Attitude can be sexy—a practical and inspirational guide for using kindness and positivity as a winning strategy from Celebrity Apprentice champion, Hollywood veteran, and New York Times bestselling author Leeza Gibbons. We live in a winner-take-all world, in which only the toughest thrive. On the surface, from the living room to the boardroom, it's certainly no place for nice. Civility and kindness are often the price of admission, and empowering communication is checked at the door. Leeza Gibbons is a culture changer who doesn't "mess with mean." She has fiercely redefined optimism, and used positive communication as an empowerment strategy to win with class. She refuses to sacrifice kindness as she has succeeded in getting ahead. Working for decades in an intense, often merciless industry that rewards novelty, ruthlessness, and the next big thing she has applied smart principles and excelled through savviness—without having to sell her soul or fake it. But redefining nice does not mean being a pushover. As the winning contestant on the hit show *Celebrity Apprentice*, the former host of *Entertainment Tonight* relied on her fresh and authentic "no drama" mentality and smart strategies to outmaneuver the other contestants without disempowering them. Throughout the competition, Leeza kept her cool and, most importantly, remained true to herself and her values. In this book, she reveals the secrets of her years of success and bares the stories and vulnerable moments that led to where she is today. Her success is proof that optimism works. You can play it your way and still win. In *Fierce Optimism* Leeza combines stories from her own life and tales of other pioneering business leaders with core principles that others can apply to take them to the next level of success: • Engage optimism and kindness as your competitive edge • See success unshared as failure • Empower the team, and you win • Pay it forward by mentoring others • Be transparently you Filled with down-to-earth advice and empowering stories, *Fierce Optimism* makes clear that with kindness, authenticity, and smart teamwork, you can be nice—and win. A modern-day Detroit success story that fuels the entrepreneurial fire Irrational Persistence tells the story of Garden Fresh Gourmet, and how two entrepreneurs turned a million-dollar debt to a 100-million-dollar annual revenue. Woody Allen famously said that 80 percent of success is just showing up; but any entrepreneur can tell you that it's the other 20 percent that's key. The founders of Garden Fresh took that old saying to heart, building so many strategic advantages into their products and business that their 'sales' team didn't have to do any selling—they simply had to show up. In this book, you'll find out what kind of legwork goes into building a mega-success product, and the strategies, methods, and just plain stubbornness that helped two guys from Detroit build a market leader. Garden Fresh Gourmet is now the number-one fresh salsa in the US, shipping over a million units every week to Costco, Walmart, Whole Foods, and other national chains—and it all began with two middle-aged guys with negative funds and plenty of ideas. This book shares their journey, insight, and passion to help you build a better business and take it to the top. Learn how two entrepreneurs went from major debt to major revenue Discover the key characteristics of a product that sells itself Consider why selling out might not be the ultimate goal Track a journey of 'irrational persistence' from rags to riches Garden Fresh Gourmet is an inspiration beyond the journey—the way you run things at the top matters, too. In the early twentieth century, Russian director Constantin Stanislavsky transformed the acting world with a series of techniques he called 'method acting.' By discovering the inner life of a character, actors learned to bring emotional realism to their roles as never before. In Getting Into Character, Collins takes seven of the most eye-opening techniques of the Stanislavsky method and adapts them to the art of writing fiction. Like actors, writers learn how to personalise characters, determine their action objectives in a scene, write subtexted dialogue and much more. Collins concludes each chapter with excerpts from both a familiar classic and a modern bestseller to illustrate how top-notch authors from Jane Austen to Steve Martini have used these same techniques to great effect. National Post journalist Peter Kuitenbrouwer canvases seven to twelve year olds from across North America on their personal recipes for success. Twenty-two kids from all different backgrounds discuss what's important to them, and why, each child revealing her or his unique vision. Business leaders know they need to engage their workforce more in strategy; they know several of their senior players do not model the culture change they want to see; they know parts of the business are not aligned but, up until now, there has been no cohesive way of managing that change. For the first time, leading management consultant Deborah Tom and military chief Brigadier Richard Barrons reveal the secrets of modern military success. The Business General answers questions such as: - Why is it that leaders are respected and followed in military and not in industry? - Why is it that strategy fails? - How should a business address poor morale and engagement? - How can a global firm become 'one firm'? This book will enable every leader to feel empowered, take command of their situation and lead their people and their business to success. #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. "The Gang" from It's Always Sunny in Philadelphia attempts their most ill-conceived, get-rich quick scheme yet: publishing a “self-help book” to hilarious, sometimes dangerous, and often revolting, results. The Gang may have finally found their golden ticket. Left alone to close down Paddy's Pub one night, Charlie Kelly inadvertently scored himself, and his friends, the opportunity of a lifetime—a book deal with a real publishing company, real advance money, and a real(ly confused) editor. While his actual ability to read and write remains unclear, Charlie sealed the deal with some off-the-cuff commentary on bird law and the nuances of killing rats (and maybe with the help of some glue fumes in the basement with an unstable editor on a bender). While The Gang is stunned by the news, and the legally binding, irrevocable contract left on the bar, they are also ready to rise to the task and become millionaires—and of course, help Charlie actually write the book. If you're ready to finish your book and to begin to see the impact it has in the lives of others, then read this quick guide and take the steps to make it happen! Pat Croce's management and motivational expertise are world-renowned. His fresh, daring leadership philosophy launched a small physical therapy practice into a nationwide franchise and revitalized Philadelphia's famed 76ers basketball team -- stories that were relayed in his bestselling memoir, I Feel Great and You Will Too! Now, in Lead or Get off the Pot!, the irrepressible count of carpe diem offers a unique leadership prescription that turns conventional wisdom on its ear. Everyone -- regardless of age, position, or station in life -- has the opportunity to take control and improve the lives of those around them. You can become a true leader: one who challenges, mediates, motivates, communicates, and inspires those in your workplace, community, or personal life. In this practical and accessible guide, Pat shares his bold and unorthodox strategies for developing personal passion, a can-do attitude, and the motivation essential for cultivating leadership skills. His advice includes: Twelve Ways to Build a Passionate Team; Croce's Three Rules for Praise; Learning to Listen with a Leader's Eye; and much more. Lead or Get Off the Pot! is an informative and highly practical collection of leadership lessons that can be used by everyone. Don't wait to gain a so-called leadership position to lead. Do it now! Learn leadership skills to rise above the status quo and do whatever it takes to achieve your vision with this practical and inspirational guide. Everyone faces challenges on a daily basis. They range from inconveniences and temporary setbacks to major life events that can permanently alter someone's trajectory. These challenges have the power to define us or even defeat us—but only if we let them. Because no matter what gets in the way, every person gets to decide how their story plays out. Survivor contestant Carolyn J. Rivera knows this first-hand. She's experienced the discouragement of defeat as well as the realization that everyone has the power within them to overcome life's greatest challenges. Through personal stories, relatable examples, and specific calls to action, Plant Your Flag breaks down the steps necessary to pick yourself up, get ahead, and lead the charge to VICTORY no matter what path you're on.
