The curse comes from truly diving into the reality of foreign pain and the ensuing inability to avoid it. The blessing is the fact that it presents a unique opportunity to lend my voice to those who feel voiceless. Tears on Paper has many meanings like literal tears on a piece of paper. It is also the words that remain unspoken or perhaps destiny's creation. It is the eye in the sky perspective or a track of tears to follow. It is a stark realization that pain today can be joy tomorrow. It is dreams and pain taking flight and a reminder to trust your struggle. Tears on Paper is the feeling of being free at last or awake for the first time. It is the reality that hurts my soul although in time there is change in hearts. It's a plea that love needs you perhaps more than you need love. Never more are you a victim because you are the creator of your truth. There is no shame in starting over, everything change IS begins with you. When paper tears and you are granted the opportunity to start again, "nueva vida" is your reward and you have the most precious gift of all... a new life to begin. Fred Ross, a living legend among those who work to empower the underdog and effect social change by means of grass-roots activism, tells the story of Cesar Chavez's first organizing effort. This is a fast-moving chronicle of a little-known battle pitting Chavez and a handful of farm workers against two hundred growers and powerful government agencies in 1958, which led, four years later, to the launching of the United Farm Workers of America. Conquering Goliath illustrates Chavez's skill in calling attention to the plight of farm workers and in drawing people together in order to end discrimination and economic exploitation. In an against-all-odds triumph, he worked within the system, cultivating honest government officials, documenting abuses, conducting citizenship classes, registering voters, and ultimately, restoring human dignity by defeating a grossly unjust practice. Seminar paper from the year 2020 in the subject Biographies, grade: 1,3, University of Erfurt, language: English, abstract: This paper will introduce the Mexican American labour organizer Cesar Chavez to the reader. Since he was an important and inspiring person for the marginalized labour movement in the United States in the 1960s and 70s, his organization United Farm Workers Organization Committee (UFWOC), his achievements, beliefs and methods will be closely examined in this paper. His understanding of social change and shifting the power relations between workers and employers was closely linked with nonviolent action. Furthermore, the reasons for the non-violent actions will be analysed through the Ration Action Theory. The paper consists of two parts: The first part will elaborate on the problems for foreigner field workers, how the organization and the social worker movement La Causa could be a solution to that and the meaning of Chavez persona and his methods.
