Do you ever feel that you are leading in uncharted territory? Pastor and consultant Tod Bolsinger draws on decades of expertise guiding churches and organizations in this expanded practical leadership resource, offering illuminating insights and practical tools to help you reimagine what effective church leadership looks like in our rapidly changing world. "The condition Buber calls the 'eclipse of God' is the reality that modern life and the teachings of many scholars have in many ways destroyed the opportunity for intimacy with an eternal, ever-present, Thou, or God. Based in part on a series of lectures he gave in the United States in 1951, this book examines Buber's interpretations of Western thinking and belief around this notion of lost intimacy or direct contact with the Divine, focusing particularly on the relationships between religion and philosophy, ethics, and Jungian psychology." --Reference and Research Book News

Stott embarks on a compelling course of study that first defends the fundamental claims of Christianity and then defines the proper overworkings of these basic beliefs in the daily lives of believers. Here is a sound, sensible guide for those who are seeking an intellectually satisfying presentation of the Christian faith. The prophets of the Old Testament include such well-known characters as Isaiah, Jeremiah, Amos, and Hosea. There are, however, many other prophets, both in the biblical books that bear their names and in the other histories and stories of ancient Israel. Carolyn Sharp offers a brief introduction to each of the Bible's prophets and their prophetic books, developing the theological themes present in each with an eye toward how the prophetic message is relevant today. The For Today series was designed to provide reliable and accessible resources for the study and real life application of important biblical texts, theological documents, and Christian practices. The emphasis of the series is not only on

the realization and appreciation of what these subjects have meant in the past, but also on their value in the present--"for today." Thought-provoking questions are included at the end of each chapter, making the books ideal for personal study and group use. This book outlines digital discipleship principles for building an online community and provides practical instruction for how to do it no matter how big or small a local church may be. There are more than 2.3 billion professing Christians in the world and more and more new churches launching globally, yet statistics show that in-person church attendance is declining or plateauing in every nation. Although social technology has been around for more than two decades, church leaders have long bristled at the idea of church online, ranking it as the last concern on their minds in Barna's 2020 state of the church report published February 3, 2020. And then, three weeks later, COVID-19 closed the doors of every church on earth and suddenly forced them entirely online. Nona Jones, a globally acclaimed thought leader on leveraging technology for ministry, had been leading a movement and sounding the alarm for several years to make digital discipleship a central part of every church's ministry approach. In *From Social Media to Social Ministry*, she outlines her digital discipleship principles and provides practical instruction for

how to do it no matter how big or small a local church may be. There are plenty of books to help churches build a social media strategy, but this is the first book of its kind that goes beyond digital marketing to digital ministry. Readers will leave this book with: Clarity on what discipleship truly is The data that underscores the urgency for digital discipleship Understanding of the resources required to do it well A step-by-step guide on how to implement digital discipleship into ministry plans Knowledge of the differences among and purposes of the most popular social platforms, as well as the tools best positioned for digital ministry You can believe anything and be a Methodist, just so long as you're sincere. Such a misperception has deep historical and cultural roots. Explore a basic explanation of the beliefs and practices of the United Methodist Church as defined in Part II of The Book of Discipline. Uncover a deeper understanding and experience of Christian faith as you embrace the United Methodist way. "Beliefs are to be lived; doctrine is to be practiced," writes Carder in this updated edition of his 1996 bestseller. "The authenticity of beliefs lie in their ability to shape people and communities into the image of Christ and to promote holiness and happiness. ...The important test of the validity of doctrines and beliefs for United Methodists is the kind of character they produce in individuals and

communities and the actions they inspire in the world." **Living Our Beliefs** is essential reading for new members, confirmation classes and small group studies. As one reviewer says, "Bishop Carder invites us to both understand and live our beliefs. With deep understanding of Wesley's teaching, he inspires us to practice what we preach. That is the United Methodist way." The Leader's Guide for this course, **Living Our United Methodist Beliefs**, by George Hovaness Donigan may be purchased [here](#). Jesus died with a psalm on his lips. For millennia, humans have been shaped by the Psalms. And before the Nazis banned him from publishing, German theologian Dietrich Bonhoeffer published this book on the Psalms. What comfort is found in the Psalter? What praise, and what challenge? What threat? In the pages of **Psalms: The Prayer Book of the Bible**, discover the richness this book of Scripture held for Bonhoeffer, and learn to pray psalms along with Christ. First published in 1940, this classic reveals how the Psalms are essential to the life of the believer and offers Bonhoeffer's reflections on psalms of thanksgiving, suffering, guilt, praise, and lament. Now with an introduction by Walter Brueggemann and excerpts from the Psalms, Bonhoeffer's timeless work offers contemporary readers ancient wisdom and resources for the living of these days. Includes a biographical sketch of Bonhoeffer

