Sustainability in an Imaginary World Dec 26 2019 Sustainability in an Imaginary World explores the social agency of art and its connection to complex issues of sustainability. Over the past decade, interest in art ' s agency has ballooned as an increasing number of fields turn to the arts with ever-expanding expectations. Yet

just as art is being heralded as a magic bullet of social change, research is beginning to throw cautionary light on such enthusiasm, challenging the linear, prescriptive, instrumental expectations such transdisciplinary interactions often imply. In this, art finds itself at a treacherous crossroads, unable to turn a deaf ear to calls for help from an increasing number of ostensibly non-aesthetic fields, yet in answering such prescriptive urgencies, jeopardizing the very power for which its help was sought in the first place. This book goes in search of a way forward, proposing a theory of art aiming to preserve the integrity of arts practices within transdisciplinary mandates. This approach is then explored through a series of case studies developed in collaboration with some of Canada's most prominent artists, including internationally renowned nature poet Don McKay; Italian composer and Head of Vancouver New Music, Giorgio Magnanesi; the renowned Electric Company Theatre, led by Kevin Kerr; and finally through a largescale multimedia installation aiming to reimagine the relationship between climate, culture, and human agency. Sustainability in an Imaginary World will be of great interest to students and scholars of arts-based research fields, sustainability studies, and environmental humanities.

To the Bright Edge of the World Feb 26 2020 An atmospheric, transporting tale of adventure, love, and survival from the bestselling author of *The Snow Child*, finalist for the Pulitzer Prize. In the winter of 1885, decorated war hero Colonel Allen Forrester leads a small band of men on an expedition that has been deemed impossible: to venture up the Wolverine River and pierce the vast, untamed Alaska Territory. Leaving behind Sophie, his newly pregnant wife, Colonel Forrester records his extraordinary experiences in hopes that his journal will reach her if he doesn't return--once he passes beyond the edge of the known world, there's no telling what awaits him. The Wolverine River Valley is not only breathtaking and forbidding but also terrifying in ways that the colonel and his men never could have imagined. As they map the territory and gather information on the native tribes, whose understanding of the natural world is unlike anything they have ever encountered, Forrester and his men discover the blurred lines between human and wild animal, the living and the dead. And while the men knew they would face starvation and danger, they cannot escape the sense that some greater, mysterious force threatens their lives. Meanwhile, on her own at Vancouver Barracks, Sophie chafes under the social restrictions and yearns to travel alongside her husband. She does not know that the winter will require as much of her as it does her husband, that both her courage and faith will be tested to the breaking point. Can her exploration of nature through the new art of photography help her to rediscover her sense of beauty and wonder? The truths that Allen and Sophie discover over the course of that fateful year change both of their lives--and the lives of those who hear their stories long after they're gone--forever. "An epic adventure story that seems heir to the tradition of Melville's own sweeping and ambitious literary approach to the age-old struggle of humans versus nature . . . An absorbing and high-stakes read." -- Kathleen Rooney, *Chicago Tribune*

Are Jesus and the Holy Spirit God? Is the end of the world imminent? How should we relate faith and reason? In this innovative work, Derek Cooper tells the story of Christian history by presenting the twenty questions (one for each century!) that shaped the Christian church throughout the world. The result is a book that narrates the exciting history of Christianity from a global perspective by means of simple questions and concerns that still face the church today. Each century of world Christian history is explored by means of one question that attempts to encapsulate the central themes and concerns of that century for Christianity. Coverage of each century is sensitive to world regions and theological and cultural concerns that are often overlooked and neglected in books that are oriented in a more Western way.

[The Great Questions of Tomorrow](#) Jul 01 2020 We are on the cusp of a sweeping revolution—one that will change every facet of our lives. The changes ahead will challenge and alter fundamental concepts such as national identity, human rights, money, and markets. In this pivotal, complicated moment, what are the great questions we need to ask to navigate our way forward? David Rothkopf believes in the power of questions. When sweeping changes have occurred in history—the religious awakenings of the Reformation; the scientific advances of the Age of Exploration; the technological developments of the Renaissance, the Enlightenment, and the Industrial Revolution—they have brought with them, not just new knowledge, but provoked great questions about how we must live. With the world at the threshold of profound change, Rothkopf seeks the important questions of our time—ones that will remake the world and our understanding of it. From the foundational questions: "Why do we live within a society?" and "What is war?" to modern concerns such as "Is access to the internet a basic human right?" *The Great Questions of Tomorrow* confronts our approach to the future and forces us to reimagine fundamental aspects of our lives—identity, economics, technology, government, war, and peace.

A Chance in the World Nov 04 2020 "Pemberton's beautifully told story is a rags to riches journey—beginning in a place and with a jarring set of experiences that could have destroyed his life. But Steve's refusal to give in to those forces, and his resolve to create a better life, shows a courage and resilience that is an example for many of us to follow." —Stedman Graham, author, educator Home is the place where our life stories begin. A Chance in the World is the astonishing true story of a boy destined to become a man of resilience determination and vision. Down in the dank basement, amidst my moldy, hoarded food and beloved worm-eaten books, I dreamed that my real home, the place where my story had begun, was out there somewhere, and one day I was going to find it. Taken from his mother at age three, Steve Klakowicz lives a terrifying existence. Caught in the clutches of a cruel foster family and subjected to constant abuse, Steve finds his only refuge in a box of books given to him by a kind stranger. In these books, he discovers new worlds he can only imagine and begins to hope that one day he might have a different life, that one day he will find his true home. A fair-complexioned boy with blue eyes, a curly Afro, and a Polish last name, he is determined to unravel the mystery of his origins and find his birth family. Armed with just a single clue, Steve embarks on an extraordinary quest for his identity, only to find that nothing is as it appears. Through it all, Steve's story teaches us that no matter how broken our past, no matter how great our misfortunes, we have it in us to create a new beginning and to build a place where love awaits.

