The Gospel costs nothing. You can't earn it or buy it. It can only be received as a free gift compliments of God's grace. It doesn't cost anything, but it demands everything. It demands that we go "all in," a term that simply means placing all that you have into God's hands. Pushing it all in. And that's where we get stuck—spiritual no man's land. We're afraid that if we go all in that we might miss out on what this life has to offer. It's not true. The only thing you'll miss out on is everything God has to offer. And the good news is this: if you don't hold out on God, God won't hold out on you. Readers will find Batterson's writing filled with his customary vivid, contemporary illustrations as well as biblical characters like Shamgar and Elisha and Jonathan and . . . Judas. No one has ever sacrificed anything for God. If you always get back more than you gave up, have you sacrificed anything at all? The eternal reward always outweighs the temporal sacrifice. At the end of the day, our greatest regret will be whatever we didn't give back to God. What we didn't push back across the table to Him. Eternity will reveal that holding out is losing out. The message of All In is simple: if Jesus is not Lord of all then Jesus is not Lord at all. It's all or nothing. It's now or never. Kneeling at the foot of cross of Christ and surrendering to His Lordship is a radical act of dethroning yourself and enthroning Christ as King. It's also an act of disowning yourself. Nothing belongs to you. Not even you. Batterson writes, for many years, I thought I was following Jesus. I wasn't. I had invited Jesus to follow me. I call it inverted Christianity. And it's a subtle form of selfishness that masquerades as spirituality. That's when I sold out and bought in. When did we start believing that the gospel is an insurance plan? It's a daring plan. Jesus did not die just to keep us safe. He died to make us dangerous." Hailed as "the most radical repackaging of the Bible since Gutenberg", these Pocket Canons give an up-close look at each book of the Bible. Cool Things to Do If a Bully's Bugging You: 50 Classroom Activities to Help Elementary Students aims to help students facing bullying and other problems while they're actually experiencing them. Principals, teachers and counselors will want to use this book in their bully prevention programs by involving children, parents, and the entire school family in their drive to create a bully-free school./span Few people escape dark days or mind-boggling distress. Fewer yet are prepared when crushing blows leave them staggering with grief and pain. Knowing God's tried and proven mind-science principles will mean the difference between developing a growing positive experience rather than a trip into debilitating depression. Some might classify When You Walk a Dark Valley as a self-help book. It is more than that; it is how to turn disaster, overwhelming grief and pain into wells of water springing up like artesian springs for exuberant, thriving in Christ. It is turning bitter experiences produced even by supposed dear friends and loved ones, into victorious Christian living beyond your wildest expectations. It is taking every negative of life and finding incredible joy in Jesus and growth in His grace to become what He intended you to be. It is realizing that the way God has led was right for you and

was really from His hand. Beyond all this, it will make the reader an instrument in God's hands to win the very souls who sought to wound him, making him the carrier and administrator of God's ultimate agape love. Realizing more of His selfless love, you will know more of His grace to not merely survive unbearable pain, but then to thrive in His more abundant life. You will find His peace in trusting Him with every inch of your innermost soul. If you personally take these few brief lessons to heart, you will never be the same again. This will be your reward for reading *When You Walk a Dark Valley!* A beautiful and inclusive picture book all about celebrating being yourself from Down syndrome advocate and viral sensation Sofia Sanchez! Grammy Award winning artist T-Pain brings *Can I Mix You A Drink?*, a liquor guide inspired by his Platinum hits, combining unique drinks with an experience that only T-Pain can provide. In 2007, "rappa ternt sanga" T-Pain released his hit single "Can I Buy U A Drank (Shawty Snappin')," propelling the artist to mainstream royalty. Since then, the Tallahassee, Florida native has secured his position as one of the most successful and diverse hip-hop artists in the world. It all started, really, with a song about liquor. T-Pain's extensive career has been punctuated by libations. It's been a part of his music, his business acumen (having secured a number of ambassador deals with liquor brands like Jose Cuervo), and his overall persona. Now, T-Pain brings his love of mixology and music in book form, titled *Can I Mix You A Drink?