All the Presidents Mar 01 2023 All the Presidents is the latest book of portraits by the artist BoingBoing hails as “the greatest portrait artist of our time.” All the Presidents is indeed what the title indicates, portraits of all 44 United States Presidents, from George Washington to Donald Trump and everyone in between, all rendered in Friedman’s celebrated in-your-face style of portraiture. The portraits will be accompanied by vital statistics on each subject (political affiliation as well as height and weight, etc.), as well as fascinating presidential factoids. Friedman’s two page comic strip introduction “Drawn to Presidents” opens the book, specifically detailing his fasciation with drawing many US presidents throughout his life, from childhood scrawlings of Richard Nixon to illustrations of Ronald Reagan, George H.W. Bush and Bill Clinton for Spy and eventually creating the famed Barack Obama/George Washington mashup inauguration cover for The New Yorker in 2009. The book also features a foreword by NPR’s Studio 360 host, Kurt Andersen.

The Making of the American Essay Dec 18 2021 "Now, with "The making of the American essay' the editor includes selections ranging from Anne Bradstreet's secular prayers to Washington Irving's satires, Emily Dickinson's love letters to Kenneth Goldsmith's catalog's, Gertrude Stein's portraits to James Baldwin's and Norman Mailer's mediations on boxing. In this volume the editor uncovers new stories in the American essay's past and shows us that some of the most fiercely daring writers in the American literary canon have turned to the essay in order to produce some of our culture's most exhilarating art."-- book jacket.

HIV Psychiatry Oct 16 2021 This book is a practical guide in understanding how to prevent HIV transmission, to recognize risk behaviors, and to add something else to their repertoires. It aims to empower clinicians and provide a sense of security and competence with the recognition and understanding of some of the psychiatric illnesses that complicate and perpetuate the HIV pandemic that continue to persist throughout every area of the world despite the magnitude of the progress that has transformed the illness from a rapidly fatal to chronic illness that is no longer life-limiting. Missing in most of the literature on HIV is the subtle, and sometimes not so subtle, contribution of psychiatric symptoms, psychiatric illness, and risk behaviors that drive the pandemic and serve as catalysts for new infections. This practical guide provides state-of-the-art understanding of not only prevention but also a way to recognize risk behaviors, psychiatric symptoms, and psychiatric illnesses that will demystify and decode the sometimes enigmatic and frustrating reasons for nonadherence with diagnostic procedures and life-saving treatments and care. All behaviors and pathology are covered as well as the resources and treatments available. The goal of this text is to refresh knowledge on the current state of psychiatric illness management among people living with HIV, to

provide a concise volume on the psychiatric aspects of HIV prevention and treatment that substantially impact the overall care of the patient, and to help understand the psychiatric catalysts of the pandemic Written by experts in the field, **HIV Psychiatry: A Practical Guide for Clinicians** provides enduring guidance to medical and other professionals caring for complicated clinical patients as they face ongoing challenges in working with persons with HIV and AIDS.

The Scalpel and the Silver Bear Apr 02 2023 The first Navajo

woman surgeon combines western medicine and traditional healing. A spellbinding journey between two worlds, this remarkable book describes surgeon Lori Arviso Alvord's struggles to bring modern medicine to the Navajo reservation in Gallup, New Mexico—and to bring the values of her people to a medical care system in danger of losing its heart. Dr. Alvord left a dusty reservation in New Mexico for Stanford University Medical School, becoming the first Navajo woman surgeon. Rising above the odds presented by her own culture and the male-dominated world of surgeons, she returned to the reservation to find a new challenge. In dramatic encounters, Dr. Alvord witnessed the power of belief to influence health, for good or for ill. She came to merge the latest breakthroughs of medical science with the ancient tribal paths to recovery and wellness, following the Navajo philosophy of a balanced and harmonious life, called Walking in Beauty. And now, in bringing these principles to the world of medicine, The Scalpel and the Silver Bear joins those few rare works, such as Healing and the Mind, whose ideas have changed medical practices—and our understanding of the world.

The Grace Note Nov 16 2021 ***Finding faith can sometimes surprise you. In a suburban town in Southern England, Kitty's life is turned upside down by a mysterious letter from a brother she never knew she had. Meanwhile—and quite unexpectedly—she encounters the enigmatic and brooding Yani Belushi, a pianist who is carrying his own dark and sorrowful secret born out of a fractured childhood in former communist Albania. An inherited 'cello becomes the unlikely accomplice as their two worlds of music and adoption collide, each seeking resolution and discovery - with mesmerising results. Loosely inspired by real events, The Grace Note is about small things and big things: and which is which. It's a tale of loss and redemption, an honest search for faith in the divine, and the realisation that - when all is said and done - life's every day and seemingly tiny serendipitous moments can evolve into something underserved yet truly magnificent..'*** ***"I am delighted to recommend The Grace Note. Jaqi has cleverly crafted a beautiful and moving story, which will linger with you long afterwards. A real blessing!"*** —Mark Batterson, New York Times best-selling author of *The Circle Maker* ***'Such an uplifting and emotional novel that I couldn't put it down.'*** —Shara Grylls, wife of Bear Grylls

Towards Infinity Jan 31 2023 Towards Infinity is Ram Chandra's seminal work on the chakras of the human system and the soul's journey back to the Source. Its implications are far-reaching - for the first time in thousands of years he sheds new light on human spiritual anatomy by going beyond the seven traditional chakras. The author does not discuss the lower chakras, instead, he starts with the heart and its qualities of love, compassion, courage and empathy as the centre of our humanity. He guides us through the experience of thirteen chakras, from the heart up to the final chakra at the back of the head. He describes the level of consciousness at each chakra and reveals the way to expand our

consciousness to embrace each new stage along the way. Towards Infinity is a map of the journey to the ultimate destination, which sincere seekers of spirituality can then experience through their own practice with the support of Yogic Transmission.

