I wrote *Time Being* while on a trip from Portland to Baja California while on a hiatus from college. I traveled with a family friend, Gary De Young. Gary had bought a British Land Rover with the steering wheel on the right side. We visited friends down through California to Mexico. We ended up with car problems at Bay Concepcion in Baja. We thought about leaving the car to be repaired and hitchhiking down to Cabo San Lucan but I wanted to get back to college so we stuck with the land rover. Money got tight and we subsisted on refried beans and tortillas. They never tasted better. Once the car was repaired we zig zagged our way back up Baja and California to Oregon, stopping at friends places. The poetry is something I did during college. I make no pretentions of it being musical. I cant sing Happy Birthday. My greatest influence was Jack Kerouac. Jack tried to sketch his surrounding with words. Also sometimes he considered writing to be something like playing blues on a musical instrument. But though I may use words like song and tune in my poetry, I really never considered my poetry songs. Neither are they rap. I wrote my poetry before rap got off the ground. They are even better called pages of poetry than poems per se. *Time Being* is bracketed by the structure of the journey to Baja with Gary. The poetry tends to run from one book to another. I dont write poetry any more, switching to prose. *Estimation of the Time Since Death* remains the foremost authoritative book on scientifically calculating the estimated time of death postmortem. Building on the success of previous editions which covered the early postmortem period, this new edition also covers the later postmortem period including putrefactive changes, entomology, and postmortem r In *Being and Time* Heidegger gives an account of the distinctive features of human existence, in an attempt to answer the question of the meaning of being. He finds that underlying all of these features is what he calls 'original time'. In this clear and straightforward introduction to the text, Paul Gerner takes the reader through the work, examining its detail and explaining the sometimes difficult language which Heidegger uses. The topics which he covers include being-in-the-world, being-with, thrownness and projection, truth, authenticity, time and being, and historicity. His book makes *Being and Time* accessible to students in a way that conveys the essence of Heidegger's project and remains true to what is distinctive about his thinking. "A wild read." —The Guardian Part biography, part social history, *Being Britney* pieces together a collage of stories, interviews, legends, and fan experiences to construct a definitive portrait of one of the biggest stars in recent history. In her unique narrative, acclaimed music author Jennifer Otter Bickerdike provides a sympathetic yet objective reexamination of Britney's trajectory from girl next door to woman trapped by fame. *Being Britney* is the compelling account of a talented, troubled, and much-discussed modern icon whose life, work, and individual significance will be recognized for many decades to come. "Britney is blessed to have such a talented writer and perceptive mind broaching the complexities of her story thus far." —Shirley Manson, *Garbage* "This is a book that springs from richness. . . valuable not only for anthropologists and sociologists. . . the interested but unskilled layman will find a treasure trove as well. One thing seems certain. If this book does not become THE authority for the scholar, it will certainly never be ignored. Ortiz has done himself and his people proud. They are both worthy of the acclamation."—The New Mexican First published in 1998, *For the Time Being* brings together Dirk Bogarde's published work outside of his novels and autobiographies In 1988, Dirk Bogarde returned from two idyllic decades in France to live in England, due to his partner's serious illness. Shortly afterwards, the then literary editor of the Daily Telegraph, admiring the 'lucid frankness' of Bogarde's

