The Reunited States of America Apr 26 2020 “There are lots of reasons to feel bad about national politics. Mark Gerzon provides some well-thought-out, reality-based reasons to feel better.” — James Fallows, National Book Award-winning author of *Breaking the News* In this era of poisonous partisanship, *The Reunited States of America* is a lifesaving antidote. At a time when loyalty to party seems to be overpowering love of country, it not only explains how we can bridge the partisan divide but also reveals the untold story of how some of our fellow citizens are already doing it. This book, a manifesto for a movement to reunite America, will help us put a stop to the seemingly endless Left-Right fistfight while honoring the vital role of healthy political debate. Localism in the Mass Age Jan 16 2022 In the United States the conventional left/right distinction has become increasingly irrelevant, if not harmful. The reigning political, cultural, and economic visions of both the Democrats and the Republicans have reached obvious dead ends. Liberalism, with its hostility to any limits, is collapsing. So-called Conservatism has abandoned all pretense of conserving anything at all. Both dominant parties seem fundamentally incapable of offering coherent

solutions for the problems that beset us. In light of this intellectual, cultural, and political stalemate, there is a need for a new vision. *Localism in the Mass Age: A Front Porch Republic Manifesto* assembles thirty-one essays by a variety of scholars and practitioners—associated with Front Porch Republic—seeking to articulate a new vision for a better future. The writers are convinced that human apprehension of the true, the good, and the beautiful is best realized within a dense web of meaningful family, neighborhood, and community relationships. These writers seek to advance human flourishing through the promotion of political decentralism, economic localism, and cultural regionalism. In short, Front Porch Republic is dedicated to renewing American culture by fostering the ideals necessary for strong communities.

The Matheny Manifesto May 27 2020 St. Louis Cardinals manager Mike Matheny's New York Times bestselling manifesto about what parents, coaches, and athletes get wrong about sports; what we can do better; and how sports can teach eight keys to success in sports and life. Mike Matheny was just forty-one, without professional managerial experience and looking for a next step after a successful career as a Major League catcher, when he succeeded the legendary Tony La Russa as manager of the St. Louis Cardinals in 2012. While Matheny has enjoyed immediate success, leading the Cards to the postseason four times in his first four years – a Major League record – people have noticed something else about his life, something not measured in day-to-day results. Instead, it's based on a frankly worded letter he wrote to the parents of a Little League team he coached, a cry for change that became an Internet sensation and eventually a "manifesto." The tough-love philosophy Matheny expressed in the letter contained his throwback beliefs that authority should be respected, discipline and hard work rewarded, spiritual faith cultivated, family made a priority, and humility considered a virtue. In *The Matheny Manifesto*, he builds on his original letter by first diagnosing the problem at the heart of youth sports – it starts with parents and coaches – and then by offering a hopeful path forward. Along the way, he uses stories from his small-town childhood as well as his career as a player, coach, and manager to explore eight keys to success: leadership, confidence, teamwork, faith, class, character, toughness, and humility. From "The Coach Is Always Right, Even When He's Wrong" to "Let Your Catcher Call the Game," Matheny's old-school advice might not always be popular or politically correct, but it works. His entertaining and deeply inspirational book will not only resonate with parents, coaches, and athletes, it will also be a powerful reminder, from one of the most successful new managers in the game, of what sports can teach us all about winning on the field and in life.

The Revolution Oct 01 2020 #1 NEW YORK TIMES BESTSELLER This much is true: You have been lied to. The government is expanding. Taxes are increasing. More senseless wars are being planned. Inflation is ballooning. Our basic freedoms are disappearing. The Founding Fathers didn't want any of this. In fact, they said so quite clearly in the Constitution of the United States of America. Unfortunately, that beautiful, ingenious, and revolutionary document is being ignored more and more in Washington. If we are to enjoy peace, freedom, and prosperity once again, we absolutely must return to the principles upon which America was founded. But finally, there is hope . . . In THE REVOLUTION, Texas congressman and presidential candidate Ron Paul has exposed the core truths behind everything threatening America, from the real reasons behind the collapse of the dollar and the looming financial crisis, to terrorism and the loss of our precious civil liberties. In this book, Ron Paul provides answers to questions that few even dare to ask. Despite a media blackout, this septuagenarian physician-turned-congressman sparked a movement that has attracted a legion of young, dedicated, enthusiastic supporters . . . a phenomenon that has amazed veteran political observers and made more than one political rival envious. Candidates across America are already running as "Ron Paul Republicans." "Dr. Paul cured my apathy," says a popular campaign sign. THE REVOLUTION may cure yours as well.