written by his friend and biographer Eberhard Bethge. In Solentiname, a remote archipelago in Lake Nicaragua, the people gathered each Sunday to reflect together on the Gospel reading. From recordings of their dialogue, this extraordinary document of faith in the midst of struggle was composed. First published in four volumes, *The Gospel in Solentiname* was immediately acclaimed as a classic of liberation theology—a radical reading of the good news of Jesus from the perspective of the poor and the oppressed. (It was also banned by the Somoza dictatorship.) Forty years later *The Gospel in Solentiname* retains its freshness and power. Though times may have changed, the message of Jesus—as heard by these peasants—continues to challenge the rulers of our age and to inspire the poor with the hope of a different world. Angus Buchan is a straight-talking South African farmer of Scottish extraction. His abrupt conversion startled friends of the explosive hard-drinking man. Angus's bold faith has carried him through droughts, family tragedies and financial crisis. He has seen wonderful miracles of provision and healing. In obedience to God's call he started preaching, which led into a healing ministry. He has also set up an AIDS orphanage and a 500-seat auditorium on his land. Still a farmer, he is now an international evangelist, travelling through Africa in a refitted yellow fire engine, and

filling the largest venues in South Africa. He has visited Scotland several times in recent years on speaking tours. In July 2006 he undertakes a UK-wide tour. Of special focus in this reflective overview of Wesley's theological convictions is highlighting the practical-theological dynamics of Wesley's work and suggesting possible implications for contemporary attempts to recover theology as a practical discipline. Another distinctive focus of this work is a systematic consideration of the integration of theological emphases traditionally divergent in Eastern and Western Christianity. The author also closely examines the consistency of Wesley's thought throughout his career. An in-depth look at Christian theology through Hispanic eyes. It weaves the doctrinal formulations of the early church on creation, the Trinity, and Christology into contemporary theological reflection on the Hispanic struggle for liberation. This volume offers a major theological statement from a respected theologian and author. Richly insightful and unique, *Manana* is one of the few major theological works from a Protestant representative of the Hispanic tradition. Justo L. Gonzalez offers theological reflections based upon unique insights born of his minority status as a Hispanic American. The world of the Old Testament can seem hard to understand, especially for people living in times and places so far removed from the

ancient Middle East. It's not just that we wear different clothes and hold different jobs--people in the West just don't have the same history, the same culture, or the same way of thinking as Old Testament characters like Abraham and David. And this disconnect can make studying the Old Testament an arduous and confusing process. A Popular Survey of the Old Testament is designed to help regular Christians enrich their understanding of Old Testament people and events. Illustrated throughout with color photos, charts, and maps, and written in an easy, informal style, this survey is accessible and enjoyable to Christians of all backgrounds. Adapted from Albert Outler's 4-volume text *The Works of John Wesley*, this anthology of 50 of Wesley's finest sermons. Arranged chronologically with introductory commentary by Richard Heitzenrater. *With Playing God*, Andy Crouch opens the subject of power, elucidating its subtle activity in our relationships and institutions. He gives us much more than a warning against abuse, though. Turning the notion of "playing God" on its head, Crouch celebrates power as the gift by which we join in God's creative, redeeming work in the world. *Becoming a Better Leader Starts with a Transformed Inner Life* Do you feel too overwhelmed to enjoy life, unable to sort out the demands on your time? In *The Emotionally Healthy Leader*, bestselling author Peter Scazzero shows leaders how to develop a deep, inner life with Christ, examining its profound implications for surviving stress, planning and decision making, building teams, creating healthy culture, influencing others, and much more. The *Emotionally Healthy Leader* contains: Concise assessments for leaders and teams to measure their leadership health Practical, proven strategies that have been developed over a 28-year period spent both in the local church and in equipping leaders around the world Helpful applications of how to face your shadow, lead out of your marriage or singleness, slow down, and embrace endings for new beginnings Going beyond simply offering a quick fix or new technique, *The Emotionally Healthy Leader* gets to the core, beneath-the-surface issues of uniquely Christian leadership. This book is more than just a book you will read; it is a resource you will come back to over and over again. "Finding Peace in an Anxious World, the 2020 Spiritual Growth Study by staff of the Urban Village Church, uses the book of Proverbs and "The Serenity Prayer" as a guide to help Christians find their way through anxiety, worry, and fear and move towards God's peace that surpasses all understanding.... "The Serenity Prayer" shaped a 2015 four-part

