Christian Apologetics May 03 2021 This book is Van Til's most complete succinct introduction to his method of defending the faith. Here he presents the underpinnings of this uniquely biblical approach. Van Til shows how Christian apologetics is rooted in a unified system of scriptural truth, a worldview that encompasses all spheres of knowledge. Noting the ultimate conflict between Christian and non-Christian systems, Van Til sets forth a method of argument that centers on an all-important, biblically defined point of contact with the unbeliever. In this second edition William Edgar, a leading proponent of pre-suppositional apologetics, provides a new introduction and explanatory notes throughout the text.

An Introduction to Christian Apologetics Jan 11 2022 ""In pleading for the biblical view of God and the world the author has mustered his materials with great care and has shown his readiness to address himself to critical issues."" -- The Evangelical Quarterly ""For an understanding of the philosophical and theological viewpoint of contemporary fundamentalism this is probably the best available book. . . . Vigorous in both thought and style, it is a sturdy

defense of the orthodox interpretation of biblical theism."" --Religious Book Club Bulletin ""The author submits a strong and convincing case for supernaturalistic theism. . . . He vigorously maintains that we have ample evidence for our confidence in supernatural revelation, miracles, a divinely-provided atonement, and the redemptive working of God in human history."" --Southern Presbyterian Journal Edward John Carnell was an ordained Baptist minister, born in Antigo, Wisconsin. For three years he served as Associate Professor of Philosophy of Religion at Gordon Divinity School. He was appointed as the second President of Fuller Theological Seminary from 1954 to 1959. Carnell resigned his position in 1959 to give himself fully to teaching, serving as Professor of Apologetics at Fuller for eight additional years. Dr. Carnell contributed to many religious journals and authored several books including An Introduction to Christian Apologetics, Television: Servant or Master?, The Theology of Reinhold Niebuhr, A Philosophy of the Christian Religion, and Christian Commitment.

Humble Apologetics Jul 05 2021 Publisher description: Is it still possible, in an age of

religious and cultural pluralism, to engage in Christian apologetics? How can one urge one's faith on others when such a gesture is typically regarded with suspicion, if not outright resentment? In *Humble Apologetics* John G. Stackhouse brings his wide experience as a historian, philosopher, journalist, and theologian to these important questions and offers surprising--and reassuring--answers. Stackhouse begins by acknowledging the real impediments to Christian testimony in North America today and to other faiths in modern societies around the world. He shows how pluralism, postmodernism, skepticism about our ability to know the truth, and a host of other factors create a cultural milieu resistant to the Christian message. And he shows how the arrogance or dogmatism of apologists themselves can alienate rather than attract potential converts. Indeed, Stackhouse argues that the crucial experience of conversion cannot be compelled; all the apologist can do is lead another to the point where an actual encounter with Jesus can take place. "Our objective," Stackhouse writes, "is to offer whatever assistance we can to our neighbors toward

their full maturity: toward full health in themselves and in their relationships, and especially toward God." In the last part of the book, he shows how an attitude of humility, instead of merely trying to win religious arguments, will help believers offer their neighbors the gift of Christ's love.

Drawing on the author's personal experience and written with an engaging directness and humility, *Humble Apologetics* provides sound guidance on how to share Christian faith in a postmodern world.

The Apologetics of Jesus Mar 01 2021 Readers will find a new way of looking at the message and miracles of Christ and will be revived by Christ's caring approach to dealing with doubters.

Cultural Apologetics Aug 06 2021 Renewing the Christian voice, conscience, and imagination so that we can become compelling witnesses of the Gospel in today's culture. Christianity has an image problem. While the culture we inhabit presents us with an increasingly anti-Christian and disenchanted position, the church in the West has not helped its case by becoming anti-intellectual, fragmented, and out of touch with the relevancy of Jesus to all aspects of contemporary life. The muting of the Christian voice, its imagination, and its collective conscience have diminished the prospect of having a genuine missionary encounter with others today. *Cultural apologetics* attempts to demonstrate not only the truth of the Gospel but also its

