This remarkable story of survival—with determination, humor, and joy—“can show you how to turn a curse into a blessing” (Bernie Siegel, MD). Life is good for Joyce and Kevin—traveling, having fun with friends, holding down a successful Wall Street career, building their dream home and planning a big family. Then, in what feels like an instant, the young couple’s dream life shatters, when Kevin is paralyzed after a brain hemorrhage and they are both diagnosed with late-stage cancers. At thirty-five years old, they are devastated to learn there is little hope they will see their baby’s next birthday. Take an amazing and inspiring journey with this young couple who refuse to accept the grim diagnosis when their world comes crashing down around them. Instead, they choose to live. And together, miraculously, they beat all the odds. Kevin is walking again, and they both are cancer free ten years later. Discover the keys for your own health and well-being. By healing the body from the inside out, you can live a life brimming with physical, emotional, and spiritual health. Awaken to a world that few know even exists—and where anything is possible. An exercise program that can actually release blocks to healing and get you centered...in six minutes a day? The simple, no impact, but very powerful movements of Qi Gong can do that and more, from increasing longevity to boosting the immune system. And this beautifully illustrated guide, written especially for beginners, introduces this amazing ancient art that balances and strengthens the life force. Those who try it can look forward to extraordinary health benefits! The Way to Vibrant Health, now in its 3rd printing, represents over 20 years of Bioenergetic body-psychotherapy techniques. These unique exercises are designed to reduce muscular tension and promote well-being, allowing you to feel more joy and vibrancy. Bioenergetics is a way of understanding the human personality in terms of the body and its energetic processes. Bioenergetic Analysis is a form of psychotherapy that combines work with the mind and the body to help people resolve their emotional problems, and realize their potential for vibrant health and pleasure in all aspects of their lives. Bioenergetic Exercises help you experience:

- Natural breathing as a total body respiratory wave.
- Unblocking of the body’s holding patterns that restrict your energetic potential.
- Increasing your capacity for pleasure and feeling.

The Simple and Natural Way to Vibrant Health is the product of over a decade of investigation and research that has drastically transformed the author’s life. Chronic conditions such as high blood pressure, allergies, obesity and diabetes have skyrocketed worldwide in recent decades. In fact, most people have at least one health problem, big or small. Surprisingly, the root causes of chronic diseases are rarely explored and often regarded as “unknown.” Without understanding the causes, disease prevention is difficult if not impossible. Indeed, the majority of people are not aware of the fact that they are the authors of their own health and they have full control over their well-being. By revealing the fundamental causes of chronic diseases, this book presents a simple and natural way to get well and stay fit. These timeless secrets are not based on the latest hype such as red wine or dark chocolate, and they will not go out of fashion like fad diets. Furthermore, the book goes beyond food and drink and covers every aspect of one’s lifestyle important to one’s health—including air, sun, physical activities, emotional well-being, personal care products, cell phone use, detoxification, and much more. Unlike the complex and sometimes contradictory information in the public domain, the natural eating and living principles in this book are remarkably simple and clear. They have been tested by time, substantiated by science, and demonstrated by personal healing experiences. The Simple and Natural Way to Vibrant Health lets you take control of something that is rightly yours: your health. The practice of functional medicine is a discipline that treats people, not diseases. Dr. Sult looks at the eight key physiological processes of the functional medicine matrix, and brings together accessible information, patient stories, and sound advice that can lead you back to wellness and health. Stop thinking of your own well-being as something that’s beyond your control. Today’s view of wellness is far too often fragmented, focusing on specific symptoms rather than the whole person. In Vibrant, Dr. Stacie Stephenson introduces readers to a new and empowering way of looking at health. A recognized leader in functional and integrative medicine, Stephenson has helped thousands by focusing not on treating disease, but on creating health-by giving individuals the knowledge, confidence, and inspiration they need to do so for themselves. By the end of this life-changing book, readers will have the tools to transform their energy, weight, fitness, and general wellness, tackling everything from enhancing sleep quality to building an iron-clad immune system. Beginning with basics such as the truth about the best diet, the critical role of exercise in vitality and longevity, and the importance of human connection, Vibrant also dives deeper to give a holistic picture of health and how to achieve it. With helpful breakdowns on supplements, detoxification, and how to think about disease, this is much more than just another wellness book. It’s also packed with practical, useful features, including:

