Richard Ayode - in this foren, perhaps one of the most 'insubstantial' people of our age, takes us on a journey from Peckham to Paris by way of Nevada and other places we don't care about. It's a journey deep within, in a way that's respectful and non-invasive; a journey for which we will all pay a heavy price, even if you've waited for the smaller paperback edition. Ayode argues for the canonisation of this brutal masterpiece, a film that celebrates capitalism in all its victimless glory; one we might imagine Donald Trump himself half-watching on his private jet's gold-plated flat screen while his other puffy eye scans the cabin for fresh, young prey." A sort of combination of Benny Hill meets Mr Fawlty. A distinguished former foreign correspondent embraces retirement by setting out alone on foot for nearly four hundred miles, and explores a side of America nearly as exotic as the locales from which he once filed. Traveling with an unwieldy pack and a keen curiosity, Christopher Wren bids farewell to the New York Times newsroom in midtown Manhattan and saunters up Broadway, through Harlem, the Bronx, and the affluent New York suburbs of Westchester and Putnam Counties. As his trek takes him into the Housatonic River Valley of Connecticut, the Berkshires of Massachusetts, the Green Mountains of Vermont, and along a bucolic riverbank in New Hampshire, the strenuous challenges become as much emotional as physical. Wren loses his way in a suburban thicket of million-dollar mansions, dodges speeding motorists, seeks serenity at a convent, shivers through a rainy night among Shaker ruins, camps in a stranger's backyard, panhandles cookies and water from a good samaritan, absorbs the lore of the Appalachian and Long Trails, sweats up and down mountains, and lands in a hospital emergency room. Struggling under the weight of a fifty-pound pack, he gripes, "We might grow less addicted to stuff if everything we bought had to be carried on our backs." He hangs out with fellow wanderers named Old Rabbit, Flash, Gatorman, Stray Dog, and Buzzard, and learns gratitude

*from the anonymous charity of trail angels. His rite of passage into retirement, with its heat and dust and blisters galore, evokes vivid reminiscences of earlier risks taken, sometimes at gunpoint, during his years spent reporting from Russia, China, the Middle East, Southeast Asia, South America, and Africa. He loses track of time, waking with the sun, stopping to eat when hunger gnaws, and camping under starry skies that transform the nights of solitude. For all the self-inflicted hardship, he reports, "In fact, I felt pretty good." Wren has woven an intensely personal story that is candid and often downright hilarious. As Vermont turns from a destination into a state of mind, he concludes, "I had stumbled upon the secret of how utterly irrelevant chronological age is." This book, from the author of the acclaimed bestseller *The Cat Who Covered the World*, will delight not just hikers, walkers, and other lovers of the outdoors, but also anyone who contemplates retirement, wonders about foreign correspondents, or relishes a lively, off-beat adventure, even when it unfolds close to home. The Republic of Southern California was in serious trouble. The casually repressive rule of the junta was threatened, not only by the growing band of guerrillas in the south, but also by the sudden, inexplicable outbreak of riots in the Republic's wealthiest suburbs. Then word reached the Social Wing of the Police Corps that the daughter of the guerrillas' leader had information about the cause of the riots, and Sergeant James Xavier Hecker was sent to investigate. Hecker was an unlikely policeman: not only did he lack any overwhelming personal ambition, but he also retained a vestigial faith in the good will of the men and women around him. And his odyssey through the rubble of our consumption-oriented, gadget-filled, anything-for-kicks society-by turns surprising, appalling, and devilishly funny-makes an unusually entertaining and perceptive*

