London in Bloom Oct 11 2021 Join acclaimed photographer Georgianna Lane and explore the flower markets, gardens, and floral boutiques of London in this full-color celebration of the flora of England's capital. London in Bloom showcases the floral abundance of the city's extraordinary parks, gardens, florists, and flower markets. In this companion to her popular books Paris in Bloom and New York in Bloom, Georgianna Lane takes us on a romantic floral tour of London, juxtaposing luscious blooms with intricate floral details found in iconic architecture. The book also includes: A detailed list of recommended parks, gardens, markets, and floral designers A spring tour of blossoms and blooms A field guide of common spring-blooming trees and shrubs Step-by-step instructions for creating a London-style bouquet And more Lane offers a practical travel guide for anyone planning to see London in bloom in real life. She plans out a tour of spring blossoms, with a field guide for identifying flowering trees and shrubs. She even includes a list of addresses for her favorite parks, gardens, floral boutiques, and flower markets. Lane writes, "No place, real or imagined, enchants quite like an English garden. The ornate gates, the tumbling roses, the winding paths, and the sunlight winking through branches of delicate blossoms have long inspired poetry and romance. . . . Some are intimate and secret, with secluded corners and mysterious pools where dragonflies hover or fantastic creatures might even dwell. Others are impressive and majestic, their rolling parklands reminiscent of an eighteenth-century landscape painting." For flower lovers and Anglophiles alike, London in Bloom offers a unique and irresistible view of London, a chance to bring "poetry and romance" to your home or to give it as a gift.

Curiosities of Paris: An idiosyncratic guide to overlooked delights... hidden in plain sight Feb 21 2020 Francophiles and Paris buffs will find something new and fascinating in this timeless guidebook, filed with sites, passageways, hotels, shops, and more What if—walking around Paris—instead of seeing only the Paris of 2017, you glimpsed Paris in Revolutionary times? Or Paris when it was home to 80,000 horses; or Paris lit by gaslight; or medieval Paris? What if—walking down a block in Paris—you recognized the signs, mosaics, pieces of hardware, and architectural details as relics of many centuries that have stories to tell of past eras? This is what Curiosities of Paris reveals. Each of the book's 800 photos of unique locations and architectural oddities—as well as utilitarian objects whose functions have long been obscured with the passage of time—discloses a previously unnoticed city. Even those who know Paris well might never have registered the thousands of details on every street that testify to the enduring presence of the past: the solar cannon at Invalides, street signs with the word “saint” and all fleur-de-lys

removed; the unique features of Parisian street lighting. You'll never look at an elm tree the same way again. And, with *Curiosities of Paris* as your guide, you'll feel very in-the-know as you walk down the Champs-Élysées past all the auto dealerships. Organized by subject—including fountains and wells; centuries-old shop signs; vestiges of wars and ancient Egypt; hotels of legend; remarkable trees; sundials and meridians; equestrian Paris; romantic ruins; unusual tombs, stairways, and passageways; religious relics; mosaics; public barometers and thermometers; and hundreds more urban elements and anachronisms—the book also includes three themed walks (along the city's ancient walls, in the steps of Quasimodo, and through the French Revolution), as well as an index of street names. This absorbing compendium is an essential addition to the library of the armchair traveler and flâneur alike.