- Self-assessment tools to aid you in listening to your body
- A foolproof two-week meal plan
- 40 delicious, healthful chef-created recipes
- 30 days of baby steps to start building the habit of health

With Stephenson’s candid and conversational voice, Vibrant is like having a friend who also happens to be a leading health authority take you under her wing. Along with practical advice, she shares powerful insights that will change the way you think about everything from exercise to relationships, and sends readers off with an inspirational chapter on how health has a ripple effect that can change your family, your community, and help to create a more vibrant world. With a step-by-step program for making foundational lifestyle shifts, Vibrant shows you how to reclaim your health and energy, reverse aging, and glow-not just on the outside, but from deep within yourself. This book is about easy, simple, and often free ways to assist the body in healing itself. It is full of simple methods one can use and even do at home or on the go. It describes in detail the various thinking methods, breathing techniques, appropriate sleep times, food-combining methods, and much, much more to assist one in raising their vibration toward wellness. Vibrations of Wellness describes a vast amount of techniques one can self-participate in daily and consciously without using any equipment except oneself. It does not require one to spend a great deal of money or even have another person participate in the process unless one so desires. These methods toward healing have been researched and tried and are proven true by many and are documented by many experts in the field with examples and testimonials. Making vows to oneself and just beginning wherever you are are all that is required. It is a must read for anyone on the journey of wellness, peace, love, and balance. Namaste. Forget the Fad Diets, Join the Food Freedom Movement! Counting calories is out. All the food groups are in. Becoming trim and healthy doesn't have to be difficult or painstaking anymore. After trying almost every fad diet out there, Serene Allison and Pearl Barrett, creators of the Trim Healthy Mama movement, took matters into their own hands. Through trial and error and much research, they created the Trim Healthy Mama Plan, the breakthrough lifestyle program to help readers of all ages and stages get healthy, slim down and keep off the weight once and for all. Based on the authors’ successful self-published book, this simplified, improved, practical plan shows readers a unique way to lose weight and get healthy by eliminating sugar, and still eating hearty, delicious food. The biblically-sound and highly effective eating approach centers on Satisfying meals (which include more fats and protein) and Energizing meals (which include more carbs and protein), as they are the key to success. Scrumptious whole, unprocessed foods, including fats, blood sugar friendly grains, proteins, fruits, and vegetables, are eaten in a way that boosts metabolism, yet still fits into anyone’s hectic lifestyle. It’s family friendly and effective for pregnant and nursing mothers, pre or post- menopausal women, and also those without weight or health issues—even men and growing children. The book includes menu plans, a list of key super foods to eat on plan, time-saving tips, and pantry stocking and lifestyle advice to help readers successfully reach their goals. Join the

Trim Healthy Mama movement and along with thousands of others, and discover the groundbreaking, easy-does-it, and delicious way to eat for health and weight loss. This empowering guide to balancing the mind, body, and spirit and achieving total wellness-not just freedom from disease-provides a program as practiced by Dr. Andrea Pennington at her institute. In the book, she lays out a practical plan to help readers tap the healing power within themselves to feel better and overcome chronic health problems. Dr. Pennington's plan encourages readers to: - define goals far beyond the issues of physical health - find the motivation to make positive change - design a personalized strategy for achieving goals - chart progress and stay on track - learn the value of celebrating success along the way Practical and inspiring, The Pennington Plan will give readers the power to reclaim their health and guide them on their way to total wellness. Eating a balanced, plant-based diet is not only the best choice for your health and the planet—these foods are also essential for your mental and emotional well-being. Marrying traditional wisdom and modern scientific and medical research, a vegan macrobiotic approach recognizes the profound effects food, environment, activities, and attitude can have on your physical and emotional health. Drawing upon traditional and contemporary cuisines from around the globe, The One Peaceful World Cookbook: Over 150 Vegan, Macrobiotic Recipes for Vibrant Health and Happiness shows you how to prepare delicious, satisfying meals that nourish your body and mind. Based on the authors' decades-long experience as teachers, dietary counselors, and chefs, on scientific and medical studies documenting the health benefits of a vegan macrobiotic way of