This is the story of the well known Psychic Medium, Sue Nicholson. All her life Sue Nicholson has known there is more to our mere existence than the physical lif we live. Born to a drunken father & annrgy mother Sue's life was one of loneliness & isolation. From this difficult childhood she became awre of other presences in the house & she continued her pursuit of spiritual connection in adulthood & eventually began to use her talents to help those around her including her work on the TV series, Sensing Murder. Rafael had to answer the call from the garden--but never did he know that this call will make him experience a spiritual and mysterious journey. A journey of a lifetime, a journey towards the truth, a journey that started from an unexpected taxi and landed onto the quest of finding The Lord. Through the eyes of Rafael, the author, Sean Thomas, explores the benevolence of faith through touching upon the mother-son duo living in the 'House of Martha'. Stressing upon the belief on 'the name of righteous' and Jesus, this biblical fiction is a promising and gripping story that invokes inner consciousness and a desire to seek spirituality. Excerpt from *A Call From the Ocean, or an Appeal to the Patriot and the Christian, in Behalf of Seamen* The following picture is not highly drawn, and as a general'fact, it applies, not to British seamen alone, 'but to seamen in general. Would to God it were true only of British seamen; butany one who will take the trouble. To investigate for himself, and will go to the proper_and only correct sou'rces of information, will find that it is a most terrible feature of the seaman's character, in every part of the world. From the beloved author of the #1 New York Times bestsellers *Tuesdays with Morrie* and *The Five People You Meet in Heaven* comes his most thrilling and magical novel yet—a page-turning mystery and a meditation on the power of human connection. One morning in the small town of Coldwater, Michigan, the phones start ringing. The voices say they are calling from heaven. Is it the greatest miracle ever? Or some cruel hoax? As news of these strange calls spreads, outsiders flock to Coldwater to be a part of it. At the same time, a disgraced pilot named Sully Harding returns to Coldwater from prison to discover his hometown gripped by "miracle fever." Even his young son carries a toy phone, hoping to hear from his mother in heaven. As the calls increase, and proof of an afterlife begins to surface, the town—and the world—transforms. Only Sully, convinced there is nothing beyond this sad life, digs into the phenomenon, determined to disprove it for his child and his own broken heart. Moving seamlessly between the invention of the telephone in 1876 and a world obsessed with the next level of communication, Mitch Albom takes readers on a breathtaking ride of frenzied hope. *The First Phone Call from Heaven* is Albom at his best—a virtuosic story of love, history, and belief. In the mid-1990s, three girls went missing within a short space of time after visiting nightclubs in Claremont WA. The State of Western Australia was in shock. Claremont is a salubrious suburb of Perth. Three lovely young women disappearing from relatively safe streets without a trace was very disturbing. The investigation has continued full-time over ten years, the biggest in the history of the WA Police. And it is now Australia's longest-running and most expensive murder investigation. Controversy surrounding the Claremont killings has not faded with time. There are a number of suspects. Bodies of two of the three missing women have been found. But what about all those other young women in Western Australia who have not been seen for years. Are they also victims of the Claremont serial killer? Debi Marshall looks critically at the police investigations and 16 other disappearances in Western Australia. She talks to everyone involved from forensic investigators, criminologists, the police, the media and the victims' parents. The results of her investigations should not be ignored. Claremont serial killer - WA longest running investigation finally concludes. In 1977, J.J. Stone would fall deeply in love with Christopher Smith and they would remain in love throughout his prison conviction for murder, throughout both of their marriages and throughout the last 28 years since his death. Complicated? Beautiful? Torturous? Her relationship with Chris Smith was all of the above. Throw in unbelievable, wondrous, spiritual, frustrating and magical. He has a hold on her to this day that is so complex that some days it seems too powerful to even exist. She nearly destroyed herself trying to save him and in the end it was a life sentence for murder that gave him his freedom. He wanted this story told so his children would know the truth about the father they never really knew and she promised she would write it. This is their true life story. According to tradition, the First Crusade began at Pope Urban II's instigation and culminated in July 1099, when western European knights liberated Jerusalem. But what if the First Crusade's real catalyst lay far to the east of Rome? Countering nearly a millennium of scholarship, Peter Frankopan