memoirs, invited him to review some books for the newspaper. This collection includes the famous article 'A Short Walk from Harrods', which Bogarde wrote for the Independent on Sunday soon after returning to London. In it he describes what it feels like to walk among familiar ghosts and to dine with those he considers 'the living dead'. A momentous review of three Holocaust books is accompanied by an article in which he describes the extraordinary postbag he received from its readers. In another piece which had a profound impact, he gives forceful vent to his support for euthanasia. It stands as a testimony to a wonderfully varied life, a wide range of interests and sympathies, and a remarkable gift for writing. A lyrical and deeply affecting novel recounting the seven days a father spends on the road with his daughter after kidnapping her during a parental visit. Attending a New England summer camp, young Eric Schroder—a first-generation East German immigrant—adopts the last name Kennedy to more easily fit in, a fateful white lie that will set him on an improbable and ultimately tragic course. SCHRODER relates the story of Eric's urgent escape years later to Lake Champlain, Vermont, with his six-year-old daughter, Meadow, in an attempt to outrun the authorities amid a heated custody battle with his wife, who will soon discover that her husband is not who he says he is. From a correctional facility, Eric surveys the course of his life to understand—and maybe even explain—his behavior: the painful separation from his mother in childhood; a harrowing escape to America with his taciturn father; a romance that withered under a shadow of lies; and his proudest moments and greatest regrets as a flawed but loving father. Alternately lovesick and ecstatic, Amity Gaige's deftly imagined novel offers a profound meditation on history and fatherhood, and the many identities we take on in our lives—those we are born with and those we construct for ourselves. Genevieve Lloyd's book is a provocative and accessible essay on the fragmentation of the self as explored in philosophy and literature. The past is irrevocable, consciousness changes as time passes: given this, can there ever be such a thing as the unity of the self? Being in Time explores the emotional aspects of the human experience of time, commonly neglected in philosophical investigation, by looking at how narrative creates and treats the experience of the self as fragmented and the past as 'lost'. It shows the continuities, and the contrasts, between modern philosophic discussions of the instability of the knowing subject, treatments of the fragmentation of the self in the modern novel and older philosophical discussions of the unity of consciousness. Being in Time combines theoretical discussion with human experience: it will be valuable to anyone interested in the relationship between philosophy and literature, as well as to a more general audience of readers who share Augustine's experience of time as making him a 'problem to himself'. Fiction. Derek White's latest novel is called MARSUPIAL: OUR MOTHER FOR THE TIME BEING. "The meta-novel is more or less told from the perspective of a young Southern boy who shows up in Paris in order to be a stand-in for his brother in a pretentious low-rent scifi B-movie about junkies addicted to 'bug juice.' Slipping in and out of bodies, names, and identities, the narrator is hardly reliable. He may be dreaming; he may be a figment of his brother's imagination. This instability is mirrored in the episodic structure of the book, as we pass, quick-cut style, back and forth through a number of narrative frames—childhood memoir, dream sequences, dictionary definitions, screenplay, film shoot, forensic documents, erotic fantasies. These are presented in different typefaces and genres of documents, and are interspersed with lots of White's gnarly and evocative dada-punk collages" – Erik Davis. «????????????? ???» – ??????? ?????????? ??? ?????????? ??? ???? ??????????, ?????????? ?????????? ?????????? ?????????? ?????????? ??????????, ?????? ? ?????????? ?????????? ?????????? ?????? ? ?????? ??????. ??? ? ?????????, ?????????? ? ?????????????? ????? ?????????? ??????, ?????????? ?????????????? ? ??????, ?????????????????? ? ?????????, ?? ?????????????? ? ?????-????????????? ? ??? ??????????. ?????????? ????? ?????????????? ? ?????????????? ??????????, ? ????? ?????????? ?????????????? ?????????, ? ????? ????? ????????? ?????????? ??????????, ? ??? ????? ?????????? ?????????????? ?????????? ???, ?????????????????? ?????????, ????? ? ?????????? ?????????-??