eating, and on other cutting-edge research on health, vitality, and fitness, this book features 150-plus easy-to-follow recipes, including: • Roasted Beet Salad with Orange Mustard Dressing • Vegetable Paella • Tofu Lasagna with Carrot Marinara Sauce • Pad Thai with Tempeh • Mochi Waffles with Lemon Syrup • Tiramisu with Cashew Cream These gourmet recipes, both savory and sweet, are designed for an on-the-go lifestyle and will both nourish and delight you. The One Peaceful World Cookbook empowers you with the tools and recipes you need on your path to optimal health and well-being. The deluxe edition of Christina Pirello's Wellness 1000 features the complete text, more than 25 exclusive, original videos featuring cooking techniques, health tips and key nutritional and ingredient information, and more than 70 color photos of dishes from the book. This collection of more than 1,000 recipes, tips, techniques and health information draws together the best of Christina's work from the last two decades. Featuring updated and revised selections from her half-dozen or more cookbooks and recipes from her website, Christina Pirello's Wellness 1000 is more than a cookbook. From basic stocks, sauces and dressings to soup, salads, and main dishes to special sections on tempeh, grains, tofu, and desserts, this comprehensive guide to healthful cooking and living also includes a "kitchen pharmacy" of natural home remedies, an extensive glossary and a guide to kitchen staples. Throughout, Christina offers sound advice and useful information to help readers make the best choices for themselves and their families, and gives them the most important tool available to change their health -- and to change the world: cooking and eating real food. The definitive A-Z guide to the restorative power of essential oils—the self-care bible for natural and holistic healing Essential oils are powerful, safe, and toxin-free tools for healing the body, mind, and spirit that have been around for centuries. Now, offering specific, easy-to-follow recipes to prevent illness, reduce stress, enhance physical and mental health, boost energy, and even revitalize appearance, The Essential Guide to Essential Oils (previously published as Aromatherapy) gives readers all the information they need to tap into this healing art and take charge of their health, including: • An extensive A-to-Z list of common conditions and their essential oils remedies • The basic principles of using essential oils, as well as the history, effects, and correct application of the most powerful healing recipes • Techniques and tools for using plant essences and oils—from atomizers and baths to compresses and inhalants • Unique beauty-care treatments for rejuvenating skin, hair, and body The Essential Guide to Essential Oils teaches a healthier, more balanced, and sustainable lifestyle, helping readers start using essential oils in their daily lives—whether they've been doing so for years, or are just starting out. Proper nutrition is tantamount to good health. Dr. Walker explains in detail the importance of eliminating artificial processed foods that can destroy our health and shorten our lives. He also strongly recommends stimulating your mind and body through proper nutrition and thought to achieve mental soundness and character so your entire being can possess vibrant health. Cass and Barnes address ways women can empower themselves by discovering the underlying causes of their health problems. The book includes the tools women need to determine why they are experiencing these symptoms, and advice on how to remedy the imbalance that causes the symptoms. \*\*\*WINNER, 2009 Living Now Book Award, Gold Metal In this breakthrough book, Dr. James Forleo proposes a return to the body as the site of self-healing. The problem, he says, is that we don't understand the language of signs and symptoms it uses to communicate its healing messages. Health Is Simple helps readers decipher that language and access the great realms of health and vitality the body contains. Written in a clear, engaging style, the book takes a systems approach to health, walking readers through the basic design and function of each major organ system—the nerve, endocrine, immune, musculo-skeletal, cardiovascular, respiratory, digestive, and elimination systems—and offers a set of simple practices to boost their performance. With only a few minutes a day, readers can radically improve their health and well-being. Based on his work with hundreds of patients, the program emphasizes simple correctives to diet and lifestyle, a new perspective on digestion and elimination, and the alignment of the spine and structural system. Case studies demonstrate successfully resolved conditions from chronic headaches, anxiety, and respiratory disorders to exhaustion, autoimmune disorders, and allergies. Health Is Simple offers readers access to the same customized program the author's celebrity clients have enjoyed, with the possibility of achieving the same spectacular results. Fear of Life is an in-depth study of the human condition within modern culture Alexander Lowen challenges conventional thinking and contends that neurotic behavior stems from a fear of life, and represents the individual's unconscious effort to overcome that fear. But one cannot do so. One can only suppress or deny it, at the cost of spontaneity and being at ease. Lowen