This guide provides the historical background of traditional and modern libraries and librarianship in India. It focuses, chapter by chapter, on various types of libraries including national libraries, academic libraries, school libraries, and special libraries. It also covers the state of bibliographic control and services, professional organizations, library education, and automation. From ancient through medieval and modern India to the end of the 20th century, this book offers detailed description of the development of libraries and related activities in the field of librarianship. This is an informative guide to libraries and the profession of librarianship in India that will be of great value to scholars and researchers of world librarianship. Providing a historical background of traditional and modern libraries and librarianship, this book will be useful to library science students and faculty worldwide. This book explores the meanings and perceptions of development and the dialectics of theory, policy and practice. It looks at how theory translates into policy, and the disconnections in its design and implementation in the Indian context. The book focuses on the influence of capitalist globalisation, democratisation, decentralisation and neoliberal economic reforms on the

development discourse in India and how these have challenged the traditional role of the 'state', the meaning of citizenship, and public participation. Through an analysis of case studies from various parts of the country, it bridges the gap between policy prescriptions and practices and unpacks the institutional, political and policy-led compulsions and incompatibilities which most often remain unreported. It also discusses the intersections between policymaking and the politics of class, caste and gender, and emphasises the role bureaucracy plays in institutional governance. The volume includes articles from professionals ranging from academics, practitioners and activists. It will be of interest to scholars and researchers of public policy, development studies, South Asian politics, and economics as well as policy makers and practitioners in government and civil society. In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel

confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English. The book has been divided into four convenient units of Grammar, Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of learning English - explained with examples. Carefully selected and graded exercises have also been included throughout the book to give readers ample practice and a complete understanding of the subject. In short, the book follows the modern functional approach to the study of English. So readers, it is definitely a one-stop solution for speaking English!

#v&spublishers An inspiring success story of a senior activist who has done justice for five years to the parliamentary affairs of the largest democratic country like India, the challenges facing the supreme leader of the Lok Sabha and the vast scope of power. Senior woman MP who was unanimously elected as the Speaker of Lok Sabha after becoming MP from Indore for eight times in a row. With her gentle nature and balanced demeanor, she made everyone her adorer and dear while conducting the business of the house smoothly. Internationally

honoured by 'Mothers of Speakers'. A multi-dimensional graph of Padma Bhushan Sumitra Taai Mahajan's peak years as Lok Sabha Speaker. Score Plus CBSE Sample Question Paper with Model Test Papers in English Core (Subject Code 301) CBSE Term II Exam 2021-22 for Class XII As per the latest CBSE Reduced Syllabus, Design of the Question Paper, and the latest CBSE Sample Question Paper for the Board Examinations to be held in 2021. The latest CBSE Sample Question Paper 2020-21 (Solved) along with the marking scheme, released by the CBSE in October 2020 for the Board Examinations to be held in 2021. 10 Sample Papers (Solved) based on the latest Reduced Syllabus, Design of the Question Paper and the latest CBSE Sample Question Paper for the Board Examinations to be held in 2021. 5 Model Test Papers (Unsolved) based on the latest Reduced Syllabus, Design of the Question Paper and the latest CBSE Sample Question Paper for the Board Examinations to be held in 2021. Goyal Brothers Prakashan Rookie lawyer Ranjeev C. Dubey slogs his way through the corridors of Delhi's trial courts and realizes that the legal system is anything but fair. He stumbles upon a strange world of corruption, sleaze, adultery, eloping couples and clients willing to pay for legal services 'in kind'. He survives the 'killing field' of litigation for twelve long years, biding his time. When he gets an offer to join a law firm,

Dubey believes he has finally arrived. But has he? The world of Indian corporate law is one of intense power-play and the merciless pursuit of revenue. In this sinister world of destructive politicking, Ranjeev becomes enemies with the big sharks who own the law firm. What follows is an explosive showdown. In this dark, racy memoir, the now-well-known corporate lawyer exposes the world of the black robes with his trademark wit and leaves you wanting more. If you had to read only one book about the world of lawyers and the Indian legal system, Legal Confidential would have to be it! In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English. The book has been divided into four convenient units of Grammar,

Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of learning English - explained with examples. Carefully selected and graded exercises have also been included throughout the book to give readers ample practice and a complete understanding of the subject. In short, the book follows the modern functional approach to the study of English. So readers, it is definitely a one-stop solution for speaking English!