reveals the First Crusade's untold history. This book explores the nature of power in persons, groups, and nations by asking a question that we can understand in contemporary terms: what would Bill Gates do if he had Hitler's absolute power? Huer argues that the savage struggle for power is in our very human nature. As if, delusion, paranoia, delirium and schizophrenia had all hit her hard along with panic attack. She was breathing heavily as if there was a huge rock placed upon her chest. Her arms and legs had problems staying fastened and her head seemed like a burden upon her shoulders. She was sweating profusely, she was breathing heavily, panting and choking at the same time. Oxygen masks fell on her face and got fixated against the seat head. She could breathe but couldn't move her head. Everyone's head was straight now. 'They all must be breathing', she thought and looked back up at the sphere on screen. It grew larger as the sub approached it. All of a sudden she felt the gravity increased so heavily against her body that it wasn't downwards anymore, it was towards the seat. Into the spheroid the submarine headed. 'It must be 8G (acceleration due to gravity) or more. NO! We are being pulled out of Earth into a wormhole! I can't do physics anymore! Help! Help! Help!', She screamed. 'Stars, stars, stars, asteroids, galaxies, we are getting hit, help...', she murmured. The submarine entered a huge tunnel of space-time. Two points in space-time brought together. One was certainly earth; the

place the submarine was right then. Where'd the other point? Another planet? Solar system? Another galaxy? This book is a cross-cultural, gendered study of both self and curriculum. Initiating a conversation between and among Michel Foucault, Confucius, and Julia Kristeva, it searches for a new (third) cultural and psychic space of transformation and creativity. Weaving together philosophy, psychoanalysis, and autobiography through lived experiences of curriculum, it calls for new configurations of subjectivity at the intersection of culture and gender, through the meeting between selfhood and the human psyche, in the dynamics of the semiotic and the symbolic, and through the interaction between the Western subject and the Chinese self. These multiple layers of inquiry provide unique perspectives for readers who are interested in curriculum theory, feminist analysis, philosophy of education, or East/West dialogue. For Jews, life can be comfortable in the Diaspora. However, it comes with a big price, which is not always immediately apparent but slowly eats at their Jewishness. In a highly textual new/old reading of the Bible's Book of Esther, the author examines what happened to Mordechai and his people - a people who chose to stay in Shushan, Persia, the capital city of the first multicultural empire. By looking at the text, classical commentators, and historical writings, the author examines the Persian Kingdom's recovery from its defeat by the Greeks and the parallel emigration of a handful of its Jewish residents who returned to Jerusalem to rebuild the new Temple and restore their homeland, religion, and identity. Mordechai, meanwhile, had another plan. The Persian King Ahasuerus conducted a beauty contest to choose his new wife, and Mordechai recognized his opportunity to get closer to the throne. He would help make his beautiful cousin Esther the new Queen. Mordechai gained significant influence but he and the Jews of Persia ultimately lost everything. Michael Eisenberg reveals the untold story of Purim's superstar Mordechai, an assimilated Jew, descended from four generations of immigrants, whose progeny lost their Jewish identity in pursuit of Persian power and wealth. Mordechai worked to use Esther's beauty, his Jewish brothers, and political savvy to become the deputy to the King of Persia. Although he achieved his goal in the end, the story remains a lasting Jewish tragedy, masked by drunken celebrations on Purim. This book is a must read for every Jew to whom Jewish identity is important and who is willing to honestly confront uncomfortable truths. With political instability and assimilation on the rise, the book's message has taken on a new urgency. Welcome to the first book in the Pillow Stories from Heaven series! "A fascinating interpretation of Algeria's past and present agonies, set against the broader backdrop of the rise and fall of 'Third Worldism.' Essential to anyone following Middle East politics and the extrapolation of the old 'North-South' struggle into the 'New World Disorder.'"