novel. The Last Transaction is a deep and fascinating glimpse into the memories, inner compulsions, torments, triumphs, and events in the life of a President of the United States in a world gone mad, from 1980 to 1985. Even more, it is a perceptive vision of the major issues our society will face tomorrow. Sure to be a controversial, possibly prophetic, like anything Barry Malzberg writes, this novel is an experience you will not forget. Welcome To The World is a delightful book celebrating the arrival of a new baby. In this book Richard Ayoade - actor, writer, director, and amateur dentist - reflects on his cinematic legacy as only he can: in conversation with himself. Over ten brilliantly insightful and often erotic interviews, Ayoade examines himself fully and without mercy, leading a breathless investigation into this once-in-a-generation visionary. Only Ayoade can appreciate Ayoade's unique methodology. Only Ayoade can recognise Ayoade's talent. Only Ayoade can withstand Ayoade's peculiar scent. Only Ayoade can truly get inside Ayoade. They have called their book Ayoade on Ayoade: A Cinematic Odyssey. Take the journey, and your life will never be the same again. Ayoade on Ayoade captures the director in his own words: pompous, vain, angry and very, very funny. Out of the teeming turbulent East had come Dr. Yen Sin--saffron-skinned wizard of crime--bringing to the capital of the West all the ancient Devil's-lore at his command--and a horde of Asian Hell-born to help him spawn it. But Michael Traile--The Man Who Never Slept--had crammed into his own keen brain the means to cope with the sinister doctor. For he knew even the secrets of the Dragon's Shadow and how to penetrate the yellow murder fog that had descended on the capital to mingle its blood-wisps with the mist from the Potomac. For the last thirty years, singer Mary Black has been a dominant presence on the Irish music scene, an award-winning artist with many bestselling albums to her name. Now, in this long-awaited memoir, Mary takes us back to the roots of her musical heritage and to the influences that helped to shape her as an artist and a woman.

Born into a musical family, Mary Black - a feisty tomboy who could hold her own when it came to sparring with her brothers and anyone else brave enough to take her on - began singing folk songs from the age of ten. Music played an important role in the family home and, performing with her brothers and her sister Frances, Mary built her highly successful career on the bedrock of these early years. From the pubs and clubs of her hometown, Dublin, she went on to perform in some of the most prestigious venues across the world. Always committed to exploring new material from the best writers, her unique talent attracted acclaim from critics, fellow artists and the public alike. It also led to a host of bestselling albums, including the multi-platinum No Frontiers, which spent more than a year in the Irish Top 30. Mary's love of singing was matched only by the love she had for her family. As she recalls the inevitable tensions that arose when trying to juggle family life and a high-profile career, she tells of her struggle to combine the two contrasting aspects of her life. It was only through gritty determination, hard work and a fair amount of laughter that Mary was able to enjoy major success as an artist and, at the same time, raise a close and loving family with her husband Joe.

Refreshingly honest, and written with warmth and humour, Down the Crooked Road offers a unique insight into the life and career of one of our most gifted singers - an artist who, during the course of her long career, has captured the hearts of millions around the world. The wildly unpredictable twin sisters he is strongly drawn to? In this magical, mysterious story, Red's adventure is like a chamber of mirrors at a carnival - a dazzling and breathtaking tale. 'This is a rich fantasy - alive with original twists, surprises and mysteries which I dare not reveal. Children's Literature is about to be enriched with a new classic.' Named a Best Book of 2020 by The Telegraph, The Times, and BBC History Magazine An illuminating guide to the scientific and technological achievements of the Middle Ages through the life of a crusading astronomer-monk.

"Falk's bubbling curiosity and strong sense of storytelling always swept me along. By the end, The Light Ages didn't just broaden my conception of science; even as I scrolled away on my Kindle, it felt like I was sitting alongside Westwyk at St. Albans abbey, leafing through dusty manuscripts by candlelight." —Alex Orlando, Discover Soaring Gothic cathedrals, violent crusades, the Black Death: these are the dramatic forces that shaped the medieval era. But the so-called Dark Ages also gave us the first universities, eyeglasses, and mechanical clocks. As medieval thinkers sought to understand the world around them, from the passing of the seasons to the stars in the sky, they came to develop a vibrant scientific culture. In The Light Ages, Cambridge science historian Seb Falk takes us on a tour of medieval science through the eyes of one fourteenth-century monk, John of Westwyk. Born in a rural manor, educated in England's grandest monastery, and then exiled to a clifftop priory, Westwyk was an intrepid crusader, inventor, and astrologer. From multiplying Roman numerals to navigating by the stars, curing disease, and telling time