Booker Prize-finalist author of Cloud Atlas A boy who hears the voices of objects  
all around him; a mother drowning in her possessions; and a Book that might hold the  
secret to saving them both—the brilliantly inventive new novel from the Booker Prize-  
finalist Ruth Ozeki One year after the death of his beloved musician father,  
thirteen-year-old Benny Oh begins to hear voices. The voices belong to the things in  
his house—a sneaker, a broken Christmas ornament, a piece of wilted lettuce.  
Although Benny doesn't understand what these things are saying, he can sense their  
emotional tone; some are pleasant, a gentle hum or coo, but others are snide, angry  
and full of pain. When his mother, Annabelle, develops a hoarding problem, the  
voices grow more clamorous. At first, Benny tries to ignore them, but soon the  
voices follow him outside the house, onto the street and at school, driving him at  
last to seek refuge in the silence of a large public library, where objects are well-  
behaved and know to speak in whispers. There, Benny discovers a strange new world.  
He falls in love with a mesmerizing street artist with a smug pet ferret, who uses  
the library as her performance space. He meets a homeless philosopher-poet, who  
encourages him to ask important questions and find his own voice amongst the many.  
And he meets his very own Book—a talking thing—who narrates Benny's life and teaches  
him to listen to the things that truly matter. With its blend of sympathetic  
characters, riveting plot, and vibrant engagement with everything from jazz, to  
climate change, to our attachment to material possessions, The Book of Form and  
Emptiness is classic Ruth Ozeki—bold, wise, poignant, playful, humane and  
heartbreaking. Written in the midst of World War II after its author emigrated to

America, "The Sea and the Mirror" ranks as one of the most profound interpretations of Shakespeare's final play in the 20th century. "What is the meaning of being?" This is the central question of Martin Heidegger's profoundly important work, in which the great philosopher seeks to explain the basic problems of existence. A central influence on later philosophy, literature, art, and criticism—as well as existentialism and much of postmodern thought—Being and Time forever changed the intellectual map of the modern world. As Richard Rorty wrote in the New York Times Book Review, "You cannot read most of the important thinkers of recent times without taking Heidegger's thought into account." This first paperback edition of John Macquarrie and Edward Robinson's definitive translation also features a new foreword by Heidegger scholar Taylor Carman. "Far more than a conventional novel. It is a meditation on life, on the erotic, on the nature of men and women and love . . . full of telling details, truths large and small, to which just about every reader will respond." — People In The Unbearable Lightness of Being, Milan Kundera tells the story of two couples, a young woman in love with a man torn between his love for her and his incorrigible womanizing, and one of his mistresses and her humbly faithful lover. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence, we feel "the unbearable lightness of being" not only as the consequence of our pristine actions but also in the public sphere, and the two inevitably intertwine. This magnificent novel is a story of passion and politics, infidelity and ideas, and encompasses the extremes of comedy and tragedy, illuminating all aspects of human existence. Situating itself within the context of current debates in continental philosophy, and through a series of readings of Aristotle, Nietzsche, Heidegger and Derrida to recent developments in life sciences, this book offers a critical enquiry concerning the traditional way of understanding life in the history of metaphysics. Uno Koji, a literary figure of the first rank in twentieth-century Japan, was a maverick who defied literary conventions by combining the playfulness and stylistic verve of pre-Meiji literature with the often tortured self-reflection of modern fiction. Elaine Gerbert's startlingly evocative and graceful translation is preceded by an interpretive introduction that places Uno's writing in critical perspective. Here at last is a translation that makes accessible for the first time in English two of the most representative works of this acute, eccentric, and always entertaining author, whose versatility and deft control of language earned him a reputation as one of the great stylists of modern Japanese literature.

Is there a tension between solidary behavior of employees and temporary employment relationships within modern organizations? Research into the effects of temporary employment relationships on employee behavior has rendered inconclusive results. Some researchers argue that temporary employees will show less solidarity because of their exchange relation with the organization while others emphasize that temporary workers may show more cooperation because they want to acquire a permanent employment status. Empirical research shows mixed findings as well. The question is addressed if these inconclusive findings can be accounted for by examining the social context of temporary and permanent employees. The effects of two features of the social context in which interactions between individual employees take place are examined: (1) temporal embeddedness, referring to the extent to which there are ongoing interactions between two actors and the likelihood that they will meet each other in the future; and (2) network embeddedness, referring to the extent to which a relationship between two actors is part of a larger network of relationships. The empirical studies are based on empirical data from four different sources: a survey among university employees, a survey among employees in different organizations, a vignette study, and a dataset consisting of coded ethnographic data. The analyses of the empirical data leads to three main conclusions. First, it is shown that solidary types of behavior are reciprocal; within organizations horizontal and vertical solidarity relationships are present. The second conclusion is that solidarity from

employees is affected by the past and future of relationships and that temporal embeddedness is not just a matter of relationship length but depends crucially on the quality of the past between employees. The third conclusion is that solitary behavior of employees is positively affected by formal as well as informal network embeddedness, but th

