**Plastic Toy Cars of the 1950s and 1960s** Aug 10 2021 The history of Dinky Toys, Corgi Toys and other makers of diecast metal cars has been covered in great detail in many books and magazine articles; by contrast, information on plastic toy cars is much harder to come by. Yet collectors are taking an increasing interest in plastic cars, particularly as the rise in the value of early diecast and tinplate models has put many of these out of reach of the average enthusiast. For the first time, this book aims to provide a systematic introduction to the vast number of plastic cars made during the 1950s and 1960s. Years of research have enabled the author to uncover many fascinating facts about the companies who made these toys. Some were major players in the toy industry, like Tri-ang and Brimtoy in the UK, Norev and Minialuxe in France, Gama and Siku in Germany and Ingap in Italy. Many others, though, were more obscure, and some only modeled one car before disappearing without trace. More than 250 photographs of these toys are included, with the emphasis being on the most colorful and realistic examples,

all of them based on real vehicles of the period. In many cases, the toy is pictured alongside its original box, the presence of which can often double the value of the item to a collector. Readers will also find a handy glossary listing the names of many of the companies who were active in this field in the 1950s and 1960s, together with some evocative period advertisements and catalogue illustrations. If you thought that a model car had to be made of diecast metal to be worth collecting, this book might change your mind . . . With 250 color photos, extensive appendices and identification aids this is a must have for any collector or dealer.

He weaves all of them together seamlessly, and includes numerous examples to illustrate his primary points. I have applied the knowledge I've gained from his body of work, and the benefits to me—and to my customers—have been immediate, significant, and ongoing." —Brent Uren Principal, Valuation & Business Modeling Ernst & Young® www.ey.com "Ron Baker is a revolutionary. He is on a radical crusade to align the interests of service providers with those of their customers by having lawyers, accountants, and consultants charge based on the value they provide, rather than the effort it takes. Implementing Value Pricing is a manifesto that establishes a clear case for the revolution. It provides detailed guidance that includes not only strategies and tactics, but key predictive indicators for success. It is richly illustrated by the successes of firms that have embraced value-based pricing to make their services not only more cost-effective for their customers, but more profitable as well. **The Curious Incident of the Dog in the Night-Time** Jun 20 2022

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The passion for the vintage colors was reignited, and the line's new colors, including periwinkle, cinnabar and sunflower, created a stir amid a new generation of collectors. From the best of the old to the latest and greatest modern colors of the new, Warman's Fiesta Ware provides comprehensive expert advice and up-to-date pricing for the line that lent distinction to the plainest table.
