A Pig of Cold Poison Oct 10 2021 Although he
was watching closely when the mummer was
poisoned, it took Gil Cunningham several days
and three more poisonings to work out how it
was done. Danny Gibson and Nanty Bothwell,
rivals for the affections of Agnes Renfrew, the
apothecary's pretty daughter, are also good
friends. When they both take part in the festive
play at the house of Gil's sister Kate, it ends in
Danny's death, apparently by poison from his
friend's flask. So was it deliberate, and if not,
why won't Nanty defend himself? Why is Agnes's
eccentric brother Nicol so insistent that Nanty
had the wrong flask, and why do none of the
apothecaries in Glasgow recognize the poison it

held? Gil, convinced Nanty is innocent, sets out to answer these questions and finds himself enmeshed in the tensions of the Renfrew household and the tangled relationships among the apothecary houses. And then a second and third death confuse matters further still, and bring Gil's wife Alys into the investigation. Praise for Pat McIntosh: 'McIntosh's characterisations and period detail are first rate.' Publishers Weekly 'The next Cunningham adventure is to be welcomed.' Historical Novels Review. 'Will do for Glasgow in the 15th century what Ellis Peters and her Brother Cadfael did for Shrewsbury in the 12th.' Mystery Readers Journal. 'Lots of dramatic characterisation and detail on medieval Glasgow.' Glasgow Herald. 'McIntosh does a solid job of blending plot and period detail.' Publishers Weekly, starred review.

A Ring of Truth Feb 14 2022 "Downton Abbey meets Miss Fisher's Murder Mysteries!" "Henrietta and Inspector Howard make a charming odd couple in A Ring of Truth, mixing mystery and romance in a fizzy 1930s cocktail." —Hallie Ephron, New York Times bestselling author "The crème de la crème of historical fiction," — Brit+Co "Brimming with dark plot on every page, this unpredictable literary thrill ride will transport you to the heart of 1930s Chicago and the love story of a lifetime." — POPSUGAR In this second book of the series, Henrietta and Clive delightfully rewrite Pride and Prejudice—with a hint of mystery! Newly engaged, Clive and Henrietta now begin the difficult task of meeting each other's family. "Difficult" because Clive has neglected to tell

Henrietta that he is in fact the heir to the Howard estate and fortune, and Henrietta has just discovered that her mother has been hiding secrets about her past as well. When Clive brings Henrietta to the family estate to meet his parents, they are less than enthused about his impoverished intended. Left alone in this extravagant new world when Clive returns to the city, Henrietta finds herself more at home with the servants than his family, much to the disapproval of Mrs. Howard—and soon gets caught up in the disappearance of an elderly servant's ring, not realizing that in doing so she has become part of a bigger, darker plot. As Clive and Henrietta attempt to discover the truth in the two very different worlds unraveling around them, they both begin to wonder: Are they meant for each other after all?

Rituals and Traditional Events in the Modern World May 17 2022 Many events have evolved over centuries, drawing on local customs and conditions. However, as the world

becomes increasingly globalised, traditional events and the identities they support are increasingly being challenged and rituals may be lost. Reacting against this trend towards homogeneity, communities strive to preserve and even recreate their traditional events, which may require rituals to be resurrected or reinvented for a new audience. The aim of this book is to explore the role of traditional events and rituals in the modern world. The 16 chapters cover a range of case studies of the performance of ritual through events, including their historical antecedents and development over time, as well as their role in society, link with identities both seemingly fixed and fluid and their continued relevance. The cases examined are not museum pieces, but rather vibrant festivals and events that continue to persist. Drawing on the power of history and cultural tradition, they are manifestations of heritage, existing in three temporalities: celebrating the past, occurring in the present and aiming to

continue into and influence the future. Iconic events including Chinese New Year, Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea, China, Laos, the United States, Scotland, Italy, India and Haiti. This volume provides a deep understanding upon the role of tradition and ritual within events, from a global perspective and will be valuable reading for students, researchers and academics interested in events, heritage and culture.