In *Time Code of a Face*, bestselling author Ruth Ozeki recounts, in moment-to-moment detail, a profound encounter with memory and the mirror. The author challenges herself to spend three hours staring into her own reflection, recording her thoughts, and noticing every possible detail. Those solitary hours open up a lifetime's worth of meditations on race, age, family, death, the body, self doubt and, finally, acceptance. In a lyrical essay suffused with her Zen Buddhist practice and thoroughly unlike anything in the author's celebrated novels, Ozeki shows us just how rich and intimate the terrain of one's own face can be.

Praise for Ruth Ozeki "Ozeki is one of my favorite novelists....bewitching, intelligent, hilarious, and heartbreaking, often on the same page." –Junot Díaz, Pulitzer Prize winner and author of *This Is How You Lose Her* "Ozeki joins the constellation of such environmentally aware writers as Barbara Kingsolver, Annie Proulx, and Margaret Atwood." –Chicago Tribune "A careful, considerate writer." –Booklist

Ruth Ozeki is a novelist, filmmaker, and Zen Buddhist priest. Her first two novels, *My Year of Meats* (1998) and *All Over Creation* (2003), have been translated into eleven languages and published in fourteen countries. Her most recent work, *A Tale for the Time-Being* (2013), won the LA Times book prize, was shortlisted for the Man Booker Prize and the National Book Critic's Circle Award, and has been published in over thirty countries. Ruth's documentary and dramatic independent films, including *Halving the Bones*, have been shown on PBS, at the Sundance Film Festival, and at colleges and universities across the country. A longtime Buddhist practitioner, Ruth was ordained in 2010 and is affiliated with the Brooklyn Zen Center and the Everyday Zen Foundation. She lives in British Columbia and New York City, and is currently the Elizabeth Drew Professor of Creative Writing at Smith College. #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME

The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." –The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." –USA Today

DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF. It's easy to regard time as a commodity—we even speak of "saving" or "spending" it. We often regard it as an enemy, when we feel it slipping away before we're ready for time to be up. The Zen view of time is radically different than that: time is not something separate from our life; rather, our life is time. Understand this, says Dainin Katagiri Roshi, and you can live fully and freely right where you are in each moment. Katagiri bases his teaching on *Being Time*, a text by the most famous of all Zen masters, Eihei Dogen (1200–1253), to show that time is a creative, dynamic process that continuously produces the universe and everything in it—and that to understand this is to discover a gateway to freedom from the dissatisfactions of everyday life. He guides us in contemplating impermanence, the present moment, and the ungraspable nature of past and future. He discusses time as part of our inner being, made manifest through constant change in ourselves and our surroundings. And these ideas are by no means metaphysical abstractions: they can be