desirability by reestablishing Christianity as the answer that satisfies our three universal human longings—truth, goodness, and beauty. In *Cultural Apologetics*, philosopher and professor Paul Gould sets forth a fresh and uplifting model for cultural engagement—rooted in the biblical account of Paul's speech in Athens—which details practical steps for establishing Christianity as both true and beautiful, reasonable and satisfying. You'll be introduced to: The idea of cultural apologetics as distinct from traditional apologetics. The path from disenchantment with how we understand reality to re-enchantment with the reality of the spiritual nature of things. The practical tools of good cultural engagement: conscience, reason, and imagination. Equip yourself to see, and help others see, the world as it is through the lens of the Spirit—deeply beautiful, mysterious, and sacred. With creative insights, *Cultural Apologetics* prepares readers to share a vision of the Christian faith that is both plausible and desirable, offering clarity for those who have become disoriented in the haze of modern Western culture.

Introducing Apologetics Nov 21 2022 Questions about the truthfulness of Christianity deserve thoughtful, balanced, and reasonable answers. James Taylor provides a fresh, comprehensive survey of the many methods of Christian apologetics using a unique, whole-person approach. He

addresses core apologetics issues facing Christians in the twenty-first century, including the evidence for God's existence, the challenge of evil, the uniqueness of Jesus Christ, world religions, and more. This accessible text, now in paper, will appeal to students and all who wrestle with intellectual obstacles to faith. Each chapter contains an outline, summary, list of basic terms, reflection and discussion questions, and guide to further reading. Chapter overviews and sidebars enhance the text. *A History of Apologetics* May 23 2020 Making the case for the Christian faith—apologetics—has always been part of the Church's mission. Yet Christians sometimes have had different approaches to defending the faith, responding to the needs of their respective times and framing their arguments to address the particular issues of their day. Cardinal Avery Dulles's *A History of Apologetics* provides a masterful overview of Christian apologetics, from its beginning in the New Testament through the Middle Ages and on to the present resurgence of apologetics among Catholics and Protestants. Dulles shows how Christian apologists have at times both criticized and drawn from their intellectual surroundings to present the reasonableness of Christian belief. Written by one of Catholicism's leading American theologians, *A History of Apologetics* also examines apologetics in the 20th and early 21st centuries including its decline among Catholics

following Vatican II and its recent revival, as well as the contributions of contemporary Evangelical Protestant apologists. Dulles also considers the growing Catholic-Protestant convergence in apologetics. No student of apologetics and contemporary theology should be without this superb and masterful work.

Christian Apologetics in a World Community Jan 31 2021 Christians have always felt a duty to explain and defend their faith, but in today's global village that duty can easily become a burden. What can Christians say to Hindus? to third-world Communists? to agnostic social or natural sciences? No creed or catechism can adequately deal with all the challenges to Christianity. What we need is a comprehensive model of the Christian faith, one that can meet widely varied challenges without compromising the gospel. After describing how Christians have done apologetics in the past, William Dyrness sketches a model for effective apologetics in the twenty-first century. He shows how his model relates to various non-Christian philosophies as well as how it speaks to many Christian concerns, including the problem of suffering.

Classical Readings in Christian Apologetics, A.D. 100-1800 Jul 25 2020 This volume is a collection of selected readings that are of continuing significance for Christian apologetics. Dr. Bush has written a general introduction to the field of apologetics and an introduction

to each apologist cited and the work or works from which selections have been drawn. A brief bibliography is also given for each writer. Christians have always been called on to defend their beliefs- certainly no less today than at any other time in history. In this book the outstanding apologists of previous centuries become models, both in the content of their writing and in their methodology, for Christians today. All those who love the Lord and His church and are concerned that many be made aware of the reasonableness of the Christian faith will find this book enlightening and exciting.

Christian Apologetics Past and Present (Volume 2, From 1500) Jan 19 2020 Amid a revival of apologetics, "few things could be more useful than an acquaintance with how Christian faith was defended down through the ages," say the editors in their introduction to this two-part anthology. "Access to both historical and contemporary texts gives us fresh insight into how our fathers in the faith responded to the questions facing them." Volume 2 in this one-of-a-kind resource takes a sweeping look at apologetics from the Reformation to the present. Readings from twenty-six apologists, including Martin Luther, John Calvin, Blaise Pascal, Jonathan Edwards, Søren Kierkegaard, Francis Schaeffer, Alvin Plantinga, and William Lane Craig are included. With editorial commentary and questions for reflection, *Christian Apologetics Past and Present* will prove a valuable text for

students as well as a unique resource for those interested in defending the faith.