with an ancient astrolabe, we learn emerging science alongside Westwyk and travel with him through the length and breadth of England and beyond its shores. On our way, we encounter a remarkable cast of characters: the clock-building English abbot with leprosy, the French craftsman-turned-spy, and the Persian polymath who founded the world's most advanced observatory. The Light Ages offers a gripping story of the struggles and successes of an ordinary man in a precarious world and conjures a vivid picture of medieval life as we have never seen it before. An enlightening history that argues that these times weren't so dark after all, The Light Ages shows how medieval ideas continue to color how we see the world today. Marie Rutkoski's startling debut novel, the first book in the Kronos Chronicles, about the risks we take to protect those we love, brims with magic, political intrigue, and heroism. Petra Kronos has a simple, happy life. But it's never been ordinary. She has a pet tin spider named Astrophil who likes to hide in her snarled hair and give her advice. Her best friend can trap lightning inside a glass sphere. Petra also has a father in faraway Prague who is able to move metal with his mind. He has been commissioned by the prince of Bohemia to build the world's finest astronomical clock. Petra's life is forever changed when, one day, her father returns home - blind. The prince has stolen his eyes, enchanted them, and now wears them. But why? Petra doesn't know, but she knows this: she will go to Prague, sneak into Salamander Castle, and steal her father's eyes back. Joining forces with Neel, whose fingers extend into invisible ghosts that pick locks and pockets, Petra finds that many people in the castle are not what they seem, and that her father's clock has powers capable of destroying their world. While other work on Bill Monroe has been written from a historical point of view, Come Hither to Go Yonder is told from the perspective of a musician who was actually there. Filled with observations made from the unique vantage point of a man who has traveled and performed extensively with the master, this book is Bob Black's personal memoir about the profound influence that Monroe exerted on the musicians who have carried on the bluegrass tradition in the wake of his 1996 death. This volume also includes a complete listing of Bob Black's appearances with Monroe, his most memorable experiences while they worked together, brief descriptions of the more important musicians and bands mentioned, and suggestions for further reading and listening. Offering a rare perspective on the creative forces that drove one of America's greatest composers and musical innovators, Come Hither to Go Yonder will deeply reward any fans of Bill Monroe, of bluegrass, or of American vernacular music. The long-awaited autobiography of one of the world's greatest children's writers, and an empowering and inspiring account of a life in books. Malorie Blackman OBE is one of Britain's best loved and most widely-read writers. For over thirty years, her books have helped to shape British culture, and inspired generations of younger readers and writers. The Noughts and Crosses series, started in 2000, sparked a new and necessary conversation about race and identity in the UK, and are already undisputed classics of twenty-first-century children's literature. She is also a writer whose own life has been shaped by books, from her childhood in south London, the daughter of parents who moved to Britain from Barbados as part of the Windrush Generation, and who experienced a childhood that was both wonderful and marred by the everyday racism and bigotry of the era. She was told she could not apply to study her first love, literature, at university, in spite of her academic potential, but found a way to books and to a life in writing against a number of obstacles. This book is an account of