directly perceived by any of us through meditation. As time beings, what we have is the time being, the present moment, however compromised, however shattered. Buchanan's characteristic combination of wry humor, nerve, empathy, wisdom, and outrage exposes the laughably absurd and the evisceratingly tragic all at once. A new, definitive translation of Heidegger's most important work. A revised translation of Heidegger's most important work. A brilliant, unforgettable novel from bestselling author Ruth Ozeki, author of *The Book of Form and Emptiness* Finalist for the Booker Prize and the National Book Critics Circle Award "A time being is someone who lives in time, and that means you, and me, and every one of us who is, or was, or ever will be." In Tokyo, sixteen-year-old Nao has decided there's only one escape from her aching loneliness and her classmates' bullying. But before she ends it all, Nao first plans to document the life of her great grandmother, a Buddhist nun who's lived more than a century. A diary is Nao's only solace—and will touch lives in ways she can scarcely imagine. Across the Pacific, we meet Ruth, a novelist living on a remote island who discovers a collection of artifacts washed ashore in a Hello Kitty lunchbox—possibly debris from the devastating 2011 tsunami. As the mystery of its contents unfolds, Ruth is pulled into the past, into Nao's drama and her unknown fate, and forward into her own future. Full of Ozeki's signature humor and deeply engaged with the relationship between writer and reader, past and present, fact and fiction, quantum physics, history, and myth, *A Tale for the Time Being* is a brilliantly inventive, beguiling story of our shared humanity and the search for home. "A hero's tale of what's possible when we unlock our potential, continue the search for knowledge, and draw on our lived experiences to guide us through the darkest moments."—Stacey Abrams From a Black, gay woman who broke into the boys' club of Silicon Valley comes an empowering guide to finding your voice, working your way into any room you want to be in, and achieving your own dreams. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FORTUNE In 2015, Arlan Hamilton was on food stamps and sleeping on the floor of the San Francisco airport, with nothing but an old laptop and a dream of breaking into the venture capital business. She couldn't understand why people starting companies all looked the same (White and male), and she wanted the chance to invest in the ideas and people who didn't conform to this image of how a founder is supposed to look. Hamilton had no contacts or network in Silicon Valley, no background in finance—not even a college degree. What she did have was fierce determination and the will to succeed. As much as we wish it weren't so, we still live in a world where being underrepresented often means being underestimated. But as someone who makes her living investing in high-potential founders who also happen to be female, LGBTQ, or people of color, Hamilton understands that being undervalued simply means that a big upside exists. Because even if you have to work twice as hard to get to the starting line, she says, once you are on a level playing field, you will sprint ahead. Despite what society would have you believe, Hamilton argues, a privileged background, an influential network, and a fancy college degree are not prerequisites for success. Here she shares the hard-won wisdom she's picked up on her remarkable journey from food-stamp recipient to venture capitalist, with lessons like "The Best Music Comes from the Worst Breakups," "Let Someone Shorter Stand in Front of You," "The Dangers of Hustle Porn," and "Don't Let Anyone Drink Your Diet Coke." Along the way, she inspires us all to defy other people's expectations and to become the role models we've been looking for. Praise for *It's About Damn Time* "Reading Arlan Hamilton's *It's About Damn Time* is like having a conversation with that frank, bawdy friend who somehow always manages to make you laugh, get a little emo, and, ultimately, think about the world in a different way. . . . The book is warm, witty, and unflinching in its critique of the fake meritocracy that permeates Silicon Valley."—Shondaland A tour-de-force guide to Zen Master Dogen's most subtle and sophisticated philosophical premises: that being and time are inseparable. "Impermanence is time itself, being itself—yet time and being are not at all as we imagine them to be. To really

understand and fully embrace this point is to live in a radically different world—a world of awakening, inclusion, and love. Zen Master Dogen frames the teaching on impermanence explicitly as a teaching about time—and all of Dogen's profoundly poetic teachings flow from his seminal understanding of time, as expressed in *Uji (Being-Time)*, the famous—and famously difficult—essay in his masterwork, *Shobogenzo*. In *Uji*, Dogen teaches that time itself, being itself, is luminous awakening. It is all-inclusive, all-elusive, ultimately healing, and eternal. In this book, Shinshu Roberts does full justice, as does no other book I know of, to Dogen's words. She offers interpretation of *Uji* only after careful consideration and marshaling of many sources—and offers simple everyday examples to illustrate points that seem at first abstruse. If this text causes you to doubt your most cherished concepts about your life, it will have done its work." —from the Foreword by Norman Fischer

*Being-Time* thoroughly explores Dogen's teaching on how we practice as Buddhas by understanding the relationship between being and time as it is—and as we perceive it to be. Using Dogen's *Shobogenzo Uji (The True Dharma Eye, Being-Time)*, Shinshu Roberts offers a twofold analysis of this teaching: the meaning of the text and practice with the text, giving examples how we apply Dogen's complex teaching to our daily lives.