sermon series at the Urban Village Church in Chicago"--Back cover. The Cognitive Science of Religion introduces students to key empirical studies conducted over the past 25 years in this new and rapidly expanding field. In these studies, cognitive scientists of religion have applied the theories, findings and research tools of the cognitive sciences to understanding religious thought, behaviour and social dynamics. Each chapter is written by a leading international scholar, and summarizes in non-technical language the original empirical study conducted by the scholar. No prior or statistical knowledge is presumed, and studies included range from the classic to the more recent and innovative cases. Students will learn about the theories that cognitive scientists have employed to explain recurrent features of religiosity across cultures and historical eras, how scholars have tested those theories, and what the results of those tests have revealed and suggest. Written to be accessible to undergraduates, this provides a much-needed survey of empirical studies in the cognitive science of religion. This book is a compilation of information about the call to ministry and the avenues The United Methodist Church offers to embody that call. It is based in the concept of servant ministry and servant leadership presented by the Council of Bishops. Freeman spent much of

his life working with others to enable pastors, empower laity, strengthen small-membership churches, and champion United Methodist Men. Written at the request of the United Methodist Men to affirm the ministry of men, this autobiography traces movements in which he has been a participant for more than fifty-two years under appointment. As the need for military chaplains created a shortage of pastors, Freeman left Mercer University during World War II to accept responsibility for nine churches on the Georgia coast. During his appointments at this and other pastorates, he began his pursuit to build rural communities through rural churches. This passion led to his first leadership role in the South Georgia Conference as president of the Methodist Rural Fellowship. He eventually retired as editor of the Wesleyan Christian Advocate. Freeman's journey from boy evangelist, preaching in abandoned churches and at backyard revivals, to Methodist leader and commentator is, without doubt, inspirational to all and is evidence of his unique talent and drive. In this provocative essay on that least understood virtue, compassion, the authors challenge themselves and us with these questions: Where do we place compassion in our lives? Is it enough to live a life in which we hurt one another as little as possible? Is our guiding ideal a life of maximum pleasure and minimum pain? Compassion

answers no. After years of study and discussion among themselves, with other religious, and with men and women at the very center of national politics, the authors look at compassion with a vigorous new perspective. They place compassion at the heart of a Christian life in a world governed far too long by principles of power and destructive control. Compassion, no longer merely an eraser of human mistakes, is a force of prayer and action -- the expression of God's love for us and our love for God and one another. Compassion is a book that says no to a compassion of guilt and failure and yes to a compassionate love that pervades our spirit and moves us to action. Henri Nouwen, Donald McNeill, and Douglas Morrison have written a moving document on what it means to be a Christian in a difficult time. This 488-page manual is filled with a full year's worth of lessons, plus everything you need to know to launch this new, fun program for grades 1-6. REPRODUCIBLE Be encouraged, you are not alone!

African American women ministers you stand on

the shoulders of those women who have gone before. God hears the cries of His daughters. Our faith, our prayers and shared sacred support are our weapons. We are unified, one unto another. Now is the time to... Value our worth, Overcome the patriarchal systems, Be that sacred support for one another, Judge less and understand more, Appreciate denominational differences, and Be the few in a plentiful harvest. Encouraged shares the struggles that black women ministers face. The various challenges shared may not be experienced by all but many have walked this walk. It is about loving God and yourself enough to stand strong in what God has called you to do. It is vital across denominational understandings that African American women ministers give sacred support to one another to spread the Good News of the Gospel. Sisters, be encouraged...you are not alone! Nobody likes scutwork, the unwanted dregs of the working day. Pastors are no exception to this, often dreading the endless e-mails and phone calls, having no heart for putting together one more bulletin or attending one more meeting, all of which feels like so much distraction from the "true" pastoral work to which they have been called. Louis Weeks challenges that paradigm and lifts up scutwork as an integral part of pastoral care and leadership. How can we administer congregations in ways most likely to increase the measure of