that journey, from a childhood surrounded by words, to the 83 rejection letters she received in response to sending out her first project, to the children's laureateship. It explores the books who have made her who she is, and the background to some the most beloved and powerful children's stories of today. It is an illuminating, inspiring and empowering account of the power of words to change lives, and the extraordinary life story of one of the world's greatest writers. MORE THAN HALF A MILLION COPIES SOLD: Learn the simple techniques you'll need to approach your biggest challenges with confidence. Have you ever left a nerve-racking challenge and immediately wished for a do over? Maybe after a job interview, a performance, or a difficult conversation? The very moments that require us to be genuine and commanding can instead cause us to feel phony and powerless. Too often we approach our lives' biggest hurdles with dread, execute them with anxiety, and leave them with regret. By accessing our personal power, we can achieve "presence," the state in which we stop worrying about the impression we're making on others and instead adjust the impression we've been making on ourselves. As Harvard professor Amy Cuddy's revolutionary book reveals, we don't need to embark on a grand spiritual quest or complete an inner transformation to harness the power of presence. Instead, we need to nudge ourselves, moment by moment, by tweaking our body language, behavior, and mind-set in our day-to-day lives. Amy Cuddy has galvanized tens of millions of viewers around the world with her TED talk about "power poses." Now she presents the enthralling science underlying these and many other fascinating body-mind effects, and teaches us how to use simple techniques to liberate ourselves from fear in high-pressure moments, perform at our best, and connect with and empower others to do the same. Brilliantly researched, impassioned, and accessible, Presence is filled with stories of individuals who learned how to flourish during the stressful moments that once terrified them. Every reader will learn how to approach their biggest challenges with confidence instead of dread, and to leave them with satisfaction instead of regret. "Presence feels at once concrete and inspiring, simple but ambitious — above all, truly powerful." —New York Times Book Review A revelation for small business owners: creating a profitable business is possible without getting into a slash-and-burn price war with your competitors. Petty and Verbeck inspire you to live your passion and pass your enthusiasm on to your

customers, without succumbing to the pressure to discount. "First published in the United Kingdom in 2014 by Maverick Arts Publishing Ltd." The classic novel of fly fishing and spirituality republished with a new Afterword by the author. Since its publication in 1983, The River Why has become a classic. David James Duncan's sweeping novel is a coming-of-age comedy about love, nature, and the quest for self-discovery, written in a voice as distinct and powerful as any in American letters. Gus Orviston is a young fly fisherman who leaves behind his comically schizoid family to find his own path. Taking refuge in a remote cabin, he sets out in pursuit of the Pacific Northwest's elusive steelhead. But what begins as a physical quarry becomes a spiritual one as his quest for self-knowledge batters him with unforeseeable experiences. Profoundly reflective about our connection to nature and to one another, The River Why is also a comedic rollercoaster. Like Gus, the reader emerges utterly changed, stripped bare by the journey Duncan so expertly navigates. "There is one Val Kildare, government agent. It is my wish that he die the most painful death in our power to inflict." From an underground room in Limehouse this order was given. And now, across the Atlantic, sped a murder cargo to wipe out the only man who stood between Wu Fang, Emperor of Crime, and his conquest of the world! A young girl learns she's half mermaid and plunges into a scheme to reunite with her father in this entrancing, satisfying tale that beckons readers far below the waves. For as long as she can remember, twelve-year-old Emily Windsnap has lived on a boat. And, oddly enough, for just as long, her mother has seemed anxious to keep Emily away from the water. But when Mom finally agrees to let her take swimming lessons, Emily makes a startling discovery — about her own identity, the mysterious father she's never met, and the thrilling possibilities and perils shimmering deep below the water's surface. With a sure sense of suspense and richly imaginative details, first-time author Liz Kessler lures us into a glorious undersea world where mermaids study shipwrecks at school and Neptune rules with an iron trident — an enchanting fantasy about family secrets, loyal friendship, and the convention-defying power of love. "REALITY BITES," Part One It gets cold in a new city as Ant battles a new foe Coldsnap! He is the only one that stands in her way from discovering the whereabouts of her father. It only gets worst as Hanna is challenged by gadget man to become the hero she once was. Is she truly ready to move on? Or will the truth

about her past spiral her in confusion? In Kentucky Traveler, Ricky Skaggs, the music legend who revived modern bluegrass music, gives a warm, honest, one-of-a-kind memoir of forty years in music—along with the Ten Commandments of Bluegrass, as handed down by Ricky’s mentor Bill Monroe; the Essential Guide to Bedrock Country Songs, a lovingly compiled walk through the songs that have moved Skaggs the most throughout his life; Songs the Lord Taught Us, a primer on Skaggs’s most essential gospel songs; and a bevy of personal snapshots of his musical heroes. For readers of Johnny Cash’s autobiography, lovers of O Brother Where Art Thou, and fans of country music and bluegrass, Kentucky Traveler is a priceless look at America’s most cherished and vibrant musical tradition through the eyes of someone who has lived it.