* Working with Mixologist Maxwell Britten, former Bar Director to Brooklyn's James Beard Award Winning Maison Premiere, T-Pain sets cocktails to music. Each drink has been carefully curated to reflect a sentiment from one of his hit songs. Drink by drink, T-Pain explores levels of new flavors (and potencies) to create a work that can be used for parties, local bars, pre-gaming before the club, or even just a quiet night at home. It's nearly impossible not to hear T-Pain's music as you read through the drinks and their unique combinations and names. Considering T-Pain is known for unorthodox mixes in his music, expect the same from his drinks, along with some classic cocktails modified by T-Pain himself. Whether you're a fan of T-Pain or a fan of drink-making, *Can I Mix You A Drink?* is the cocktail book for you. A quality pew and ministry Bible at a very economical price. - Complete text with subject headings and translators' footnotes. We were made for love, and love requires trust. Writing a book is fun and easy--yes, FUN AND EASY--but it may not always feel that way. How do you find the time to write? How do you keep momentum? How do you deal with the horror of showing anyone a single sentence of your work-in-progress? The answers remain fun and easy, and author Elizabeth Sims will take your hand, dispel your worries, and show you how it's done in this stress-free guide to accomplishing your dream of writing your book. In *You've Got a Book in You*, Elizabeth is that encouraging voice guiding you through the entire process, from finding the right time and place to gathering all of your creative tools to diving right in and getting it done--page by page, step by step. It's easier than you think, and it all starts right here, right now. "This guide is witty, warm, and wise--and wonderfully down-to-earth as well. Elizabeth Sims doesn't just tell you that you've got a book in you, she shows you how to pour it out using your own creative spirit, common sense, and persistence." ~Lori L. Lake, author of *The Gun Series* and *The Public Eye Mystery Series* "If you're searching for

the spark of inspiration to get started writing a book, and the nourishment to sustain you to THE END, Elizabeth Sims's *You've Got a Book in You* will show you how to find it in yourself." ~Hallie Ephron, award-winning author of *There Was an Old Woman* "You won't find an easier-to-follow or more inspirational writing guide." ~L.J. Sellers, author of the bestselling Jackson mysteries "By focusing the high beams of her intelligence (and humor!) on the twisty trail of book-writing, in *You've Got a Book in You*, Elizabeth Sims proves herself a true writer's friend. As she guides you from the creation of a "working title" through her (brilliant!) "Making-It-Better Process," this well-established pro plays her most impressive cards--stacking the deck in favor of YOU!" ~Jamie Morris, Director, Woodstream Writers "Elizabeth Sims packs a twelve-week writing course into 280 pages. Inspirational and yet extremely hands-on, *You've Got a Book In You* will give newbies confidence to forge ahead and will remind veteran writers why they began writing in the first place--for the joy of it. I won't be surprised when the brilliant terms 'stormwriting' and 'heartbrain' become part of every writer's lexicon." ~Julie Compton, author of *Tell No Lies and Keep No Secrets* "The book is encouraging and inspiring, practical and witty. As a seasoned writer, I appreciate the reminders about the importance of putting yourself on a writing schedule. No more excuses. The many 'writing blasts' are very helpful and will get any writer out of the starting blocks. I especially enjoyed the section, 'Writing with the Masters.' What better way to get inspired, get a feel for different styles, and get jump-started on your writing? Excellent advice that I plan to incorporate in my future classes. I concur with Sims that 'writer's block' is greatly exaggerated. Is there any other profession that claims such a phenomenon? 'Excuse, me, but I have 'book-keeping block,' 'playing music block,' or 'painting block' today? I don't think so. Get yourself on a schedule, read some Sims, write with the masters, and you'll be on your way. You'll be glad you met this friend on your journey to becoming a successful writer." ~Gesa Kirsch, Ph.D., Professor of English, Director of Valente Center for the Arts and Sciences, Bentley University