#v&spublishers A text book on English In the last 30 years, Delhi, the capital of India, has displaced over 1.5 million poor people. Resettlement and welfare services are available—but exclusively so, as the city deems much of the population ineligible for civic benefits. The Right to Be Counted examines how Delhi's urban poor, in an effort to gain visibility from the local state, incrementally stake their claims to a house and life in the city. Contributing to debates about the contradictions of state governmentality and the citizenship projects of the poor in Delhi, this book explores social suffering, logistics, and the logic of political mobilizations that emanate from processes of displacement and resettlement. Sanjeev Routray draws upon fieldwork conducted in various low-income neighborhoods throughout the 2010s to describe the process of claims-making as an attempt by the political community of the poor to assert its existence and numerical strength, and demonstrates how this struggle

to be counted constitutes the systematic, protracted, and incremental political process by which the poor claim their substantive entitlements and become entrenched in the city. Analyzing various social, political, and economic relationships, as well as kinship networks and solidarity linkages across the political and social spectrum, this book traces the ways the poor work to gain a foothold in Delhi and establish agency for themselves. This book gathers the best papers presented at the International Conference on Data Sciences, Security and Applications (ICDSSA 2019), organized by Bharati Vidyapeeth's College of Engineering, New Delhi, India, on 7-8 March 2019. The respective contributions present original research work, essential information, techniques and applications in the fields of data mining, artificial intelligence and computational intelligence. They also discuss machine learning in business intelligence and big data analytics, soft computing, security, cloud computing and the latest trends. Consists of replacement pages for basic manual. In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to

#v&spublishers Transform Your Body & Mind Are you worried about your health but confused about where to start? Are you struggling to stick to your exercise routine? Navigate the journey to holistic health with Amit Malhotra, a highflying investment banker who loves his gut and all things gourmet. Amit lives the proverbial good life—a loving family, successful career and luxurious life—albeit with a paunch. After his recovery from covid19, Amit realizes he needs to reevaluate his lifestyle when

he loses a close colleague to a fatal heart attack forcing him to face the harsh realities of his fastpaced life. After this wake up call, the gymhating, foodbinging couch potato recognizes that he will have to change his ways before it takes a toll on him. But will he be able to accomplish this steep climb? Change Me captures Amit as he discovers his true being—his mind, body and spirit—and marches towards a healthy, fulfilling future. A visual feast of more than 600 images, this comprehensive compendium presents the latest developments and innovations in the creative and rewarding pursuit of on-location drawing and painting. Urban Sketchers ([urbansketchers.org](http://urbansketchers.org)), a community of artists founded in 2007 by Seattle journalist and illustrator Gabriel Campanario, promotes the artistic, storytelling, and educational value of on-location drawing and painting. This movement brings together an international group of people who see--and show--the world one drawing or painting at a time. The goal is simple: sketch what you see, in- or outdoors, and share it, either in person or online. You don't need to be an artist, expert, or someone who draws all the time to participate. The remarkable work and inspiring words of this vibrant community were first documented in *The Art of Urban Sketching* by Gabriel Campanario, which remains influential among artists who are inspired to draw and paint the places where they live and visit. This book, *The World of*

Urban Sketching, written by noted artist and Urban Sketcher correspondent Stephanie Bower, presents a spectacular, all-new collection from an impressive international roster of artists and illustrators. New Artwork. Meet and discover the stunning and informative work of both established and emerging urban sketchers. New Techniques. Consider new creative options in color and linework, including digital approaches, through step-by-step demonstrations. New Stories. Get invaluable insights into creating artwork on location through artists' first-hand accounts, observations, and tips. Expand your urban sketching skills and find new inspiration as you document your travels, or your own city, town, or backyard, through on-location drawing and painting. Why do some restaurant brands succeed while most disappear even before the main course is served? Is there a market at all for luxury dining? Should you scale up your concept or limit your ambition? Should you seek private equity investment or is it better to grow slow and steady? How much does PR help? What alchemical andaz of location, food, service and financial planning makes for a perfect recipe? In India's cut-throat restaurant industry, fame and fortune rest on a knife's edge. Over the past two decades, the sector has seen an unprecedented boom - with the introduction of experiential restaurants, global cuisines and modern Indian food, and chefs seeking to establish

credible ventures to serve consumers more open to culinary diversity than ever before. But behind all the glamour, there lies a cautionary tale: restaurants are a tough business in a market characterized by high costs, an unclear regulatory framework and fickle consumers who often prize discounts over quality. And while the last few years have seen private equity investment enter the space, there have been few notable exits, and returns on investment remain nebulous even as restaurants struggle with slim profit margins and high mortality rates. In Business on a Platter, Anoothi Vishal dives deep into the complex business of restaurants and takes a hard look at where it's all headed. Building on her observations of the sector over two decades, she analyses stories of survival, failure and turnarounds, while also tracing the history of food retail from Mughal India to the newest brands pushing the envelope. Incisive and percipient, this book is the ultimate guide to the business of food in India. Description of the product • 100 % Updated for 2023-24 with latest Rationalised NCERT Textbooks • Crisp Revision with Concepts Review, Mind Maps & Mnemonics • Valuable Exam Insights with Fully Solved NCERT Textbook + Exemplar Questions • Extensive Practice with 1600+ Practice Questions & Activity Questions • NEP Compliance with Artificial intelligence & Art Integration Mr. Peter's 'Advanced Writing Skill, the Complete Version'