Pen/Hemingway Award-winning novelist Jane Hamilton follows up her first success, *The Book Of Ruth*, with this spectacularly haunting drama about a rural American family and a disastrous event that forever changes their lives. *The Goodwins*, Howard, Alice, and their little girls, Emma and Claire, live on a dairy farm in Wisconsin. Although suspiciously regarded by their neighbors as "that hippie couple" because of their well-educated, urban background, Howard and Alice believe they have found a source of emotional strength in the farm, he tending the barn while Alice works as a nurse in the local elementary school. But their peaceful life is shattered one day when a neighbor's two-year-old daughter drowns in the Goodwins' pond while under Alice's care. Tormented by the accident, Alice descends even further into darkness when she is accused of sexually abusing a student at the elementary school. Soon, Alice is arrested, incarcerated, and as good as convicted in the eyes of a suspicious community. As a child, Alice designed her own map of the world to find her bearings. Now, as an adult, she must find her way again, through a maze of lies, doubt and ill will. A vivid human drama of guilt and betrayal, *A Map of the World* chronicles the intricate geographies of the human heart and all its mysterious, uncharted terrain. The result is a piercing drama about family bonds and a disappearing rural American life. Winner of the Pulitzer Prize "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." —Eudora Welty, *New York Times Book Review*

*Pilgrim at Tinker Creek* is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of "beauty tangled in a rapture with violence." Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons. National Bestseller "Beautifully written and delightfully strange...as earthy as it is sublime...in the truest sense, an eye-opener." —*Daily News*

From Annie Dillard, the Pulitzer Prize-winning author of *Pilgrim at Tinker Creek* and one of the most compelling writers of our time, comes *For the Time Being*, her most profound narrative to date. With her keen eye, penchant for paradox, and yearning for truth, Dillard renews our ability to discover wonder in life's smallest—and often darkest—corners. Why do we exist? Where did we come from? How can one person matter? Dillard searches for answers in a powerful array of images: pictures of bird-headed dwarfs in the standard reference of human birth