Manifesto Feb 23 2020 “If you are curious and open to the life around you, if you are troubled as to why, how and by whom political power is held and used, if you sense there must be good intellectual reasons for your unease, if your curiosity and openness drive you toward wishing to act with others, to ‘do something,’ you already have much in common with the writers of the three essays in this book.” — Adrienne Rich With a preface by Adrienne Rich, *Manifesto* presents the radical vision of four famous young rebels: Marx and Engels’ *Communist Manifesto*, Rosa Luxemburg’s *Reform or Revolution* and Che Guevara’s *Socialism and Humanity*.

Youth Ministry 3.0 Oct 13 2021 Over the past several decades there have been three significant shifts in youth culture; each new shift brought with it different values and priorities in the lives of teens. Youth ministries adapted and responded to the first two shifts, but we’re missing the boat on the third. The result? Youth ministry isn’t addressing the realities and needs of today’s youth culture. After nearly three decades in youth ministry, Mark Oestreicher has lived through a lot of those shifts himself. In recent years, he’s found himself wondering what needs to change, especially since so much of what we’re doing in youth ministry today is not working. In Youth Ministry 3.0, youth workers will explore, along with Marko and the voices of other youth workers, why we need change in youth ministry, from a ministry moving away from a dependence on programs, to one that is focused on communion and mission. They’ll get a quick history of youth ministry over the last fifty years. And they’ll help dream about what changes need to take place in order to create the next phase of youth ministry—the future that needs to be created for effective ministry to students.

A Sensory History Manifesto Nov 25 2022 A Sensory History Manifesto is a brief and timely meditation on the state of the field. It invites historians who are unfamiliar with sensory history to adopt some of its insights and practices, and it urges current practitioners to think in new ways about writing histories of the senses. Starting from the premise that the sensorium is a historical formation, Mark M. Smith traces the origins of historical work on the senses long before the emergence of the field now called “sensory history,” interrogating, exploring, and in some cases recovering pioneering work on the topic. Smith argues that we are at an important moment in the writing of the history of the senses, and he explains the potential that this field holds for the study of history generally. In addition to highlighting the strengths of current work in sensory history, Smith also identifies some of its shortcomings. If sensory history provides historians of all persuasions, times, and places a useful and incisive way to write about the past, it also challenges current practitioners to think more carefully about the historicity of the senses and the desirability—even the urgency—of engaged and sustained debate among themselves. In this way, A Sensory History Manifesto invites scholars to think about how their field needs to evolve if the real interpretive dividends of sensory history are to be realized. Concise and convincing, A Sensory History Manifesto is a must-read for historians of all specializations.

Digital Barbarism Apr 18 2022 “A strange, wondrous, challenging, enriching book....Beautiful and powerful...you will not encounter another book like it.” —National Review online In Digital Barbarism, bestselling novelist Mark Helprin (*Winter's Tale*, *A Soldier of the Great War*) offers a ringing Jeffersonian defense of private property in the age of digital culture, with its degradation of thought and language and collectivist bias against the rights

of individual creators. A timely, cogent, and important attack on the popular Creative Commons movement, *Digital Barbarism* provides rational, witty, and supremely wise support for the individual voice and its hard-won legal protections.

