**Lumière sur le vrai visage des arts martiaux** Dec 24 2021 L'art martial exporté de ses territoires d'origine a dû s'adapter à un nouveau

système de pensée, au risque d'être dénaturé. A l'inverse, le respect inconditionnel de la tradition et de la coutume n'érige-t-il pas une barrière contre le développement des arts martiaux ? La polymorphie des évolutions au sein des grandes branches martiales est-elle le signe de la métamorphose de cette discipline à la mode occidentale ? Quel rôle la personnalité et l'évolution de l'adepte jouent-elles dans le potentiel d'efficacité de l'art martial ? De l'art du combat au cheminement spirituel, cet essai s'intéresse non seulement à la philosophie des arts martiaux, mais aussi à leur culture, leur enseignement et leur mutation. Se penchant autant sur les systèmes de pensée asiatique qu'occidental, l'auteur nous invite à découvrir la nature profonde d'une discipline souvent plus méconnue qu'on ne l'imagine. Instructif et exhaustif, un voyage initiatique indispensable à tous les futurs adeptes.

Nov 22 2021 Wang Le-ting was

one of the architects of modern Chinese acupuncture. Wang created many new acupuncture treatment protocols useful in the treatment of chronic, difficult-to-treat conditions, including paralysis, and atrophy due to organic disease (MS, lupus, ALS, etc.), cerebrovascular accident, and traumatic injury to the spinal cord. This book is an account of his special acupuncture theories and contains his most effective treatment protocols, representative case histories, and Wang's analysis of point selection. It's also a mine of step-by-step acupuncture protocols you can use in your clinic.

*The Treatment of Modern Western Medical Diseases with Chinese Medicine* Jun 29 2022

This book is a textbook and clinical manual on the treatment of modern Western medical diseases with Chinese medicine. By modern Western medical diseases, we mean all the disease categories of Western medicine excluding gynecology and pediatrics. By Chinese medicine, we mean standard contemporary professional Chinese medicine as taught at the two dozen provincial Chinese medical colleges in the People's Republic of China. The two main therapeutic modalities used in the practice of this style of Chinese medicine are acupuncture-moxibustion and the internal administration of multi-ingredient Chinese medicinal formulas. Treatment plans for each disease discussed herein are given for each of these two main modalities.

**Le management est un sport de combat** Feb 11 2021 Ce livre à contre-courant est une remarquable remise au point de la réalité managériale : à l'heure où l'on parle beaucoup de QVT (Qualité de Vie au Travail), de bien-être et d'épanouissement des salariés, l'auteur rappelle que le management demande avant tout de ses acteurs qu'ils aient un mental de combattant et adoptent une attitude résolument conquérante. Bien qu'aucune formation académique ne prépare à

acquérir ce profil, il n'en reste pas moins que celles et ceux qui réussissent dans l'entreprise doivent leurs succès à des qualités qui sont l'ADN des sports de combat : détermination, anticipation, confiance en soi, résilience, respect de l'adversaire... A la fois adepte des sports de contact et dirigeant d'entreprise, Jérôme Nessi relie ici les deux univers et fait ici la démonstration brillante que le management exige des ressources psychologiques et physiques qui peuvent être acquises et doivent être entretenues au quotidien.

**Chinese Medical Psychiatry** May 29 2022 This book discusses the disease causes and mechanisms, pattern discrimination, treatment principles, and Chinese medical treatment of more than 20 traditional Chinese psychiatric diseases as well as the same information on 12 modern Western psychiatric disorders. Each chapter dealing with either a traditional or modern disease category also includes

extensive information on the Western medical nosology, etiology, differential diagnosis, pathophysiology, epidemiology, treatment, side effects, and criteria for referral written by a Western psychiatrist. There are also abstracts of recent Chinese and Western research as well as multiple case histories.