Where Are You: A Child's Book About Loss is a kind and supportive text with beautiful illustrations designed to help children of all ages cope with the loss of a loved one. It is created with love and care so that even the youngest readers will find comfort during this stressful and difficult time. Modern life tells us that it's up to us to forge our own identities and to make our lives significant. But the Christian gospel offers a strikingly different vision—one that reframes the way we understand ourselves, our families, our society, and God. Contrasting these two visions of life, Alan Noble invites us into a better understanding of who we are and to whom we belong. In business, sports and life, it takes more than knowledge and good technique to achieve great performances with consistency. The challenges you need to win aren't always terrific plays, perfect golf shots, record sales or great new ideas. Instead, in any arena in life, it is command of the emotional challenges that separates winners from wannabes, contenders from pretenders. Contenders who achieve consistently outstanding results all demonstrate key characteristics and practice specific winning techniques that you can learn. The inconsistent performance of pretenders in business, sports and life can be traced to common missteps that you can avoid. If you are a leader who wants to lead more effectively, a worker who wants to achieve more, an athlete who wants to win more, or you want better performance in all areas of your life, you need this book. Filled with practical and innovative high-performance tools like the Emotional Spiral, the Emotional Inventory and the Emotional Caddie, *You are a Contender! Build Emotional Muscle to Perform Better and Achieve More in Business, Sports and Life* will teach you how to make the move from sometimes-star to consistent performer. It will show you how to train your emotional muscles to handle any experience and challenge with strength and confidence. Within us there is a world in continuous boiling, made up of a whole network of circuits, connections and structures that give rise to a permanent torrent of thoughts and emotions, which gradually circulate through our minds on many occasions without our causing them voluntarily. This happens daily throughout all hours of the day. It is a passionate space of images that arise in an accelerated way and repeat and fade as time goes by. It is like a chaotic, disorganized universe, on which it is necessary to establish an order, a classification of priorities, a logic and a new structure. It is our inner world. It is like another hidden life that we should take out to try to analyze it, instead of continuing to remain in the daily film in which we are sometimes immersed and do not recognize ourselves, so that we come to feel empty when we verify that on many occasions we are not ourselves. Our mind is an essential tool for our survival and development in the environment in which we live. Thanks to it we can develop our full potential: all those qualities that we possess and that on many occasions we are not aware of. It is the most precious asset that we have, so our main concern should be to get to know its operation, to know the most important elements that make it up, because depending on how we use it, so will be our journey through life in all senses. Although it would not only be enough to know the main components that make it up, it is also necessary to achieve the right wisdom to know how to use it and get its full hidden potential. This requires a constant curiosity and search for

information that can clarify the doubts and those gaps that we have in most cases about some aspects that are key and that govern mental life. For all these reasons, it should be said in the first place that the mind is made up of an unconscious and a conscious part. The unconscious part comprises approximately 95% of the total. "If there were a Guinness Book of World Records entry for 'amount of times having prayed the sinner's prayer,' I'm pretty sure I'd be a top contender," says pastor and author J. D. Greear. He struggled for many years to gain an assurance of salvation and eventually learned he was not alone. "Lack of assurance" is epidemic among evangelical Christians. In *Stop Asking Jesus Into Your Heart*, J. D. shows that faulty ways of presenting the gospel are a leading source of the confusion. Our presentations may not be heretical, but they are sometimes misleading. The idea of "asking Jesus into your heart" or "giving your life to Jesus" often gives false assurance to those who are not saved—and keeps those who genuinely are saved from fully embracing that reality. Greear unpacks the doctrine of assurance, showing that salvation is a posture we take to the promise of God in Christ, a posture that begins at a certain point and is maintained for the rest of our lives. He also answers the tough questions about assurance: What exactly is faith? What is repentance? Why are there so many warnings that seem to imply we can lose our salvation? Such issues are handled with respect to the theological rigors they require, but Greear never loses his pastoral sensitivity or a communication technique that makes this message teachable to a wide audience from teens to adults.