**Sympathy for the Traitor** Feb 14 2022 An engaging and unabashedly opinionated examination of what translation is and isn't. For some, translation is the poor cousin of literature, a necessary evil if not an outright travesty—summed up by the old Italian play on words, *traduttore, traditore* (translator, traitor). For others, translation is the royal road to cross-cultural understanding and literary enrichment. In this nuanced and provocative study, Mark Polizzotti attempts to reframe the debate along more fruitful lines. Eschewing both these easy polarities and the increasingly abstract discourse of translation theory, he brings the main questions into clearer focus: What is the ultimate goal of a translation? What does it mean to label a rendering “faithful”? (Faithful to what?) Is something inevitably lost in translation, and can something also be gained? Does translation matter, and if so, why? Unashamedly opinionated, both a manual and a manifesto, his book invites us to sympathize with the translator not as a “traitor” but as the author's creative partner. Polizzotti, himself a translator of authors from Patrick Modiano to Gustave Flaubert, explores what translation is and what it isn't, and how it does or doesn't work. Translation, he writes, “skirts the boundaries between art and craft, originality and replication, altruism and commerce, genius and hack work.” In *Sympathy for the Traitor*, he shows us how to read not only translations but also the act of translation itself, treating it not as a problem to be solved but as an achievement to be celebrated—something, as Goethe put it, “impossible, necessary, and important.”

The Socioeconomic Context...", in relation to revolution (Paxton's "Marx's Theory of History and the Russian Revolution"), the role of the working class (Wilks-Heeg's "The Communist Manifesto and Working-class Parties in Europe), and its relevancy today (Burnham's "The Communist Manifesto as International Relations Theory"). Chase the Lion is more than a catch phrase; it's a radically different approach to life. It's only when we stop fearing failure that we can fully seize opportunity by the mane. With grit and gusto, New York Times best-selling author Mark Batterson delivers a bold message to everyone with a big dream. This is a wake-up call to stop living as if the purpose of life was to simply arrive safely at death. Our dreams should scare us. They should be so big that without God they would be impossible to achieve. Quit running away from what you're afraid of. Chase the lion! Change the world! What is your five-hundred-pound dream? In this highly anticipated sequel to his best-selling *In a Pit with a Lion on a Snowy Day*, Mark Batterson invites lion chasers everywhere to chase dreams so impossible that victory demands we face our fears, defy the odds, and hold tight to God. These are the kind of dreams that will make you a bigger person and the world a better place. Based upon 2 Samuel 23, *Chase the Lion* tells the true story of an ancient warrior named Benaiah who chased a lion into a pit on a snowy day—and then killed it. For most people, that situation wouldn't just be a problem...it would be the last problem they ever faced. For Benaiah, it was an opportunity to step into his destiny. After defeating the lion, he landed his dream job as King David's bodyguard and eventually became commander-in-chief of Israel's army under King Solomon. Written in a way that both challenges and encourages, this revolutionary book will help unleash the faith and courage you need to identify, chase, and catch the five-hundred-pound dreams in your life.

In *The Geek Manifesto* Mark Henderson explains why and how we need to entrench scientific thinking more deeply into every aspect of our society. A new movement is gathering. Let's turn it into a force our leaders cannot ignore. This edition includes an appendix: 'A Geek Manifesto for America' by David Dobbs.

The Hour Mar 06 2021 "In an age when all that was old seems to be new again, Bernard DeVoto's *The Hour* couldn't have made a more timely reappearance. This book reminds me of one of the joys of being an adult---cocktail hour!"---Graydon Carter "If in the well and truly made martini DeVoto finds 'the water of life' and the blessing to the spirit, so also DeVoto's *The Hour* brings to its readers the breath of life and a vision of themselves made generous, indomitable, and wise."---Lewis Lapham "The Hour is not simply a piece of humorous cultural patriotism.... It is a manual of witchcraft, a book of spells and observances."---Wallace Stegner One part celebration, one part history, two parts manifesto, Bernard DeVoto's *The Hour* is a comic and unequivocal treatise on how and why we drink---properly. The Pulitzer Prize and National Book Award winner turns his shrewd wit on the spirits and attitudes that cause his stomach to turn and his eyes to roll (Warning: this book is Not for rum drinkers). DeVoto instructs his readers on how to drink like gentlemen and sheds new light on the simple joys of the cocktail hour. Drinking, Like Existence, is an endless muddle, one of the slipperiest boulders in life's daunting stream---we cling to it for support but end up even wetter than when we started. It destroys individuals and rescues large gatherings. It can tear apart loved ones but bring strangers closer together. It starts fights and ends wars. One drinks a right and proper amount; everyone else drinks either too much or not enough. One's own drinking preferences exhibit refinement and sophistication; everyone else's are suspect, as are everyone else's snobberies, recipes, rules, brands, and styles. Alcohol starts endless debates, and endless debates are best settled over a drink. Such a state of affairs cries out for clarity, and Bernard DeVoto's splendid book *The Hour* provides it straight up.---From The Introduction By Daniel Handler