defects; ten thousand terra-cotta figures fashioned for a Chinese emperor in place of the human court that might have followed him into death; the paleontologist and theologian Teilhard de Chardin crossing the Gobi Desert; the dizzying variety of clouds. Vivid, eloquent, haunting, *For the Time Being* evokes no less than the terrifying grandeur of all that remains tantalizingly and troublingly beyond our understanding. "Stimulating, humbling, original--. [Dillard] illuminate[s] the human perspective of the world, past, present and future, and the individual's relatively inconsequential but ever so unique place in it."--Rocky Mountain News In the alternate universe of this glitteringly surreal first novel, the Aztecs rule, having conquered the European invaders. Zenzontli, Keeper of the House of Darkness, is visited by visions of a parallel world run by the Europeans, where consumerism reigns supreme. Aztecs armed with automatic weapons, totemic powers and blood sacrifice conquer and colonize 1940s Europe, as ghosts of the world wars emerge to haunt contemporary Los Angeles. Atomik Aztex is a hilarious read. A potent concoction, with influences from graphic novels, along with Ishmael Reed's *Mumbo Jumbo*, the paranoia of Philip K. Dick and William Burroughs, and an outrageous cyber-Aztlán mix reminiscent of Guillermo Gómez-Peña. Sesshu Foster is the author of the critically acclaimed *City Terrace Field Manual*. Winner of the 2020 PEN/Faulkner Award for Fiction, this intoxicating story of a teenage girl who trades her a middle-class upbringing for a quest for meaning in 1980s Mexico is "a surreal, captivating tale about the power of a youthful imagination, the lure of teenage transgression, and its inevitable disappointments" (Los Angeles Review of Books) One autumn afternoon in Mexico City, seventeen-year-old Luisa does not return home from school. Instead, she boards a bus to the Pacific coast with Toma's, a boy she barely knows. He seems to represent everything her life is lacking?recklessness, impulse, independence. Toma's may also help Luisa fulfill an unusual obsession: she wants to track down a traveling troupe of Ukrainian dwarfs. According to newspaper reports, the dwarfs recently escaped a Soviet circus touring Mexico. The imagined fates of these performers fill Luisa's surreal dreams as she settles in a beach community in Oaxaca. Surrounded by hippies, nudists, beachcombers, and eccentric storytellers, Luisa searches for someone, anyone, who will "promise, no matter what, to remain a mystery." It is a quest more easily envisioned than accomplished. As she wanders the shoreline and visits the local bar, Luisa begins to disappear dangerously into the lives of strangers on Zipolite, the "Beach of the Dead." Meanwhile, her father has set out to find his missing daughter. A mesmeric portrait of transgression and disenchantment unfolds. Set to a pulsing soundtrack of Joy Division, Nick Cave, and Siouxsie and the Banshees, *Sea Monsters* is a brilliantly playful and supple novel about the moments and mysteries that shape us. "Aridjis is deft at conjuring the teenage swooniness that apprehends meaning below every surface. Like Sebald's or Cusk's, her haunted writing patrols its own omissions . . . The figure of the shipwreck looms large for Aridjis. It becomes a useful lens through which to see this book, which is self-contained, inscrutable, and weirdly captivating, like a salvaged object that wants to return to the sea." ?Katy Waldman, *The New Yorker* A warm and witty saga about agribusiness, environmental activism, and community—from the celebrated author of *The Book of Form and Emptiness* and *A Tale for the Time Being* Yumi Fuller hasn't set foot in her hometown of Liberty Falls, Idaho—heart of the potato-farming industry—since she ran away at age fifteen. Twenty-five years later, the prodigal daughter returns to confront her dying parents, her best friend, and her conflicted past, and finds herself caught up in an altogether new drama. The post-millennial farming community has been invaded by Agribusiness forces at war with a posse of activists, the *Seeds of Resistance*, who travel the country in a camping car, "The Spudnick," biofueled by pilfered McDonald's french-fry oil. Following her widely hailed, award-winning debut novel, *My Year of Meats*, Ruth Ozeki returns here to deliver a quirky cast of characters and a wickedly humorous appreciation of the foibles of corporate life, globalization, political resistance,

youth culture, and aging baby boomers. *All Over Creation* tells a celebratory tale of the beauty of seeds, roots, and growth—and the capacity for renewal that resides within us all. The first critical edition of Auden's only explicitly religious long poem *For the Time Being* is a pivotal book in the career of one of the greatest poets of the twentieth century. W. H. Auden had recently moved to America, fallen in love with a young man to whom he considered himself married, rethought his entire poetic and intellectual equipment, and reclaimed the Christian faith of his childhood. Then, in short order, his relationship fell apart and his mother, to whom he was very close, died. In the midst of this period of personal crisis and intellectual remaking, he decided to write a poem about Christmas and to have it set to music by his friend Benjamin Britten. Applying for a Guggenheim grant, Auden explained that he understood the difficulty of writing something vivid and distinctive about that most clichéd of subjects, but welcomed the challenge. In the end, the poem proved too long and complex to be set by Britten, but in it we have a remarkably ambitious and poetically rich attempt to see Christmas in double focus: as a moment in the history of the Roman Empire and of Judaism, and as an ever-new and always contemporary event for the believer. *For the Time Being* is Auden's only explicitly religious long poem, a technical tour de force, and a revelatory window into the poet's personal and intellectual development. This edition provides the most accurate text of the poem, a detailed introduction by Alan Jacobs that explains its themes and sets the poem in its proper contexts, and thorough annotations of its references and allusions. A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