Thinking About Christian Apologetics Dec 22 2022 Most introductions to apologetics begin with the "how to" of defending the faith, diving right into the major apologetic arguments and the body of evidence. For those who want a more foundational look at this contested theological discipline, this book examines Christian apologetics in its nature, history, approaches, objections and practice.

Christian Apologetics Feb 12 2022 *Christian Apologetics: An Anthology of Primary Sources* makes available over fifty primary source selections that address various challenges to Christian faith in the history of Christian apologetics. The compilation represents a broad Christian spectrum, ranging from early writers like Saint Paul and Saint Augustine, to Saint Teresa of Avila and Blaise Pascal, to more recent and present day apologists such as C. S. Lewis, Alvin Plantinga, William Lane Craig, Richard Swinburne and Pope Benedict XVI. Insightful introductions, black-and-white images, concise section headings and discussion questions guide readers toward a clearer understanding of classical defenses of Christianity. Annotated reading lists, a bibliography and author and subject indices contribute to the suitability of this anthology as a textbook or supplemental reader. *Christian Apologetics:*

An Anthology of Primary Sources is an authoritative reference for key persons, concepts, issues and approaches in the history of Christian apologetics. It is especially useful as a supplemental textbook for students, allowing them to read great apologists and thinkers in their own words.

Relational Apologetics Mar 13 2022 How do you know that there is a God? How do you answer someone who says that truth doesn't exist? What do you do when someone asks you how you know that Christianity is the right religion? If you are like many people, the only answer you can offer is, "Well... I just have faith." But to a world that wants to know if God is real, this is not a good enough answer. Christians must be ready to give a reason, a good reason, for their hope in Jesus, and their lives must be a holy reflection of their message. In *Relational Apologetics*, Michael C. Sherrard seeks to help Christians do just that: become holy people that defend Christianity both in word and deed. Using stories and drawing upon personal experiences, Sherrard teaches the importance of personal holiness, treating skeptics with respect, engaging in authentic conversations instead of shouting matches, and having well thought out answers to the skeptic's questions. In the process, you'll learn that defending Christianity is as much about who you are and what you do as it is what you say. And you will find that your life is intended to be an

apologetic for God and a light for men to find Him.

Urban Apologetics Aug 18 2022 Much of the New Testament was written in urban settings, in which the Christian communities had to deal head-on with issues such as race, equality, justice, sexuality, money, and economics. But much of today's apologetics (engagement with the questions that people are asking about Christianity) come from suburban churches and academic studies. Urban believers—those who live and minister in America's inner cities—often face unique issues, not often addressed by the larger Christian community. These questions aren't neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life. Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training. In *Urban Apologetics*, he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities—such as poverty, violence, and broken families. He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides.

And it is filled with countless smaller stories that teach us about people, history, and the nature of God. It's no surprise that God would choose to reveal himself to us in story—after all, he hardwired us for story. Despite this, we so often attempt to share our faith with others not through story but through systems, arguments, and talking points—methods that appeal only to our mind and neglect our imagination and our emotions. In this groundbreaking book, scholar and author Alister McGrath lays a foundation for narrative apologetics. Exploring four major biblical narratives, enduring stories from our culture such as Tolkien's *The Lord of the Rings* and Lewis's *The Chronicles of Narnia*, and personal narratives from people such as Augustine of Hippo and Chuck Colson, McGrath shows how we can both understand and share our

faith in terms of story.

