When You Have to File for Bankruptcy Oct 23 2022 According to the United States Bankruptcy Courts, the number of bankruptcies filed each year is on the rise. People file bankruptcy for a variety of reasons, such as preventing foreclosure on their homes, preventing repossession of property, loss of employment, or reducing or eliminating debts. The most common types of bankruptcy for which individuals file are Chapter 7 and Chapter 13. Chapter 7 involves the surrender of property to pay debts, while a Chapter 13 bankruptcy allows for the retention of property but requires payments over the next three to five years. This book is divided into three sections: evaluating your need to file for bankruptcy, how to file for bankruptcy, and what to do after you have filed. In the first section, you will be provided with evaluation tools, determine your eligibility, learn how to check your credit report for accuracy, and learn about the different types of bankruptcy for which you can file. In the second section, you will learn about the major changes in bankruptcy law, bankruptcy lawyers, alternatives to filing for bankruptcy, bankruptcy code, collection agencies, exempt property, nondischargeable debts, what bankruptcy can and cannot accomplish, the automatic stay provision, foreclosure, tax levies, bankruptcy fees, the 341 meeting, bankruptcy myths, the initial consultation with your lawyer, and bankruptcy timelines. You will learn the answers to some of the most common questions about bankruptcy, such as: Will creditors stop harassing me? Will my spouse be affected? Who will know about my filing? Will I ever get credit again? What does it cost? The final section will provide a brief overview of what to do after you have gone through the bankruptcy process. We will address the issues of how to get car loans and home loans and how to build credit after bankruptcy. Whether you are filing for bankruptcy for the first time or, unfortunately, you have been through it before, *When You Have to File for Bankruptcy* will provide insight into the complex and burdensome process. Debt Consolidation Feb 27 2023 Most of us have debt. We may have a mortgage, a car loan, and many different credit cards. We may even owe on a time payment for household appliances or furniture. Some people have hospital bills and others have student loans. Debt accumulates every month and interest rates on unsecured debt, such as that which is accumulated on credit cards, tends to be very high. Debt consolidation methods are as varied as the reasons why people choose to combine their debt. In some cases, when people can no longer make the minimum payments on their monthly bills, or are barely making these payments, they may choose to file Chapter 13 Bankruptcy. Chapter 13 Bankruptcy not only consolidates debt, but it staves off any collectors and eliminates interest payments. Debt consolidation is usually a practical way to combine all of the money that you owe into one sum and make only one payment each month instead of several. For whatever reason you decide to consolidate your debt, in most cases, it is convenient and financially prudent.