—Graham E. Fuller, RAND, coauthor of A Sense of Siege: The Geopolitics of Islam and the West Fluonia has been at risk of losing their whole magic and power. A dark prophecy takes over their magic world, causing fear and chaos. The Queen of the First must make a decision: keeping her only daughter and heir with her, or sending her away to protect her land and its people. Fourteen years later, Elora Chamlett returns to her Kingdom with her memories back, finding out the horror of her fate and someone else's. Now, she must face the challenges her world offers, the people trying to hurt her, and fight the darkness inside of her to avoid becoming the destruction of Fluonia as predicted in the prophecy under her name and Blade Mounen, her childhood friend and current enemy. Tired of the pace and noise of life near London and longing for a better place to raise their young children, Mary J. MacLeod and her husband encountered their dream while vacationing on a remote island in the Scottish Hebrides. Enthralled by its windswept beauty, they soon were the proud owners of a near-derelict croft house—a farmer's stone cottage—on “a small acre” of land. Mary assumed duties as the island's district nurse. Call the Nurse is her account of the enchanted years she and her family spent there, coming to know its folk as both patients and friends. In anecdotes that are by turns funny, sad, moving, and tragic, she recalls them all, the crofters and their laird, the boatmen and tradesmen, young lovers and forbidding churchmen. Against the old-fashioned island culture and the grandeur of mountain and sea unfold indelible stories: a young woman carried through snow for airlift to the hospital; a rescue by boat; the marriage of a gentle giant and the island beauty; a ghostly encounter; the shocking discovery of a woman in chains; the flames of a heather fire at night; an unexploded bomb from World War II; and the joyful, tipsy celebration of a ceilidh. Gaelic fortitude meets a nurse's compassion in these wonderful true stories from rural Scotland. A girl next door meets famous actor rom com... An enemies to lovers adventure romance... Call From The Dark - Synopsis By Michael Fisher Everything in the universe is random, and we have no control over life or what happens to us. That is how Mike Fisher, a quadriplegic who uses a wheelchair and is paralyzed from the chest down, sees it. If there is a God pointing at people and cursing them with diseases, that's no one he wants to meet anyway. Fisher reveals what led him to be crippled and tries to make sense of the dark apocalyptic world he finds himself in this memoir about facing death. It's a world where his mind is chased by darkness and ghosts visit regularly. Through this reflection, Fisher also provides his thoughts on a myriad of philosophies, psychology, and more. This is also the story of his wife, Amanda, who has been the author's guardian angel while battling health problems of her own. They were an ordinary couple head over heels in love when he fell ill. Siberian shamans say that the sound of their frame drum is the horse that carries them into the beyond. Some music can indeed do this for us. How is this possible? 'Music as a Mystical Journey' explores this theme. The book is about spiritual transformation and our search for happiness and harmony. A mystical journey is a search that follows an inner call. The word mystical refers to a quest common to all religions and yet does not belong to any one exclusively. All mystical traditions like the Sufis, North American Indians or shamanic cultures, went beyond religion into an open space of fraternity and communion with nature and the divine. Today music is present all around us, and we have all been deeply moved by it at some point in our life. Few people realise how this feeling experience can lead them more permanently into silence, joy and freedom. This book explores a.o. the energy of the Black Virgine or virgin blackness in music. Humorous and clear-eyed, *Lavender and Linen* is an irresistible story of a life gone almost right. 'An utterly delightful memoir' West Australian A powerful new collection from an acclaimed, award-winning poet With nine previously published collections of poetry, Robert Wrigley has become one of his generation's most accomplished poets, renowned for his irony, power, and lucid style and for his ability to fuse narrative and lyrical impulses. Wrigley's tenth collection, *Box*, is a book of poems obsessed with human containment, with the way people are contained or confined—by time, mortality, technology, identity, culture, and history—in almost everything they are and everything they do. Even the body, even the poem itself, is in this regard a kind of self-containing crate, in which the human being, perhaps the human spirit, is shipped into the world at large. But *Box* is also a book obsessed with escape from containment, and escape comes from dreams, from deep awareness, from contemplation, from love, and above all, as Wallace Stevens insisted, from "the imagination pressing back against the pressure of reality." The poems in *Box* aim to do nothing less than "help people live their lives," as Stevens put it. These writings are the expression of the deep silence within. Silenceleading those who care into silence,

through words. Words which endeavour to indicate that which is not the word silence but silence itself. Being that is, that just is, not being this or that. Just being. These writings are expressions of sharing for those whose intellects have discovered the joy and amazement in the intriguing silence of deep sleep, which is itself the healing as well as the vitality of life. These writings are for those who are not satisfied with all that the outside universe has in its power to bestow, who seek something more than the infinite without their own within.