Christian Apologetics in the Postmodern World

Dec 10 2021 Evangelicals are beginning to provide analyses of our postmodern society, but little has been done to suggest an effective apologetic strategy for reaching a culture that is pluralistic, consumer-oriented, and infatuated with managerial and therapeutic approaches to life. This, then, is the first book to address that vital task. In these pages some of evangelicalism's most stimulating thinkers consider three possible apologetic responses to postmodernity. William Lane Craig argues that traditional evidentialist apologetics remains viable and preferable. Roger Lundin, Nicola Creegan and James Sire find the postmodern critique of Christianity and Western culture more challenging, but reject central features of it. Philip Kenneson, Brian Walsh and J. Richard Middleton, on the other hand, argue that key aspects of postmodernity can be appropriated to defend orthodox Christianity. An essential feature are trenchant chapters by Ronald Clifton Potter, Dennis Hollinger and Douglas Webster considering issues facing the local church in light of postmodernity. The volumes editors and John Stackhouse also add important introductory essays that orient the reader to postmodernity and various apologetic strategies. All this makes for a book indispensable for theologians, a wide range of students and reflective pastors.

Five Views on Apologetics
Feb 18 2020 Of the most

common approaches to apologetics, which is most effective? The goal of apologetics is to persuasively defend Christianity against charges of falsehood, inconsistency, or credulity. It's an intellectual discipline that serves to bolster the faith of Christian believers and to aid the task of evangelism, but are some methods more effective than others? Five Views on Apologetics examines the "how-to" of apologetics, putting five prominent techniques under the microscope: Classical - represented by William Lane Craig Evidential - represented by Gary Habermas Cumulative Case - represented by Paul D. Feinberg Presuppositional - represented by John M. Frame Reformed Epistemology - represented by Kelly James Clark Offering a forum for presentation, critique, and defense, this book allows the contributors for the different viewpoints to respond to the others. Your own informed conclusions can then guide you as you meet the questions of a needy world with the claims of the gospel. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

Apologetics at the Cross

describes a much-needed

approach to defending

Christianity that uses Jesus as a

model and the letter of 1 Peter

as a guiding text. This is a

guidebook for how to defend

Christianity with Christ-like

gentleness and respect toward

those who persecute the faith,

making you a stronger witness

to the good news of the gospel

than many other apologetics

books that focus on crafting

unbreachable arguments.

Joshua D. Chatraw and Mark D.

Allen first provide an

introduction to the rich field of

apologetics and Christian

witness, acquainting students

and lay learners with the rich

history, biblical foundation, and

ongoing relevance of

apologetics. Unique in its

approach, **Apologetics at the**

Cross: Presents the biblical and

historical foundations for

apologetics. Explores various

contemporary methods for

approaching apologetics. Gives

practical guidance in "how to"

chapters that feature many
real-life illustrations. But their
approach pays special attention
to the attitude and posture of
the apologist, outlining
instructions for the Christian
community centered on
reasoned answers, a humble
spirit, and joy; rather than
anger, arrogance, and
aggression. Chatraw and Allen
equip Christians to engage
skeptics with the heart as well
as the mind. Conversational in
tone and balanced in approach,
Apologetics at the Cross
provides a readable
introduction to the field of
apologetics. You'll be informed
and equipped for engaging a
wide range of contemporary
challenges with the best in
Christian thought.

**New Dictionary of Christian
Apologetics** Oct 28 2020 The

New Dictionary of Christian

Apologetics is a must-have

resource for professors and

students, pastors and

laypersons--in short, for any

Christian who wishes to

understand or develop a

rational explanation of the

Christian faith in the context of

today's complex and ever-

changing world. Packed with

hundreds of articles that cover

the key topics, historic figures

and contemporary global issues

relating to the study and

practice of Christian

apologetics, this handy one-

volume resource will make an

invaluable addition to any

Christian library. Editors Gavin

McGrath and W. C. Campbell-

Jack, with consulting editor C.

Stephen Evans, have divided

the dictionary into two parts:

Part one offers a series of

introductory essays that set the

framework for the dictionary.

These essays examine the
practice and importance of
Christian apologetics in light of
theological, historical and
cultural concerns. Part two
builds on these essays to
present numerous alphabetized
articles on individuals, ideas,
movements and disciplines that
are vital to a rational
explanation of the Christian
faith. Both essays and articles
are written by leading
Christian philosophers and
theologians. Together, they
form an indispensable resource
for Christians living in today's
pluralistic age.

