Perspectives on the U.S.-Mexico Soccer Rivalry Jan 21 2022 This edited volume considers the U.S.-Mexico soccer rivalry, which occurs against a complex geo-political, social, and economic backdrop. Multidisciplinary contributions explore how a long and complicated history between these countries has produced a unique rivalry—one in which loyalties split friends and family; fan turnout in many regions of the U.S. favors Mexico; and games are imbued with both national pride and politics. The themes of nationhood, geography, citizenship, acculturation, identity, globalization, narrative and mythology reverberate throughout this book, especially with regard to how they shape place, identity, and culture.

On Mexican Time Sep 28 2022 An American writer and his wife find a new home—and a new lease on life—in the charming sixteenth-century hill town of San Miguel de Allende, Mexico. When Los Angeles novelist Tony Cohan and his artist wife, Masako, visited central Mexico one winter they fell under the spell of a place where the pace of life is leisurely, the cobblestone streets and sun-splashed plazas are enchanting, and the sights and sounds of daily fiestas fill the air. Awakened to needs they didn't know they had, they returned to California, sold their house and cast off for a new life in San Miguel de Allende. *On Mexican Time* is Cohan's evocatively written memoir of how he and his wife absorb the town's sensual ambiance, eventually find and refurbish a crumbling 250-year-old house, and become entwined in the endless drama of Mexican life. Brimming with mystery, joy, and hilarity, *On Mexican Time* is a stirring, seductive celebration of another way of life—a tale of Americans who, finding a home in Mexico, find themselves anew.

Fresh Mexico Jul 03 2020 In her vivacious, fresh voice, Marcela Valladolid invigorates America's taste for real Mexican food—dishes that can be accomplished on any busy weeknight but that still express the authentic flavors of her native cuisine. Growing up in Mexico, Marcela Valladolid rejoiced in the complex moles, dozens of different chiles, and homemade tortillas that graced her family's dinner table. Going to school across the border in San Diego, and later to cooking school in Paris, she found plenty to love in the markets, quickly folding new ingredients into her repertoire. But she also encountered some curious foods masquerading as authentic Mexican: cheddar cheese—stuffed quesadillas, tortilla chips drowning in still more cheese, and the ubiquitous everything-but-the-kitchen-sink overstuffed burritos. Where were the authentic, easy-to-prepare Mexican recipes she grew up with? The brightly flavored seafood ceviches bursting with freshness? The simple, slender burritos filled with nothing more than intensely flavorful braised meat and blistered chiles? The healthy salsas that come together in minutes but can transform a meal? In *Fresh Mexico*, Marcela brings these dishes to life. Her food is much like her, Mexican but influenced by other cultures. You'll find recipes for Tilapia Ceviche; Butternut Squash—Chipotle Bisque; Roasted Pork Loin with Pineapple Glaze; Ancho-Chocolate Braised Short Ribs; and Fresh Guava Layer Cake. Inspired ideas, helpful cooking techniques, and ingredient substitutions make this the most accessible, appealing, and contemporary Mexican cookbook you'll find today. In addition, fast recipes and dishes that are low in fat are called out with easy-to-find symbols. With more than a hundred delicious recipes and beautiful color photography throughout, *Fresh Mexico* introduces a new generation of Americans to the vibrant flavors of modern Mexico.

True Stories of Crime in Modern Mexico Sep 16 2021 Crime has played a complicated role in the history of human social relations. Public narratives about murders, insanity,