explains that being a person requires that one stop their frantic doing, and take time out to breathe and to feel. If one has the courage to accept and feel the pain and hurt, despair and sadness, and inner emptiness or anxiety in one's life, one can heal trauma and gain pleasure, fulfillment, and joy....the object of Bioenergetic Analysis. The book tells a compelling story of the author's health struggles and presents a wellness plan that lays the foundation to a healthy, invigorating lifestyle. It outlines a daily step-by-step guide to nutrition, fitness, beauty, and spiritual growth. Based in biblical principles, this book unfolds the seven mental secrets to vibrant health and the keys to your health, wellness, and longevity. This book is a manual of essential skills and everyday habits that anyone can use to practice and fuel a healthy lifestyle. The De-Stress Effect is a new revolution in eating, exercise and relaxation that will return you to vibrant health by gently bringing balance back to your body and your life. The fast pace of modern life and the constant pressure we put on ourselves to keep doing and achieving can keep us locked in patterns of giving in to food cravings, negative habits and self-criticism - keeping our minds and bodies on constant alert. This disruption to the natural rhythms of our body can lead to all kinds of complications that are hard to resolve, including anxiety, depression, insomnia, IBS, weight gain, fertility problems and skin issues. Presenting the latest research on how we can finally heal this damaging cycle, The De-Stress Effect will give you the space to truly feel what is right for your health and your life - realistically, intuitively and with compassion. With a low-stress preparation, six-week eating plan for optimum nutrition, mindfulness practices, yoga sequences and exercise routines, this book will soothe you back to a happier, healthier you, whatever your life's demands. The body is designed to heal itself, if we just give it what it needs and stop sabotaging its efforts. Learn from the insight and experience of a retired medical doctor who overcame life-threatening illness, not once, but twice, to discover that there were some things about healing they don't teach in medical school. Whether you've been told that your illness is minor or "irreversible," this short and easy to understand book gives you the information you need to start making better choices...choices that put you in control of your own life and on the road to vibrant health! Over 40 years of research and hard-won experience went into the making of this book, so you can benefit without years of searching or expensive mistakes. Includes exercises to increase your awareness and natural ability to heal. Renowned herbalist Rosemary Gladstar provides 175 proven therapies and herbal remedies that are easy to prepare and safe enough for children. Offering a potent and effective alternative to commercial pharmaceuticals, Gladstar will inspire you to nurture yourself and those you love with nature's healing herbs. Siegfried Gursche presents an east-to-understand account of all major health benefits of virgin coconut oil. What does it mean to be Vibrant? Most people have never used the word "vibrant" to describe their health, their lives, or even themselves. Being vibrant is the state of being fully alive and connected with life. It is the state of inner peace and love that radiates from you, the state of your cells vibrating at abundant health. In this book, you will discover that vibrancy is our natural state of being. Once you use these codes, you will use the word "vibrant" to describe yourself. In The Vibrancy Codes, author Cassidy Amber Chapman gives you the tools and knowledge to embody vibrant health physically, mentally, emotionally, and spiritually, allowing you to unlock vibrancy at every layer of your being. Cassidy's struggle with health after almost a decade of chronic pain, illness, and a series of life-altering events led her on a life-changing journey to becoming healthy. She didn't know how to achieve this feat, but she never allowed anything to stop her. Through her devotion to herself and her health, she discovered a whole next level of health and a life beyond her wildest imagination. That is what she describes as vibrancy. The Vibrancy Codes illuminate the path to radical transformation and total wellness. It is filled with profound insights, an incredible story of personal evolution, and a step-by-step guide to unlocking health at every level. We all want to get the most out of our health and life. The question is: do you know how you can