Classical Apologetics Jun 16

[The Beauty of the Faith](#) Apr 21

2020 Nearly everyone finds

beauty compelling, so Christian

apologists should devise ways

to present an "aesthetic

Christian apologetic." Nearly

all apologists admit that the

beauty of a life well lived and

the beauty of the Christian

community (along with the use

of media and the arts) are not

only helpful for apologetics but

essential in a postmodern

culture. In fact, it is frustrating

to see how many apologists

mention the need for such an

approach but go on devoting

most of their energies to

traditional approaches. This

book is different. It clearly

shows the pros and cons of

traditional approaches and offers a fresh perspective as well, arguing that beauty is the most compelling apologetic, and suggesting ways to implement such an approach. It demonstrates how Western culture arrived in its current unfortunate situation and uses both Scripture and figures like Athenagoras and Jonathan Edwards to challenge current views on apologetics.

[The Layman's Manual on Christian Apologetics](#) Sep 26 2020 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors, bloggers, and stars from the entertainment industry. The church is quickly beginning to acknowledge the need for apologetics due to the

number of youth and adults alike leaving the faith. But how does one respond to these objections? For the laity of the church, this is especially difficult, as many are left without the proper training to know how to answer these objections. In *The Layman's Manual on Christian Apologetics*, the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary. In this book, three major areas of apologetics are covered. The first unit engages the nature of truth and what can be known. The second unit deals with the existence of God and issues involving God's existence. The last unit tackles historical objections to the resurrection of Jesus and early Christianity. *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable.

Biblical Apologetics Oct 08 2021 The book you are holding in your hands is perhaps the simplest, most straightforward summary and how-to guide for presuppositional apologetics now in print. It is both

informative and practically helpful. I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers. Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith. I wish this book had been available when I was studying apologetics in seminary." John MacArthur, Pastor-Teacher, Grace Community Church; President of The Masters College and Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people (i.e. to all believers). This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church. Hopefully, today's readers will be able to understand and put into practice the true nature of Peter's command in 1 Peter 3:15 as it is strategically situated in its defining context. George J. Zemek, Academic Dean, The Expositors Seminary, Jupiter, Florida. *Christian Apologetics* Jan 23 2023 World-famous apologist Norman Geisler offers a new edition of his bestselling apologetics text, which has sold consistently for over thirty years (over 125,000 copies sold). Apologetics and the

Christian Imagination Nov

09 2021 Apologetics, the defense of the Faith, shows why our Christian faith is true—but it's much more than that. Apologetics isn't just the province of scholars and saints, but of ordinary men and women: parents, teachers, lay ministry leaders, pastors, and everyone who wants to develop a stronger faith, to understand why we believe what we believe, to know Our Lord better, and love him more fully. In Apologetics and the Christian Imagination: An Integrated Approach to Defending the Faith, Holly Ordway shows how an imaginative approach—in cooperation with rational arguments—is extremely valuable in helping people come to faith in Christ. Making

a case for the role of imagination in apologetics, this book proposes ways to create meaning for Christian language in a culture that no longer understands words like 'sin' or 'salvation,' suggests how to discern and address the manipulation of language, and shows how metaphor and narrative work in powerful ways to communicate the truth. It applies these concepts to specific, key apologetics issues, including suffering, doubt, and longing for meaning and beauty. Apologetics and the Christian Imagination shows how Christians can harness the power of the imagination to share the Faith in meaningful, effective ways.

Passionate Conviction Aug

26 2020 Is your heart on fire for God? Passionate Conviction brings together the most popular and heart-stirring presentations in defense of Christianity from the annual fall conference on apologetics held in association with the Evangelical Philosophical Society, the C. S. Lewis Institute, and the Christian Apologetics program at Biola University. Applicable to pastors, serious-minded lay people, and university and high school students, these twenty essays are grouped into six dynamic categories: (1) Why Apologetics? (2) God (3) Jesus

(4) Comparative Religions (5) Postmodernism and Relativism (6) Practical Application.

Among the greatly respected contributors are J. P. Moreland ("Has the American Church Lost Her Mind?"), N. T. Wright ("The Resurrection of Jesus as an Event of History"), Francis J. Beckwith ("Is Morality Relative?"), Sean McDowell ("Apologetics for a New Generation"), and Gary Habermas ("Dealing with Doubt").
