A powerful, trailblazing adventure inspired by the harrowing true story of the 1866 cattle drive from Texas to Montana—and the legendary man who dared the impossible . . . *A THOUSAND TEXAS LONGHORNS* The Civil War is over. The future of the American West is up for grabs. Any man crazy enough to lead a herd of Texas longhorns to the north stands to make a fortune—and make history. That man would be Nelson Story. A bold entrepreneur and miner, he knows a golden opportunity when he sees one. But it won't be easy. Cowboys and bandits got guns, farmers got sick livestock, and the Army's got their own reasons to stop the drive. Even worse, Story's top hand is an ornery Confederate veteran who used to be his enemy. But all that is nothing compared to the punishing weather, the deadly stampedes—and the bloodthirsty wrath of the Sioux... This is the incredible saga of a man named Story. A true legend of the Old West. And the ever-beating heart of the American Dream. "Boggs is unparalleled in evoking the gritty reality of the Old West." —*The Shootist* "Johnny Boggs has produced another instant page-turner. . . . Don't put down the book

until you finish it.” —Tony Hillerman on Killstraight “Johnny D. Boggs tells a crisply powerful story that rings true more than two centuries after the bloody business was done.” —The Charleston (S.C.) Post and Courier on The Despoilers A collection of themed designs for tattoos. An enlightening and delicious road adventure/cookbook from the young woman the New York Times dubbed “the Johnny Appleseed of Pickling.” Three years ago, food activist Tara Whitsitt had a dream: to take to the road in a converted school bus and spread the gospel of kombucha, kimchi, and kefir nationwide. She would bring her microbe-dense delicacies, her expertise, and her generosity to food communities across the country. Her motto: Tasty food belongs to everyone. In a 1986 International Harvester bus-turned-fermentation-lab, Tara took off from Eugene, Oregon, teaching her skills to curious attendees, hosting potlucks, and sampling the seasonal produce of each stop on her tour. The project accrued a following, and she gave it a name: Fermentation on Wheels. Through her winning stories, illustrations, photographs, and fifty recipes, Fermentation on Wheels tracks the two-year, twenty-thousand mile journey that made Tara into a known apostle of outrageously delicious, creative, healthy, and sustainable fermented flavors--from sourdough to sauerkraut to wild berry wines. A practical and delectable cookbook, Fermentation on Wheels is also an inspiring celebration of how food traditions (and starter cultures) can bring people together, pollinate their minds, and change their lives for the better. The classic book on phonics--the method of teaching recommended by the U.S. Department of Education. Contains complete materials and instructions on teaching children to read at home. Sometimes it’s fun to share, and sometimes it’s hard. This book offers toddlers simple choices (take turns, use the toy together, wait for another time) to make sharing easier, and shows them where to turn for help when sharing is difficult. Little ones learn that sharing can mean double the fun—and sharing a while can make someone smile! Includes tips for parents and caregivers. This book contains valuable reference sketches for tattoo artists and is a great source for easy-to-perform tattoo designs. Conveniently bound to lie flat on the table. Stats, history, and trivia -- from the 1901 through the 2003 season -- are all included in the latest edition of this popular, low-priced reference book. “A dauntingly ambitious, obsessively researched” (Los Angeles Times) global history of music that reveals how songs have shifted societies and sparked revolutions. Histories of music overwhelmingly suppress stories of the outsiders and rebels who created musical revolutions and instead celebrate the mainstream assimilators who borrowed innovations, diluted their impact, and disguised their sources. In Music: A Subversive History, Ted Gioia reclaims the story of music for the riffraff, insurgents, and provocateurs. Gioia tells a four-thousand-year

history of music as a global source of power, change, and upheaval. He shows how outcasts, immigrants, slaves, and others at the margins of society have repeatedly served as trailblazers of musical expression, reinventing our most cherished songs from ancient times all the way to the jazz, reggae, and hip-hop sounds of the current day. Music: A Subversive History is essential reading for anyone interested in the meaning of music, from Sappho to the Sex Pistols to Spotify. Jonnie Goodboy Tyler ventures out of the tiny community of humans barely surviving in the Rocky Mountain refuge and finds himself challenging the Psychlos, the malignant and oppressive alien conquerors of Earth. Romantic comedy concerning a waitress and short-order cook from the same restaurant. Adopted by a pair of diehard hippies, restless, marginal Jude Keffy-Horn spends much of his youth getting high with his best friend, Teddy, in their bucolic and deeply numbing Vermont town. But when Teddy dies of an overdose on the last day of 1987, Jude's relationship with drugs and with his parents devolves to new extremes. Sent to live with his pot-dealing father in New York City's East Village, Jude stumbles upon straight edge, an underground youth culture powered by the paradoxical aggression of hardcore punk and a righteous intolerance for drugs, meat, and sex. With Teddy's half brother, Johnny, and their new friend, Eliza, Jude tries to honor Teddy's memory through his militantly clean lifestyle. But his addiction to straight edge has its own dangerous consequences. While these teenagers battle to discover themselves, their parents struggle with this new generation's radical reinterpretation of sex, drugs, and rock 'n' roll and their grown-up awareness of nature and nurture, brotherhood and loss. Moving back and forth between Vermont and New York City, Ten Thousand Saints is an emphatically observed story of a frayed tangle of family members brought painfully together by a death, then carried along in anticipation of a new and unexpected life. With empathy and masterful skill, Eleanor Henderson has conjured a rich portrait of the modern age and the struggles that unite and divide generations. Qualitative Research: Analyzing Life presents a fresh approach to teaching and learning qualitative methods for social inquiry—one that focuses on analysis from the very beginning of the text. By exploring qualitative research through a unique analytic lens, then cumulatively elaborating on methods in each successive chapter, this innovative work cultivates a skill set and literacy base that prepares readers to work strategically with empirical materials in their own fieldwork. Renowned authors Johnny Saldaña and Matt Omasta combine clear, accessible writing and analytic insight to show that analysis, in its broadest sense, is a process undertaken throughout the entire research experience. Take Me to Paris, Johnny is John Foster's moving yet unsentimental account of the life of his partner, Juan Céspedes. It traces Juan's youth in Cuba and his move to New York, where he struggles to make it as a dancer. There, in 1981—in 'a chance encounter, much like any other'—he meets John, an Australian historian. What begins as just a fling becomes a dazzling six-year affair. The two travel between New York, Berlin and Melbourne, struggling with bureaucracy in their quest to gain

