**Now popular old needlework technique offers needleworkers elegant, simple crochet designs. Full instructions for working squares plus charts and photographs for over 50 projects, including doilies, tablecloths, centerpieces, borders, panels, baby items, and more. Also includes use charts for other forms of needlecraft. Over 30 beautiful rose designs. Color keys, instructions for cross-stitch, needlepoint, other charted techniques. 125 charming patterns for lighthouses, gulls, sailboats, anchors, more. Diagrams, color-coded illustrations for creating wall hangings, cushion covers, decorating T-shirts, other items. These delicate, softly shaded designs are timeless and very likely more modern than you'd expect from Victorian needlework. Most are adapted from traditional European folk needlework patterns used for clothing and home decoration. This collection is reproduced from German textile designer Friedrich Fischbach's work titled "Stickerei-Muster" (embroidery patterns) published around 1890. The patterns were printed in full color on small cards gathered into portfolios. The original cards measured only a few inches and the charts have**

been enlarged for easier use. Many of these charts use whole stitches, making them suitable for both needlepoint and cross stitch. Others are worked almost entirely in backstitches to produce airy, ornate patterns of Blackwork-like filigree. Designs charted on graph paper are a universal language, with each square on the pattern representing a single stitch. Basic counted thread stitches begin on page 50, and a page of graph paper is included as an aid to help you create your own projects. These charts are reproduced from the original antiques, and some signs of age and wear will be visible. Antique printing processes were not as clear and accurate as the charts modern stitchers are accustomed to using, and these are not recommended for novice stitchers. No actual projects are offered, these charts are a collection of borders and motifs that can be used for your own creations. 8-1/2 by 11 inch softcover with 56 pages; 47 pages of full color charts. This book includes antique charted patterns for 84 borders, 43 motifs, 14 complete alphabets, 9 sets of numbers and 6 overall repeating patterns. It's hard to believe these timeless charts are over 100 years old. They represent a moment in time when tastes began to shift from elaborate, richly-colored Victorian styles to a simpler look. The Art Deco covers of these diminutive booklets- in this instance, 2-3/4" by 4-1/2"- scarcely hint at the contents inside. The patterns in this book are part of a series published by H. K. Berlin SW in Germany between 1890-1920. Designs charted on graph paper are a
