The Poem and the Journey Aug 18 2021 Ruth Padel is an award-winning poet who has also become renowned as an energetic, generous and thought-provoking guide to reading poetry. Her 52 Ways of Looking at a Poem, with its lively overview of contemporary writing and eye-opening readings of individual poems, is indispensable for anyone who writes poetry, teaches it, or simply wants to enjoy it. In her new book, she uses sixty poems by some of our finest poets to look at the idea of the journey, through literature and through life. As Padel makes clear in her fascinating introduction, today's debates about how accessible a poem should be are poetry's older tradition. To rhyme or not to rhyme? The Elizabethans fought over that one, while the Greeks couldn't agree about whether poetry should be dumbed down or remain the preserve of the elite. Combining her training as a Classicist with her insights as a poet, Padel highlights the ways in which the best poets now find a balance between rhymed formal verse and modernism's freer styles, using a traditional, formal craft to convey genuinely felt, up-to-the-minute experience. In an increasingly unstable world, she argues, we need poetry more than ever to help us to see afresh and understand the journeys of our lives.

New York Poems Nov 08 2020 New York Poems is dedicated to "The City of New York: embattled, gallant, enduring" by celebrated poet D. H. Melhem, who calls the Upper West Side her "muse." D. H. Melhem's sharp eye looks at neighborhood struggles with blight and urban renewal (chastised as "Negro Removal"). She examines her city from the World Trade Center disaster to the present to the city's future. New York Poems combines her seminal book of poetry, Notes on 94th Street, with her second volume about the neighborhood, Children of the House Afire, whose emblematic title poem describes a tragic fire she witnessed from her second-floor window. "Requiescant 9/11" ("let them rest"), a tribute sequence lamenting the martyrs of the World Trade Center closes Melhem's last collection, Conversation with a Stonemason. The author's preface and poem, "Prospect," survey the urban terrain. Melhem concludes with a lyrical panorama of her city's dynamic changes.

A Garden in Kentucky Jan 29 2020 In this collection Jane Gentry evokes, in images as haunting as the Kentucky landscape, a garden thriving with the flowers of memory, a physical world that reflects a realm of transcendence. Cosmic harmony reveals itself in the "ciphers" of roots and worms, in a piece of blue-willow china - "a blaze of balance, of wholeness" - that survives a fire in which a lonely, tormented cousin died. Like John Donne and Elizabeth Bishop, Gentry finds beauty, grandeur, and the suggestion of immortality in the smallest, most evanescent of details. A mother's clothes. Scents. Textures. The play of moonlight on rock. The chirp of crickets. A faded tintype of a great-grandfather's dog. The wedding of a drum majorette. A glimpse caught through an open door of a naked woman ironing. A scarecrow. The smell of Bible leather. Laundry drying on a clothesline. Stark, lovely, elegiac, gently surreal, Gentry's poems resonate and echo in the vast spaces of the heart. A Garden in Kentucky is a place of mystery, terror, beauty, and wonder, a garden to which readers will find themselves returning again and again.

Collected Poems Apr 13 2021 Anne Ridler's first book, Poems, was published in 1939. Her poetry developed in the light and shadow of the poets of the day - MacNeice and Auden, but also Durrell and Watkins. As important is a deep affinity with the secular and devotional writers of the sixteenth and seventeenth centuries. Ambitious for her poems, she was never ambitious for reputation. Like that of her friend E.J. Scovell, her work has not received proper recognition until now. She has published ten collections of poems, original and translated opera libretti, including Monteverdi's Orfeo. She is the author of verse plays which have been performed in Oxford and London. This collection contains all that she wishes to preserve from her volumes of lyric poetry, together with the choruses from the play, The Trial of Thomas Cranmer, and a masque for music by Elizabeth Maconchy, The Jesse Tree.

Starsdown Apr 01 2020 Poetry. Jasper Bernes's magnificent and multi-layered first book, STARSDOWN, emerges as a record of Los Angeles as its physical space collapses into specters and marks, where "the sky is a swimming pool" and the signs and stars keep switching places. Beneath the glittering surface of the last American city, this book animates the profusion of irreconcilable vernaculars and histories that the city's "pastel-washed meta-burglaries" have contrived to make disappear. An archaeology of futures past and futures to come, STARSDOWN improvises a poetry which stands finally as actual invention and possibility.

Slow Work Through Sand Jun 15 2021 For a number of years, Leslie Ullman has lived in the Southwest, on cultivated land, in the company of horses and with access to uncultivated desert. The seasons and conditions of this starkly appealing land have found their way into the poet and her work. Ullman creates origins for herself in nature, in solitude, in animals, and of course through those aspects of human relationships which teach important lessons. Since winning the prestigious Yale Younger Poets Award in 1979, Ullman has manifested her love of language as both writer and teacher. As she remembers from her youthful summers in a Wisconsin lake lodge: Sometimes the words I read were the tap of rain on the roof or the fire snapping in its great stone bed, but mostly they bloomed as the sound of the lake, a mantra against the weathered dock She writes that her book may be trying to validate the history of women -- the title of one of the poems -- just as men's history has always validated hugely and by implication the way we use language and the way history has been taught. Hers is not a defensive or an angry intention, however, but an exciting one. *Slow Work through Sand* attempts simply to make visible the dance a woman's life is, not apart from other dances but as a valid dance among dances.