kidnappings, assassinations, and infanticide attempt to make sense of the social, economic, and cultural realities of ordinary people at different periods in history. Such stories also shape the ways historians write about society and offer valuable insight into aspects of life that more conventional accounts have neglected, misunderstood, or ignored altogether. This edited volume focuses on Mexico's social and cultural history through the lens of celebrated cases of social deviance from the late nineteenth and early twentieth centuries. Each essay centers on a different crime story and explores the documentary record of each case in order to reconstruct the ways in which they helped shape Mexican society's views of itself and of its criminals. *Concise Encyclopedia of Mexico* Nov 06 2020 First Published in 2001. Global Mexican Cinema Nov 30 2022 The golden age of Mexican cinema, which spanned the 1930s through to the 1950s, saw Mexico's film industry become one of the most productive in the world, exercising a decisive influence on national culture and identity. In the first major study of the global reception and impact of Mexican Golden Age cinema, this book captures the key aspects of its international success, from its role in forming a nostalgic cultural landscape for Mexican emigrants working in the United States, to its economic and cultural influence on Latin America, Spain and Yugoslavia. Challenging existing perceptions, the authors reveal how its film industry helped establish Mexico as a long standing centre of cultural influence for the Spanish-speaking world and beyond.

Bordering Fires Apr 23 2022 As the descendants of Mexican immigrants have settled throughout the United States, a great literature has emerged, but its correspondances with the literature of Mexico have gone largely unobserved. In *Bordering Fires*, the first anthology to combine writing from both sides of the Mexican-U.S. border, Cristina Garc'a presents a richly diverse cross-cultural conversation. Beginning with Mexican masters such as Alfonso Reyes and Juan Rulfo, Garc'a highlights historic voices such as "the godfather of Chicano literature" Rudolfo Anaya, and Gloria Anzaldœa, who made a powerful case for language that reflects bicultural experience. From the fierce evocations of Chicano reality in Jimmy Santiago Baca's Poem IX to the breathtaking images of identity in Coral Bracho's poem "Fish of Fleeting Skin," from the work of Carlos Fuentes to Sandra Cisneros, Ana Castillo to Octavio Paz, this landmark collection of fiction, essays, and poetry offers an exhilarating new vantage point on our continent—and on the best of contemporary literature. From the Trade Paperback edition.

Mexican Waves Jul 27 2022 *Mexican Waves* is the fascinating history of how borderlands radio stations shaped the identity of an entire region as they addressed the needs of the local population and fluidly reached across borders to the United States. In so doing, radio stations created a new market of borderlands consumers and worked both within and outside the constraints of Mexican and U.S. laws. Historian Sonia Robles examines the transnational business practices of Mexican radio entrepreneurs between the Golden Age of radio and the early years of television history. Intersecting Mexican history and diaspora studies with communications studies, this book explains how Mexican radio entrepreneurs targeted the Mexican population in the United States decades before U.S. advertising agencies realized the value of the Spanish-language market. Robles's robust transnational research weaves together histories of technology, performance, entrepreneurship, and business into a single story. Examining the programming of northern Mexican commercial radio stations, the book shows how radio stations from Tijuana to Matamoros courted Spanish-language listeners in the U.S. Southwest and local Mexican audiences between 1930 and 1950. Robles deftly demonstrates Mexico's role in creating the borderlands, adding texture and depth to the story. Scholars and students of radio, Spanish-language media in the United States, communication studies, Mexican history, and border studies will see how Mexican radio shaped the region's development and how transnational listening communities used broadcast media's unique programming to carve out a place for themselves as consumers and citizens of Mexico and the United States.

The book will include recipes for meals, snacks, dinners, and desserts, and will cover a wide range of cuisines, from the down-home Southern classics to delicious Asian dishes, Mexican favorites, hearty Italian meals, and many

others. The book also includes cooking tips from Chef Devin, weight loss advice from the contestants and trainers, and an overview of the Biggest Loser food plan. The Biggest Loser Flavors of the World Cookbook shows you how to expand your culinary horizons—without expanding your waistlines!