Mustang by Design Feb 17 2022 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial} Without question, the 1964-1/2 Mustang is one of the most important and influential cars in automotive history. When Ford launched the Mustang, it created

an automotive revolution. Award-winning designer and stylist Gale Halderman was at the epicenter of the action at Ford, and, in fact, his initial design sketch formed the basis of the new Mustang. He reveals his involvement in the project as well as telling the entire story of the design and development of the Mustang. Authors and Mustang enthusiasts James Dinsmore and James Halderman go beyond the front doors at Ford into the design center, testing grounds, and Ford facilities to get the real, unvarnished story. Gale Halderman offers a unique behind-the-scenes perspective and firsthand account of the inception, design, development, and production of the original Mustang. With stinging losses from the Edsel fresh in minds at Ford, the Mustang project was an uphill battle from day one. Lee Iacocca and his assembled team had a herculean task to convince Henry Ford II to take a risk on a new concept of automobile, but with the help of Hal Sperlich's detailed market research, the project received the green light. Henry Ford II made it clear that jobs were on the line, including Iacocca's, if it failed. The process of taking a car from sketch to clay model to prototype to preproduction and finally finished model is retraced in insightful detail. During the process, many fascinating experimental cars, such as the Mustang I two-seater, Mustang II prototype, Mustang Allegro, and Shorty, were built. But eventually the Mustang, based on the existing Ford Falcon, received the nod for final production. In a gala event, it was unveiled at the 1964 World's Fair in New York. The Mustang received public accolades and critical acclaim, and soon it became a runaway hit. After the initial success, Ford designers and Gale Halderman designed and developed the first fastback Mustangs to compliment the coupes. The classic Mustang muscle cars to follow, including the GT, Mach 1, and others, are profiled as well. The Mustang changed automotive history and ushered in the pony car era as a nimble, powerful, and elegantly styled sports coupe. But it could so easily have stumbled and wound up on the scrap pile of failed new projects. This is the remarkable and dramatic story of how the Mustang came to life, the demanding design and development process, and, ultimately, the triumph of the iconic

American car.

Experience Over Degrees Jun 23 2022 "We've all heard stories about college graduates who can't find work after college, who are underemployed, and many who are living back home with mom and dad. Getting a degree is hard work, but getting a job is even harder work and is not something college actually prepares graduates for." -- back cover

The Art of Business Wars Apr 21 2022 Based on the chart-topping Business Wars podcast, stories and lessons from history's greatest business rivalries. Using Chinese military genius Sun Tzu's strategies as a guide, Brown examines why some companies triumph while others crumble. Business is a fight for survival. In business as in war, leaders match their wills in pursuit of opposing outcomes, they devise strategies, and marshal resources for victory. Success can turn on the smallest of details; a single tactical blunder can topple an empire. Ultimately, one side triumphs—and victory is all that matters. David Brown, host of the hit podcast Business Wars, masterfully frames some of the biggest business rivalries in history using revered Chinese military strategist Sun Tzu's insights and pragmatic advice. Each rivalry he examines tells a story of combined wits, strategies, and resources. Brown chronicles the rise of companies as they vanquish rivals, formulate innovative plans, and adapt to keep up with shifting societal needs. The goal? Stay ahead of the competition and emerge victorious as an industry titan. By compiling powerful insights uncovered over hundreds of episodes and more than a year of in-depth research, Brown has developed a formula for business intrigue that uses popular history as a hook to lure readers in. The stories in The Art of Business Wars are fascinating, but the lessons we draw from them—about determination, ingenuity, patience, grit, subtlety, and other traits that contribute to a victorious enterprise—are invaluable, whether you're a software-slinging freelancer or the CEO of a multinational manufacturer.

The 2-Hour Job Search Nov 28 2022 A job-search manual that gives career seekers a systematic, tech-savvy formula to efficiently and effectively target potential employers and secure the essential first interview. The 2-Hour Job Search shows job-seekers how to work smarter (and faster) to secure first interviews. Through a prescriptive approach, Dalton explains how to wade through the Internet's sea of information and create a job-search system that relies on mainstream technology such as Excel, Google, LinkedIn, and alumni databases to create a list of target employers, contact them, and then secure an interview—with only two hours of effort. Avoiding vague tips like "leverage your contacts," Dalton tells job-hunters exactly what to do and how to do it. This empowering book focuses on the critical middle phase of the job search and helps readers bring organization to what is all too often an ineffectual and frustrating process.