Twenty Questions Jul 17 2021 In *Twenty Questions*, one of America's finest poet-critics leads readers into the mysteries of poetry: how it draws on our lives, and how it leads us back into them. In a series of linked essays progressing from the autobiographical to the critical -- and closing with a remarkable translation of Horace's *Ars Poetica* unavailable elsewhere -- J. D. McClatchy's latest book offers an intimate and illuminating look into the poetic mind. McClatchy begins with a portrait of his development as a poet and as a man, and provides vibrant details about some of those who helped shape his sensibility -- from Anne Sexton in her final days, to Harold Bloom, his enigmatic teacher at Yale, to James Merrill, a wise and witty mentor. All of these glimpses into McClatchy's personal history enhance our understanding of a coming of age from ingenious reader to accomplished poet-critic. Later sections range through poetry past and present -- from Emily Dickinson to Seamus Heaney and W. S. Merwin -- with incisive criticism generously interspersed with vivid anecdotes about McClatchy's encounters with other poets' lives and work. A critical unpacking of Alexander Pope's "Epistle to Miss Blount" is interwoven with compassionate psychological portrait of a brilliant poet plagued by both romantic longings and debilitating physical deformities. There are surprising takes on the literary imagination as well: a look at Elizabeth Bishop through her letters, and a tribute to the Broadway lyrics of Stephen Sondheim and the tradition of light verse. The questions McClatchy poses of poems prompt a fresh look and the last word. Free of scholarly pretension, elegantly and movingly written, *Twenty Questions* is a bright, open window onto a public and private experience of poetry, to be appreciated by poets, readers, and critics alike.

By Reason of Breakings May 27 2022 By Reason of Breakings, Andrew Zawacki's first book of poetry, overwhelms and silences by virtue of its extremely austere beauty. In highly wrought lyrics, prose poems, fragments of apocrypha, and splintered efforts at song, this volume is forceful and haunted by doubt. Each intimate and restrained line is a glimpse at a wisdom that defies paraphrase, each image carefully chosen and constructed. Zawacki's language summons and invites and is almost menacing in its delicate intensity: "Weight is the syntax of filling empty spaces: scalpels and expired tissue fall, but fire rises to fever and sere." While pursuing an explanation for the disappearance of God and for the denouement of a love affair, and exploring the failure of language to compensate or console, these poems maintain their sublime power and elegance.

Swamp Candles Mar 13 2021 In his convincing and highly accomplished fifth book, Ralph Burns draws on his deep practice and experience. His tones, forms, and subjects are various and striking, the work of a poet mature and courageous enough to range through the full spectrum of his emotions. Sometimes Burns is haunted by the strength and fallibility of the Christian tradition, and in many of his poems he explores the conflicts between individuals and the larger world - the mystery and responsibility of choice, consequence and inconsequence, the terror of being taken.

Paper Cathedrals Mar 05 2023 Displaying a range of voices and subjects, from dramatic monologues in the voices of Judas Iscariot to personal lyrics of family, time and loss, the poems in this collection examine the difficulties of belief and the transcendent possibilities of common experience.

Poetry Analysis Feb 09 2021 No-one can dispute that poetry is written to be enjoyed. It is an intense form of expression in which words and images are very carefully chosen to appeal to the emotions. Looking carefully at how and why a poet has written leads to a greater appreciation of the poem. All of this is true, but the main concern of a student is writing for accreditation. No matter how uplifting or thought-provoking a piece of poetry on an exam paper may be, it is still an item for assessments.

Before and After the Fall Mar 01 2020 A new poetry collection from the foremost Hungarian poet of the post World War II generation.

Louisa S. McCord Dec 10 2020 Louisa Susanna Cheves McCord (1810-1879) was one of the most remarkable figures in the intellectual history of antebellum America. A conservative intellectual, she broke the confines of Southern gender roles. Over the past decade historians have begun to pay attention to McCord and find her indispensable to understanding American culture. Among Southerners before the Civil War, she is ranked with Thomas Jefferson, George Mason, James Madison, Sarah Grimke, John C. Calhoun, George Fitzhugh, and Frederick Douglass. This volume collects all of her poetry, drama, and correspondence, her account of Sherman's occupation of Columbia, and a memoir of her father, politician and statesman Langdon Cheves. Its publication, together with the previously published Louisa S. McCord: Political and Social Essays, makes available all of Louisa McCord's varied writings.