pastoral care? How can our service, in menial and glorious work alike, build up the Body of Christ? How can all the work and worship in this congregation help God's work in the world? Preparation, organization, and other administrative duties are crucial for effective programs and mission in a congregation as elsewhere in society. Preaching, teaching, and pastoral care--three indispensable parts of congregational life--all depend upon competent congregational administration. It is through focused attention to the details of scutwork that pastors are able to build solid relationships within the congregation, and without the trust that comes from these relationships, no true pastoral care and leadership is possible. All for God's Glory explores ways in which churches are engaged and can engage in practices of administration that deepen care and build a healthy congregational community. They say it's lonely at the top. And it can be even lonelier when you are almost at the top. Church leaders who hold second-chair positions are under tremendous pressure. They are expected to do their jobs and provide leadership but to defer to the top leader too. It's a demanding balancing act. How can they lead effectively while serving under someone else's leadership? Leading from the Second Chair offers an invaluable resource to leaders who serve in second- (and third- and

fourth-) chair roles, enabling them to become more productive, proactive, and fulfilled. The book reveals the paradoxes of second chair leadership. These leaders must be subordinate to the top leader yet lead in their own right. They should be deep in their expertise but wide in perspective. And they must be content in their jobs yet remain enthusiastic about their dreams for the future. Mike Bonem and Roger Patterson share their own and others' experiences of failure and success in this vital role. They offer support and practical advice for reshaping the way second-chair leaders can serve well and improve the overall performance of their church or organization. Leading from the Second Chair equips readers with the positive attitudes, skills, and strategies needed to become powerful leaders who will survive and thrive in God's service. At one time or another, everyone has a wilderness experience, a time when life is barren and difficult and we feel alone and desperate, not knowing where to turn. Whether it's the loss of a loved one, a financial or health crisis, divorce, or some other painful experience, we see no end in sight and wonder how we can make it through another day. In the Scriptures we see that often God's people went through a wilderness experience, and these experiences changed them in profound ways. The truth is that it's impossible to go through the wilderness without being changed.

There's a way through the wilderness that can leave us broken and bitter and far away from God. But there's another way through—God's way—that leaves us with a deeper faith and draws us closer to God than we ever imagined. With sensitivity and warmth, Rob Renfroe explores the wilderness experience—what it is, how we get there, why God allows it, and how we can get through it God's way so that we learn the lessons that can be learned only in the desolate seasons of life when we are totally dependent on God. A DVD featuring six interviews with the author and a full leader guide are also available for group study. Secondary level female education played a foundational role in reshaping women's identity in the New South. Sarah H. Case examines the transformative processes involved at two Georgia schools--one in Atlanta for African-American girls and young women, the other in Athens and attended by young white women with elite backgrounds. Focusing on the period between 1880 and 1925, Case's analysis shows how race, gender, sexuality, and region worked within these institutions to shape education. Her comparative approach shines a particular light on how female education embodied the complex ways racial and gender identity functioned at the time. As she shows, the schools cultivated modesty and self-restraint to protect the students. Indeed, concerns about female sexuality

and respectability united the schools despite their different student populations. Case also follows the lives of the women as adult teachers, alumnae, and activists who drew on their education to negotiate the New South's economic and social upheavals. "Following Jesus is hard enough without having to navigate the rocky terrain of church culture all by yourself. The Lutheran Handbook is the indispensable companion for anyone trying to become a well-informed church-goer and have a chuckle now and then. Timeless biblical truths stand alongside everyday life situations that everyone meets, with step-by-step instructions that make the going easy" -- BACK COVER. Spiritual Science Fiction These sermon outlines on various topics were chosen for their strong scriptural support and solid expository structure. They will enhance pulpit ministry and encourage those in the pew. The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context. To bring the ancient messages of the Bible into today's world, each passage is treated in three sections: Original Meaning. Concise exegesis to help readers understand the original meaning of the biblical text in its historical, literary, and cultural context. Bridging Contexts. A bridge between the world of the Bible and the world of today, built by discerning what is timeless in the timely pages of the Bible. Contemporary

Significance. This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages. The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved. This unique, award-winning commentary is the ideal resource for today's preachers, teachers, and serious students of the Bible, giving them the tools, ideas, and insights they need to communicate God's Word with the same powerful impact it had when it was first written.