make this possible? Author CHARISE unlocks the secret to enjoying vibrant health through Healing Gifts From Our Planet! This practical guidebook is based on the author's personal and successful journey from ill health and mediocrity to a vibrant health and life. She shares inspiration and hope and the effective strategies that she did in order to get to where she is now. You too can be healthy, happy and fulfilled! Are you ready to begin your own journey? Children are the foundation of the United States, and supporting them is a key component of building a successful future. However, millions of children face health inequities that compromise their development, well-being, and long-term outcomes, despite substantial scientific evidence about how those adversities contribute to poor health. Advancements in neurobiological and socio-behavioral science show that critical biological systems develop in the prenatal through early childhood periods, and neurobiological development is extremely responsive to environmental influences during these stages. Consequently, social, economic, cultural, and environmental factors significantly affect a child's health ecosystem and ability to thrive throughout adulthood. Vibrant and Healthy Kids: Aligning Science, Practice, and Policy to Advance Health Equity builds upon and updates research from Communities in Action: Pathways to Health Equity (2017) and From Neurons to Neighborhoods: The Science of Early Childhood Development (2000). This report provides a brief overview of stressors that affect childhood development and health, a framework for applying current brain and development science to the real world, a roadmap for implementing tailored interventions, and recommendations about improving systems to better align with our understanding of the significant impact of health equity. Your body is designed to heal itself! Discover what your body truly needs in order to restore itself from the inside out, so that you can soon enjoy energetic, vibrant health! Did you know that about 10,000 years ago humans went through a radical change in lifestyle in what is now called the Agricultural Revolution? While this event propelled humans out of the stone age and into civilization it also ultimately catapulted us into our current way of life and into the chronic disease epidemic we have today. Western medicine sees our epidemic of disease as a problem that needs to be suppressed, but our chronic disease epidemic is really a symptom; a symptom of humans being removed from their natural environment in an evolutionary instant. Evolution is the most important part of biology that medicine forgot. In this book you will learn: Why most chronic disease is not genetic; The truth behind why our society is suffering from disease; How our epidemic of disease directly relates to the health of the planet; Strategies to right the ship, achieve better health, and save our species. A complete program to good health through restored body balance. One of the most popular fasts in recent years has been the Daniel Fast, a 21-day period of prayer and fasting based on the Old Testament prophet's fasts recorded in Daniel 1 and Daniel 10. The Daniel Fast is a partial fast, in which certain foods are restricted and others are consumed. This fast is similar to a 'purified' vegan diet; in addition to the exclusion of all animal products, no additives, preservatives, sweeteners, caffeine, alcohol, white flour, or processed foods are allowed. With the Daniel Fast people can eat as much Daniel-Fast-friendly food as they would like. Though most people begin the Daniel Fast for a spiritual purpose, many are amazed by the physical transformation that takes place. Many with high cholesterol experience a drop to healthy levels; people who have wrestled with weight issues are suddenly able to lose the pounds. The vast majority of participants following the Daniel Fast report a general sense of well-being and increased energy. Recent published scientific studies of the Daniel Fast have confirmed these findings, with additional benefits, such as a reduction in systemic inflammation, a reduction in blood pressure, and an improvement in antioxidant defenses. The Daniel Cure will help readers take the next step by focusing on the health benefits of the Daniel Fast. By following the advice in this book, readers will convert the Daniel Fast from a once-a-year spiritual discipline into a new way of life that can begin any time of the year. In a nation suffering an epidemic of obesity and its resulting ills, The Daniel Cure may be just what the Great Physician ordered. The Daniel Cure includes a 21-Day Daniel Cure Devotional, four chapters detailing the lifestyle diseases of obesity, type 2 diabetes, cardiovascular disease, and inflammation, eleven chapters of recipes and meal planning advice, a recipe index, complete nutritional guidance, and an appendix detailing 'The Science behind the Daniel Fast.'

Vacant lots, so often seen as neighborhood blight, have the potential to be a key element of community revitalization. Sandra Albro offers practical insights through her experience leading the five-year Vacant to Vibrant project, which piloted the creation of green infrastructure networks in Gary, Indiana; Cleveland, Ohio; and Buffalo, New York. Vacant to Vibrant provides a point of comparison among the three cities as they adapt old systems to new, green technology. Albro offers insights from every step of the Vacant to Vibrant project, including planning, design, community engagement, implementation, and maintenance successes and challenges of creating a green infrastructure network from vacant lots in neighborhoods. Landscape architects and other professionals whose work involves urban greening will learn new approaches for creating infrastructure networks and facilitating more equitable access to green space. For the millions of women who want to enter or live their midlife with grace and good health comes this straight-talking and gorgeously photographed book packed with advice, resources, and practices that promote wellness, beauty, and longevity, alongside more than 70 delicious recipes.