Ends of the Lyric Mar 25 2022 "Poems end. They begin, and they end. In between beginnings and ends are the middles--the means--of getting from the one to the other. How poems get to their ends--the directions they take, and give, and the consequences of following them--is the topic of this study."--from the Introduction Lyric poems, argues Timothy Bahti, do not simply end in the sense of arriving at the end of a story or the conclusion of an argument. Instead, these endings return their own structures and statements (as well as the readers' engagements with the poems' meanings) back to the beginnings and middles of the poems. Thus, Bahti contends, lyric poetry does not end, but re-begins and continues anew toward its ends. Studying poetry from five Western languages, from antiquity through the Middle Ages and the Renaissance to the nineteenth and twentieth centuries, *Ends of the Lyric* combines advanced methods in literary interpretation with a focus on lyric poetry's surprisingly recurrent motifs, devices, and figures of language. "It is not only that Bahti has a range of knowledge of extraordinary depth, not only that he analyzes with exceptional precision and brings us to important theoretical insights about the lyric and about reading and language in general, not only that he knows the secondary works thoroughly and is able to read others' reading in a disciplined and productive manner. He also manages to write beautifully."--Carol Jacobs, State University of New York at Buffalo

The Poetry of Francisco Brines Jul 29 2022 "Brines's seven poetry collections offer a sustained inquiry into three fundamental philosophical themes: knowledge, the present moment, and non-being. These themes, however, are presented as conflictual differences. The numerous poetic voices heard throughout his poetry continually wrestle with knowledge perpetually oscillating with ignorance, the present moment unceasingly becoming past, and human existence endlessly displaying its own finitude. In this study, the critical interpretation of these themes leads to the critical exploration of language, the signifying process of language, and the warring forces of signification. The sign is thus viewed as a structure of difference and as such it endlessly displays the duplicitous nature of language engaged in a semantic struggle with itself."--BOOK JACKET.Title Summary field provided

Owl Question Jan 03 2023 Winner of the sixth annual May Swenson Poetry Award, *The Owl Question* underscores and relishes life's transitions from young girl to woman, from child to wife to mother, and from isolation to connection this poet's bright sense of abundance and awe, here expressed in finely tuned detail and refreshingly open observation, reads like a collective memory. Though private and closely held, these questionings are as familiar as our own souls, and in their transformation to poetry, Shearin has created the very "map" she wishes to guide her when she "can't learn the world fast enough."

Paper-Whites for Lady Jane Jan 11 2021 This sequel to *Forever, for Now* follows the second year of a romance between two middle-aged lovers, mixing erotic poems with those depicting memorable events they share (attending symphonies, going to the zoo, gardening, listening to jazz, traveling and sightseeing, celebrating holidays) as they journey from passion to the deepening, mellowing affection and intimacy of their new life together. Their growing love is highlighted by a gentle sensuousness, perhaps uncommon to many of us today, that is symbolized by the story's pervasive paper-whites, an exotically scented variety of narcissus, to which the pair devotedly tend.

Fear, Some Nov 20 2021 Stealing tropes from militancy to minstrelsy, *Fear, some* broadcasts from the slippery moments when personal, national, racial and aesthetic anxieties overlap. These poems seek to pressurize content ("At the Pink Teacup"), language ("Atomic Buckdance") and form (the Blaxploitation epic-remix, "(dig) Bloom is Boom, Sucka!") until they evoke suspicion, tension, fear and the laughter that rattles after the horrifyingly ridiculous.

The Past Won't Stay Behind You Jan 23 2022 "Samuel Hazo likes to think of poetry as art in the present perfect - that tense in English from which events in the past continue into the present. Each poem in this collection, whatever the subject - travel, regret, love, death, war, or family - is firmly tied to a real history; all the poems begin in actual places and at specific times and continue on even into the life of the reader. Sometimes a poem ends with a kind of answer, sometimes in anger, sometimes in dismay or amazement, but every poem is a duel with reality." "Here is a poetry to challenge the spirit, to awaken the conscience, to assure the uncertain heart. It is, in the deepest sense, poetry of the world as it is."--BOOK JACKET. [The Work of Poetry](#) Jul 05 2020 *The Work of Poetry* is organized into three parts. "Poetic Substance" explores the nature of poetry and the poet, with essays that cover the poet "being-and-feeling-at-home" in his or her work and the parallels between dreams and poetry.

[Then & Now](#) Aug 30 2022 Taking a new approach to the study of Robert Penn Warren's imposing and still growing poetic canon, Floyd C. Watkins has found in the poems what he describes as a "poetic autobiography" unparalleled in American letters. Drawing on interviews with Warren, members of his family, and contemporaries from his hometown, but keeping the poetry itself constantly at the center of his vision, Watkins shows how the poetry has grown from the experience of the boy and man and from his contemplation of his family's and his country's history. He traces through the poems a family chronicle, moving from the frontier to the late twentieth century, and set in a landscape that is clearly derived from the Kentucky of Warren's boyhood. The little town of Guthrie, divided by railroad tracks, with its two burial grounds for whites and blacks, becomes in the poems a town of both memory and imagination, peopled by characters many of whom are recognizable to Warren's contemporaries. The images of a black man fleeing through swampy woods outside the town, of a grayfaced man who led a lynch mob, of a mad druggist making a list of people to poison, all have counterparts in Guthrie's history. *Then and Now* is a revealing and provocative study of the poetic process in a poet who is thought of as the originator of the biographical fallacy.