The authorized biography of Robert Pollard, indie rock icon and founder of the music group Guided By Voices Robert Pollard has been a staple of the indie rock scene since the early '80s, along with his band Guided By Voices. Pollard was a longtime grade school teacher who toiled endlessly on his music, finding success only after adopting a do-it-yourself approach, relying on lo-fi home recordings for much of his and his band's career. A prolific artist, Pollard continues to churn out album after album, much to the acclaim of critics and his obsessive and devoted fans. But his story has never been faithfully told in its entirety. Until now. Author Matthew Cutter is a longtime friend of Pollard and, with Pollard's blessing, he's set out to tell the whole, true story of Guided By Voices. *Closer You Are* is the first book to take an in-depth look at the man behind it all, with interviews conducted by

the author with Pollard's friends, family, and bandmates, along with unfettered access to Pollard himself and his extensive archives. Robert Pollard has had an amazing and seemingly endless career in rock music, but he's also established himself as a consummate artist who works on his own terms. Now fans can at long last learn the full story behind one of America's greatest living songwriters. How to understand a media environment in crisis, and how to make things better by approaching information ecologically. Our media environment is in crisis. Polarization is rampant. Polluted information floods social media. Even our best efforts to help clean up can backfire, sending toxins roaring across the landscape. In *You Are Here*, Whitney Phillips and Ryan Milner offer strategies for navigating increasingly treacherous information flows. Using ecological metaphors, they emphasize how our individual me is entwined within a much larger we, and how everyone fits within an ever-shifting network map. You are what you love. But you might not love what you think. In this book, award-winning author James K. A. Smith shows that who and what we worship fundamentally shape our hearts. And while we desire to shape culture, we are not often aware of how culture shapes us. We might not realize the ways our hearts are being taught to love rival gods instead of the One for whom we were made. Smith helps readers recognize the formative power of culture and the transformative possibilities of Christian practices. He explains that worship is the "imagination station" that incubates our loves and longings so that our cultural endeavors are indexed toward God and his kingdom. This is why the church and worshipping in a local community of believers should be the hub and heart of Christian formation and discipleship. Following the publication of his influential work *Desiring the Kingdom*, Smith received numerous requests from pastors and leaders for a more accessible version of that book's content. No mere abridgment, this new book draws on years of Smith's popular presentations on the ideas in *Desiring the Kingdom* to offer a fresh, bottom-up rearticulation. The author creatively uses film, literature, and music illustrations to engage readers and includes new material on marriage, family, youth ministry, and faith and work. He also suggests individual and communal practices for shaping the Christian life. "Barbara Freethy is one of my favorite authors! Highly recommend this incredible love story and am so looking forward to reading the next book in the series." Patti - Goodreads on IF WE NEVER MET A gift of gratitude for those who do one of the hardest jobs in the world and impact our lives in ways that are forever being revealed: educators. As artist and writer Sandy Gingras so aptly points out in the introduction to her book Thank You, a life lived well is perhaps the highest form of thanks a person can give to teachers as a way of repaying them for their attention and effort. A simple thank-you is also nice. Thank You is Gingras's own delightful way of conveying this sentiment. This charming keepsake book features her soft, sweet watercolor artwork and thoughtful original text celebrating teachers and all they do for us. Always striking the right tone of gratitude without being overly sentimental, Thank You is a wonderful way to show appreciation to teachers for their enduring gifts to us both great and small. From tiger fierce to snail slow, there are lots of ways to feel and be. A walk through the menagerie of Tiger Days helps young readers see all the feelings they have and the ways those feelings change. Saved but no purpose, saved but no destiny, saved but no joy, saved but not whole. Does this sound like you? Then you have the right book in your hands. All that Christ Jesus gave his life for you to have is yours. Stop denying yourself of the blessings and favor of God. Start this very day to experience all that God has for you. As the author, this book changed the course of my life forever. And since according to (Acts 10:34) God is not a respecter of persons, He can do the same for you Why wait and why delay, the blessings are waiting for you. It is not enough to be blessed any kind of way. Anyway You Bless Me Lord I'll Be Satisfied as said in a gospel song. No. With Christ in you, you can walk in the full measure of the blessings