Manifesto of the Communist Party Jun 08 2021 This is an illustrated edition of the standard English translation of The Communist Manifesto. It was first published to mark the centenary of Marx's death in 1883. The text is probably Marx's best-known work, and one of the most-often-quoted political polemics of the 19th century.

Liberty and Tyranny Dec 27 2022 Don't miss syndicated radio host and author Mark Levin's #1 New York Times acclaimed and longtime bestselling manifesto for the conservative movement. When nationally syndicated radio host Mark R. Levin's Liberty and Tyranny appeared in the early months of the Obama presidency, Americans responded by making his clarion call for a new era in conservatism a #1 New York Times bestseller for an astounding twelve weeks. As provocative, well-reasoned, robust, and informed as his on-air commentary, with his love of our country and the legacy of our Founding Fathers reflected on every page, Levin's galvanizing narrative provides a philosophical, historical, and practical framework for revitalizing the conservative vision and ensuring the preservation of American society. In the face of the modern liberal assault on Constitution-based values, an attack that has resulted in a federal government that is a massive, unaccountable conglomerate, the time for reinforcing the intellectual and practical case for conservatism is now. In a series of powerful essays, Levin lays out how conservatives can counter the tyrannical liberal corrosion that has filtered into every timely issue affecting our daily lives, from the economy to health care, global warming to immigration, and more.

The Xenofeminist Manifesto Nov 01 2020 A pocket color manifesto for a new futuristic feminism Injustice should not simply be accepted as "the way things are." This is the starting point for The Xenofeminist Manifesto, a radical attempt to articulate a feminism fit for the twenty-first century. Unafraid of exploring the potentials of technology, both its tyrannical and emancipatory possibilities, the manifesto seeks to uproot forces of repression that have come to seem inevitable—from the family, to the body, to the idea of gender itself. If nature is unjust, change nature!

Mark Thomas Presents the People's Manifesto Apr 30 2023 Mark Thomas has been touring the country for months, getting audiences to come up with policies aimed at sorting out the country's political chaos and taking back the power for the people. Sick to death of bailing out bankers and subsidising MPs homes, the audience vote on the best policy of the night to

be included in the brand new People's Manifesto. From the inspiring to the downright hilarious, you'll wonder why these fantastic ideas aren't part of the constitution already. For example: - All politicians will be forced to wear the names and logos of the companies sponsor that them or with whom they have financial links. - Anyone who supports ID cards is banned from having curtains. - All models have to be picked at random from the electoral register. - Anyone found guilty of homophobic hate crime has to serve their sentence in drag. - CEOs convicted of fraud will be made to dress as pirates in whatever job they get in the future. The People's Manifesto will outline 50 policies of the manifesto shouted out in bold type on a page to themselves with Mark's commentary opposite. Mark has even 'road tested' some of them - like hosting a party in an MP's second home (which clearly belongs to the taxpayer) and getting university boffins to work out a way of SAT testing MPs to rank them by value. And Mark's guerrilla antics won't end there... Power to the people is really happening.

