The Hound and the Falcon Dec 27 2019 Alfred of St. Ruan's Abbey is a monk and a scholar, a religious man whose vocation is beyond question. But Alfred is also, without a doubt, one of the fair folk, for though he is more than seventy years old by the Abbey's records, he seems to be only a youth. But Alfred is drawn from the haven of his monastery into his dangerous currents of politics when an ambassador from the kingdom of Rhiyana to Richard Coeur de Leon is wounded and Alfred himself is sent to complete the mission. There he encounters the Hounds of God, who believe that the fair folk have no souls, and must be purged from the Church and from the world.

The Feather of Finist the Falcon Mar 29 2020 ONCE, in olden times, there was a merchant whose wife had died, leaving him three daughters. The eldest two were plain of face and hard of heart and cared for nothing but finery, while the youngest was a good house keeper, kind-hearted, and so beautiful that it could neither be told in a tale nor written down with a pen. One day, when the merchant set out for the Fair, he called his three daughters and asked: "My dear daughters, what do ye most desire me to buy for you?" The eldest answered, "Bring me a piece of rich brocade for a gown." The second said, "Bring me a fine scarf for a shawl." But the youngest replied: "Little father, bring me only a scarlet flower to set in my window." The two sisters laughed at her request. "Little fool," they said, "what dost thou

want of a scarlet flower? Thou wouldst better ask for a new apron." But she paid no heed and when the merchant asked her again, she said: "Little father, buy for me only the scarlet blossom." The merchant bade them good-by and drove to the Fair, and whether in a short while or a long while, he came again to his house. He brought the rich brocade for the eldest daughter and the fine scarf for the second, but he quite forgot to bring the little scarlet flower. The eldest daughters were so rejoiced at their gifts that he felt sorry for his forgetfulness, and to comfort her, said to the youngest: "Never mind, I shall soon go again to the Fair, and shall bring thee a gift also." And she answered: "It is no matter, little father; another time thou wilt remember." And while her sisters, cutting and sewing their fine stuffs, laughed at her, she was silent. Time passed, and again the merchant made ready to go to the Fair, and calling his daughters, he asked: "Well, my daughters, what shall I buy for you?" The eldest answered, "Bring me a gold chain," and the second, "Buy me a pair of golden earrings"; but the third said, "Little father, I want nothing but a scarlet flower to set in my window."

The Maltese Falcon Apr 10 2021 As an operative for Pinkerton's Detective Agency Dashiell Hammett knew about sleuthing from the inside, but his career was cut short by the ruin of his health in World War I. These three celebrated novels are therefore the products of a hard real life, not a literary education. Despite " or because of " that, Hammett had an enormous effect on mainstream writers between the wars. Like his readers, they were attracted by the combination of laconic style, sharp convincing dialogue, vivid settings and, above all, the low-life, hard-boiled characters who populate the streets of his stories. Taking detective fiction out of the drawing-room, Hammett gave murder back to the kind of people that commit it, as Raymond Chandler said. In so doing, he left his mark on modern fiction.

Inside were fourteen rare peregrine falcon eggs snatched from a remote cliffside in Wales. Falcon Fever Jun 24 2022 The ornithologist and award-winning author of *The Grail Bird* shares his love of falconry in this "boundary-stretching memoir" (Kirkus Reviews). "To me, falconry at its highest level is an art form in which the canvas is the entire sky." What is it about falconry that inspires such avid devotees? Tim Gallagher has pondered this question since he first became obsessed with the sport at the age of twelve. In *Falcon Fever*, he interweaves memoir, history, and travelogue as he takes us along on his many adventures—mallard hunting in upstate New York with his falcon MacDuff; traveling to Wyoming and the Scottish Highlands to visit and learn from other falconers; attending the annual field meet of the North American Falconers' Association; and making his personal pilgrimage to the southern Italian lands and landmarks of his hero Frederick II, the thirteenth-century Holy Roman Emperor who wrote the classic text *On the Art of Hunting with Birds*. From his early use of falconry to escape a troubled childhood to the vibrant, modern community that continues to practice the centuries-old sport of kings, Gallagher offers both a knowledgeable introduction to these birds of prey and an inspiring personal story. "A series of exhilarating, often poignant stories. . . . He weaves an eloquent life story around his life with hawks and falcons." —Houston Chronicle "The ideal tonic to reinvigorate a nation distracted by laptops from its love for its natural heritage." —Robert F. Kennedy Jr. "A poignant, introspective volume." —Pittsburgh Post-Gazette

The Maltese Falcon, The Thin Man, Red Harvest Sep 27 2022 The three classic novels published here in one volume are rich with the crisp prose, subtle characters, and intricate plots that made Dashiell Hammett one of the most admired writers of the twentieth century. A one-time detective and a master of deft understatement, Hammett virtually invented the hard-boiled crime novel. In *The Maltese Falcon*, Sam Spade, a private eye with his own solitary code of ethics, tangles with a beautiful and treacherous woman whose loyalties shift at the drop of a dime. *The Thin Man* introduces Hammett's wittiest creations, Nick and Nora Charles, who solve homicides in between wisecracks and martinis. And in *Red Harvest*, Hammett's anonymous tough-guy detective, the Continental Op, takes on the entire town of Poisonville in a deadly war against corruption. "Dashiell Hammett is a master of the detective novel, yes, but also one hell of a writer."--Boston Globe "Hammett was spare, hard-boiled, but he did over and over what only the best writers can ever do. He wrote scenes that seemed never to have been written before."--Raymond Chandler "Hammett's prose was clean and entirely unique. His characters were as sharply and economically defined as any in American fiction."--The New York Times "As a novelist of realistic intrigue, Hammett was unsurpassed in his own or any time."--Ross Macdonald "Dashiell Hammett's dialogues can be compared only with the best in Hemingway."--André Gide "Hammett is one of the best contemporary American writers."--Gertrude Stein

Eleonora's Falcon Nov 29 2022 Named after a Sardinian princess of the fourteenth century who established laws protecting falcons, Eleonora's falcon is the only European bird to breed in autumn and feed its brood on the mass of birds that migrate from Europe to Africa between July and October. It breeds on small Mediterranean islands in colonies of up to 200 pairs and hunts often in groups, preying on more than 90 species of migrant birds. During the winter this falcon visits the rain-soaked woodlands of Madagascar. In this study—illustrated beautifully and extensively with 59 line drawings and 38 photographs—Hartmut Walter shows how the unique geographical and biological situation of *Falco eleonora* makes the species' health an important indicator of environmental decay. For though it lives in relatively isolated areas, Eleonora's falcon nevertheless may ingest the many pollutants contained in its diet of birds migrating from industrial Europe. Walter, who has studied raptors on several continents and has been an ornithologist since his early youth, examines several discrete colonies of Eleonora's falcon. He concentrates on the species' intraspecific behavior and ecology—such as the falcons' aggressive actions, hunting strategies, and response to fluctuating environmental conditions—and investigates their evolutionary past.