News of the World Jul 13 2021 Soon to be a Major Motion Picture National Book Award Finalist—Fiction In the aftermath of the Civil War, an aging itinerant news reader agrees to transport a young captive of the Kiowa back to her people in this exquisitely rendered, morally complex, multilayered novel of historical fiction from the author of *Enemy Women* that explores the boundaries of family, responsibility, honor, and trust. In the wake of the Civil War, Captain Jefferson Kyle Kidd travels through northern Texas, giving live readings from newspapers to paying audiences hungry for news of the world. An elderly widower who has lived through three wars and fought in two of them, the captain enjoys his rootless, solitary existence. In Wichita Falls, he is offered a \$50 gold piece to deliver a young orphan to her relatives in San Antonio. Four years earlier, a band of Kiowa raiders killed Johanna's parents and sister; sparing the little girl, they raised her as one of their own. Recently rescued by the U.S. army, the ten-year-old has once again been torn away from the only home she knows. Their 400-mile journey south through unsettled territory and unforgiving terrain proves difficult and at times dangerous. Johanna has forgotten the English language, tries to escape at every opportunity, throws away her shoes, and refuses to act "civilized." Yet as the miles pass, the two lonely survivors tentatively begin to trust each other, forming a bond that marks the difference between life and death in this treacherous land. Arriving in San Antonio, the reunion is neither happy nor welcome. The captain must hand Johanna over to an aunt and uncle she does not remember—strangers who regard her as an unwanted burden. A respectable man, Captain Kidd is faced with a terrible choice: abandon the girl to her fate or become—in the eyes of the law—a kidnapper himself.

A Piece of the World Aug 14 2021 INSTANT NEW YORK TIMES BESTSELLER "A must-read for anyone who loves history and art." --Kristin Hannah From the #1 New York Times bestselling author of the smash bestseller *Orphan Train*, a stunning and atmospheric novel of friendship, passion, and art, inspired by Andrew Wyeth's mysterious and iconic painting *Christina's World*. "Later he told me that he'd been afraid to show me the painting. He thought I wouldn't like the way he portrayed me: dragging myself across the field, fingers clutching dirt, my legs twisted behind. The arid moonscape of wheatgrass and timothy. That dilapidated house in the distance, looming up like a secret that won't stay hidden." To Christina Olson, the entire world was her family's remote farm in the small coastal town of Cushing, Maine. Born in the home her family had lived in for generations, and increasingly incapacitated by illness, Christina seemed destined for a small life. Instead, for

more than twenty years, she was host and inspiration for the artist Andrew Wyeth, and became the subject of one of the best known American paintings of the twentieth century. As she did in her beloved smash bestseller *Orphan Train*, Christina Baker Kline interweaves fact and fiction in a powerful novel that illuminates a little-known part of America's history. Bringing into focus the flesh-and-blood woman behind the portrait, she vividly imagines the life of a woman with a complicated relationship to her family and her past, and a special bond with one of our greatest modern artists. Told in evocative and lucid prose, *A Piece of the World* is a story about the burdens and blessings of family history, and how artist and muse can come together to forge a new and timeless legacy.

Kielmeyer and the Organic World May 30 2020 Carl Friedrich Kielmeyer (1765-1844) was the 'father of philosophy of nature' owing to his profound influence on German Idealist and Romantic Naturphilosophie. With the recent growth of interest in Idealist and Romantic philosophy of nature in the UK and abroad, the importance of Kielmeyer's work is being increasingly recognised and special attention is being paid to his influence on biology's development as a distinct discipline at the end of the eighteenth century. In this exciting new book, Lydia Azadpour and Daniel Whistler present the first ever English translations of key texts by Kielmeyer, along with contextual and interpretative essays by leading international scholars, who are experts on the philosophy of nature and the formation of the life sciences in the late eighteenth century. The topics they cover include: the laws of nature, the concept of force, the meaning of 'organism', the logic of recapitulation, Kielmeyer and ecology, sexual differentiation in animal life and Kielmeyer's relationship to Kant, Schelling and Hegel. In doing so, they provide a comprehensive English reference to Kielmeyer's historical and contemporary significance.

Challenging multiple choice questions: We have seen several quiz books that have a poor selection of multiple choice questions, such as example below... What is the highest mountain in Turkey? A Mt. Whitney B Mt. Everest C Mt. Ararat D Mt. Cook Whilst this question is somewhat tricky in itself, the answers given allow most geographers to eliminate the 3 wrong answers quickly to come up with answer C. Instead of this approach, we have kept the quiz more like shown below to make this strategy of quizzing harder for the challenger... What is the highest mountain in Turkey? A Mt. Elbrus B Mt. Davamond C Mt. Ararat D Mt. Bazarduzu Although it may be easy for some seasoned geographers, this question, by the choices given is harder for the most part, and will hopefully trigger more conversation/thought before answering.