Made in Mexico Jun 13 2021 Made in Mexico examines the aesthetic, political, and sociopolitical aspects of tourism in southern Mexico, particularly in the state of Oaxaca. Tourists seeking "authenticity" buy crafts and festival tickets and spend even more on travel expenses. What does a craft object or a festival moment need to look like or sound like to please both tradition bearers and tourists in terms of aesthetics? Under what conditions are transactions between these parties psychologically healthy and sustainable? What political factors can interfere with the success of this negotiation, and what happens when the process breaks down? With Subcommandante Marcos and the Zapatistas still operating in neighboring Chiapas and unrest on the rise in Oaxaca itself, these are not merely theoretical problems. Chris Goertzen analyzes the nature and meaning of a single craft object, a woven pillowcase from Chiapas, thus previewing what the book will accomplish in greater depth in Oaxaca. He introduces the book's guiding concepts, especially concerning the types of aesthetic intensification that have replaced fading cultural contexts, and the tragic partnership between ethnic distinctiveness and oppressive politics. He then brings these concepts to bear on crafts in Oaxaca and on Oaxaca's Guelagueta, the anchor for tourism in the state and a festival with an increasingly contested meaning.

Economics of Betting Markets May 25 2022 During the last few decades, commercial gambling has increased substantially throughout the Western world. More people than ever before have access to sources of legalised gambling, leading to bumper revenues for the institutions involved. Naturally enough, this has led to an increased interest in the area of the economics of betting. This book addresses the issues raised by the continued growth of the gambling sector. How can we model the behaviour of people who seemingly act irrationally? What are the implications of different tax policies with regard to gambling? Are casinos capable of taking money away from state-run lotteries and the causes they fund? Can bookmakers' odds be influenced in such a way as to make the gambling market inefficient? The authors in this volume provide insights based on data from many different countries, including England, the USA, Australia, Spain and Cyprus. This volume brings together work which addresses the economic impact of the huge growth of commercial gambling in the Western world, as well as trying to model the cognitive processes which can explain why individuals are prepared to behave in such apparently irrational ways. This book was published as a special issue of Applied Economics. The academic editor of this journal is Mark P. Taylor.

Goddess of the Americas Mar 23 2022 Goddess of the Americas is a brilliant essay collection and an impassioned, unorthodox celebration of the Virgin of Guadalupe: mother goddess, patron saint of Mexico, protector of the downtrodden, who made her first appearance on American soil in 1531. Through a variety of forms -- original essays, historical writings, short fiction, drama, and poetry -- the illustrious contributors to this literary anthology examine the impact this potent deity, the Lady of Guadalupe, has had on the people and culture of Mexico, and her influence beyond that country, in Latin America, North America, and Europe. An unprecedented contribution to the literature of the Americas, Goddess of the Americas is an invigorating investigation, an idiosyncratic adoration, and a profound recognition of our need for the sacred, unwavering love of the mother goddess. RuPaul's Drag Race and the Shifting Visibility of Drag Culture Dec 20 2021 This book identifies and analyzes the ways in which RuPaul's Drag Race has reshaped the visibility of drag culture in the US and internationally, as well as how the program has changed understandings of reality TV. This edited volume illustrates how drag has become a significant aspect of LGBTQ experience and identity globally through RuPaul's Drag Race, and how the show has reformed a media landscape in which competition and reality itself are understood as given.

Taking on lenses addressing race, ethnicity, geographical origin, cultural identity, physicality and body image, and participation in drag culture across the globe, this volume offers critical, non-traditional, and first-hand perspectives on drag culture.

Feminist Philosophy of Mind Aug 16 2021 "This collection is the first book to focus on the emerging field of study called feminist philosophy of mind. Each of the twenty chapters of Feminist Philosophy of Mind employs theories and methodologies from feminist philosophy to offer fresh insights and perspectives into issues raised in the contemporary literature in philosophy of mind and/or uses those from the philosophy of mind to advance feminist theory. The book delineates the content and aims of the field and demonstrates the fecundity of its approach, which is centered on the collective consideration of three questions: What is the mind? Whose mind is the model for the theory? To whom is mind attributed? Topics considered with this lens include mental content, artificial intelligence, the first-person perspective, personal identity, other minds, mental attribution, mental illness, perception, memory, attention, desire, trauma, agency, empathy, grief, love, gender, race, sexual orientation, materialism, panpsychism, and enactivism. In addition to engaging analytic and feminist philosophical traditions, essays draw from resources in phenomenology, philosophy of race, decolonial studies, disability studies, embodied cognition theory, comparative philosophy, neuroscience, and psychology"--
