A directory to the universities of the Commonwealth and the handbook of their association. This reference work tells the unique history of Christian education and shows how Christian educators pioneered such institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. Insights in Global Health: A Compendium of Healthcare Facilities and Nonprofit Organizations is the most comprehensive index of critical information on healthcare facilities and nonprofits in 24 of the lowest income countries as classified by the World Bank. Presented in an easily accessible format and organized in 24 country chapters, the compendium allows stakeholders to better identify where healthcare services are available and where additional resources are needed. Key Features: • Brief country overviews, key statistics, and country maps depicting the locations of healthcare facilities. • Curated lists of healthcare facilities as well as nonprofits, accompanied by brief descriptions and relevant medical specialties, for each country. • QR codes associated with each listing linking to a companion web platform, providing access to further information about the organizations as well as the ability to interact with the data in a customizable manner. First published in 2007. Routledge is an imprint of Taylor & Francis, an informa company. This work provides access to statistics, directory information and current analysis with detailed

surveys of over 250 countries and territories and a comprehensive listing of over 1650 international organizations. First published in 2003. Routledge is an imprint of Taylor & Francis, an informa company. First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company. A definitive one-volume guide to all sub-Saharan African countries, providing invaluable economic and directory data. The Historical Dictionary of the Central African Republic contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1200 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. Here is the completely updated and greatly expanded new edition of a classic reference source--the comprehensive overview of the world's largest religion in all its many versions and in both its religious and secular contexts. Now in two volumes, the Encyclopedia presents and analyzes an unmatched wealth of information about the extent, status, and characteristics of twentieth-century Christianity worldwide. It takes full account of of Christianity's ecclesiastical branches, subdivisions, and denominations, and treats Christianity in relation to other faiths and the secular realm. It offers an unparalleled comparative study of churches and religions throughout the modern world. This new edition features a vast range of new and previously unpublished data on the current global situation of Christianity, on religion in general, and on the political, demographic, economic, and social characteristics of the world's cultures and peoples in 238 countries. Each volume is filled with essential information, from. This volume offers an overview of the processes of zoonotic viral emergence, the intricacies of host/virus interactions, and the role of biological transitions and modifying factors. The themes introduced here are amplified and explored in detail by the contributing authors, who explore the mechanisms and unique circumstances by which evolution, biology, history, and current context have contrived to drive the emergence of different zoonotic agents by a series of related events. First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company. First published in 2008. Routledge is an imprint of Taylor & Francis, an informa company. A one-volume library of essential and comprehensive data on all the countries of sub-Saharan Africa, including essays on regional issues, statistical surveys and directories of invaluable contact names and addresses New scientific discoveries in the Congo Basin as a result of international collaborations The Congo is the world's second largest river basin and home to 120 million people.