Juan residency in Australia, then with the disease taking the lives of gay men around the globe. To the end, Juan—‘an exotic bird, the only one of his kind’ in Melbourne—is captivating, witty, headstrong. First published in 1993, not long before John Foster’s death, Take Me to Paris, Johnny is brilliant and unflinching, at once controlled and impassioned: a love story told with humour and unerring skill. This edition includes an introduction by Peter Craven and an expanded biographical portrait of the author by John Rickard. John Foster was born in Melbourne in 1944. He studied at the University of Melbourne, then in Germany and the United Kingdom. In 1971 he returned to the University of Melbourne, where for many years he lectured in the Department of History. He edited the collections Community of Fate: Memoirs of German Jews in Melbourne (1986) and Victorian Picturesque: The Colonial Gardens of William Sangster (1989). Take Me to Paris, Johnny was Foster’s tribute to his lover, Juan Céspedes, a Cuban dancer who died of AIDS in 1987. The memoir was published in 1993 and shortlisted for the Age Book of the Year award; within a year, John Foster himself was dead. ‘[A] literary masterpiece...Unparalleled in Australian letters...Makes most fiction, here or elsewhere, look paltry by comparison.’ Peter Craven, from the Introduction ‘A superbly crafted memoir...[A] subtle balance of formality and intimacy, of rationality and passion.’ John Rickard, from the Afterword ‘Brilliantly accomplished use of language...Few other books documenting this illness rumble and resonate with such sustained power.’ Robert Dessaix ‘[Take Me to Paris, Johnny] reminds us of the complexity of relationships...of the simultaneous strength and fragility of love.’ Denis Altman ‘A remarkable, beautifully written memoir that captures and preserves the jittery zeitgeist among active gay men moving around the globe in the early ’80s.’ Gail Bell, Monthly ‘Finely written...Foster deftly recounted his “cross-colour, cross-class” relationship, and brought his lover back to life on the page.’ Steve Dow, Age From the bestselling author of Charlie and the Chocolate Factory and The BFG! Last seen flying through the sky in a giant elevator in Charlie and the Chocolate Factory, Charlie Bucket’s back for another adventure. When the giant elevator picks up speed, Charlie, Willy Wonka, and the gang are sent hurtling through space and time. Visiting the world’s first space hotel, battling the dreaded Vermicious Knids, and saving the world are only a few stops along this remarkable, intergalactic joyride. In Los Angeles, nothing ever “just happens.” The underbelly of the city works at a methodical pace, and any one action can spiral into a tornado powerful enough to tear up the city. A prisoner transport bus is ambushed in the pre-dawn hours, and all fifty-four maximum-security inmates escape. The city’s best detectives begin sifting through the sea of decoys to find the target of the attack - but as law enforcement spins its wheels, the eight men behind the heist get

further away from the crime scene. As the investigators dig for clues, one thing becomes clear: this was not merely a group of criminals breaking a partner out of jail. This was an act of pure desperation. Winner of the Jhalak Prize 'A revelation' Owen Jones 'Afropean seizes the blur of contradictions that have obscured Europe's relationship with blackness and paints it into something new, confident and lyrical' Afua Hirsch A Guardian, New Statesman and BBC History Magazine Best Book of 2019 'Afropean. Here was a space where blackness was taking part in shaping European identity ... A continent of Algerian flea markets, Surinamese shamanism, German Reggae and Moorish castles. Yes, all this was part of Europe too ... With my brown skin and my British passport - still a ticket into mainland Europe at the time of writing - I set out in search of the Afropeans, on a cold October morning.' Afropean is an on-the-ground documentary of areas where Europeans of African descent are juggling their multiple allegiances and forging new identities. Here is an alternative map of the continent, taking the reader to places like Cova Da Moura, the Cape Verdean shantytown on the outskirts of Lisbon with its own underground economy, and Rinkeby, the area of Stockholm that is eighty per cent Muslim. Johny Pitts visits the former Patrice Lumumba University in Moscow, where West African students are still making the most of Cold War ties with the USSR, and Clichy Sous Bois in Paris, which gave birth to the 2005 riots, all the while presenting Afropeans as lead actors in their own story.