The Relevance of the Communist Manifesto Aug 30 2020 No other Marxist text has come close to achieving the fame and influence of The Communist Manifesto. Translated into over 100 languages, this clarion call to the workers of the world radically shaped the events of the twentieth century. But what relevance does it have for us today? In this slim book Slavoj Zizek argues that, while exploitation no longer occurs the way Marx described it, it has by no means disappeared; on the contrary, the profit once generated through the exploitation of workers has been transformed into rent appropriated through the privatization of the 'general intellect'. Entrepreneurs like Bill Gates and Mark Zuckerberg have become extremely wealthy not because they are exploiting their workers but because they are appropriating the rent for allowing millions of people to participate in the

new form of the 'general intellect' that they own and control. But, even if Marx's analysis can no longer be applied to our contemporary world of global capitalism without significant revision, the fundamental problem with which he was concerned, the problem of the commons in all its dimensions – the commons of nature, the cultural commons, and the commons as the universal space of humanity from which no one should be excluded – remains as relevant as ever. This timely reflection on the enduring relevance of The Communist Manifesto will be of great value to everyone interested in the key questions of radical politics today.

The Communist Manifesto Aug 11 2021 The Communist Manifesto was written in 1848 as an inflammatory outcry against capitalist exploitation of the working class. The Manifesto calls upon workers of the world to unite and revolt against their oppressors, to abolish private property and free enterprise, and to form a kind of workers' community in which everyone would have an equal share.

Relief Chief Apr 06 2021 "Relief Chief is Mark Lowcock's behind-the-scenes account of his experience as the world's most senior humanitarian official-the UN Relief Chief. In his four years on the job, Lowcock coordinated the work of UN agencies, the Red Cross, and countless national and international humanitarian groups to save lives and protect the most vulnerable. Part memoir and part manifesto for reform, Relief Chief depicts the brutality, misery and inhumanity inflicted on innocent people in crises. Lowcock recounts what people he met in dozens of countries-especially women and children-shared with him about their plight and the help they needed. He warns that crises will continue to get worse without a renewed global effort to tackle their causes. But Relief Chief is also an uplifting story of lives saved and suffering reduced, and a detailed, practical agenda for solving crises faster and better in the future"--

Drinking Molotov Cocktails with Gandhi Mar 25 2020 More than ever,

people are longing for deep and meaningful change. Another world is not only possible; it is essential. Yet despite our creative and determined efforts to attain social justice and ecological sustainability, our global crises continue to deepen. In *Drinking Molotov Cocktails with Gandhi*, best-selling author Mark Boyle argues that our political and economic system has brought us to the brink of climate catastrophe, ransacking ecosystems and unraveling communities for the benefit of the few at the expense of the many. He makes a compelling case that we must "rewild" the political landscape, as history teaches us that positive social change has always been wrought by movements prepared to use any means available. The time has come for pacifists, revolutionaries, and freedom fighters to work together for the creation of a world worth sustaining. Eloquent, visionary, and beautifully written, this incendiary manifesto strikes at the heart of the world's crises and reframes our understanding of how to solve them, signaling a turning point in our journey towards an ecologically just society. The three R's of the climate change generation—reduce, reuse, and recycle—are long overdue for an upgrade. Welcome to resist, revolt, rewild. Mark Boyle is the author of *The Moneyless Man* and *The Moneyless Manifesto*. He lived completely without money for three years, and is a director of the global sharing community [streetbank.com](http://streetbank.com).

*A Sensory History Manifesto* Jul 22 2022 "Starting from the premise that the sensorium is a historical formation, Mark M. Smith traces the origins of historical work on the senses long before the emergence of the field now called 'sensory history.' Interrogating, exploring, and in some cases recovering pioneering work on the topic, Smith argues that we are at an important moment in the writing of the history of the senses, and he explains the potential that this field holds for the study of history generally. In addition to highlighting the strengths of current work in sensory history, Smith also identifies some of its shortcomings. If sensory history provides historians of all persuasions, times, and places a useful and incisive way to write about the past, it also challenges current practitioners to think more carefully about the historicity of the senses and the desirability--even the urgency--of engaged and sustained debate among themselves. In this way, *A Sensory History Manifesto* invites scholars to think about how their field needs to evolve if the real interpretive dividends of sensory history are to be realized"--
