplinary nature of the material means that it will appeal to a broad academic audience, such as art and design, cultural studies, tourism, events studies, sociology and hospitality.

Working-Class New York Oct 06 2020 A “ lucid, detailed, and imaginative analysis ” (The Nation) of the model city that working-class New Yorkers created after World War II—and its tragic demise More than any other city in America, New York in the years after the Second World War carved out an idealistic and equitable path to the future. Largely through the efforts of its working class and the dynamic labor movement it built, New York City became the envied model of liberal America and the scourge of conservatives everywhere: cheap and easy-to-use mass transit, work in small businesses and factories that had good wages and benefits, affordable public housing, and healthcare for all. Working-Class New York is an “ engrossing ” (Dissent) account of the birth of that ideal and the way it came crashing down. In what Publishers Weekly calls “ absorbing and beautifully detailed history, ” historian Joshua Freeman shows how the anticommunist purges of the 1950s decimated the ranks of the labor movement and demoralized its idealists, and how the fiscal crisis of the mid-1970s dealt another crushing blow to liberal ideals as the city ’ s wealthy elite made a frenzied grab for power. A grand work of cultural and social history, Working-Class New York is a moving chronicle of a dream that died but may yet rise again.

The Count of Monte Cristo Feb 07 2021 Ê On the 24th of February, 1815, the look-out at Notre-Dame de la Garde signalled the three-master, the Pharaon Ê from Smyrna, Trieste, and Naples. As usual, a pilot put off

immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island. Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like the *Pharaon*, has been built, rigged, and laden at the old Phocée docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked one another what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the side of the pilot, who was steering the *Pharaon* towards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside the *Pharaon*, which he reached as she rounded into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned over the ship's bulwarks. He was a fine, tall, slim young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

The Immortal Life of Henrietta Lacks Jan 01 2023 #1 NEW YORK TIMES BESTSELLER • “ The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly. ” —Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “ MOST INFLUENTIAL ” (CNN), “ DEFINING ” (LITHUB), AND “ BEST ” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE ’ S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “ immortal ” human

cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb ' s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta ' s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta ' s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn ' t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.