Sleep Like the Dead Jun 25 2020 There's a hitman in Glasgow: unpaid and angry, he's decided to settle his own debts... Marianne Brogan can't sleep. She's plagued by a nightmare: someone in the shadows, whispering threats, stalking her every move. To make matters worse, Marianne can't get hold of her brother, Billy. Despite knowing some shady characters from Glasgow's underworld, Billy's always been there for her - until now.

Meanwhile, DCI Lorimer and his team are faced with a string of seemingly unconnected but professional killings. Without witnesses or much

conclusive evidence to build a case, the officers are drawing a blank. Criminal psychologist Solly Brightman is off the case due to budget cuts. But Solly is more closely connected to the murders than he could possibly know . . . And as the hitman plans a bloody ransom to get his fee, the race is on to find out just who hired him - and who's next on the hit list.

The Physiology of Insecta Feb 20 2020 The Physiology of Insecta, Second Edition, Volume II, is part of a multivolume treatise that brings together the known facts, the controversial material, and the many still unsolved and unsettled problems of insect physiology. Since the first edition of this multivolume treatise was published, there has been a notable expansion of scientific endeavor in each of the various aspects of insect physiology. The original three-volume work has now grown to a thoroughly revised six-volume treatise. The book contains nine chapters that focus on the impact of environmental factors on the physiology of insects. The first chapter discusses the influence of temperature on insects, with attention to aspects likely to be

of significance in relation to the rate at which individuals are born and die in natural populations. Separate chapters follow on the effects of humidity and radiation. Subsequent chapters deal with insect chemoreception and mechanoreception; visual system, with a focus on compound eyes; sound production and the behavior associated with it; luminous insects; and the role of internal circadian oscillations in the life of insects with respect to the ""day"" outside, and on the role of the circadian system in biological time measurement.

Legal Aspects of Mental Capacity Jan 01 2021

Highly Commended in Health and social care in the 2017 BMA Medical Book Awards The Mental Capacity Act (2005) regulates decision making processes on behalf of adults who are unable to give informed consent, due to a loss in mental capacity (be that from birth, or due to an illness or injury at some point in their lives). Since the Act's original conception the new Court of Protection is now firmly established, and there have been significant Supreme Court cases, as well as further guidance on the 2005 Act and major developments in the use and assessment for Deprivation of Liberty Safeguards.

Thoroughly updated to take account of the many

updates, developments and changes in legislation and guidance, the new edition of Dimond's authoritative guide will be warmly welcome by practitioners and students who need to understand and work within the Mental Capacity Act, and how it applies to their professional responsibilities. A highly practical guide to the Mental Capacity Act and its provisions since its conception in 2005 Relevant for a wide range of practitioners and students within health and social care Highly readable and easily accessible, even for those with no legal background Includes a range of learning features, including scenarios, questions and answers, key summary points, and applications for practice. Legal Aspects of Mental Capacity is an essential resource for all healthcare and social services professionals, students patient services managers and carers working with those who lack the capacity to make their own decisions.

Autobiographies II Nov 30 2020 'I thought that

no man liveth and dieth to himself, so I put behind what I thought and what I did the panorama of the world I lived in - the things that made me.' Sean O'Casey, 1948 Sean O'Casey's six-part Autobiography, originally published between 1939 and 1955, is an eloquently comprehensive self-portrait of an artist's life and times, unsurpassed in literature. Drums Under the Windows (1945) sees O'Casey's young (pre-writing) life taking shape amid the extraordinary tumult of Ireland in the early twentieth century, thus leading him into the fray of the Easter Rising of 1916. Inishfallen, Fare Thee Well (1949) charts the steps towards his emigration from Ireland in 1926: a move pressed upon O'Casey by his hard struggle against the restrictions and prohibitions wrought by Irish society, church and state. Faber Finds is devoted to restoring to readers a wealth of lost or neglected classics and authors of distinction. The range embraces fiction, non-fiction, the arts and children's books.
